BELLEFONTE MAN FINDS CHECK FOR $1200 ON SIDEWALK

But for the honesty of John "Gump" Anderson, of Bellefonte, the local First National Bank might be minus about $1,200 in negotiable checks.

Saturday morning about 8:30 o'clock Mr. Anderson was walking past the Bellefonte Trust Company building when he saw a small bundle of papers on the sidewalk. Picking up the bundle, he continued on his way, examining the contents. When he discovered that the papers consisted of checks from the First National Bank, none of which had been cancelled, he realized their value and immediately returned them to the bank.

There it was learned that a bank messenger had been directed to take the packet to the Farmers' National Bank and that he had evidently dropped the bundle while making a call at the Trust Company.

Anderson, who for the past week had been employed by the Bellefonte Chamber of Commerce to manage the Hallowe'en parade to be held here Monday night, was recalled to his former position with the West Penn Power Company, Tuesday morning.

TO ORGANIZE UNIT FOR DISTRIBUTION OF TOYS

All community organizations and interested persons are invited to attend a meeting to be held this Thursday evening, October 27, at the Y. M. C. A. for the purpose of establishing an organization to act as a clearing house for the distribution of toys to the children of needy families during the coming Christmas season.

Last year the Y. M. C. A. volunteered to carry on the work for the first time, and toys were distributed to more than 400 children of needy families.

Prior to last year many organizations and individuals carried out their own program of toy distribution and as a result some children received a surplus of toys while others got none. The "Y" plan last year was a step in the right direction, but without the co-operation of all organizations and individuals participating in the work, the objectionable features cannot be eliminated.

It is to set up such co-operative unit that the meeting will be held tonight. Every organization interested in such a project is asked to have at least one representative present. The meeting will open at 7:30 p. m.
