Bradford Reporter.

LOCAL AND GENERAL.

☞ The members of the Union Republican Standing Committee of Bradford County are requested to meet at the Court House, in Towanda, on Monday the 5th day of August, at 5 o'clock, P. M.

G. D. MONTANYE, Chairman.

The following named gentlemen compose the Committee.

MASON LONG,	P. H. BUCK,
C. E. GLADDING,	GEO. ACROYD,
A. O. BUCK,	CHAS. HOLLAND,
J. F. OVERSHIRE,	A. G. MATTHEWS,
G. D. MONTANYE.	

☞ Miss EMILY FRITCHER, formerly a teacher in the Institute at this place, is now laboring as a Missionary in Turkey.

☞ There is a larger number of strangers sojourning in this place at present, than we remember ever to have seen before.

☞ Messrs. GEO. H. WOOD, and J. S. ALLYN, have purchased the Towanda Bakery, and will hereafter conduct the business.

☞ The Farewell Address to the Troy Dist." will be delivered this (Wednesday) evening, in the M. E. Church, by the Presiding Elder, Rev. T. B. Hudson.

☞ Rev. V. BROWNELL, of Farmington, Pa., (father of Rev. J. T. BROWNELL, of this place,) occupied the pulpit of the M. E. Church, on Sunday last.

W. A. CHAMBERLIN is agent for the sale of Howe's celebrated Sewing Machines, and will furnish them at the lowest prices. They may be examined at his store.

☞ Col. L. B. PIERCE, formerly of LeRaysville, this County, was in town last week. The Colonel now resides in the city of Baltimore, and is one of the General Agents of the Phenix Life Insurance Co.

☞ Rev. B. J. DOUGLASS has arrived in this country, and taken charge of a large church in Philadelphia, during the summer vacation of the regular Pastor.—He will visit his friends in this place early in the Autumn.

☞ The Steam Saw Mill owned by the Barclay Coal Co., situated on their lands in Franklin township, was destroyed by fire on Saturday night last. Origion of the fire unknown. Loss about $6,000, Insured for $2,000.

☞ A large Sunday School meeting was held at "Spring Lake" (Pool Town) on Sunday Morning last. Nearly five hundred people, young and old, were in attendance. The meeting was addressed by Rev. R. CRITTENDEN and Rev. WM. S. STEEN. The greatest interest was manifested throughout the entire sermon, by all present.

"I AM POOR."—So said a girl, day before yesterday, upon applying to Dr. Uncle Graff for an operation upon a cross Eye. The Doctor, as is his custom in such cases, gratuitously removed the squint in a twinkling, and with many thanks, she left the Institute with a pair of Eyes as straight as anybody's.—*Elmira Daily Advertiser.*

GODEY'S LADY BOOK FOR AUGUST.—This number of the Lady's Book is a very beautiful one. The steel engraving, "The First Break in the Family," cannot be excelled, while the fashion plate for August for variety of forms, and beauty of tints, and colors cannot be surpassed. The lady that can manage to get along without a sight of Godey's Lady Book, must be different from anything we have seen.

INSTANTLY KILLED.—Reuben Williams, a farmer, living near Gibson's Corners, in this town, was drawing hay on Friday last, the 19th inst., and the team taking fright, started suddenly, throwing him off between the horses and wagon, the latter running over his neck, killing him instantly. The deceased leaves a wife and daughter, Mrs. Judson A. Goodrich, to mourn his sudden death. He was a member of Westbrook Lodge, F. & A. M.—*Oswego Times.*

☞ Agents wanted in every township in Bradford county, to sell Gen. G. C. Baker's History of the Secret Service. Apply to C. F. Cross & Co., who are the sole agents for the county. Those desiring an agency for this highly interesting work, we would advise to apply immediately, as the territory is being rapidly taken up. We allow agents a liberal commission. They can make on an average from ten to twenty dollars per day.

OUR YOUNG FOLKS.—The contents for August are: "Cast Away in the Cold; Bird-Catching; About me; The little Maid (poetry); Jessy and Emily at sixteen; Good Old Times (poetry); A Mid-summer Night (poetry); Round-the-World Joe VI.; The Wish (poetry); Birdie's Garden; The Sport of Archery; Summer Morning; (Words, set to Music), and the ever-entertaining "Round the Evening Lamp." Boston; Published by Ticknor & Fields.

