LOCAL AND GENERAL.

☞ We see it stated that HORACE GREELEY will deliver a lecture in Troy, Pa., Friday evening, March 21st. Subject: "The Nation."

☞ The "weather prophets" say there is every indication of an early Spring. We hope their prophecy may prove true, that our farmers may be able to get in an early and large crop.

☞ One night last week, a number of dogs belonging to different citizens were poisoned. This is a miserable as wall as dangerous practice, as more serious results might happen from leaving poison in public places.

☞ BUILDING UP.—We notice that Messrs. KROMER, SEIBICH and ESSENWINE, who were burned out at the late fire, are re-constructing their buildings, and will be able to resume business again in a short time.—This is commendable energy and enterprise.

☞ ERRATA.—In our statement, a few weeks ago, of a number of persons being committed to jail to await trial, for stealing goods from different merchants in town, we said they were Pooles. This was a mistake—their names were HEEMAN.

☞ The farmers of Sheshequin have formed a Farmers' Club, to meet at stated times, for the purpose of discussing subjects appertaining to their calling. This is an excellent idea, and should be adopted by farmers *generally throughout* the county. By a free interchange of opinions, much valuable information will be developed.

☞ A little boy, eight years old, son of FENTON DEMPSEY, of Elmira, accidentally fell through the ice and was drowned in the Chemung river, on the 11th inst. Notwithstanding the exertions of the citizens his body has not yet been recovered.

☞ DIPTHERIA.—There have been several cases of deptheria in this place, during the latter part of winter, but none, we believe, have terminated fatally.—We see by our exchanges that many are dying of this disease in different parts of the country.

☞ A gentleman who arrived here from Illinois, last week, says that grain and pork is selling remarkably cheap in that State. Wheat 60 cents per bushel, Corn, shelled, 12 cents per bushel, and pork 4 to 4½ cents per lb. There can be no danger of starving "out west."

☞ On Saturday afternoon last, the ice in the pool passed out very quietly, without doing damage to anything, except the ice bridge, which had been in a passable condition since December last. The Spring rafting will now commence as soon as practicable. There is considerable lumber and square timber on the shore at this place, to be rafted this Spring.

☞ IMPROVEMENT.—Mr. O. D. BARTLETT has attached a splendid whistle to his steam Foundry and Machine Shop, which is very convenient for laboring and business men, as it indicates the time of going to and retiring from work. It can be plainly heard all over town.

☞ Charles W. Hurlburt, recently tried in Owego, for Assault and Battery on Miss Frances M. Schooley, with intent to kill, has been convicted and sentenced to imprisonment in the Auburn State Prison, for five years and one month.

Mr. Hurlburt is a carpenter and joiner by trade, and was several years ago a resident of this place.

☞ FIRE IN BINGHAMTON.—The new Presbyterian Church edifice, at Binghamton, just completed at an expense of $25,000, and about to have been dedicated, was destroyed by fire, last Sunday night, together with the old church building adjacent to it and belonging to the same society—the latter, it is supposed having been set on fire. Tha property was insured for $18,900.

☞ Naiad Fire Company, No. 2, has been reorganized, and at a meeting of the Company, on Thursday evening, the 13th inst., the following officers were elected:—

Foreman—JOHN MCCORMICK,
1st Assistant—CHARLES PATCH,
2d Assistant—GEO. ELWELL,
Secretary—EDWARD MACFARLANE,
Treasurer—FREDERICK CASH,
Pipeman—OSCAR POST.

☞ SPECIAL COURT.—In publishing the notice of Special Court, last week, it was stated that Court would commence on Monday, the 20th day of March—it should have been the 20th day of May. The notice and Trial List appears corrected this week, in our advertising columns.

There will be no Jury drawn for the second week of the regular term of May Court. The Criminal business will occupy nearly two weeks—and has been so arranged to dispense with a Jury for the second week. Consequently no civil suits will be tried.

☞ FAMILY SUFFOCATED.—We learn of a most painful occurrence in the borough of Hyde Park, Luzerne county, which has eventuated in the death of several members of a family and serious danger to the balance. A Mr. JORDON (German saddler) kept a little tavern in that placle, which a few days ago was destroyed by fire. He then moved with his family into a room in another house, where they put a stove and ran the pipe into a flue which proved to be very defective. After they retired for the night, the gas from the stove (finding no proper vent) filled the room so entirely as to suffocate them all. In the morning some neighbors, seeing nobody astir concluded, when they found two of the children dead, and the father and mother insensible, and but little hopes were entertained of their recovery.

