PITTSBURGH GAZETTE.

FRIDAY MORNING, JAN. 7, 1853.

Passenger travel has so greatly increased since the opening of the Toledo and Cleveland Railroad, that the Toledo Hotels are doing a first rate business. The number of passengers over the two roads daily will not fall far short of 500.

We see itstated that at Nottingham England, the great centre of the lace manufactures, they are now manufacturing a most beautiful fabric of lace for window curtains, bed curtains, etc., of iron wire. Iron houses, iron ships, and now iron capes for the ladies. Won't they attract the lightning, and shan't we have woman of metal for wives?

A letter from a Mormon says:—"My two wives and Miss —— are well. The little children are all well and grow finely. The two youngest,—a boy and a girl—were born last July eleven days apart."

M. Thiers has gone to London to obtain from Lord Mahon, the executor of the Duke of Wellington, the permission to read the Duke's papers relating to the wars of Spain and Portugal.

The Police Returns from Baltimore for the year 1852, comprise no less than 6802 arrests. Assault and battery 908; burglary 17; bigamy 3; forgery 2; fighting in the streets 19; intoxication 1310; rioting 455; threatening to kill 69, &c, &c. The amount of property stolen was valued in all at $118,000. Amount of property destroyed by fire $267,000—insurance $166,000. Persons burned to death 8.

Orders have been given by the Hudson River Railroad Company, that "no drawbridge on this road shall hereafter be opened, either by day or by night, without torpedoes being first placed upon the rails, five hundred yards distant on each side, in addition to the usual signals."

A witness of the two late ceremonies in France and England says, that the proclamation of the empire was far less magnificent than the Duke's funeral, and a great deal more melancholy.

Valuable Tract of Coal Land For Sale.

THIS Property lies in Pool No. 3, opposite Monongahela City, 30 miles above Pittsburgh: it contains two Veins of Good Coal, one FIVE, the other SIX FEET, in depth; and two Veins of Limestone. The first Vein of Coal lies so near the river as to render a rail road unnecessary, the Coal being conveyed by a short chute from the pit to the boat. The property presents a front on the river of nearly a quarter of a mile, and the water is good at all seasons. The tract contains about 200 acres, and will be sold together, or divided, to suit purchasers. The property will be sold low and on reasonable times, and presents a rare opportunity for a safe investment. Capitalists and Coal men are invited to examine it. Inquire of J. S. PROPOSALS FOR DREDGE BOATS.

WAR DEPARTMENT, BUREAU CORPS TOPOGRAPHICAL ENGINEERS, December 8, 1852.

PROPOSALS will be received until and including the 10th day of next February, for the construction of four Steam Dredge Boats, to be worked by high pressure engines, viz:

One for Lake Champlain, to be delivered, inspected, and received at White Hall Harbor, on Lake Champlain.

One for Lake Ontario, to be delivered, inspected, and received at Oswego, on Lake Ontario.

One for Lake Erie, to be delivered, inspected, and received at Erie, on Lake Erie.

One for Lake Michigan, to be delivered, inspected, and received at Chicago, Illinois.

The hull of each boat to be 110 feet long, 20 feet beam, with guards seven feet wide, sufficient for bucket-ladder and paddle wheels, to draw, when equipped, not exceeding 3 feet of water.

To have two cylindrical boilers, made of the best boiler iron, one quarter of an inch in thickness, twenty two feet long, and forty inches in diameter, each.

The working cylinders of the engine to be twelve inches diameter inside, not less than half an inch thickness of metal, and to have a length of stroke of four feet, with a half stroke cut off.

Each boat to have paddle wheels for locomotion, with suitable accommodation for the officers and hands required to manœuvre and work the boat, say captain, mate, pilot, engineer and twelve hands; also suitably constructed coal bunkers for about fifty tons of coal.

No advance will be made on a contract, nor will a boat be received or paid for until after it has been inspected and tried, and found to meet the terms of contract.

Each boat will be supplied with a good four oared yawl boat, twenty feet long, and with four good oars, and also a suitable yawl boat and oars for assisting in weighing anchor.

