Bradford Reporter.

REMOVAL.—The building occupied by the REPORTER, has been removed a few rods east of its former location, where our friends will find us, ready to attend to all their wants in the line of Printing.

LOCAL AND GENERAL.

☞ The *Reporter* is printed upon CAMPBELL'S Country and Job Press, Office No. 56 Gold st. New York. Thomas H. Senior, agent.

☞ A donation will be held at the house of Addison McKean in Burlington Boro, on Tuesday afternoon and evening, Oct. 16th, for the benefit of Rev. Geo. P. Hopkins. Acordial invitation is extended to all.

☞ A man was arrested in Elmira, on a charge of stealing a trunk from a depot in this town, and brought back for examination, last Monday.—It was found that he had also stolen a watch from the house of Eleazer Pomeroy. He entered the house and begged Mrs. Pomeroy to give him a pair of stockings, as he was in great want; and while she was absent, he took the watch. Esq. Kendall sent him up to await the next term of court.—*Troy Gazette.*

THE ATLANTIC MONTHLY.—This excellent magazine fully maintains its high reputation. In the October number, the continuation of Charles Reade's "Griffith Gaunt," a powerful romance, will fail to interest the readers; the trial of Mrs. Scott, the heroine, for the murder of her husband, is almost as good as the trial-scenes of Effie Deans in "Heart of Mid-Lothian." The further passages from Nathaniel Hawthorne's Note Books, still bearing in the time he passed in the country, in Italy, are very characteristic of that writer's good taste and great genius. The poetic pieces are above the average, this month; there is an able and elaborate criticism on the Novels of George Eliot; and an interesting paper on the Norman Conquest. Among the reviews is one, at some length, of Phillips's new edition of Wheton's Element of International Law. Ticknor & Fields Publishers, Boston, Mass.

OUR BRADFORD STUDENTS.—Lafayette College, at Easton, opened its Fall session with fifty new students, three being from Elmira, and four have had received prepatatory training at the Susquehanna Collegiate Institute, viz. Charles H. Cansdale of Stevensville; N. P. Moody, of Asylum; and F. H. and James W. Piatt, of Tunkhannock.—This College is in a highly prosperous condition, possessing extensive grounds and buildings, and having a Faculty of seventeen Professors, eminent in their departments of science. Rev. Messrs. Cattell, Thomas, Armstrong, Craft and Salmon, and other gentlemen of this County were educated at Lafayette. Catalogues containing the studies of the Classical cause and of the Scientific School and the terms, can be had of the President, Rev. Dr. Cattell, at Easton.

The Presbytery of Susquehanna, to which most of the Presbyterian churches in the County belong, passed the following resolutions at their late meeting in Moshoppen, Sept. 1st. On motion of the Rev. James McWilliam, it was

Resolved, That this Presbytery record their grateful appreciation of the munificent liberality of Mr. Lafayette Pardee and others, toward LAFAYETTE COLLEGE, unprecedented in the annals of our church—by which this Synodical Institution has been placed on a firm basis, and has been enabled to make so many additions to its facilities for education; and, observing with gratification the thoroughness and Christian character of the course of study pursued in Lafayette, we commend it to the beneficence and patronage of our churches.

YOUNG MEN'S CHRISTIAN ASSOCIATION OF TOWANDA.—We call the attention of our readers to a lecture, before the Y. M. C. A., of S. M. Hewitt, Esq., on Wednesday evening the 17th inst., at the Court House. We can assure them they will find a rich treat in store.

The Binghamton *Gazette* says of him, "Original in thought, witty and full of fire, enthusiastic and gifted with great imitative powers, he commands the attention of an audience which he greatly pleases and instructs.

Occupying the rostrum for twenty-five years, he has acquired an experience which enables him to divine and provide for the needs of an audience, and which he leads his listeners by the amusement of his descriptions, he draws them toward the point at which he aims, their benefit and instruction.

The New York *Herald*, New Haven *Journal & Courier*, Lyons (Pittsfield, Mass.,) *Daily*, Wisconsin, *Hartford Record*, Williamsport, *Advertiser & Union*, Auburn, N. Y., and many other of our exchanges endorse him as one of the most celebrated lecturers of the day.

The Association has fixed the price of the admission at the low rate of 30 cents.

☞ The Bradford County Teacher's Association met at Sylvania, Friday, Sept. 14th. Called to order by Vice President, A. T. Lilley. Opening by reading, prayer and singing. Minutes of last meeting read and approved. Report of Committee on Business and Programme read and accepted. The following resolution taken up:

Resolved, That the deficiency in quality and quantity of Black-board surface in school houses, should be immediately supplied.