☞ A SELL.—We notice an "extraordinary prophecy," going the rounds of the papers, purporting to be found in the 4th chapter of Haggai, the 8th, 10th and 21st verses, which reads as follows:—

"Behold there shall be rebellion in the South, a rebellion of strong men and archers of Chariots and bright shields, and the blast of the trumpet shall awaken the North and the nations. And lo, behold, because of the sin of the South, her mighty men shall be as babes, her gates shall be destroyed utterly, saieth the Lord, and her riches shall be wasted and her slaves set free; and behold, great ships from the North shall devour her pride, and a storm from the West shall lay waste her habitations; and with the Lord her dominion shall be broken up, and there shall no more be King."

This prophecy is said to have been "pointed out" by an eminent Baptist Divine, and published originaly in the *Christian Advocate*. As most people are unable to find but *two* chapters in Haggai, the "eminent Baptist divine" would confer a favor by pointing out the *fourth*.

☞ In the House of Representatives, on Wednesday of last week, Mr. HARPER introduced a resolution directing that the Committee on Ways and Means be instructed in their enumeration of subjects of taxation, to inquire into the expediency of increasing the rates of license for the sale of ardent and spiritous liquors at fifty per cent. First, to mitigate the evils of the system, and second, to increase the revenue of the State. And further, to inquire into the expediency of increasing the collateral inheritance tax to ten per cent. The reason assigned for offering the resolution, is the alleged fact that the indiscriminate licensing of men by the County Courts to sell ardent spirits under the several acts of Assembly, has tended to increase intemperance, pauperism and crime; and those who engage in the sale of ardent spirits generally realize a large profit on the same. The matter was referred to the Committee on Ways and Means.

☞ "WHISKY AS IS WHISKY."—A Richmond correspondent of the Charleston *Courier* gives the following lively description of a light and wholesome spirit now manufactured to an immense amount in Virginia:

"It cauterizes the mucous membrane of the windpipe, sets the brain on fire, and sends a cold tremor through the system; the soldier who indulges in a half dozen nips is likely to stay drunk for a week and a second or third application drives the breath out of the body."

Chain lighting and camphene-smashes! there's a triple to brew a "tod" from! Wonder if it does all the things enumerated when diluted with water; if so we suppose that a "nip" of it swallowed in a raw state would conglomerate the vesicles of the ærta, phlogistify the phylacter maximus, hemistitch up the hepatic ducts, insulate the asperifolious gland, deflagrate the dodonian process, and wilt the buttons off the waistcoat, besides doing a good many other things which it might be tedious to specify. Our tangle-foot is no comparison.

☞ ST. PATRICK'S DAY IN TOWANDA.—Monday last—St. Patrick's day—was duly "celebrated," in this place. Everything past off very quietly till towards evening, when quite a serious disturbance occurred in the vicinity of Bridge Street. Quite a crowd had congregated at the different places of resort in that vicinity, during the afternoon, and during the carrowsing two young fellows, L. AGER and B. LOAT got into some difficulty, and finally clenched for a rugular "rough and tumble." At this, the crowd became excited and taking respective sides a general muss ensued. At this juncture, our esteemed citizen, Rev. OLVER, who happened to be passing, interposed, with the intention of pacifying the excited mob, when the notorious B. R. ICK, who is well known to our citizens as a *hard* case, struck the reverened gentleman with such violence as to cause him to fall to the ground. He was borne off by Mr. R. AKE, who, in attempting to rescue him, had several of his teeth knocked out, and was otherwise materially injured.

The instigator of this disgraceful row is said to be Capt. W. H. ISKEY, who is of a quarrelsome nature, and who has been here on an unlimited furlough for some time.—Altough he bears a disreputable character, he is unquestionably an excellent recruiting officer, as he has succeeded in securing many volunteers in this place.

No arrests have yet been made, but it is hoped that the ring-leaders will be brought to justice, and the morality of our quiet town vindicated.

☞ PRIVATE THERATICALS IN WASHINGTON.—A correspondent of a New York daily paper, says that the first of a series of private dramatic performances came off at the British Legation on Wednesday of last week.—A large and brilliant audience was invited, including the diplomatic corps and most of the leading fashionables in the capital. The following was the programme of the evening's entertainments:

"The Serious Family," "Bombastes Furioso," "Box and Cox."

The pieces were, on the whole, very creditably performed. During the representation of "Bombastes Furioso," one or two amusing incidents are said to have occurred. After the delivery of the lines by Bombastes (Dr. LL. D. RUSSELL):—

"Whate'er your Majesty shall deign to name,
Short cut or *long*—to us is all the same,"

a wag on the back benches audibly added—

"So from Bull run the *shortest* cut you came."