The boat will be inspected in reference to arrangements, materials and equipment, and will be subject to the following trial:

1st.—As to locomotive power. It will have to move not less than one hundred miles in calm weather, on the waters of each lake respectively, in consecutive hours, at a rate of not less than six miles the hour.

2d.—As to dredging power. It will have to raise and discharge into scows, of loose sand, one hundred and twenty cubic yards the hour; of a loose mixture of clay and sand, one part sand and two parts clay, not less than one hundred cubic yards the hour of pure clay 80 cubic yards; and of tenacious clay, and of sand and gravel, 60 cubic yards the hour, from a depth of not less than ten nor exceeding twelve feet.

This must be the continued work of the boat during ten hours, and not an average during any shorter time of work.

Each boat will have to be supplied with an anchor of not less than 800 pounds, and two kedge anchors of 200 lbs each, and with an adequate chain cable of not less than 70 fathoms long, of ¾ iron. Also, a 4½ inch hemp cable 100 fathoms long.

The trials will be under a pressure of steam for dredging not exceeding 60 pounds to the square inch; for locomotion not exceeding 150 pounds the square inch.

The trials and inspection to be made by a United States agent.

The boats to be ready at the places stated, by the last day of May next.

Proposals will at the same time be received for four discharging scows for each dredge-boat, each scow to be provided with two good sweeps, and with bottoms so arranged as to discharge the whole load at once. Each boat capable of holding not less than 60 tons of excavated soil.

Proposals to be addressed to the undersigned, and marked on the envelope "Proposals for Dredge-Boat."

J J ABERT, Col. Corps Topographical Engineers.

The Republic, Intelligencer, and Union, Washington; Courier & Enquirer, and Express, New York; Commercial Advertiser, Buffalo, N. Y.; Advertiser, Detroit, Mich.; Commercial Advertiser, Chicago, Ill.; Commercial Times, Oswego, N. Y.; Pittsburgh Gazette, Pittsburgh, Pa.; Albany Register, Albany, N. Y., will give the above twenty daily insertions, then twice a week until February 10th. del4:d20t&2awtFe10

PROPOSALS

For Erecting a Mint, with the necessary Machinery, at San Francisco, California.

TREASURY DEPARTMENT, October 2, 1852.

SEALED Proposals will be received at this Department until the eighth day of February, 1853, for the construction of a branch Mint at San Francisco, California, according to the plans and specifications which will be furnished, on application to the Department, to parties disposed to contract. The said proposals to contain bids for the entire work, and also separately for each distinct branch of work, the right being reserved to the Department to contract either way, as may be found the most advantageous and advisable. The Department also reserves the right of declining to make any contract if the building and machinery cannot be finished and completed for the sum of three hundred thousand dollars, to which sum the expenditure is expressly limited by the Act of Congress.

Payments will be made every sixty days on the amount of the work done and materials actually used on the building, to be ascertained by the estimates of the Superintendent and Architect thereof, reserving from each of such estimates and payments, twenty per cent. on the first one hundred thousand dollars, and ten per cent on each subsequent estimate after the above sum, until the final completion of the building and its approval and acceptance by the Department.

Every proposal must be accompanied by a written guarantee, signed by two responsible persons, to the effect that they undertake that the party or parties making it, if his or their bid be accepted, shall and will enter into a contract and bond, with sufficient sureties to the satisfaction of the President of the United States, for the faithful execution of the work; and no proposal will be considered unless it is accompanied with such guarantee.

Proposals will also be received at the same time and place for furnishing the needful machinery for said branch Mint according to the specifications, which will likewise be furnished by the Department, on the same terms and conditions as specified above in relation to the building. Each of the proposals will be required to be accompanied by a guarantee, the amount of the bond required for the faithful execution of the contract, which will be in the sum of twenty thousand dollars.

