ON A RECENT CONGRESSIONAL DUEL.

Two sons of Chivalry, of late,
Grew wrathful on the Congress floor;
Inge, in the heat of the debate,
Insulted Stanley's honor sore.

A challenge passed, ere morning broke;
Each hastens early from his bed;
They meet and fire—the harmless smoke
Curls slowly round each unharmed head.

The smoke has cleared, the weapon drops—
Inge flies his foeman's hand to seize;
And Stanley finds the pistol's pop
A balm for all his Inge-uries.

Religious Awakening in Germany.

The London Watchman furnishes some interesting particulars with respect to a general assembly of evangelical churches, consisting of nearly two thousand persons, convened not long since at Stuttgart. Besides the German representatives, there were visitors present from various European countries. The subjects discussed had reference principally to the Home Mission for all Germany. That which was a year previously only a project, has now become a fact. A central committee forms the bond of union between different Christian associations which have attached themselves to the general work. The committee has at present 150 agents actively employed in various parts of Germany, and about 30 correspondents. These keep the Committee informed of everything that passes, and communicate to the laborers such advice and direction as are suggested from time to time by the aggregation of knowledge and experience which the Committee has collected. The central board also supplies Missionaries prepared for special services. Sixty-one Home Missionary Societies, thus associated, are already in active operation. Numerous publications of religious works, distribution of the Scriptures, colportage, journeys of itinerant preachers, foundation and support of orphan asylums and schools, and such like matters, also occupy their attention. The results of the year's work reported to the Assembly, justify the conclusion that an important religious awakening has already taken place in Germany. "We want a new Reformation in Germany," said M. Wichern; "here are its beginnings. As for the rest, the times and the means are in the hands of God."

The assembly spent several days in discussing questions like the following: How can the Home Mission act on families, and especially in promoting family worship? How shall we get the laborers necessary to carry on the Home Mission? What is the best way of providing itinerant preachers, as a means of awakening and of revival in the churches? How can common schools co-operate with the Home Mission in their relation to families? Methods were discussed for the improvement of working men and apprentices, the relief of the poor and prisoners, and for the employment of the local press. At the close of their deliberations Tholuck delivered a devout and eloquent address, *"avec la chaleur de sa parole vibrante."* He said that here in Wurtemburg they had found a remedy for every wound of their country. Peace was found at the foot of the Cross. The whole company then sung the apostolical benediction, and separated to meet again at Elberfield simultaneously with the great Industrial exhibition in London. Surely a new day has dawned on Germany.—*South. Chris. Advocate.*

Protestant Chapel at Rome.

A correspondent of the New York Evangelist, writing from Rome under date of Dec. 18, corrects the rumors, which had reported that the Protestant chapel there had been closed by order of the Pope. It would appear, says the Puritan Recorder, from this correspondent, that there has been an earnest struggle to prevent the opening of such a chapel, and to effect its shutting up after it was open. He says:

"Before we fairly commenced service in the chapel, while the hall was undergoing the necessary repairs, &c., remonstrances against the movement began to come in to the Government from the most respectable sources. The pressure upon the Government from all quarters at last became so strong, and the claim of the Cardinal Vicar (who is at the head of the Ecclesiastical Municipality) so decided, that the chapel should be closed, that the Cardinal Secretary of State felt obliged to bring up the matter to our diplomatic agent, and on the ground of the very serious annoyance caused to the Government by the existence of this Protestant chapel within the walls, appeal to him to surrender quietly the privilege which had been granted by the Pope, and have the service either in his own apartments or outside the walls of the city. It seemed at one time as if it were all over with us, as the Cardinal Secretary intimated that indemnity for losses occasioned by the transfer would be cheerfully made. The matter was discussed in several interviews, and the whole diplomatic corps was consulted. Neither the Pope nor Cardinal Antonelli, Secretary of State, was disposed to yield to the intolerant spirit of the remonstrants. They very much regretted the agitation, and asked only for some good argument on our part by which to calm down the opposition to us. A strong remonstrance against the chapel had been sent in by an American Roman Catholic, recently from the United States, insisting that we had no claim whatever to the protection of the United States Government; that it was a mere sectarian encroachment upon the consecrated ground of the Roman Catholic Church, under false colors."

