Common Cows and Thoroughbreds

We believe that there is a possibility of improving our native stock of cows to a degree that will place them at the head of heavy milkers. We have known such cows that were very remarkable creamers. A. W. Williams, in an article in the New York *Independent*, on this subject, says:

The point to which I wish to call special attention is a series of experiments by some Onondago farmers with our native cows. Before the thoroughbreds had made any progress in that section a few men began to gather in some of the best milking cows they could find, and after testing them thoroughly, selected only the best from which to raise their future herd. As the young stock grew up everything was carefully weeded out that did not promise well. This system was practiced many years, of raising only from the best and keeping none but the choicest. In connection with this careful breeding was the most methodical feeding and good quarters for the animals, and everything done on system. The cows were milked at the same hour every day, one hand always milking the same cow, and a book was kept in which was recorded the date, the name of the cow, and the name of the milker; also the number of pounds of milk. Whenever a cow fell much below the standard it was known at once, and if the fault was the cow she left the dairy at once. The grain was all fed by one man and different cows received different quantities. How much grain to feed each cow required a nice calculation to determine. Neither size, age or the amount of milk she gave would throw any light on the subject. To a given cow a certain quantity gave the best product, more or less was a detriment. This quantity could only be determined by experiment. Thus by proper management was developed a herd of cattle much superior to the common run and quite a step toward equality with the imported stock. These cows were perfectly hardy and exactly suited to their surroundings. Certain tests made by these animals excited the wonder of the surrounding people. Thus it may be wherever people will use proper judgment in selecting and breeding, and after management, dairies may be developed without great expense, and these will be free from many faults common to the thoroughbreds. I have seen excellent Jerseys; but I have seen at least one native as good as the best Jersey, which shows what is possible. We need more men now to improve our native stock, and less to ridicule them and extol the imported. I notice one great fault among milkmen. Many of them wish to buy large cows, not because they are more economical for milk, but because when done milking they bring more for beef. This is very short-sighted policy, as they cost at least as much more as they bring. The Holsteins are splendid cows, but that they will average first class for our dairies remains to be proved.

Safety from Malaria.

The most vigorous constitution, and the strongest physique, are not proof against a disease, the germs of which impregnate the air we breath and the water we drink. The true preparative, the surest defense, is to fortify the system with a medicine which possesses specific virtues as a safeguard and remedy. Hostetter's Stomach Bitters is precisely this article—proved by conclusive tests to be so. Not only on this continent, wherever miasma gives birth to the malarial infection, but in the tropics, where fever and ague assumes the most malignant types, this incomparable, popular and deserving medicine has, for over a third of a century, shown its efficacy. Chills and fever, dumb ague, bilious remittent alike yield to its influence and are prevented by it. The word "fail" has no place in the lexicon of possibilities when this peerless article is used. It tones the stomach, arouses the liver when sluggish, and promotes healthful activity of the kidneys and bladder.

THOUSANDS WILLINGLY TESTIFY.

That there is no use in being deceived by spurious goods or injured by quack medicines. That rheumatism sciatica, lung trouble, kidney disease, dyspepsia, malaria, etc., can best be cured by external remedies.

That the best external remedy is Allcock's Porous Plaster, the original and genuine article.

That Allcock's Porous Plasters ought to be kept by all families.

That they can be depended on every time.

COUGH, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Sold by H. B. Cochran, druggist, Nos. 137 and 139 North Queen St., Lancaster, Pa. (4)

Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing, nauseous and disgusting ills the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising. jy5-2wdeod&w

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

Facts Worth Knowing.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, syringes, astringents or any similar applications because they are all irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm. jun20-2wdeod&w

The Verdict Unanimous.

W. D. Suit, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years' standing." Abraham Hare, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. For sale at H. B. The greatest discovery of the nineteenth century is Dr. Leslie's Special Prescription for sick headache, which is the discovery of an eminent physician and used by him for over thirty years before giving it to the public, and it stands today without a rival. Read advertisement in another column.

A Very Narrow Escape.

"Yes, I had a very narrow escape," said a prominent citizen to a friend. HOOD'S SARSAPARILLA.

The Oft Told Story

Of the peculiar medicinal merits of Hood's Sarsaparilla is fully confirmed by the voluntary testimony of thousands who have tried it. Peculiar in the combination, proportion, and preparation of its ingredients, peculiar in the extreme care with which it is put up, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in the unequaled good name it has made at home, which is a "tower of strength abroad," peculiar in the phenomenal strength it has attained,

THE SWIFT SPECIFIC CO.

Mexican War Veteran.

The wonderful efficacy of Swift's Specific as a remedy and cure for rheumatism and all blood diseases, has never had a more conspicuous illustration than this case affords. The candid, unsolicited and emphatic testimony given by the venerable gentleman must be accepted as convincing and conclusive. The writer is a prominent citizen of Mississippi. The gentleman to whom Mr. Martin refers, and to whom he is indebted for the advice to which he owes his final relief from years of suffering, is Mr. King, for many years the popular night clerk of the Lawrence House, at Jackson.

JACKSON, MISS., April 29, 1887.

THE SWIFT SPECIFIC COMPANY, Atlanta, Ga.:

Gentlemen.—I have been an invalid pensioner for forty years, having contracted pulmonary and other diseases in the Mexican War, but not till the 1st of March, 1875, did I feel any symptoms of rheumatism. On that day I was suddenly stricken with that disease in both hips and ankles. For twenty days I walked on crutches. Then the pain was less violent, but it shifted from joint to joint. For weeks I would be totally disabled, either on one side of my body or the other. The pain never left me a moment for eleven years and seven months — that is from March 1, 1875, when I was first attacked, to October 1, 1886, when I was cured. During these eleven years of intense suffering I tried innumerable prescriptions from various physicians, and tried everything suggested by friends, but if I ever received the least benefit from any medicine taken internally or externally, I am not aware of it. Finally, about the first of September I made arrangements to go to the Hot Springs of Arkansas, having despaired of every other remedy, when I accidentally met an old acquaintance, Mr. King, now of the Lawrence House of this city. He had once been a great sufferer from rheumatism, and, as I supposed, had been cured by a visit to the Hot Springs. But when I met him he told me that his visit to the Hot Springs was in vain—he found no relief. On his return from Hot Springs he heard for the first time, of S. S. S. as a remedy for rheumatism. He tried it and six bottles made a complete cure. Several years have passed since, but he has had no return of the disease.

I immediately returned to try it. In September I took four bottles, and by the first of October I was well—as far as the rheumatism was concerned. All pain had disappeared, and I HAVE NOT FELT A TWINGE OF IT SINCE.

I have no interest in making this statement other than the hope that it may direct some other sufferer to a sure source of relief, and if it has this result I am well rewarded for my trouble. I am very respectfully and truly your friend, J. M. H. MARTIN.
