RESCUED FROM DEATH.

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking my case incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by H. B. Cochran, 137 North Queen street

RHEUMATIC SYRUP.

A Limb Saved

And a Family Made Happy.

Mr. Philip Moore, of West Webster, Monroe County, N. Y., says: "My daughter, now eighteen years old, has, for the past eighteen months, been afflicted with rheumatism in a very severe form. One year ago it settled in the knee, since which time she has been unable to touch her foot to the floor or move her limb without suffering the most excruciating pain. Her limb was fast growing out of shape, although we were doing for her all we could, having used all the remedies we could hear of and that were recommended for rheumatism, none of which benefitted her in the least. Her case was pronounced incurable by the physician and by our neighbors, and all believed that she would be a cripple all her days, and that her limb would never be restored to its original shape. But I am happy to say that to-day my daughter is entirely free from all rheumatic pains, and that she can walk with perfect ease, having thrown aside her crutches, and her limb seems as strong and perfect as ever; all from the use of your wonderful medicine "Rheumatic Syrup," which we consider one of the best medicines ever introduced for purifying the blood, and I only regret that all others who are afflicted with rheumatism can not know of its superior merits. You are at liberty to use my name if it will do you any good, and I shall be only too glad to tell any and everyone what it has done for my daughter."

AFTERNOON TELEGRAMS.

TO-DAY'S NEWS FROM EVERYWHERE.

James McSteen Hanged in Pittsburg To-day for the Murder of His Wife.

PITTSBURG Oct. 4—James McSteen, was hanged this morning in the yard of the county jail for the murder of his wife. The execution was conducted quietly and was witnessed by 200 persons.

The doomed man retired early last evening and slept all night. At five o'clock this morning he arose and after making a careful toilet partook of a hearty breakfast. He was visited late by two sisters of mercy and his spiritual advisor, Father Ward. None of his relatives put in an appearance. At 11 o'clock he left his cell for the scaffold, attended by Father Ward and the sheriff. He walked erect and ascended the scaffold with a firm step. When asked if he had anything to say he replied "no."

The cap was then placed over his head and his hands were tied. At 11:05 the drop was sprung and in the fall the neck was broken. In eight minutes he was pronounced dead.

THE STANDARD INVESTIGATION.

The Committee Meet and Adjourn in Philadelphia.

PHILADELPHIA, Oct. 4.—Promptly at 11 o'clock this morning the members of the joint committee of the Legislature on the Standard oil investigation assembled in St. George hotel to be informed by telegrams from the two gentlemen that Auditor General Niles was sick with malaria and could not come to Philadelphia, and that ex-State Treasurer Butler could not reach the city before 1 o'clock to-day. Ely Patterson, of Titusville, the accused party, was present. He stated that it was certainly not his desire to be examined until after President Gowen had left the stand and as this was regarded as the proper course to adopt the committee concluded not to examine him until to-morrow. An executive session of five minutes duration was held at which the committee decided to subpœna Senator Emory who was the originator of the movement against the Standard oil company and has strenuously advocated a tax demand upon the corporation on the floor of the Senate. The committtee adjourned to meet at half past two o'clock this afternoon to receive the testimony of Mr. Butler.

SENATOR SHARON'S TROUBLES.

He Denies the Validity of an Alleged Marriage Contract.

SAN FRANCISCO, Oct. 4.—Senator Sharon yesterday commenced a suit against Aggie Hill, declaring that the alleged contract of marriage between himself and her (claimed by Miss Hill to be in her possession) is a fraudulent document and that no such contract was ever signed by him or a promise of marriage given. He asks the court to compel Miss Hill to produce the alleged contract and to retain possession of it, in order that the fraudulency of the document may be proved. He denies ever having been married since he became a widower, and states that the object of Miss Hill in perpetrating the alleged marriage contract is to lay a claim on his estate in the event of his death.

PARKER'S TONIC.

TELLING IT VERY SHORT.

"I tell it, sir, in few words if I can, but the story would fill a book if justice was done to it."

"Surely, Michael, but put it short this time so's I can squeeze it into a page of letter paper."

"Here you are, sir, then, and there are thousands of people here in Binghampton, N. Y., who will testify to the truth of what I say. My name is Michael Guilfoyle. I am seventy-four years old. For about nine years I was almost shut out from the world by rheumatism. I had peddled small wares in the city for years, and had to stop altogether. At the best of times I could only hobble miserably about with my cane. I was bent nearly double with pain and weakness and my hands were useless to labor with. I was but the poor wreck of a once strong man. None of the medicines usually given for medicine did me the least good, sir. My old friends and customers forgot me as though I were under ground,

'With the end of my nose and the tips of my toes
Turned up to the roots of the daisies.'

My days and nights were doleful and painful. I had no hope except in death. That is God's truth, and Mr. Mosher, here, knows it.

"I can't tell you how, but PARKER'S TONIC cured me. That was three years ago. I'm lively as a cricket now, sir, and go my business rounds every day, rain or shine. You may tell this to all the world and refer the doubters to me."

This preparation, which has been known as PARKER'S GINGER TONIC, will be called simply PARKER'S TONIC. This change is made for two reasons: First, because ginger is an unimportant flavoring ingredient, and secondly, because unprincipled dealers deceive their customers by substituting inferior preparations under the name of ginger.

There is no change, however, in the preparation itself, and all bottles remaining in the hands of dealers, wrapped under the name of PARKER'S GINGER TONIC, contain the genuine medicine if the facsimile signature of HISCOX & Co. is at the bottom of the outside wrapper.