It appears also, that one condition of the existence of this chapel now is, that the chaplain shall in no manner act as a missionary to the Italians. The ambassador's honor is pledged, that nothing shall be done by him for the conversion of Romanists—nothing as a city missionary in Rome. All that is gained by it is, the privilege of Protestant worship for Protestant residents in Rome. See in this the glaring contrasts between the treatment of Romanism in America, and Protestantism in Rome. Here, Rome is free to spend its millions in propagandism; there, Protestantism may not breathe, till a nation's faith is pledged, that it will not attempt to breathe beyond its prison yard.

But the thing that deserves the special notice of Americans is, that the remonstrances against the opening of such a chapel, and the granting of even this paltry privilege to Americans, came from an American Papist. That is, American Romanism, after having enjoyed such large liberties in this country, under our Protestant institutions, has gone over to Rome, and exerted its influence for shutting the only place of Protestant worship for Americans in the Pope's dominions. The Pope, doubtless, regarded this intercession as speaking the mind of the whole Romish interest in America. And he doubtless had reason so to regard it. It comes, then, to this, that while the American Romish Church have entered so largely into the liberties and advantages which our Protestant institutions offered them, they cannot endure that a single minister with a few families of Protestants shall have the privilege of worshiping the God of their fathers, under the jurisdiction of the Pope. This is a specimen of the comity and reciprocity that we are to expect from these adopted citizens of America!

If the Pope and his Cardinals, who are supposed to know nothing of liberty, had done such deeds unsolicited, the case would have been different. But now, American Papists have taken the responsibility. It is American Romanists who have met our Ambassador to Rome on the Pope's territory, and attempted to thrust him out from so stinted a privilege. American Romanists, then, are our real antagonists in this cause. If any are so charitable as to suppose that the Beast has been tamed by its transportation to this country, let them see in this that the American Romanists have out-poped the Pope himself. They have actually moved the Pope to a rigor of exclusion that was not in him—showing that American Popery has even harder and sterner features than that of the Vatican itself.

This fact should be laid to heart—it should be broadly noticed and pondered well by the public mind—that we may know the true spirit which animates that anomalous body of men, so strange and so hostile to our institutions. And while it is contrary to our national policy to abridge the just liberties of any sect, it is due to ourselves that the Roman *magistracy* which is exercised here through the priests, should be disarmed. If a Protestant prayer may not be breathed in Rome, a Romish civil force should not be marshalled here.

PROPOSALS FOR STAMPS.

POST OFFICE DEPARTMENT, January 16, 1851.

PROPOSALS will be received at this Department until the 4th day of March next, for furnishing stamps for the use of the Post Offices of the United States for four years from the first day of April next, when ordered by the Department, of the following descriptions, viz:—

The name of the office and State in circular form, cut from a solid block of hardened steel, and made in such manner as to admit of letters and figures to designate the month and day, with a thumb screw to keep such letters and figures in place. Such stamp, and the letters composing the same, to be of the same size as those now manufactured and in use. A turned mahogany handle of the same size and shape as the one in present use. The months of the year abbreviated so as to contain but three letters each, of the same size now in use, and to be cut from solid blocks of hardened steel. Figures for the days of the month, from 1 to 31, inclusive, to be made of like hardened metal, and of the size last aforesaid.

Also, stamps with the words "paid" and "free" of the form of those now in use.

Also, stamps with figures denoting the rates of postage, and similar to those now in use.

All of the above stamps to be made of hardened steel.

The proposals must also contain separate bids for the circular stamp, with the months and figures.

Also, for each separate piece, containing the month consisting of three letters.

Also, for each separate piece for the days of the month.

Also, for complete sets of months and figures.

Also, for each separate piece with the words "paid" and "free."

Also, for each separate piece with the figures denoting the rates of postage. The making of the different sets will not, however, be given to different contractors, but the proposal for the whole which is deemed most favorable to the Department will be accepted. The Department reserves to itself the right to reject all proposals if the price is deemed extravagant.

Specimens of the various kinds of stamps required can be seen at the appointment office of this Department.

INSURANCE.

State Mutual Fire Insurance Company.

BRANCH OFFICE—No. 54 SMITHFIELD STREET, PITTSBURGH.

THE best evidence of the success of the directors in endeavoring to make the *STATE MUTUAL FIRE INSURANCE COMPANY* meet the wants of the community, is the unparalleled amount of business which has been done; having issued over 5,000 Policies in a little more than eight months; and adding over $40,000 capital to the Company. The Directors are proud to say, that nearly all the property insured is of the safest kind in small risks, and a large proportion insured for only one year.

