THE LAST GRAND CONCERT OF THE SEASON.—The last and best Grand Concert of the present season will be given at CONCERT HALL, CHESTNUT Street, above Twelfth, on MONDAY EVENING, June 19, 1865, in aid of the GOODFELLOW LIBRARY, an association connected with the Hose, Hook and Ladder Company of the same name.

The programme will be most thoroughly and generally varied, comprising Sacred, National, Operatic, Sentimental, Irish, Scotch, German, Comic, and miscellaneous musical selections, from the most approved authors, and the entertainment will be one in every respect both pleasant and edifying.

The very first musical talent of the city has been secured for the occasion, including the full Jefferson Forrest Band, Prof. John Roth leader; The American Vocalists (Quartett) Association; The Mozart (Quintett) Association; The Philadelphia Harmonists; the celebrated Sengerbund (German) Musical Association, composed of fifty selected voices, Prof Carl Gardner, leader; Miss E. Gissehel, formerly of Leonard Grover's Opera Troupe, New York; Miss Louisa Soliday and Miss Marcelina Eilers, of Philadelphia; together with Messrs. Jacob Graf, Philip Moore, George Aston, Daniel McIntyre, William Probasco, Paul Berger, and many gentlemen amateurs.

In addition to the foregoing, by particular request, William H. Rudolmann, Esq., has kindly consented to recite an original humorous composition, entitled "Roses," which has heretofore met with unbounded favor in its first and only introduction in this city, recently, at Musical Fund Hall.

The piano used upon the occasion is from the celebrated manufactory of Messrs. Raven & Bacon, New York, and has been kindly loaned for the occasion by their Philadelphia agent, Mr. James Ballak, Nos. 319 and 321 South Fifth street. It will be presided at by Prof. B. A. Clark, Pianist of the Handel and Haydn Society.

This being the last entertainment of the kind for this season, the price of tickets to all parts of the Hall will be only FIFTY CENTS, thus placing this rich musical treat within the reach of all. The doors of the Hall will be open at 7 o'clock and the Concert will positively commence at 8 o'clock precisely.

UNITED STATES

7-30 LOAN.

THIRD SERIES.

$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the

SEVEN-THIRTY LOAN.

These Notes are issued under date of July 15, 1865, and are payable three years from that date in currency, or are convertible at the option of the holder into

U. S. 5-20 SIX PER CENT.

GOLD-BEARING BONDS.

These Bonds are now worth a handsome premium, and are exempt, as are all the Government Bonds, *from State, County, and Municipal taxation, which adds from one to three per cent. more to their value,* according to the rate levied upon other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest at 7 30 per cent. amounts to
One cent per day on a $50 note.
Two cents per day on a $100 note.
Ten cents per day on a $500 note.
Twenty cents per day on a $1,000 note.
One Dollar per day on a $5,000 note.

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The notes of this Third Series are precisely similar in form and privileges to the Seven-Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7 3-10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this Third Series of the Seven-Thirties will commence on the 1st of June, and will be made promptly and continuously after that date. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in gold be availed of, would so reduce and equalize prices as that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

THE ONLY LOAN IN MARKET

now offered by the Government, and its superior advantages make it the

GREAT POPULAR LOAN OF THE PEOPLE.

Less than $230,000,000 of the Loan authorized by Congress are now in the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within sixty days, when the notes will undoubtedly command a premium, as has usually been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the Loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions for par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.
