LETTERS to the Editor

Protest Posting Trespass Notices.

Editor Centre Democrat:

We, the Sportsmen of Bellefonte and vicinity herein wish to protest through the columns of your paper to the rank injustice and unheard of action of a few would-be tin horn sportsmen, taking on themselves without signature from the land owners, and the most unfair reason or necessity, posted notice around the McCoy Dam and swamps for no hunting or trespassing allowed, for the purpose as they allege to protect a few tame or half tame wild ducks that have filtered down to the dam from the island above the falls, before the duck season came and since the first not a single tame duck has been observed on the dam.

All this has caused the true sportsmen who get up at five in the morning and are out in the swamps awaiting sunrise to shoot their rightful amount of ducks or geese allowed by the state and federal laws, and the duck season runs up until January 1, 1945. And further, we sportsmen have paid for a state hunting license as well as paid for the duck federal stamp. Now are we going to be deprived of our rights for the next ten weeks to shoot ducks and geese in and around these natural feeding grounds, because these few tin horn would-be sportsmen who we now challengg the honorable gentleman who was a party to these notices as he put them up himself, to check up the parties back of this movement and if even one of them has taken a duck stamp we will miss our guess.

The purpose of this movement, of course, is supposed to protect an over populated flock of simply tame ducks harbored around the island eating up all the spawn and small fish in those waters and should be thinned out because the damage they have done to suckers which inhabit these waters only a year or two back in droves, they are now extinct. Let anyone question this statement.

We the sportsmen in question will question any one's right to prevent us from hunting on waters and dam legally owned by the great state of Pennsylvania, to satisfy a few selfish unsportsmenlike people and we further suggest the removal of these objectionable notices at once and not be the cause of our missing the duck season we waited a whole year for, and as law-abiding citizens we do not care to violate a notice, and as a hundred ducks come into these swamps every night and we have seen all of five hundred ducks on the McCoy dam several years ago. Are we to miss such opportunity for sport? Be sports, Mr. Mayor, Reverend, and some Businessmen; take down those notices and at once. The duck season is advancing and we are going duck hunting, and your tame ducks are safe as far as we are concerned.

Respectfully yours,

COMMITTEE OF DUCK HUNTERS

In Memoriam

HE IS JUST AWAY.

I cannot say, and I will not say
That he is dead.—He is just away!
With a cheery smile, and a wave of the hand,
He has wandered into an unknown land.
And left us dreaming how very fair
It needs must be, since he lingers there.
And you—O you, who the wildest yearn
For the old-time step and the glad return,—
Think of him faring on, as dear
In the love of There as the love of Here;
Think of him still as the same, I say:
He is not dead,—he is just away!

In memory of my dear husband, Aaron W. Tressler, who passed away November 11, 1943.

(Signed) Mrs. Aaron W. Tressler.
