PITTSBURGH GAZETTE.

Address

To the Clergy of all Denominations in the State of Pennsylvania, in behalf of the Pennsylvania Colonization Society.

REV. AND DEAR BRETHREN,—In accordance with an established custom, we again beg leave to call your attention, in view of the approaching anniversary of American freedom, to the peculiar claims of the great cause of African colonization. We are emboldened to this step, not only because nearly every ecclesiastical body in the Union has recommended pastoral co-operation with us in our noble enterprise, but because, moreover, the developments of the past year have accumulated arguments in favor of the urgent necessity of our cause; a cause, be it remarked, as beneficial to ourselves, as it is generous to the colored race.

As ministers of the Gospel of God's dear Son, we earnestly desire that you should be co-operators with us in carrying out the purposes of our organization; the cause of colonization being second to none which addresses itself to the sympathies of the benevolent, in vital interest and importance. To you, as guides and teachers of the people, we confidently look, to have its peculiar claims made known, understood and felt by them; the return of the anniversary of our national independence affording a most opportune occasion for advocating our cause amongst your several flocks.

That general and enlarged knowledge of passing events, for which the clergy of our country are justly celebrated, must have embraced within it more or less information with reference to our colonies upon the coast of Africa, and the means used at home for their promotion; so that, doubtless, your sympathies are already enlisted in behalf of a scheme which, whilst it directly tends to elevate the colored man—to provide him a home "where none can molest him, or make him afraid,"—has also indirect tendencies of the most momentous and benevolent character. For we conceive that our scheme, if successful, will solve a great political problem, and destroy, to a great extent, those causes that seem to threaten the stability of our national Union. It will do that which all the fleets of Europe and America can never accomplish, (at whatever cost of life or money,)—namely, put an end to the horrible traffic of the slave-trader. Without boasting do we declare that it will prove the most successful means used, under God, for spreading the light of the Gospel of Jesus Christ over that land, now so benighted, but which, in the days of its spiritual elevation, gave birth to the renowned Augustine.

In presenting before you the cause of Colonization for your advocacy, we are not urging upon your attention, brethren, an untried scheme, but one that has passed the perils of incipient effort, and which is now launched forth on the broad sea of successful enterprise. The number of colonists already sent out to those shores, so deadly to the white, but so inviting to the colored race, is *eight thousand*. The number of those who are immediately in connection with these Christian colonies, is nearly *two hundred thousand*. The free settlements of Liberia, added to that of the Maryland colony, extend five hundred and twenty miles along the coast, with a depth inland of about twenty-five miles; reaching from Cape Palmas, on the extreme south, to the Gallinas. A belt of civilization—a belt of glorious gospel light—to extend within, like the fire kindled on the western prairie, until the whole land becomes "a sea of glory;"—a belt of freedom, along which the slave-trader dare not venture. Here there has been planted a Republic of colored men, under the government of colored men—not a solitary white man residing permanently within the Republic—whose national independence has already been acknowledged by England and France, and soon will be, (we have the assurance,) by our own country. A Republic which, under President Roberts and Vice-President Benson, has already issued State papers, which one of the highest political minds of our own land has pronounced to be creditable to any nation on the face of the globe.

These shores are emphatically the home of the colored man, where he can not only be free, but rise to national greatness and wealth. And, that such is the estimation in which the colonies are held, we have only to mention the fact, that ten thousand persons now in slavery were freely offered to the National Society, with which we cooperate, during the past year, to be sent to Liberia; and were only declined for the want of means to send them.

With great confidence, brethren in Christ, we commit our cause to you. The noble enterprise of building up a great and free nation of colored men, will surely excite your zeal. Liberia is the first daughter of American freedom. The benevolent and holy work of destroying the slave trade, will awaken your warmest zeal. Whilst the prospect of evangelizing Africa—benighted Africa, with her untold millions, will kindle, surely, the fire of your ardent devotion.