Proposals will also be received at the same time and place, agreeably to the act of Congress, for the purchase or rent of any building and machinery suitable for the purpose of a branch Mint, in San Francisco, upon the same terms and conditions as specified above in relation to the building; that is, that the cost of the building and machinery shall not exceed three hundred thousand dollars, as now authorized by law. If a suitable building and machinery are bought or leased under the authority to that effect contained by Congress, no contract will of course be made for the erection of a building and furnishing the machinery.

The bids will be opened and recorded in the presence of such bidders as may think proper to attend; and should the bids which may be made from California not be received at the Department before the expiration of the eighth day of February, 1853, it will reserve the right to delay opening the other bids which may be presented.

A decision will be made as soon as practicable after the Department has been officially advised that a law has been passed by the Legislature of the State of California, exempting said branch Mint from taxation, &c., as required by the 6th section of the act of Congress of the 3d July, 1852, to establish a branch Mint of the United States in California.

Those persons in California who may be disposed to make proposals for said buildings or machinery will deliver the same to the Collector of Customs at San Francisco, previous to the expiration of sixty days after the first publication of the present advertisement in the newspapers issued in San Francisco, that period having been designated in the act of Congress for the information of parties desiring to contract in California. The Collector at San Francisco will be furnished with copies of the plans and specifications for the information of those who may wish to make bids there.

THOMAS B. CALVERT, General Engraver, Embosser and Manufacturer of Dies for Business Cards, Adhesive Advertising Envelopes, Bill Heads and Labels, would most respectfully call the attention of mercantile and professional men to these most important and essential articles.

The Adhesive Envelopes, having name and address, with original designs emblematic of the business, conspicuously and beautifully embossed, will be found not only a novel advertisement, but prevents detention in the Dead Letter Office. These Envelopes have the recommendation and patronage of the Post Office authorities. No business man should be without them—the detention of one important letter, probably, causing much greater loss than the expense of the Dies.

Business Cards, from the same Dies, in every style—which will be found splendid. Bill Heads and Labels, also Note and Letter paper stamped.

Sketches of Buildings, &c., taken from the original, and beautifully executed on Steel or Brass.

PATTON & REYNOLDS, depot 251 Market street, near 8th, PHILADELPHIA. C. A. M'ANULTY & CO., Canal Basin, 408 & 410, Penn street, PITTSBURGH.

Having increased our facilities and otherwise improved our arrangements for transportation, we are now prepared to receive a large amount of Produce and Merchandise, to ship (on the opening of the canal) with promptness and despatch.

The Section Boat system of Transportation over our State Improvements has been in use about ten years, and the great success and favor it has met with, is a sufficient guarantee that it is no longer considered a doubtful or uncertain experiment; but it is acknowledged, by all as vastly superior to any mode of transportation used on canals when intersected by railroads.

Goods loaded into our Boats at Pittsburgh remain undisturbed until unloaded at our warehouse in Market street Philadelphia, thereby entirely avoiding the delay consequent on three different transhipments, and securing the delivery of goods in entire lots, the packages clean and in as good order as when shipped.

Produce, &c. consigned to our House at Pittsburgh, will be received and forwarded always at the lowest current canal rates, strictly according to instructions, without any extra charge for commission, Storage, or advancing Charges, &c. C. A. McANULTY & CO., feb23 Canal Basin.

MEDICAL.

SELLERS' IMPERIAL COUGH SYRUP.—Professor Porter has without solicitation, given a certificate of the excellence of this popular cough medicine. It will be interesting to all who are afflicted with coughs, and who are casting about for a safe and speedy cure.—Pittsburgh Daily Post.

EXCHANGE HOTEL, Dec. 19, 1848.

MESSRS. EDITORS:—Having been for some time past very much afflicted with a severe cold, and almost constant cough, and having tried various remedies, syrup, &c. and all to no effect, I was induced by my esteemed friend W. W. Wallace, of this city, to make a trial of R. E. Sellers' Cough Syrup. I did so, and to my great surprise, I received almost immediate relief. It was with the greatest difficulty that I recovered before my respective classes, but on taking a spoonful of the Syrup just before entering my lecture room, I could speak with perfect ease during the evening. I would particularly recommend it to clergymen, lawyers and other public speakers. I have used two bottles only, and am now perfectly cured. I feel it to be my duty as a philanthropist, to make this public acknowledgement of the efficacy of the article, for I consider it to be the best now before the public. JAMES H. PORTER, Prof. of Mathematics.

