WEDNESDAY MORNING, OCT. 13, 1852.

The Douay Bible.

Dr. Elliott makes the following remarks on this version of the Scriptures, which the Romanists propose to have introduced into the Common Schools of Cincinnati!

"The Council of Trent forbade the circulation of Scripture in the vernacular tongues for the masses. They were forbidden to be published without notes; and even then no Romanist was allowed to read them without a written permission from the Bishop, at the recommendation of the priest. The notes of the Douay Bible and Rhemish Testament were among the most flagitious, immoral, revolutionary and murderous, perhaps, ever put to print. When the Pope excommunicated Henry VIII and Elizabeth, absolved their subjects from the oath of allegiance, and invited afterward Philip II, of Spain, to take possession of the British crown, the Douay Bible was printed, teaching the doctrines contained in the bulls of excommunication. The Spanish armada was set on foot for this purpose; and thus, by the Spanish fleet and the Douay notes, England was to be transferred to the dominion of the Roman Catholic Philip. This design is avowed by the most important Popish journal, edited by Dr. Wiseman, Mr. O'Connell and Mr. Quin, in 1836, in the following words:

"The notes of the New Testament were undoubtedly intended to prepare the public mind for the invasion meditated by Philip II—the armada. They were in unison with the celebrated sentence and declaration of Pope Sixtus, who designated Elizabeth as an illegitimate daughter of Henry VIII—as a usurper and unjust ruler, who ought to be deposed; and as a *heretic and schismatic, whom it was not only lawful but commendable to destroy.*'"

THE APPROPRIATIONS OF CONGRESS.—The appropriations of the last session of Congress amount to forty-seven millions of dollars. The civil and diplomatic appropriations are $8,038,000; foreign mail steamers, $1,740,000; army, $8,798,000; navy, $6,952,000; post office transportation, $7,527,000; Indian appropriations, $2,025,817; deficiencies, $5,500,000. Total, $47,171,000.

A Southern slaveholder offers to emancipate his slaves, to the number of sixty or seventy, on condition that the Massachusetts Colonization Society will furnish funds to transport them to Liberia. These people could be sold for $30,000 or $40,000, and constitute the bulk of their master's possessions. The Society have pledged, or in the treasury, $1200, and appeal to the friends of the colored man for $900 in addition, for the above object.

DEATH OF BISHOP CHASE.—Bishop Chase, the Senior bishop of the Protestant Episcopal Church in the United States, and Rector of a church in Peoria, Illinois, died at that place on the 14th ult., from injuries which he had received a short time before from being thrown from his carriage. His death is said to be deeply lamented. He is represented as having been a most devout Christian.

SHARKS.—The "Nantucket Mirror" says that, during the last two months, there have been taken at Quidnit, Sisaconset, and the south side of the Island, from 800 to 1,000 sharks, varying in length from five to twelve feet. On Thursday of last week, 61 were taken at the south shore by three boats. Considerable quantities of bodies are sold to the farmers of the Island for manure.

LIBERAL DONATIONS.—Anson G. Phelps, Esq., of New York, has given $1500 to the American Board for Missions to Africa, and $1000 to pay off the old debt. His son, Anson G. Phelps, jr., has paid $500 for the missions in Africa, and $250 for the debt—in the whole, $3250. Wealth thus consecrated rises to a moral value.

VERY ENCOURAGING.—It is said that every fourteenth man of the population in Italy, Piedmont excepted, is in prison, and every four hundredth man an exile. The ratio would be higher in France, higher still in Hungary, higher still in Poland, and still higher in Hesse or Baden.

INDIAN MISSIONS.—There are 400,000 Indians in the United States territories west of the Mississippi. Among them are laboring one hundred ordained missionaries, besides assistants, and ten thousand are communicants.

THE LAST DISTILLERY.—The papers say that the last distillery in Newburyport, Mass., is dead. When this is true of every distillery on earth, there will be we think, no mourning save that of rumsellers, but such a jubilee as the world never saw.