Number of Policies issued,		5,065
Amount of property insured,		$5,139,496.00
do.	guarantee premiums,	57,209.79
do.	cash premiums,	52,194.24
do.	guarantee stock,	40,104.03
do.	losses,	4,100.00

To be deducted from the above balance, the incidental expenses of the office.

To city or country merchants, and owners of dwellings, and isolated and country property, it is believed this company affords advantages in point of cheapness, safety, and security, inferior to no insurance Company in the country. Conducted on the equitable and greatly improved system of Classification of Risks, excluding all special hazards, insuring only a limited amount in any one locality, thus precluding the frequency and occurrence of large fires, and also on both the Stock and Mutual plan, it not only joins the cheapness and security of both methods, but entitles the insured to a participation in the profits. It is under the control of the following Directors:—John P. Rutherford, A. J. Gillett, John B. Packer, S. T. Jones, Alonzo A. Carrier, Philo C. Sedgwick, Robert Klotz. J. P. RUTHERFORD, President. A. J. GILLETT, Secretary. A. A. CARRIER, Actuary. feb21

COUGHS & COLDS CURED IN 48 HOURS.

SINCE the introduction of this new Compound Coughs and Colds are cured in a very short time. We will warrant Dr. Keyser's Pectoral Syrup to cure cases of Cough, Colds, Bronchitis, Laryngitis, in less time and at a cheaper rate than any other medicine ever discovered.

IT HAS AN ENTIRELY NEW ACTION.—The old Cough Medicines all sicken the stomach and produce nausea which is more disagreeable than the cough itself. This is obviated in this mixture, for it is a pleasant soothing article and it will cure or *the money will be refunded!* The evidence in favor of this medicine in our city, from our own citizens should convince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most happy success.

CONSUMPTION.—A lady from Steubenville writes, that her daughter had been afflicted with a cough and expectoration, night sweats, hectic fever, and all the distressing symptoms of consumption, and that after taking two bottles she was entirely cured. A gentleman in Washington county who had suffered with Asthma and Chronic Cough for eight years has been entirely relieved and the cough removed by the use of half a dozen of bottles of this Pectoral Syrup. A gentleman from Peoria, Illinois, writes that he knows the Pectoral Syrup to be a good article, for he has used it in his own case and in the cases of members of his family with the most perfect success.

IT IS ONE OF THE CHEAPEST MEDICINES NOW KNOWN.—It is put up in half pint bottles at 50 cents each, or six bottles for $2.50.

COUNTRY STOREKEEPERS would do well to keep a supply of this medicine on hand all the time, as it is one of the most perfect and efficacious remedies ever discovered for all coughs and diseases of the lungs and incipient Consumption.

CAUTION EXTRA.—Many persons will try to get you to buy some one of the various nostrums, but do not heed them. If you want to get well buy DR. KEYSER'S PECTORAL SYRUP, and take no other, this will cure you. It has in it some of the most valuable plants and herbs of the materia medica and is compounded by a person skilled in the healing art. There can be no deception in this medicine. It is prepared in your own city, and the proprietor has numerous certificates from persons in our own city, attesting its valuable properties, which will be shown to any person desirous of seeing them.

AGENTS WANTED throughout the United States to sell this medicine. Large discounts will be made to those who will take an interest in the medicine. It will pay a large profit to all agents, besides, they will be doing suffering humanity a service by placing in their hands the greatest medicine for Lung diseases the world has ever produced.

For sale, wholesale and retail, by KEYSER & McDOWELL, Druggists, 140 Wood street, Pittsburgh, Pa., to whom all letters for agencies must be addressed. Also for sale by D. M. Curry, Allegheny city; P. Brocker, jr., Brownsville; George Baird, Washington; John H. Buchanan, Hickory; George Keyser, McKeesport; J. D. Vowell, Canonsburg; and by merchants and druggists generally. ja22

SELLERS' LIVER PILL—"The very best Pill now in use!"

KANAWHA COURT HOUSE, Va., Jan. 4, 1851.