B. A. Fahnestock's Vermifuge.

FROM B T HOLLINS, HILLSBORO, Tenn., July 1, 1851.

MESSRS. B. A. FAHNESTOCK & CO.—Gentlemen—I have been selling your Vermifuge for several years in this place, and can freely say that it has given entire satisfaction. It is an indispensable article in many families, with whom no other kind will do. Scores of persons in my vicinity could testify to its efficacy in relieving suffering and restoring health.

The quantity of Worms expelled from some children almost exceeds belief. Every family should have a supply constantly on hand. I am out and want a supply as soon as possible. B T HOLLINS.

PITTSBURGH, September 1st, 1852.

DR. J. S. KERR—Dear Sir: From feelings of gratitude, I feel disposed to say to you that I believe your Cholera or Dysentery Medicine cannot be valued too highly, and ought to be kept on board of every steam boat, and on hand in every family; also suitably consider it an infallible remedy in all such cases. On my last trip to Cincinnati, I was severely taken with Dysentery, and having heard of your very famed remedy, I procured a bottle of it, (it being on board) and used part of it, which gave me immediate relief. On the same boat over some thirty persons were attacked with the same disease, many very dangerously, and in every instance, where your remedy was applied, it gave immediate relief, and performed a perfect cure. I wish the public to know the character of your invaluable medicine, and you may use this letter as you may deem best for that purpose. Yours, &c. JOHN HENDERSON, First Engineer on steamer Navigator. The above medicine for sale at the Drug Store of JAMES McGUFFEY, sep6 118 Wood street, Pittsburgh.

Brown's Essence of Jamaica Ginger

IS elaborately prepared from carefully selected articles of the best quality; it possesses in a concentrated form all the valuable properties of the Jamaica Ginger, and is warranted to be free from all irritating or deleterious ingredients.

It is beneficially used in a variety of circumstances, where a warm, cordial and grateful stimulant is required, arising from excessive fatigue or heat, a severe chill, or from drinking cold water with a little sugar, will be found an elegant and most pleasant restorative, as well as an agreeable addition to the traveller's part of the family collection of remedies. Where there is an unpleasant sense of weight or nausea after eating, from imperfect indigestion, or where nausea is induced from riding in a rail road car, or carriages, or in a vessel at sea, the Essence of Ginger (given according to directions) will almost invariably give relief.

In ordinary diarrhœa, incipient cholera, in short, in all cases of prostration of the digestive functions, whether from indulgence or disease, it is of inestimable value. During the summer months and in Southern climates it is invaluable, particularly during the prevalence of epidemic cholera; no traveller or family should be without it.—Prices just received for sale by L. WILCOX & CO., je7 corner Market st. and Diamond.

IMPORTANT TO THE AFFLICTED.

DR. To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times!

PETROLEUM OR ROCK OIL! It is not more than one year ago since this great remedy was brought before the public … [illegible] …

Within the past two months, two of our own citizens who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the case of a gentleman in Beaver county. There are others; but these are cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure when used according to directions—Diarrhœa, Dysentery Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the above diseases with … most perfect success. SELLERS' COUGH SYRUP.—"Without a Rival!"

PITTSBURGH, (Fifth Ward,) Feb. 25th, 1850.

Mr. R. E. Sellers:—On the 18th ult. I caught a very severe cold. The night following I went to bed earlier than usual, yet, notwithstanding I had slept none the night before, the person sleeping with me was so much annoyed by my coughing, that he got up and went to a drug store, and bought a bottle of your Cough Syrup, one dose of which, to my great astonishment, stopped my cough as if by magic. I went to work in the morning, and am now quite well. Yours, &c. JOHN DEAN.

I hereby certify that I am well acquainted with the above circumstances, and that the statement given is true. A. JOHNSON.
