LONG AGO.

I once knew all the birds that came
  And nested in our orchard trees,
For every flower I had a name—
  My friends were woodchucks, toads and bees;
I knew where thrived in yonder glen
  What plants would soothe a stone-bruised toe—
Oh, I was very learned then,
  But that was very long ago.

I knew the spot upon the hill
  Where checkerberries could be found,
I knew the rushes near the mill
  Where pickerel lay that weighed a pound!
I knew the wood—the very tree
  Where lived the poaching, saucy crow,
And all the woods and crows knew me—
  But that was very long ago.

And pining for the joys of youth,
  I tread the old familiar spot
Only to learn this solemn truth:
  I have forgotten, am forgot.
Yet here's this youngster at my knee
  Knows all the things I used to know;
To think I once was wise as he—
  But that was very long ago.

I know it's folly to complain
  Of whatsoe'er the fates decree,
Yet, were not wishes all in vain,
  I tell you what my wish should be:
I'd wish to be a boy again,
  Back with the friends I used to know,
For I was, oh, so happy then—
  But that was very long ago!

WOMEN AT WORK.

Mr. Depew in an Address Advises Them to Organize and Smile.

At the commencement of the industrial classes of the Young Women's Christian association in New York on Monday, Chauncey M. Depew said: "There is a good deal said about the dignity of labor. I prefer to think of the pleasure of work. The best and most lasting pleasure to be found in life is in labor—a labor in which one is interested and can fully employ one's faculties. A person who loves work for its own sake gets lots of fun. A person who does not get lots of fun ought not to live. The world was not created for smileless humanity. It was intended for hilarious human beings. I work all day, but every fifteen minutes I have a jolly good time with somebody or at some one. (Laughter.) There is no country in the world where it is so necessary that women should know how to work, because reverses of fortune are more frequent and sudden in America than anywhere else. Yet until twenty-five years ago there was no opportunity for women to work, in consequence of a silly sentimentalism which is slowly dying, but is destined to become a thing of the past.

"The women must co-operate and form labor organizations for their protection as their brothers have done, and then brothers and sisters can be affiliated in labor organizations and sustain one another. There is nothing so paradoxical, except woman herself, as the things that are said about her. I am asked to subscribe for the relief of the poor seamstresses who cannot earn enough to live, and when I get home my wife presents me with a dressmaker's bill which inspires other feelings than pity. (Laughter). Women are always martyrs. They can suffer better than men and some women like to suffer. But it is very hard for a stenographer to sit for hours taking down letters or speeches and never say a word. It is against nature to close a woman's mouth in this way. (Laughter.) The typewriter promotes morality because it prevents profanity. There is nothing so provocative of profanity as the handwriting of one's correspondents, and the typewriter obviates all that. Besides in the sound of the typewriter the human heart is heard to throb, and it promotes matrimony and leads to happy homes and all the rest of it."

Protect the System from Malaria.

It is possible to do this even in regions of country where miasma is most rife, and where the periodic fevers which it causes assume their most formidable types. The immense popularity of Hostetter's Stomach Bitters is very largely attributable to the fact of its efficacy as a remedy for chills and fever, bilious remittents, and as a preventive of the various forms of malarial disease. In those portions of the West and South where complaints of this nature prevail, and in the Tropics, it is particularly esteemed for the protective influence which it exerts; and it has been very widely adopted as a substitute for the dangerous and comparatively ineffective alkaloid, sulphate of quinine. Physicians have not been among the last to concede its merits, and the emphatic professional endorsements which it has received have added to the reputation it has obtained at home and abroad. my27tojune3

Impure Blood

A Pennsylvania Railroad Man Tells of a Remarkable Cure of Scrofulous Humor—Read It.

Mr. Ruby, who makes the following statement, is a well known railroad man, running on the Pennsylvania Railroad between Columbia, Penn., and Philadelphia:

"I feel that I wish to tell what has been done for us and our little boy by Hood's Sarsaparilla. He is now six years of age, and, until a short time ago, has ever since birth been a terrible sufferer from scrofulous humor. Sores would appear on him and spread until they were as large as a dollar, and then discharge, only to be followed by others, so that the larger part of his body was one mass of sores all the time. The scrofula was especially severe on his legs and back of his ears and on his head. His hair was so matted that combing was sometimes impossible. His ears became so thin that we could see through them, and were actually

AFRAID THEY WOULD DROP OFF.

His legs were so bad that sometimes he could not sit down, and it was impossible for him to run about and play like other children. Frequently when he tried to walk, his leg would crack open and the blood start from different places. The humor had a very offensive odor, and caused intense itching, so that at night we had to tie his hands in mittens or stockings to prevent his scratching and tearing himself. We cannot tell

HOW THAT POOR BOY SUFFERED

for nearly five years, nor how his terrible condition distressed us. We did all we could to relieve him. Two or three physicians agreed in calling it scrofulous humor, but did not effect a cure. We tried salves and ointments and other things but without benefit. At last I decided to give him Hood's Sarsaparilla, as

MY DRUGGIST RECOMMENDED IT.