Our plans are large, our scheme is noble, and our promise is great. Encourage every one to give to a cause so honorable to humanity, so important for the spread of the gospel; however small be the donation, it will prove a drop of mercy in that shower that is to enrich and fertilize the arid wastes of Ethiopia. It will be a particle in that cloud of grace upon which, by Divine light, the bow of Africa's promise is painted.

JOSEPH R. INGERSOLL, Pres't.

The Light of Nature.

[The following anecdote, which some literary resurrectionist has dug from its grave in some old periodical, is doubtless familiar to many of our readers; but it may be new to many:]

The celebrated Mr. Hume wrote an essay on the sufficiency of the light of Nature; and the no less celebrated Robertson wrote on the necessity of revelation, and the insufficiency of the light of nature.—Hume came one evening to visit Robertson, and the evening was spent in conversing on the subject. The friends of both were present, and it is said that Robertson reasoned with unaccustomed clearness and power. Whether Hume was convinced or not by his reasonings, we cannot tell; but at any rate he did not acknowledge his convictions. Hume was very much of a gentleman, and as he was about to depart, bowed politely to those in the room; while, as he retired through the door, Robertson took the light to show him the way. Hume was still facing the door.

"O, sir," said he to Robertson, "I find the light of nature always sufficient;" and he continued, "pray don't trouble yourself, sir;" and so he bowed on.

The street door was open, and presently, as he bowed along the entry, he stumbled over something concealed, and pitched down stairs into the street. Robertson ran after him, with a light; and, as he held it over him, whispered softly and cunningly,

"You had better have a little light from above, friend Hume."

And raising him up, he bade him good night, and returned to his friends.

A Quaker Letter.

Friend John, I desire thee to be so kind as to go to one of those sinful men in the flesh, called attorneys, and let him take out an instrument with a seal thereunto, by means whereof we may seize the outward tabernacle of George Green, and bring him before the lambskin men at Westminster, and teach him to do as he would be done by. Thy friend.

MISCELLANEOUS.

FURNISHING MAIL LOCKS & KEYS

POST OFFICE DEPARTMENT, March 14, 1851.

IT BEING DESIRABLE to substitute locks and keys of some other kind for those now in use for the mail service of the United States, specimen locks and keys, with proposals to furnish the same, will be received and considered at the Post Office Department, until the 1st day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Postmaster General for the time being to extend and continue the contract in force for an additional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no kind of lock is prescribed as a standard; the Department relying for a selection on the mechanical skill and ingenuity which a fair competition, now invited, may develope. It is, however, proper to state, that a lock suitable for the mail service should possess the following qualities, viz: durability, uniformity, lightness, and strength.

For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and twenty thousand keys adapted thereto, will be required to be furnished by the contractor within seven months after the contract shall have been entered into; afterwards the annual supply will depend on the durability of the locks and keys adopted, as well as the increase of the mail service; but it will probably never exceed in amount three thousand of the former and one thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made be allowed to make, sell, or furnish any lock or key, similar to those contracted for, for any other purpose or use than that of the Post Office Department.

The kind of locks adopted must be patented, and the patentee will be required, on entering into contract, to make an assignment of his patent for the exclusive use and benefit of the Department, if the Postmaster General shall deem such requirement essential to the interests of the service. In case of the failure of the contractor at any time to fulfil faithfully the terms and conditions of his contract, the Postmaster General shall have the right, besides a resort to the penal remedy hereinafter mentioned, to annul said contract, and to contract anew with any other party or parties as he may see fit, for furnishing similar locks and keys.

In deciding upon the proposals and specimens offered, the Postmaster General may deem it expedient to select for the through mails the lock of one bidder, and for the way mails that of another. He reserves, therefore, the right of contracting with different individuals for such different kinds of locks as he may select, and also the right to reject all the specimens and proposals, if he shall deem that course for the interest of the Department. The party or parties contracting will be required to give bond, with ample security, in the sum of thirty thousand dollars, for a faithful performance of the contract. The contract is to contain provisions for the due and proper inspection of the locks and keys, and also for guarding against their passing into improper hands; the terms of these provisions to be arranged between the Department and the successful bidder, if a bid should be accepted.