Mr. R. E. Sellers—Dear Sir: I will state to you that it is my opinion your Pill is perhaps the *very best* Pill now in use as a Liver Pill, and is surpassed by none as an Anti-Bilious Pill. It is very highly esteemed in our community as a family pill, and is fast supplanting all others. I now speak from my own experience, and from the experience of many of my friends and customers. Yours respectfully, P. S.—I am permitted to show the original letter, but not to publish the writer's name.

☞ Sellers' Liver Pills are the Original, Only True and Genuine. All others are counterfeits or base imitations. Purchasers recollect that R. E. Sellers' Liver Pills are the original and only true and genuine Liver Pill, and may be had at No. 57 Wood street, and of Druggists generally in the two cities and vicinity. ja22

SELLERS' LIVER PILLS supercede all others. Charleston, Va., Sept. 20, 1850.—Mr. R. E. Sellers—Your Pills have become so popular in all this region of country, as very much to supercede all others as a Liver or Anti Bilious Pill. Yours, &c., JAMES A. LEWIS. Extract of a letter. Purchasers recollect that R. E. Sellers' Liver Pills are the original and only true and genuine Liver Pill, and may be had at No. 57 Wood street, and of Druggists generally in the two cities and vicinity. ja10

SIR JOHN MURRAY'S FLUID MAGNESIA. Prepared under the immediate care of the Inventor, and established for upwards of thirty years. This elegant preparation is recommended in all cases of bile, acidities, indigestion, gout, and gravel, as the most safe, easy, and effectual form in which Magnesia may, and indeed the only one in which it ought to be exhibited, possessing all the properties of the Magnesia now in general use, without being liable like it, to form dangerous concretions in the bowels, it effectually cures heartburn without injuring the coats of the stomach, as soda, potass, and their carbonates are known to do; it prevents the food of infants turning sour; in all cases it acts as a pleasing aperient, and is peculiarly adapted to females. Sir Humphrey Davy testified that this solution forms soluble combinations with uric acid salts in cases of gout and gravel, thereby counteracting their injurious tendency, when other alkalies and even Magnesia itself had failed. From Sir Philip Crampton, Bart., Surgeon General to the Army in Ireland: "Dear Sir—There can be no doubt that Magnesia may be administered more safely in the form of a concentrated solution than in substance; for this, and many other reasons, I am of opinion that the Fluid Magnesia is a very valuable addition to our Materia Medica. PHILIP CRAMPTON." Sir James Clark, Sir A. Cooper, Dr. Bright, and Messrs. Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being infinitely more safe and convenient than the solid, and free from the danger attending the constant use of soda or potass. For sale by the importer's and proprietor's agents, B. A. FAHNESTOCK & CO., Cor. Wood & Front sts. ja11

M'ALLISTER'S OINTMENT.

CONTAINING no Mercury, nor other Mineral. The following testimonial was given by the Rev. Dr. Wooster Beach, the author of the great medical work entitled "The American Practice of Medicine and Family Physician."

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment, and having prescribed and tested it in several cases in my general practice, I can have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever; that its ingredients combined as they are, and used as directed by the proprietor, are not only harmless, but of great value, being a truly Scientific Remedy of great power; and I cheerfully recommend it as a compound which has done much good, and which is adapted to the cure of a great variety of cases. Though I have never either recommended or used any secret medicine, regard for the truth, and humanity, and justice, compels me to make this certificate. W. BEACH, D. D. New York, April 22, 1846."

BURNS—It is one of the best things in the world for burns.

PILES—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Boils, Ulcers, and all kinds of Sores, it has no equal. Mothers and Nurses know its value in cases of swelled or sore breasts; it always gives relief in a few hours, if used according to directions, it always cures.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief in every case it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county.

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about twenty years, and at night was unable to sleep. During that time I tried various remedies which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also since used the salve for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFMAN.

JAMES McALLISTER, Sole proprietor of the above medicine. Principal Office, No. 28 North Third st., Philadelphia. PRICE TWENTY-FIVE CENTS PER BOX.