In about two weeks the Sarsaparilla began to have effect. The sores commenced to heal up; the flesh began to look more natural and healthy. Then the scales came off and all over his body new and healthy flesh and skin formed. When he had taken two bottles he was entirely free from sores, having only the scars to show where they had been. These are gradually disappearing. The little fellow was

FULL OF GRATITUDE

to Hood's Sarsaparilla when he found it was curing him, and he would call for 'My medicine' when the time came for him to take it. We are unable to express our thanks for the good Hood's Sarsaparilla has done our little boy." HARRY K. RUBY, Box 356, Columbia, Pa.

A Later Letter

From Mr. Ruby states that his son is now in perfect health, has no trouble from the humor, which is entirely cured. He has many inquiries about the recovery of the boy, and advises all who suffer with such diseases to try Hood's Sarsaparilla.

What Can be Added

To the above statement to make more emphatic the evidence of the cleansing effect of Hood's Sarsaparilla upon the blood? It would seem to be the positive duty of all who suffer from any disease or affection caused by impure blood, to at least give Hood's Sarsaparilla a fair trial. Its many wonderful cures have won for it the title of "the greatest blood purifier ever discovered."

Every Confidence.

"Among the few proprietary articles I recommend to customers Hood's Sarsaparilla is one in which I place every confidence. My patrons seem to have the same confidence, judging from its sale, which is more than all the other blood purifiers together." G. B. LITTLE, Druggist, Greensburg, Pa.

FROM PHILADELPHIA.

Pretty Good for a Man of 86.

The following is from Mr. John Hines, manufacturer of enameled dies, who has carried on business in Philadelphia since Oct. 9, 1839, and whose testimonial in favor of Hood's Sarsaparilla is certainly worthy of consideration.

"One year ago I was laid up sick with pneumonia for 14 weeks. When I got over that, my feet and legs swelled, were very much inflamed, and caused me much suffering. The doctor said I had gout, which I did not believe. I tried a number of cures, of no avail. Then some one asked me to try Hood's Sarsaparilla. I did so. I took it three times a day, before meals. Before I had taken one bottle I began to improve. I took in all five bottles, which cured me and made me feel well otherwise. I have had no return of the affection. Can walk ten miles every day, which is pretty good for a man 86 years old. I feel grateful for the good Hood's Sarsaparilla has done me, and have used my influence with a number of people to try it, and so far with satisfactory results." JOHN HINES, 40 North 20th Street, Philadelphia, Penn.

Cancerous Sore.

"About 7 years ago I had a cancerous sore on my nose, which grew to be very troublesome and offensive. I concluded to try Hood's Sarsaparilla, and after using two bottles the sore disappeared and healed up entirely. It has been cured for two years with no appearance of its returning. I am now in my eightieth year and enjoying good health. I feel it my duty to recommend Hood's Sarsaparilla to all persons suffering from similar troubles. Be sure to get Hood's." JOSIAH HARVEY, Delmont, Westmoreland Co., Penn.

Confirmatory Statement.

"The above certificate is from Josiah Harvey, insurance agent, a gentleman well known throughout Westmoreland county. His statement in regard to the sore and cure performed is correct." Z. ZIMMERMAN, Druggist, Delmont, Penn.

N. B. If you decide, from what you have heard or read, to take Hood's Sarsaparilla, do not be induced to buy any other.

SWIFT SPECIFIC CO.

Lingered Between Life and Death.

Mrs. Geo. P. Smeote, a highly cultivated and estimable lady of Prescott, Ark., writes under date of April 29, 1889: "During the summer of 1887 my eyes became inflamed, and my stomach and liver almost hopelessly disordered. Nothing I ate agreed with me. I took chronic diarrhœa, and for some time my life was despaired of by my family. The leading physicians of the country were consulted, and the medicines administered by them never did any permanent good, and I lingered between life and death, the later being preferable to the agonies I was enduring. In May, 1888, I became disgusted with physicians and their medicines. I dropped them all, and depended solely on Swift's Specific (S. S. S.), a few bottles of which made me permanently well—well from then until now."

MADE HIS LIFE A BURDEN.

I have had scrofula until it made my life a burden. I was inexpressibly miserable, sick, weak, sleepless, and unhappy; desiring that the short time which seemed to have been allotted to me on this earth would hasten to an end. I tried doctors' treatment and medicine, and travel, but none of these did any good, for the scrofula gradually grew worse. One physician, who I traveled far to see, and to whom I paid $150, gave up the case as hopeless. I then gave up all other medicines, and took only Swift's Specific (S. S. S.) Four bottles of that medicine cured me, and for the past four years I have had as excellent health and I am as free from disease as anybody living." Z. NELSON, Fremont, Neb.