No applications will be considered if not accompanied with satisfactory evidence of the trustworthy character of the bidder, and of his ability to fulfil the contract.

N. K. HALL, Postmaster General.

GENERAL LAND OFFICE, April 4, 1851.

NUMEROUS APPLICATIONS HAVING been made to this office for information in relation to the manner in which Land Warrants, under the act of 28th of September, 1850, should be located, the following answers thereto have been prepared, to wit:

There are three modes by which these locations may be made:

1st. By the Warrantee in person.
2d. By the Warrantee through the agency of this office.
3d. By an Agent or Attorney.

If the first or second mode is adopted, the application must be made in writing, specifying the tract, land district or section of country, in which the location is desired, and be accompanied by an affidavit according to the following form, No. 1.

Where the third mode is adopted, a Power of Attorney must be produced, executed by the warrantee in the presence of a witness, according to the following form No. 2, which power of Attorney must be acknowledged, or proved as the case may be, before some officer authorized to take the acknowledgment of deeds, according to form No. 3 or 4.

In all cases, the Patents will be transmitted to the Land Office where the location is made, unless special directions to the contrary be given.

INSURANCE.

Franklin Fire Insurance Co. of Philad'a.

DIRECTORS: Charles W. Bancker, Geo. W. Richards, Thos. Hart, Mordecai D. Lewis, Tobias Wagner, Adolphe E. Borie, Samuel Grant, David S. Brown, Jacob R. Smith, Morris Patterson.

CHARLES N. BANCKER, President.
CHARLES G. BANCKER, Secretary.

This Company continues to make Insurances, permanent or limited, on every description of Property in town and country, at rates as low as are consistent with security.

The Company have reserved a large contingent fund, which, with their Capital and Premiums, safely invested, afford ample protection to the assured.

The assets of the Company, on January 1st, 1851, as published agreeably to the Act of Assembly, were as follows, viz:—

Mortgages	$918,128 68
Real Estate	84,377 78
Temporary Loans	83,966 17
Stocks	61,889 00
Cash, &c.	64,346 81
	$1,212,708 44

Since their incorporation, a period of 21 years, they have paid upwards of One Million Four Hundred Thousand Dollars Losses by Fire, thereby affording evidence of the advantages of Insurance, as well as their ability and disposition to meet with promptness all liabilities.

J. GARDNER COFFIN, Agent.
ap10 Office S. E. corner of Wood and 3d sts.

State Mutual Fire Insurance Company,

BRANCH OFFICE—No. 54 SMITHFIELD STREET, PITTSBURGH.

THE best evidence of the success of the Directors in endeavoring to make the *STATE MUTUAL FIRE INSURANCE COMPANY* meet the wants of the community, is the unparalleled amount of business which has been done; having issued over 5,000 Policies in a little more than eight months; and adding over $90,000 capital to the Company. The Directors are proud to say, that nearly all the property insured is of the safest kind in small risks, and a large proportion insured for only one year.

Number of Policies issued,	5,065
Amount of property insured,	$5,139,496.00
do. guarantee premiums,	57,909.79
do. cash premiums,	32,194.24
do. guarantee stock,	790,104.03
do. losses,	4,100.00

To be deducted from the above balance, the incidental expenses of the office.

To city or country merchants, and owners of dwellings, and isolated and country property, it is believed this company affords advantages in point of cheapness, safety, and security, inferior to no Insurance Company in this country.

Conducted on the equitable and greatly improved system of Classification of Risks, excluding all special hazards, insuring only a limited amount in any one locality, thus precluding the frequency and occurrence of large fires; and also on both the Stock and Mutual plan, it not only possesses the cheapness and accommodation of both methods, but entitles the insured to a participation in the profits.