JULES HAUEL'S SHAVING CREAM—Where is the man who does not appreciate the luxury of an easy shave? If any there be, we do not address our [illegible] to them. But to all others, we say try a box of Jules Hauel's Shaving Cream. [illegible] Almond Pistachio, or Ambrosial Shaving Cream. [illegible] JULES HAUEL'S SHAVING CREAM is especially emollient, producing an admirable lather, and by its extremely mild nature allaying the irritation, and preventing that unpleasant and stiff feeling of the skin which is so often experienced after shaving. Gentlemen using Jules Hauel's Shaving Cream, may face the coldest and most piercing winds immediately after its use, without the skin becoming chapped. And those who once use it, we can safely say, will never use any other. The great advantage—which will be especially appreciated by those who wear whiskers—is the fact that it will not discolor the beard, which most soaps will do, giving a sandy or rusty appearance to the edge of the whiskers. Jules Hauel's Shaving Cream are delightful preparations, compounded with skill, to the utter exclusion of all articles calculated to render the operation of shaving unpleasant, and will be appreciated by all who make trial of them. Prepared only by JULES HAUEL, Perfumer and Chemist, 120 Chesnut street, Philadelphia. For sale, wholesale and retail, by B. A. Fahnestock & Co., and R. E. Sellers, Pittsburgh; and John Sargent, and J. Mitchell, Allegheny City.

To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times. PETROLEUM OR ROCK OIL; it is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but, one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine that we know the truth—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of puffing or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any single article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens, who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the case of a gentleman in Beaver county, cured. And there are others; but these are cases near home, and may be referred to by any persons who may have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure, when used according to directions—Diarrhea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions, &c. MEDICAL.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth,
Than are dreamt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles, with labels and directions for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure, unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer, and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION, (in its early stages,) ASTHMA, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhea, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old sores, &c. &c. In cases of debility, resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life! The proprietor knows of several cures of PILES, that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it.

None genuine without the signature of the proprietor.—Sold by the proprietor, S. M. KIER, Canal Basin, near Seventh street, Also, by R. E. SELLERS, 57 Wood st., and KEYSER & M'DOWELL, corner Wood street and Virgin Alley, who are his regularly appointed Agents. nov2dly

PROCLAMATION.

KNOW all men who are sick and afflicted with disease of the Bladder and Kidneys, with rheumatic pains in back or limbs, stiff joints, old sores, running ulcers, &c., that they can be cured by taking the PETROLEUM. You may talk about its being a nostrum, as much as you please, but this does not make it so the worse. It has virtues in the face of an honest community, that it has virtues which are not contained in any other remedy. The man who is racked with pain, and suffering from disease, can, for 50 cents, get relief from any of the ills enumerated above.

Reader! it costs very little to make a trial. This Petroleum is no mixture—no compound, put up for the purpose of imposing on the community; but it is a remedy elaborated by the master hand of nature, and bubbles up from the bosom of our mother earth, in its original purity, and offers to suffering humanity a ready remedy, a certain and cheap cure.

It has cured Piles, after other medicines have failed to render any relief. It has cured Rheumatism, of long standing, and of the worst and most painful character. It has cured Cholera Morbus, by one or two doses. It has cured old cases of Diarrhea, in which every other remedy has been of no avail. As a local remedy in burns and scalds, it is better than any medical compounds or ointment that we know of. It will cure chilblains and frosted feet, in a few applications, undoubted testimony can be furnished of the truth contained in the above statement, by calling on SAMUEL M. KIER, Canal Basin, Seventh street, or either of the agents.

Keyser & McDowell, corner of Wood street and Virgin alley; R. E. Sellers, 57 Wood street; D. A. Elliot, and D. M. Curry, Allegheny city, are the agents.

RHEUMATISM CURED.

THE UNEQUALLED SUCCESS which has attended the use of MORTIMER'S RHEUMATIC COMPOUND AND BLOOD PURIFIER, in effectually curing the severest and most inveterate cases of INFLAMMATORY AND CHRONIC RHEUMATISM, is a sufficient guarantee and recommendation to induce all who are afflicted with this dreadful disease to try its virtues.

Hundreds of cases, many of them citizens of St. Louis, and others from abroad, have been cured within the last few months in the city of St. Louis alone, while letters from agents abroad show also that it is performing the same wherever tried. Many of these were chronic cases of long standing, and all hope of recovery had been given up. While others were of more recent date, of the acute inflammatory form, very severe. All, however, yield to the wonderful virtues of this medicine, and thousands who have realized its benefits and are now in the enjoyment of health can but esteem the original discoverer and proprietor, a benefactor of mankind.