THE ATLANTIC MONTHLY.—The August number of the *Atlantic* contains a continuation of the "Guardian Angel" and "Poor Richard;" the commencement of a new series of "Hospital Memoirs;" Dirge for a Sailor (poetry); Up the Edisto; The Growth, Limitations and Toleration of Shakespeare's Genius; Longfellow's Translation of Dante's Divina Commedia; The Old Story (poetry); A Week's Riding; The Little Land of Appenzell; The Lost Genius (poetry); Cincinnati; A Lilliput Province; followed by Reviews and Literary Notices.

BURGLARY.—On Saturday night last, the 20th, there was quite a daring act of burglary, or rather two acts of burglary committed in this village. The residence of Thomas L. Case, liquor dealer, of this village, was entered by a back window, from a wood shed, several doors opened, till entrance was gained, into Mr. Case's bed-chamber. His watch, his pocket-book, containing about $30, the keys of his store, the keys of his safe, and in a word, everything but an old knife, was taken away.—On the same night and down stairs in the store on the south side of Front, above the bridge, was entered, the safe opened and all the money it contained taken. Mr. Cases' loss, we learn, amounts to some $455, besides the watch, a good American watch, worth about $30. The store was afterwards carefully closed, and there were no indications about the house that it had been entered except that Mr. Case's pants were carried out to another room, and quite a number of matches half burned, scattered round the floor. These matches they had evidently lighted to get a glimpse of the premises.—*Oswego Times.*

SERIOUS ACCIDENT TO THE EDITOR OF THE TIMES.—We learn with sincere regret of a very serious accident to WILLIAM SMITH, Esq., Editor of the Owego *Times*. On Tuesday evening last he was driving a somewhat fractious horse, which became frightened and ran, throwing him out against a shade tree, on John Street, and breaking his thigh a little below the middle. He was carried home on a litter, where, being transferred to one of Dr. Daniel's fracture beds, the broken bone was set by Drs. Daniels and Allen, after which he rested comfortably during the night, and is still feeling and doing as well as could be expected under the circumstances. That he may speedily and fully recover is the earnest wish of his neighbors among whom a sentiment of deep regret is universally felt for his misfortune.—*Owego Gazette.*

☞ OLIVER OPTIC'S MAGAZINE, "*Our Boys and Girls,*" for July 6th, which is the first number of the new volume, appears enlarged and improved. It contains a beautiful portrait of Oliver Optic, and the first two chapters of a new story by him—entitled "Breaking Away, or the Fortunes of a Student;" a story by Olive Logan; "Life in India," by a lady who was born and resided many years there; "Sea Things," by George S. Burleigh, the poet; "The Mysterious House;" a marked Declamation, and the usual variety of Rebusses, Enigmas, Charades, &c. This number comes with a beautiful cover, printed in color, and is elegantly illustrated. Published by Lee & Shepard, Boston, $2.50 a year, $1.25 for six months, single copies 6 cents. The publishers offer to send a copy free to any boy or girl who will write to them for it.

DEMOREST'S MONTHLY.—No other fashion and literary magazine in existence has made such rapid strides in popular favor as this. The current number now before us speaks for itself, as to the causes which have brought about such flattering results. It is full of fresh, attractive and useful matter, specially interesting to ladies and households. The fashion department is complete—three times as full as any other magazine—and contains abundance of sensible, practical information, invaluable to those living at a distance from the Metropolis. The illustrations are beautiful and numerous—the tone of the literary articles high—and, in fact, the entire contents are greatly above the average, from first to last. We do not wonder that ladies, generally, declare they "could not do without it." Three dollars per annum, with a premium. Address W. Jenning Demorest, 473 Broadway, New York.

TIOGA COUNTY.—A boy in the employ of Mr. John Sykes, of Clymer township, died very suddenly last Wednesday evening. In company with a companion he was walking on the road about fifty rods from his employer's house, when he sat down, complaining of feeling very sick.—His companion ran back and told Mr. Sykes, who went to the lad and carried him to the house in a dying condition. He survived but a few minutes. Probably heart disease.