It is under the control of the following Directors:—John P. Rutherford, A. J. Gillett, John B. Packer, S. T. Jones, Alonzo A. Carrier, Philo C. Sedgwick, Robert Klotz,

J. P. RUTHERFORD, President.
A. J. GILLETT, Secretary.

SLATE ROOFING.

PARRY, HUGHES & CO., Proprietors of the *Peach Bottom Pennsylvania Slate Quarries*, beg leave to inform Builders, Contractors, and others, at Pittsburgh, Wheeling, Cincinnati, &c., that they have appointed ALEX. LAUGHLIN, of Pittsburgh, their Agent, who is now ready to undertake contracts for Roofing with their best Gauged Slates.

PARRY, HUGHES & Co., are in possession of the best and largest Slate Quarries in the United States—the quality of their Slates is equal, if not superior, to the best Welsh Slates—they employ none other but experienced and practical slaters to do their work, consequently they have no hesitation in insuring a perfectly water-tight roof, neatly and handsomely completed, at as reasonable a price per square as any in the trade.

P., H. & Co. particularly recommend their Slates to be put on lath instead of sheeting, which will be of advantage to the contractors and owners of buildings.

References as to their slates and slating can be seen—and Mr. Thomas Parry, one of the company, may also be consulted any day—at their agent's Office, corner of Etna st. and Canal. PARRY, HUGHES & CO.

MEDICAL.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth,
"Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles, with labels and directions, for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure, unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory!!! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, we are conscious that the medicine can soon work its way into the favor of those who suffer, and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION, (in its early stage,) ASTHMA, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhea, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old sores, &c. &c. In cases of debility, resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life! The proprietor knows of several cures of PILES that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it.

None genuine without the signature of the proprietor.—Sold by the proprietor, S. M. KIER, Canal Basin, near Seventh street. Also, by R. E. SELLERS, 57 Wood st., and KEYSER & M'DOWELL, corner Wood street and Virgin Alley, who are his regularly appointed Agents. nov2:dly

PROCLAMATION.

KNOW all men who are sick and afflicted with disease of the Bladder and Kidneys, with rheumatic pains in back or limbs, stiff joints, old sores, running ulcers, &c., that they can be cured by taking the PETROLEUM. You may talk about its being a nostrum, as much as you please, but this does not make it so; for we proclaim, in the face of an honest community, that it has virtues which are not contained in any other remedy. The man who is racked with pain, and suffering from disease, can, for 50 cents, get relief from any of the ills enumerated above.

Reader! It costs very little to make a trial. This Petroleum is no mixture—no compound, put up for the purpose of imposing on the community; but it is a remedy elaborated by the master hand of nature, and bubbles up from the bosom of our mother earth, in its original purity, and offers to suffering humanity a ready remedy, a certain and cheap cure.

It has cured Piles, after other medicines have failed to render any relief. It has cured Rheumatism, of long standing; and of the worst and most painful character. It has cured Cholera Morbus, by one or two doses. It has cured old cases of Diarrhoea, in which every other remedy has been of no avail. As a local remedy in burns and scalds, it is better than any medical compounds or ointment that we know of. It will cure chilblains and frosted feet, in a few applications; undoubted testimony can be furnished of the truth contained in the above statement, by calling on SAMUEL M. KIER, Canal Basin, Seventh street; or either of the agents.

Keyser & McDowell, corner of Wood street and Virgin alley; R. E. Sellers, 57 Wood street; D. A. Elliott and D. M. Curry, Allegheny city, are the agents.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—DR. JACOB ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies: Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is heir—not by the use of one compound only, for that is incompatible with Physiological law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills are admitted, by the faculty, to possess peculiar properties, adapted to female diseases; but being satisfied that a bare trial is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

For sale by the following agents, as well as by most druggists throughout the country:

J. Schoonmaker & Co., 24 Wood st., Pittsburgh.
J. M. Townsend, Druggist, 45 Market st.
Lee A. Beckham, Druggist, near the Post Office, Allegheny city.
Joseph Barkley, Darlington, Beaver county, Pa.
John Elliott, Ennon Valley,
T. Adams, Beaver,

COMFORT AND RELIEF

FOR THE AFFLICTED will be found in Dr. Dewitt C. Kellinger's INFALLIBLE LINIMENT, or Magic Fluid, which has stood the test of thirty years experience, and has, beyond a doubt, been the means of saving the lives of thousands of individuals, in almost every class and character of disease. We feel that we hazard nothing in saying that this is the only medicine that has been presented to the afflicted, that does, in every sense of the word, what it is sold for.