It is well known from the experience of the past, that no outward application can possibly effect a permanent cure of this dreadful disease. By the application of stimulating liniments, partial relief, in some cases, may be obtained for a short time. But all the while this disease is fixing its grasp more permanently in the system, and sooner or later will again develope itself in a more dreadful form, and after a few periodical returns, it settles into a chronic form, which, if not soon arrested, ruins the individual for life.—This is verified by the history of the past in all countries, and more fully demonstrated by the history furnished of late to the proprietor of this compound, as given by several hundreds of those who have passed under his immediate notice and treatment during the last few months.

MORTIMER'S RHEUMATIC COMPOUND AND BLOOD PURIFIER is an internal remedy—commences its operations where the disease first originates, and in purifying the blood, passes through the whole system, neutralizes the acrid humors, which having been settled upon the muscles and tendons—removes it entirely from the membranes, muscles and tendons—restores it to perfect health, the system, and restores the individual to perfect health.

Let those who are afflicted, not despair, although their limbs are dislocated or contracted to such a degree that they are crippled for life. The experience of hundreds of the past, as well as a multitude at the present day, demonstrates the folly of expecting permanent relief from external applications.

The proprietor of this valuable medicine knows from experience, that no outward application can possibly effect a permanent cure. He can and does prepare and apply an embrocation, which will give relief in one hour's time, in most cases, which will give a permanent cure. The nature of this disease is such that it requires longer time, and an internal remedy, to produce the desired effect. And Mortimer's Rheumatic Compound and Blood Purifier is the only remedy that has ever been discovered, either in America or any other country, that will effectually cure this disease.

This medicine can be had, wholesale or retail, at No. 73 Third street, next to the Post Office, Pittsburgh. Also for sale in Pittsburgh, by H. Sruyser, Wm. Thorn, J. D. Morgan, S. N. Wickersham, and J. A. Jones. Price $2 per bottle; six bottles for $10, or $18 per dozen. Pamphlets can be had gratis of the agent. R. H. WISHART, Agent. nov2d

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—Dr. Jacob Rose, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in the cure of Chronic Diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years has been engaged in the investigation of disease, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled eminence in curing those dreadful diseases, Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is heir—not by the use of one compound only; for that is at war with Physiological Law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills are admitted, by the faculty, to possess peculiar properties, adapted to female diseases; but it being impossible to give a full account of these valuable remedies, in this advertisement, it is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

For sale by the following agents, as well as by most druggists throughout the country: J. Schoonmaker & Co., 24 Wood st., Pittsburgh. J. M. Townsend, Druggist, 45 Market st., Lee A. Beckham, Druggist, near the Post Office, Allegheny city. Joseph Barkley, Darlington, Beaver county, Pa. John Elliott, Ennon Valley. T. Adams, Beaver. aug12dly

COMFORT AND RELIEF

FOR THE AFFLICTED will be found in Dr. Dewitt C. Kellinger's INFALLIBLE LINIMENT, or Magic Fluid, which has stood the test of thirty years experience, and has, beyond a doubt, been the means of relieving more of the afflicted than any medicine that has ever been offered to the public. The name and character of diseases. We feel that we hazard nothing in saying that this is the only medicine that has been offered to the public that will, in every sense of the word, do what it is sold for.

It has cured, and is capable of curing more diseases than any other medicine offered for sale, we care not by whom made or sold, or by what name.

As a strong and convincing proof of the above, we say that it is the only article that has appeared in the form of a patent Medicine that has ever been patronized and receives the praise of the elite generally, as the most agreeable and convenient medicine, as recommended and used by any of them, viz:

The Hon. Moses H. Grinnell, late M. C. The Hon. Robt. H. Morris, late Mayor. Hon. John A. Dix, late U. S. Senator. William H. Porter, Esq., Editor of the Spirit of the Times; and a host of other distinguished citizens of New York, who have fully tested its merits, have permitted the proprietor to refer to them.

As it is well known that Patent Medicines are not generally patronized by the learned, wealthy and polite circles, we have undoubtedly a right to feel ourselves highly privileged. This Wonder working Compound has been nearly seven years before the public. Its first friends are now its strongest and best. This most undoubtedly is strong and convincing proof of its general usefulness and sanative qualities. It is a sovereign remedy to all nervous diseases, rheumatic pains, contracted cords, sprains, bruises, old sores, and all the pains and aches that flesh is heir to.

Over 1,000,000 bottles have been sold without complaint, and have performed such astonishing cures, after all other remedies have failed, as would stagger belief, had we not offered, and in our possession, the strongest possible evidence.

