LOCAL AND GENERAL.

☞ The *Reporter* is printed upon CAMPBELL'S Country and Job Press, Office No. 56 Gold st., New York. Thomas H. Senior, agent.

☞ The Ladies of the Episcopal Church intend holding a Fair for the sale of useful and fancy articles, during the first week in September. As it will be impossible to see personally many of their friends out of town, they would take this method of informing those interested in the church, and of soliciting contributions.

Figures very inadequately express the design and extent of the work contemplated by the County Sunday School Association. What is it? It is not merely to organize as many new schools as possible. Nor is it fairly indicated by the number of books and papers, bibles and testaments, sold or given away. The Association proposes,

I. To plant and make permanent Sabbath Schools wherever there is a population destitute of any public instruction on the Lord's Day. Some of the schools which have been established for the first time the present season, in point of behavior and interest, will compare favorably with any Sunday Schools in the land.

II. To aid in the support and improvement of existing Schools.

III. To circulate moral and religious reading throughout this county and section of the state. To this purpose we keep constantly on hand the best selection of books suitable for Sunday School and family use. Bibles and Testaments from the American Bible Society, with authority to make gratuitous donations of the same. In a word, the grand object is a diffusion of scripture knowledge among the children of men with a view to their eternal salvation. The Missionary cannot express his gratitude and obligations which he feels towards the officers and members of this Association, for their hearty co-operation, always the same and abounding, since his first connection with them.

Most respectfully,
R. CRITTENDEN.

Towanda, July, 1866.

☞ The Waverly *Advocate* of last week speaking of the proposed railroad from Ithaca that place, says that the engineers who have been surveying the railroad route from Ithaca to that place reached there a few days ago. They find a very easy route, indeed. From Spencer down, the grade is but about 14 feet to the mile; beyond Spencer it is more, but still a very feasible grade. The Erie track is reached without difficulty, and from thence to Athens there can be no obstacle to the finest road in the country. It adds, "We trust we shall live to see this important part of a great North and South thoroughfare in successful operation."

☞ The Annual Fair of the Barton Agricultural Society will be held at the Fair Grounds on the Society on Thursday, Friday and Saturday, September 27, 28 and 29. Ample preparations are being made to render it one of the most successful Exhibitions every witnessed in the county.

HARPER'S MONTHLY for August is on our table. As usual it is rich in good things. Among others are the following: More Curious Homes; Three Months with Italian Brigands; Heroic Deeds of Heroic Men; Crochet; National Cemeteries; Miss Ingersoll's Pride; Miss Stuyvesant; Our Minister to Mexico; Burning of Columbia; A Relic of the Old School, and many other articles of great interest, both instructive and entertaining.

THE ATLANTIC.—We have the *Atlantic* monthly for August. It contains, among other contributions, a second paper by Professor Agassiz on the Physical History of the Valley of the Amazon, the conclusion of a painful story called The Great Doctor, some charming passages from Hawthorne's Note-Books, a further portion of Mrs. Stowe's Chimney Corner, several chapters of Mr. Charles Reade's new novel, and London Forty Years Ago, the memoranda of a Traveler, who is no less than John Neal, of Portland, and gives short and spicy "notices of men, places and things, as he found them in 1824; among the persons are Lord Chancellor Eldon, Edmund Kean, Charles Young, the actor, Robert Owen, the socialist, Joanna Baillie the poet, Catalani, the singer, John Dunn Hunter, the humbug, John Randolph, and Munden, the actor. Boston: Published by Ticknor & Field.

OUR YOUNG FOLKS.—The August number of this magazine is fully up to its predecessors, and the young folks about here are always impatient for the day of its arrival. It is the best young folks magazine ever published.

☞ Last week we visited Wyoming county. We met a number of the leading active men. The political horizon is bright. "My politics only finds endorsement from Copperheads and anti-skedaddlers. The men who are attempting to debauch this District to defeat Judge MERCUR will find they have made a mistake.—*Bloomsburg Republican.*

OUR CANDIDATE.—We this week hoist to our mast head the name of Hon. Ulysses Mercur, as our candidate for Congress. We go in for rewarding merit. Let us have tried and true men to represent us. What say our Republican brethren? *Sullivan Free Press.*

☞ The third and Trial Game between the Winona Base Ball Club, of this place, and the Tioga Club of Athens, takes place at Burlington to-day, (Wednesday). We shall endeavor to give the result of the game in our next issue.