IRELAND.—Andrew Quinn, Romish priest, of Sligo, has been held for trial for horse-whipping a young girl who had fled from his presence because of the improper questions he had addressed to her.

Foreign Mails.

IN OBEDIENCE to the act of Congress approved August 31, 1852, which is in the words following, to wit:—

"An act to provide for a tri-monthly mail from New Orleans to Vera Cruz via Tampico, and back, in steam vessels.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Post Master General be and he is hereby authorized and directed to enter into a contract for a term of five years, and for a sum not exceeding one hundred thousand dollars a year, with such person or persons as may offer sufficient and satisfactory security, after due public notice, for the transportation of the mails of the United States, three times a month from New Orleans, via Tampico, to Vera Cruz, and back, in steam vessels of not less than eight hundred tons burden, of the best form of construction adapted to war purposes and to the navigation of the Southern waters, the same to be ready in the shortest possible time"

PROPOSALS

Will be received at the Contract Office of the Post Office Department, in the city of Washington, until 3 o'clock P. M. of Monday, the 15th day of November next, (to be decided by the 18th of the same month) for conveying the mails of the United States, for five years from the first day of January, 1853, in the manner and time herein specified:

From New Orleans, La., by Tampico, Mexico, to Vera Cruz, about 900 miles, and back, three times a month, in steamships. Time allowed from port to port to be three days; the schedule (subject to approval of the Postmaster General) to be proposed by the bidder.

Proposals to omit Tampico by main line and supply tri-monthly, by a side vessel, in due connection, will be considered in the event of its being shown to be impracticable to enter that port with the steamships of the line.

The proposals should set forth the size, rate, and description of the vessel, (which must be of not less than eight hundred tons burden,) with sufficient particularity to enable the decision to be made on the advice of the proper officers of the naval service, whether the same is or is not convertible into a ship of war. And special notice is hereby given, that, agreeably to the provisions of the act of Congress of 3d March, 1845, those proposals (being acceptable in other respects) will be preferred which shall stipulate to deliver the steamship or ships, to be provided for carrying said mails, to the United States, or to their proper officer, on demand made, for the purpose of being converted into a vessel or vessels of war, the United States being bound, on their part, to pay the fair full value thereof at the time of delivery, to be ascertained by four appraisers, appointed two by the President of the United States and two by the owner or owners, with an umpire, in case of disagreement, to be appointed by the President of the United States.

The laws on this subject are the 7th section of the act of March 3, 1845, and the 6th section of the act of June 17, 1848, to which bidders are referred.

S. N. WICKERSHAM'S LIVER AND ANTI BILIOUS PILLS.
For Liver Complaints, Dyspepsia, Fevers, Nervousness, Impurity of the Blood, Sick Headache, Costiveness, Pains in the Head, Breast, Side, Back and Limbs, Bilious Affections, Female Diseases, etc., etc.
THERE is scarcely any disease in which Purgative Medicines are not more or less required, and much sickness and suffering might be prevented were they more generally used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided, by a timely and judicious use of proper cathartic medicines. The proprietor can recommend these Pills with the greatest confidence, believing them superior to the Pills in general use; more mild, more prompt, safe and uniform in their operation. They may be taken at all times, and in most diseases—in inflammatory, Intermittent, Remittent, Bilious and every other form of Fever, Jaundice and Liver complaint. For Dyspepsia, they are really an invaluable article, gradually changing the vitiated secretions of the stomach and liver, and producing healthy action in those important organs. They are very good for diseases of the skin, and for what is commonly called "impurity of the blood," and also for Female Complaints, Obstructions, &c. And in fact in every disease where purgative medicine may be required. For sale by S. N. WICKERSHAM, cor. Wood and Sixth sts. Pittsburgh.

Great Cure of Liver Complaint,
BY the original, only true and genuine Liver Pill.
[illegible] R. E. SELLERS—Dear Sir: I think it a duty I owe to you and the public generally, to state that I have been afflicted with Liver Complaint for a long time, and so bad was it that an abscess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A. Basharn, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended—the best Liver Pill ever used; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours, D. H. COLEMAN.