It has cured, and is capable of curing more diseases than any other medicine offered for sale, we care not by whom made or sold, or by what name.

As a strong and convincing proof of the above, we say that it is the only article that has appeared in the form of a patent Medicine that has ever been patronized and received the praise of the elite generally, as the best and safest Family Medicine ever offered for sale, or used by any of the Faculty.

The Hon. Moses H. Grinnell, late M. C. The Hon. Robt. H. Morris, late Mayor. Hon. John A. Dix, late U. S. Senator. William H. Porter, Esq., Editor of the Spirit of the Times, and a host of other distinguished citizens of New York, who have fully tested its merits, have permitted the proprietor to refer to them.

As it is well known that Patent Medicines are not generally patronized by the learned, wealthy and polite circles, we have undoubtedly a right to feel ourselves highly privileged. This Wonder working Compound has been nearly seven years before the public. Its first friends are now its strongest and best. This most undoubtedly is strong and convincing proof of its ... usefulness and sanative qualities. It is a sovereign remedy for all nervous diseases, rheumatic pains, scrofulous swellings, sprains, bruises, old sores, and all the pains and aches that flesh is heir to. Over 1,000,000 bottles have been sold without complaint, and have performed such astonishing cures, after all other remedies have failed, as would stagger belief, had we not them in our possession, the strongest possible evidence.

This medicine, or nature's remedy, is prepared from vegetables, for internal as well as external use. It acts directly upon the diseased part—giving it health and strength—It is a sure cure for Diarrhea, Cramps, Bilious Cholic, and all spasmodic affections; diseases of the Kidneys, and weakness in male or female, from whatever cause it may have originated.

For sale in Pittsburgh, by R. E. Sellers, Messrs. Kidd & Co., and Ogden & Snowden; and by the retail Druggists generally. It is put up in four, two, and one shilling bottles. jan22:m

To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times! PETROLEUM OR ROCK OIL; it is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great powers and healing virtues are being fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the purpose of making money, but one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth, by a power and agency that laughs to scorn all human competition. It is not our design to deceive the public, nor do we intend to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease, and we can hardly be too highly wrought to answer the object of gulling or deceiving the afflicted by false representations. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens, who were totally blind, have been restored to sight. Several cases of blindness, in the state of Ohio, have been cured. And, also, the case of a gentleman in Beaver county. There are others, but there are cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum is curative when used according to directions—Diarrhea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face, Chronic Sore Eyes, Ring Worm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the above diseases within the past year with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to the afflicted or their friends.

Whatever others may say about their medicines, the Petroleum is the greatest Remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the greatest medicine ever discovered. For sale, wholesale and retail, by KEYSER & McDOWELL, 140 Wood st.

SELLERS' IMPERIAL COUGH SYRUP. —It is cheap, easy to take, and highly efficacious.

ALLEGHENY CITY, March 29, 1847.

Mr. R. E. Sellers—My children, like others, have been subject to troublesome coughs, and having used different remedies to try their purpose, I was induced by advertisements about your Cough Syrup to give it a trial. I gave it to two of my boys, and also to my daughter several different times, and it has never failed to cure them.

I have recommended it to my neighbors, and do most conscienciously believe that it is the best cough medicine that has ever been offered to the public.

ANDREW ARMSTRONG.

Parents should not permit their children to suffer from cough, when they may be cured by a 25 ct. bottle of this Syrup.