☞ In the Scranton *Morning Herald* we find the following complimentary allusions to Mr. GEORGE COREY, late a citizen of this county. We can cordially add our endorsement to all that is said concerning him. The *Herald* says:—

We notice by the last Pittston *Gazette*, that among others who are likely to be candidates for nomination at the Congressional Convention, that of our esteemed townsman Mr. George Corey. We agree with the suggestion of the *Gazette*. There is not a more capable, honest and deserving man in the District, than the subject of this notice, and if his friends should be fortunate enough to secure the nomination and election, the 12th District would be represented by a man every way worthy of the distinguished honor.

Mr. Corey possesses a clear, logical mind, mature judgment, and by close reading, reflection and experience, has stored his mind with a vast fund of useful knowledge. As a debater, he is clear, logical, and what he says is to the point, and his honesty is above question or price. Such a man would adorn the council chambers of the nation and reflect great credit upon his constituency.

SELECT SCHOOL.—W. H. THOMPSON will open a Select School in Herrick, at Camp's School House, on Monday, August 13. Common English Branches, Higher Mathematics and Languages taught. Extra time and care devoted to the Teacher's Normal Department.

DEMOREST'S MONTHLY for August is a concentration of cooling and refreshing draughts from the fountains of literature and art. While others lose interest, this is radiant in summer glory. The musical composition, "Touch not the Wine Cup," is a monitor worthy of perusal, and will repay the effort of its sentiment. The superb steel engraving of Washington Irving will be hailed with delight by the admirers of that American Author.—There is an extra number of good stories, and a continuation of Alice Cary's "Confession of a Coquette," with Poems, Illustrations, and Fashions, too extended to catalogue here. In a brief summing up, it if worth the price of a year's subscription. Those who wish to subscribe can address W. Jennings Demorest, 473 Broadway, New York.

☞ Among the recent changes of Postmasters, is the appointment of Col. ELHANAN SMITH as Postmaster at this place *vice* ALVORD. The Senate, we believe, neglected to confirm the appointment, so that the honor was an empty one.

ACCIDENT ON THE BARCLAY RAILROAD.—One day last week, while engineer TIDD was running a heavy coal train about one mile from the foot of the plane, he discovered some cattle on the track. The cattle in crossing a bridge, stepped through, and were run over, throwing the engine and tender off the track. The engine was precipitated down the embankment into the creek, a distance of perhaps twenty feet, followed by the tender.—The engine was a new one, the damage done to it, must be considerable, as it turned completely over in the descent. No person was injured by the accident.

THE BINKERHOFF CHURN.

This churn brings the butter on an average of less than ten minutes the season through, usually in from four to six minutes, and it is warranted to produce as much, and as good butter, as the dash churn, or the money will be refunded. It will work the butter from the butter-milk completely, (leaving it ready to salt and pack) in less than five minutes. It is as easily cleaned as the dash churn, and much easier to churn with.—Solon Robinson, Agricultural Editor of the New York Tribune, after thorough trial, recommends it to all butter makers. S. Edwards Todd, Agricultural Editor of the New York Times, after careful tests, says it can have no successful rival. L. L. T Moore, Editor of the Rural New Yorker, says he believes it will prove the long sought desideratum among butter makers. The introduction and use of this churn in various portions of the country, during the past three years, has created such a demand for it that the patentee cannot supply all who want them. Having purchased the territory of Bradford and Susquehanna counties, I offer the Town Rights for sale cheap, as farmers can make it very profitable to have these churns made and sold in each town, for all that is required is to put them in market. They will sell themselves. I will refer you to some who have the churns in the county: G. P. Freeman, H. L. Freeman, Alba, Vial Bullock, Columbia, Washington Campbell, J. D. Tracy, Selden Tracy, East Smithfield. Wm. Dittrich, Towanda, and many others in this and Susquehanna county. A churn can be seen at the store of Marshall Brothers & Co., in Towanda. Go and see it. Churns on hand. Rights must be accompanied by the cash. Price $10. For further particulars address

If you wish your daughter to be useful as well as ornamental, teach her to divide her spare time between the Melodeon and the

BROTHER!

Buy one for your sweetheart, and thus, while making her an "elegant present," convey a polite hint as to what you shall expect of her when you move on that

"NEW FARM."

SISTER!

Ask your father to give you a Wheel; tell him you don't want to be a

"LILY OF THE VALLEY."

LITTE BOY!

Show your mother how your pants "rip" and how the buttons come off when you "slide down hill" because she will use
