### RED CROSS NURSE IS CHIEF ITEM IN BUDGET

Chief item of expense in the 1945 budget of the Bellefonte Chapter of the American Red Cross is the nursing service under the direction of Miss Bertha Rimmey, chapter nurse, according to figures recently released by officials of the chapter. Of the $4700 budget set as a goal in the 1945 War Fund Drive by the Bellefonte chapter to meet estimated expenses, the nursing service will require $2,200.

Assistance which will be rendered to families of service men will cost an estimated $1450; while telegrams, phone calls, and other costs necessitated by services rendered to service men themselves will consume another $450, officials explained.

Miss Rimmey made a total of 1921 service calls throughout the area during 1944, according to her yearly report to national headquarters. These calls were broken down into the following types of services: maternity cases, 172; morbidity, 623, and crippled children, 12. Of the health service calls made, the chapter nurse supervised the care of 140 newborn infants; 131 calls were made in the interest of slightly older babies, while 17 were concerned with children of pre-school age. Miss Rimmey made 80 school visits and cared for 6 adults. In addition she made 70 industrial and 5 social calls.

Diphtheria immunization was administered to 165 children and 1181 boys and girls were inspected by the nurse in her school visits.

In addition, Miss Rimmey conducted and supervised home nursing classes in Bellefonte and Hublersburg as well as in Howard. She administered audiometer tests to pupils in the Spring township and Howard schools, and in the Parochial school in Bellefonte. Mother's classes were held for a group of emergency maternity and infant care applicants. The nurse assisted the medical examiner in fourth class school districts in the area, besides delivering many talks before various organizations in different towns and attending regular monthly meetings.

Other items on the budget include $300 allotted for the production of kit bags and hospital supplies; $50 for training of additional nurses' aides for the Centre County Hospital; $50 for surgical dressings, and $200 for general administration—phone, stationery, janitor service and the like.