Sensation and a general turning round of heads to detect the interpolator. He was *non est*.

After the tremendous apostrophe to Destiffina

"By all the risks my fearless heart hath run—
Risks of all shapes from bludgeon, sword and gun:
By the great bunch of laurels on my brow,"

there again came from the same quarter this unexpected completion of the quatrain—

"A chaplet of *leeks* would better fit it now."

Renewed agitation. Suspicious glances directed towards a rollicking-looking Irishman, a clerk in one of the departments. Big drops of prespiration chased each other down the vissage of the preplexed Bombastes.

When he came to the passage—

"In some place I'll find a gloomy cave;
There my own hands shall dig a spacious grave;
Then, all unseen, I'll lay me down and die,
Since—"
"All my prophecies events belie,"

again added his indefatigable tormentor. This put the climax to Bombastes' troubles. The well bred audience could no longer restrain their merriment. So discomposed by it was the burley warrior that he could scarcely muster strength enough to attach his boots—his gage of battle—to the tree. His tormentor took pity on him and let him gurgle out in peace his last adieus to the world.

THE SUBSCRIBER IS SOLE AGENT in the county of Bradford and the neighboring counties in Pennsylvania and New York, for

EMERY'S

Celebrated Threshing Machines,

EMERY'S ONE AND TWO HORSE POWERS are too well and popularly known to need any description from me, and I will only say that they continue to deserve the reputation they have enjoyed for ten years of being the "best Endless Chain Horse Power in use." These Powers possess conveniences and advantages possessed by no other power.

EMERY'S NEW PATENT

THRESHER AND CLEANER

This a new Machine, and has not before been introduced into this region. It has no endless chain straw carrier, but separates all kinds of grain thoroughly from the straw, by a combination of Pitts' Endless Canvass Celled Apron, a new Improved Revolving Picker, and the well known Vibrating Riddle. It is a simple, durable and efficient Machine, will thresh rapidly and clean thoroughly, without wasting, all kinds of grain. It will not choke, run easily and steadily, without jumping, and is warranted to be superior to the common Rake Cleaner now in use. It remains only to be seen and tested, to be pronounced by every experienced hand at threshing, to be an admirably contrived and constructed Thresher and Cleaner.

EMERY'S IMPROVED THRESHERS & SEPARATERS

are not excelled by any in market, are well constructed, simple and durable. I am prepared to supply all kinds of

AGRICULTURAL MACHINERY

at manufacturers prices and terms.

Good Flour and Good Bread!

WHY IS IT THAT SO MANY FAMILIES HAVE POOR BREAD! Ask the lady of the house, and you will invariably receive in answer:—The flour is poor or the yeast is poor.

To avoid these ir ubles buy your flour always at FOX'S and use Stratton's Yeast Compound, to be had at the same place; it always gives satisfaction.

Instrumental Music will not, as heretofore, be taught in the Institution, but by special arrangement—a class will be taught in a hall adjoining the grounds of the Institute, by the Teacher of Vocal Music.

This arrangement has been adopted for the past term, and experience has proved it to be eminently superior to the plan pursued in former years. Special pains will be taken to secure the greatest progress of those wishing to take lessons in this branch. Terms will be as heretofore:

Tuition on Piano Forte, per term	$10 00
Use of instrument on which to take lessons	50
do for practice	2 00

Pupils boarding in the Hall will furnish their own towels, &c., and the table silver at their option. It is desirable that they also furnish their own bed and bedding when it is convenient, but when otherwise, these will be furnished at a slight charge.

It is strongly recommended that students from abroad should board in the Institution, as better opportunities for advancement in study are thereby secured.

Normal Department—Special exercises are arrangeu without extra charge for those preparing themselves as Teachers of Common Schools. Prof. C. R. COBURN, the able and well known Superintendent of Common Schools in the county, has kindly consented to organize the Teacher's class, and direct the course to be pursued.

He will also be present to conduct its exercises as often as practicable, and will deliver frequent lectures on the Theory and Practice of Teaching, as also on other subjects connected with Normal training.

Those persons, therefore, intending to engage in teaching for the winter, will find it greatly to their advantage to be present during the Fall term.

Prof. Coburn's connection with the institution is not such as to in any way interfere with the discharge of the regular duties of his office.

No pains will be spared, on the part of the Faculty and Trustees in sustaining the high reputatation the institution has hitherto enjoyed, and in rendering it more worthy of future patronage and support

JAMES McWILLIAM, Principal.