This medicine, or nature's remedy, is prepared from vegetables for internal as well as external use. It acts directly upon the diseased part—giving it health and strength—It is a sure cure for Diarrhea, Cramps, Bilious Cholic, and all spasmodic affections, diseases of the Kidneys, and Weakness in male or female, from whatever cause it may have originated.

For sale in Pittsburgh, by R. E. Sellers, Morris, Kidd & Co., and Ogden & Snowden, and by the retail Druggists generally. It is put up in four, two, and one shilling bottles. jan5d3m

EFFERVESCING COMPOUND. This Compound is warranted to produce the within described effects, when used for making bread, tea cakes, buckwheat cakes, &c., by which a saving is effected in the flour of about 15 per cent.

To MAKE BREAD.—To each pound of flour add two tea spoonfuls of Compound and the usual quantity of salt, mix them thoroughly together while dry, (this makes a prepared flour that you can set aside and use at leisure,) then add as much cold water as will make the dough the usual thickness; knead it well, and let it stand fifteen minutes before baking—one or two hours will do no hurt. Biscuit should be mixed much thinner, and baked at once, but will do no hurt to stand fifteen or twenty minutes. There is no danger of getting too much of this Compound in the bread; it will not turn the bread yellow, as saleratus does when used to excess.

You can put the above Compound into tea cakes, puddings, johnny cakes, Indian cakes, ginger cakes, corn meal cakes, corn bread, brown bread, biscuit, batter cakes, buckwheat cakes, apple dumplings, pot pies, and for all baking purposes. Just received and for sale by R. E. SELLERS, 57 Wood st. ja9

TAKE NOTICE.

CHALLENGE TO THE WORLD. Twenty five Dollars reward will be paid to any one who will produce a spot of paint, green or dry, that cannot be extracted with Holt's Improved Chemical Soap. I have the satisfaction of saying to the people of this place that this article, by my own improvement on it, now stands unrivalled in this country for extracting grease, tar, pitch, oil, paint, or any other greasy substance, from all kinds of gentlemen's or ladies' clothing, carpets, table spreads, merino shawls, ladies' bonnets, &c., without injuring any thing that pure water will not injure. More than one thousand persons in different parts of the country have told me they would not be without it if it cost $1 a cake. In trying this Soap on more than 300 articles of light silks, satins, alpacas and calicoes, I have only found three pieces of silk, two of alpaca, and four of calico, on which it changed the color; therefore, before putting it on a light dress, try a sample of the dress first. I state this because I am determined no to recommend it any stronger than I know to be strictly true.

Orders from country merchants and pedlars promptly attended to by the subscriber. R. E. SELLERS, 57 Wood st. de30

SELLERS' COUGH SYRUP,

"I had not used it twice before I felt its beneficial effects."

MR. R. E. SELLERS—Sir: Suffering from a cold and cough, for which I tried many recipes, without obtaining relief, I was presented with a bottle of "R. E. Sellers' Cough Mixture." I think it a duty which I owe to both you and the public in general, to positively assert, that I had not used it twice before I felt its beneficial effects, and (under the Divine blessing) had no occasion to finish the bottle. I testify also, as to having witnessed its magic properties on friends of mine; one in particular, who had a trying attack on the lungs, accompanied with a distressing cough. Verily this only true Esculapius (where coughs and colds affect the sufferer) has descended amongst us in "R. E. Sellers' Cough Mixture." M. FITZGERALD, 135 Wylie st. Pittsburgh, Jan. 14, 1851.

Prepared and sold by R. E. SELLERS, No. 57 Wood st., and sold by druggists generally. ja14

SELLERS' IMPERIAL COUGH SYRUP—Additional proof of its power to cure. Fairfield, Va., August 30, 1845.

Mr. R. E. Sellers—Being afflicted for some time with a bad cough, I was recommended to try your Imperial Cough Syrup, by my young friend Mr. W. Templeton, your Agent for this place. I did so. It had the desired effect of curing me of a cough that I had despaired of ever being well. I had used almost every thing that it was in my power to get, but received no benefit until I met with your invaluable Cough Syrup. I feel fully satisfied in saying to you, and recommending it to the public as one of the best medicines that has ever been prepared for the cure for which it is intended. JAMES R. SMITH.