Discussed by Messrs. Chubbuck, Leonard, Stimpson, Tracy, Harkness, Calkins, A. Tracy. Miss Allen favored us with some interesting remarks and suggestions in regard to black-boards.

The resolution unanimously adopted. Committee appointed to solicit members, and to collect and answer questions to different individuals to be announced in the evening. Adjourned to meet at seven P. M.

EVENING.—Met according to adjournment. Singing. Reading of selected pieces by C. W Sanders. Music by Prof. F. A. Allen, of Mansfield. Questions then answered. Adjourned to meet at nine in the morning.

MORNING.—Meeting called to order by Vice President. Miscellaneous business occupied some time. Declamation, "Sheridan's Ride" by Edwin Billings. Reading by Miss Jennie Adams. The following resolution then presented:

Resolved, That Normal Schools should be supported by the State, and that no students should be allowed to attend them except preparing for the profession of teachers.

Discussed by Messrs. Monroe. Tracy, Crawford, Stimpson, Leonard and Ames. Resolution lost. The question being reconsidered the following resolution was submitted as a substitute and unanimously adopted.

Resolved, That Normal Schools ought to receive aid from the State as shall meet, in a measure, the demands of the people.

The following resolution then adopted without discussion:

Resolved, That we look regret to the inefficient means at our disposal for teaching the elements of Geography, and to the neglect into which that all important subject has fallen among our teachers. To remedy these evils we pledge ourselves to renewed exertions in promoting the interests of this fundamental branch of education; and we submit to our Directors the propriety of furnishing elementary charts to facilitate that end.

Interesting remarks on general subjects of interest to teachers by Prof. C. W. Sanders, followed by a humorous example in reading. The following resolution submitted and adopted:

Resolved, That Sander's Union Series (Speller and Readers) is, in our opinion better adapted for use of Common Schools than any other with which we are acquainted; that we do heartily commend them to the attention of directors and teachers where a change is contemplated, and that we earnestly desire their adoption in our schools.

Some remarks then made on the subject of school books by A. B. Putnam, general agent for school books, Williamsport. A vote of thanks then tendered for the use of the Church and hospitality of the people. Adjourned to meet at Smithfield the 2nd Friday in Nov. The following are the appointments:

Lecturer—Prof. Charles H. Verrill

Essayists—Miss Jane Doane and Miss Ollie Farnsworth.

Declaimers—Newell Leonard and Wm. H. Moore,

Business Committee—Dr. J. D. Underwood, W. A. Wood, C. E. Wood Miss Caroline Allen and Marie Scott. O. F. YOUNG, President.

A. PASSMORE, Secretary.

A. M. SESSION.—At 11 o'clock a prayer and conference meeting was held and continued one hour. Organization deferred until afternoon.

P. M. SESSION.—Devotional exercises occupied the first half hour. Permanent organization at 2½ o'clock.

Rosseel, Dunlap, Armstrong, Crittenden and Pres. B. S. Russell. The Revival and its Lessons was the next topic taken up and discussed until adjournment.

EVENING SESSION.—After the usual opening religious exercises. The history and operations of the Association since its organization were reported by B. S. Russell, Chairman of the committee to which the subject had been referred. Report of the Treasurer, N. N. Betts, Jr., was presented; also that of Corresponding Secretary, J. E. Dayton, giving a summary of Sunday Schools in the County for 1866. The report of the County Missionary was next presented showing the results of his work since May 1864.

These reports were followed by several addresses bearing upon the general work of the Association. A resolution was passed recommending the establishment of a Depository of Sunday School books and literature in Towanda. Doxology and benediction concluded the exercises of the evening.

WEDNESDAY—A. M. SESSION.—One hour was devoted to special prayer for the conversion of the youth in our Sunday Schools. Recess of ten minutes, after which remarks were made by Township Secretaries in regard to the work in their respective townships.

At 11 o'clock a box was opened containing questions which were briefly answered. The following officers were elected for the ensuing year: President—B. S. Russell; Vice President—Rev. A. F. Harding; Recording Secretary—O. A. Black; Corresponding Secretary—J. E. Dayton; Treasurer—C. D. Humphrey; Executive Committee—Rev. Wm. Harris, Rev. F. D. Hoskins and George H. Wood.

WEDNESDAY—P. M. SESSION.—At 1½ o'clock Children's meeting was opened with a hymn of greeting, by Monroeton infant choir, responsive reading of the Scriptures and prayer. Scriptare recitations and examination; Ten Commandments by South Branch Sunday School; the Lord's Prayer, by Woodside Sunday School; twenty-third Psalm, by Greenwod Sunday School, and responses by Monroeton Sunday School. Brief addresses by County Missionary, Rev. Mr. Crane and President Russell. Prayer and benediction concluded one of the most successful conventions of the Association.

