Poets' Corner

A PRETTY GIRL

A pretty girl is like a melody,
It haunts you night and day,
You try to forget it, but it does no good,
It will not fade away.

A pretty girl is like a page from life,
Her face full of beauty and joy;
We must not forget that she's human, too,
In her heart is a shrine for a boy.

Of course it's natural that he loves her,
She's precious as a lovely pearl;
He'll go through life, living by her side,
Being proud of his own pretty girl.

—Mildred White.

COWBOY'S LIFE

There's nothing so grand as a cowboy
In all of his western splendor,
Who works for a while and saves his money
Only to go out on a bender.

He rounds up the cattle while singing a song
And ropes in horses with skill,
Mending the fences and tracking down prey
With only a desire to kill.

He has a girl that's sweet and true,
Who will someday be his wife,
They'll have a ranch, a dream come true,
Where they'll spend the rest of their life.

And then they will be so happy,
They'll have their happiness won,
You see, their home will be completed—
They'll have a cowboy son.

—Mildred White.

P. R. R. AWARDS THREE COLLEGE SCHOLARSHIPS

Notices calling attention to three scholarships to be awarded this year to sons of Pennsylvania Railroad employes have been distributed by H. A. Enochs, Chief of Personnel, to all departments of the railroad.

Two of these scholarships are granted in memory of Frank Thompson, former president of the Pennsylvania Railroad. The winners of these will each receive $800 annually for four years, and are privileged to select technical courses in any approved American College.

The third scholarship is endowed in memory of John Clark Sims, former secretary of the Pennsylvania Railroad, and is available for payment of full tuition for four years in any undergraduate course at the University of Pennsylvania. Persons already in the employ of the railroad also are eligible to compete for this scholarship.

Competitive examinations will be conducted by the College Entrance Examination Board of New York City. All three scholarships have been made available through trust funds provided by relatives or of friends of the persons in whose memories they have been established.

The Thompson scholarship vacancies will result from the graduation in June of two of the present holders. They are John J. Skelly, son of J. J. Skelly (deceased) former inspector, Electrical Engineer's office, New York City, who will receive a bachelor of science degree in electrical engineering from Villanova College, and Albert B. Stewart, son of George H. Stewart, retired Assistant Engineer, Maintenance of Way Department, Philadelphia, who will receive an engineering degree from Antioch College.

The John Clark Sims scholarship vacancy will result from the graduation of Robert B. Turner, son of Clarence L. Turner, Head Clerk of Chief Engineer's office, Philadelphia.