It is but proper to remark that the members of the Association were received with true Christian hospitality by the people of Monroeton. Harmony and mutual good feeling characterized the convention and the meeting separated with kind greetings and pleasant acknowledgments of gratification and profit.

Adjourned to meet at Stevensville, Nov. 20th and 21st. R. CRITTENDEN, Sec. *pro tem.*

Towanda, Sept. 28th, 1866.

BROKE JAIL.—JOSEPH COVEY and PHILIP CARLAND escaped from the jail of this County, on Thursday night last, by boring a hole through the wall of their cell, effecting an entrance into a cell which was being repaired, the door of which was unlocked.

The Sheriff offers a reward of $75 for the apprehension of the fugitives.

COVEY is aged about 27 years, 5 feet 10 inches high, slim built, light complexion, light blue eyes, light thin whiskers on chin—a large seal ring on left hand, with red setting. Had on, when he left, a red flannel shirt—with green buttons on the breast in shape of hearts—check pants, black frock coat.

CARLAND is about 25 years of age, about 5 feet 8 inches high, thick set, dark complexion, dark hair and eyes, had on grey flannel shirt, check pants, light sack coat, and slouched hat. When last heard from they were going toward Dushore, Sullivan County.

A reward of $50 will be paid for the arrest of COVEY, and $25 for the arrest of Carland, or $75 for the arrest of both, or for such information as will lead to their apprehension.

SPECIAL NOTICES.

SHELDON'S COMPOSITION FOR FRUIT TREES.—A correspondent at Troy, Pa., asks us relative to P. B. Sheldon's composition for the destruction of borers and other insects on fruit trees. On inquiry we learn from reliable parties in Steuben county, that the composition has been tested in that section and is approved. Though at first inclined to look upon it as a nostrum, the testimony before us—mainly elicted by our inquiries—is such that (with the addition of a knowledge of the ingredients of the composition) we are inclined to regard the preparation of Mr. Sheldon as valuable. The composition, which has been patented, is advertised in this paper.—*Moore's Rural New-Yorker.*

I, N. N. Betts, Jr., Cashier of the First Nattonal Bank of Towanda, do solemnly swear, that the above statement is true to the best of my knowledge and belief. N. N. BETTS, Jr., Cashier.

Sworn and subscribed before me, this 2d day of October, 1866. J. W. MIX, Notary Public.

A CARD.—Several statements of one J. K. FLEMING, which appeared in last week's paper and which refer to me, being absolutely false and calculated to deceive, seem to require a brief notice.

I am *not* agent for Ivison, Phinney & Co., or for any other house.

I attended the Institute at Springfield and the Association at Sylvania for my own improvement and *not* in the employ of Messrs. ALVORD & BARBER, nor do I think they then knew of my going.

I do *not* know that Prof. SANDERS or I, P. & Co. said, did, or wrote anything to procure or encourage the adoption of *any* resolution at those meetings. But I *do* know that certain directors at Springfield suggested the propriety of the assembled teachers adopting some such resolution to show what books they approved. I am not aware that the resolutions adopted at those meetings were lobbied through by wire pulling, nor do I think the teachers of this County so tame and imbecile as to suffer *me* or *any one* to wheedle them into adopting a resolution which they do not favor. As to whether the Nays were called at Sylvania I refer Mr. F. to the Chairman of that meeting. Although I attended one evening at LeRoy, I do not yet know what resolutions, or whether any were adopted by that Institute.

Finally, although I do favor the "Union Series," have used my influence for their adoption for the sake of uniformity of books, yet I had nothing to do in the publication of the puffs which Mr. F. graciously ascribes to me, and if the false statements contained in his article are a fair sample of his *own colors*, which he boasts of sailing under, then I would rather be the *cat's paw* (which office he generously concedes to me,) than be his standard bearer. J. H. KINGSBURY.

NEW BOOKS!

SANDER'S UNION READERS

AND

ROBINSON'S MATHEMATICS,

Have been adopted by the School Directors of Towanda Borough as Text Books. Other townships desiring to change their Text Books, can be supplied with these books on lower terms than any other Publishing House can offer.

Read the following testamonials from the County Superintendent, and Mr. Kingsbury, Principal of the Towanda Graded School:

MAY, 1866.

I have examined Sander's Union Readers with much satisfaction. The selections are suitable, well graded interesting and of high moral tone. These Readers are not excelled by any with which I am acquainted. I can cheerfully recommend them for use in the schools of this county. O. J. CHUBBUCK, County Superintendent.

MAY, 1866.

After a careful examination of Sander's Union Speller and Readers, I am fully persuaded they are much superior to any others with which I am acquainted, both in their attractive appearance, and in their admirable selection and arrangement of matter.