FATAL CASUALTY.—We regret to learn that Mr. Chauncey Dimmick, of Clymer township, met his death in a very sudden and unexpected manner last Wednesday afternoon. He had gone out into the fields to gather some summer wood, and not returning when expected, search was made, and the lifeless body found at the foot of a tree, which he had begun to fell. From appearances it seemed that his attention must have been drawn to the noise made by a heavy piece of bark detaching itself from the tree some forty feet from the ground, and looking upward was struck in the forehead by the falling bark and instantly killed. Mr. Dimmick was but lately married, was a valuable citizen, and will be very generally mourned. He was about 23 years of age.—*Agitator.*

☞ The subject of Life Insurance is now attracting a great deal of attention among parties who are about making safe investments, for the benefit of themselves and families. Among the many Life Insurance Companies doing business here the Connecticut Mutual Life Insurance Company, at Hartford Connecticut, stands at the head. It is the oldest, largest, cheapest, and best, and should be preferred, because it has the largest amount of assets, being over thirteen million of dollars. Every dollar of its immense capital belongs to its policy holders. It pays the largest amount of dividends, (sixty per cent.) All of its policies are non-forfeitable. A large number of our best business men have taken policies in the Connecticut Mutual Life. We would advise all those who are about taking Life Insurance Policies to call on H. B. MCKEAN, Agent, Towanda, who will give them all the information in regard to the Connecticut Mutual Life. It being strictly mutual—no stock. It costs less to the insured than all cash companies.

Below are a few of the many extracts from the leading journals as to the standing of the Connecticut Mutual Life:

CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.—This Company was organized in 1846 on the mutual system, with the well-known advantage of furnishing insurance at its actual cost. In the amount of its business, it is the largest life insurance company in the country, and, with the exception of one German company, the largest in the world. * * The duty of insurance being admitted, the next thing is to find a safe and cheap company; and the Connecticut Mutual is both.—*New York Tribune.*

The Connecticut Mutual Life Insurance Company especially has been eminently successful in its business, and is established and admitted as the great and leading life insurance company of the country. It has during the past year done the largest business of any life insurance company in this country and probably in the world. Its receipts have been over $4,000,000. Its assets are now over $10,000,000, and it declares to its policy holders this year a dividend of 60 per cent. It will have issued during this fiscal year ending January 31, 1866, over nine thousand policies—a result never before attained by any life insurance company in the world. This company does business entirely upon the mutual system, and every dollar of its immense funds belongs to the policy holders.—*Hartford Daily Courant.*

THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.—This is one of those well-established and prudently managed Life Insurance Companies which distinguish this nation for enlightened benevolence, practical wisdom; and disinterested philanthropy. It offers superior advantages to the life insuring public. It is based upon fundamental principles of sonndness, and gives abundant security in large accumulated funds, derived from premiums amounting to nearly Ten Million dollars.

The energy, prudence, and ability of the gentlemen at the head of its affairs, justifies us in representing it to be one of the *safest, cheapest* and *best* Life Insurance Companies in this country.—*New York Independent.*

THE CONNECTICUT MUTUAL LIFE INSURANCE CO., OF HARTFORD.—The first question asked, when one is about to insure his life: Is the Company safe? Security, then, is the first idea and most important point in life insurance. Next to security comes the question of economy in its management.—These two questions being settled, it is easy to decide what company to insure in.

That the Connecticut Mutual, with its accumulated fund amounting to nearly TEN MILLIONS, has abundant security, is beyond the civil of man. That its business has been economically managed, has been definitely decided by its large dividends to policy-holders, which has averaged fifty per cent. per annum for twenty years.—*Insurance Monitor, N. Y.*

MRS. AGUSTA BLOOME, being asked by Mrs. Jones "why her Piano staid in tune so much longer than any other," raised the cover and replied thus: "1. Here, you see by the use of the Patent Linear Bridge 50 tons tension of strings is distributed equally to all sides of the iron frame. 2. Here are cross bars that prevent the plate from tipping. 3. the tuning pins are set firm in solid wood. 4. It is finished throughout with an improved Patent Agraffe." "Just so," said Mrs. Jones. "Well my husband always said there is a reason for every thing." This Piano was a Mathushek, and the best judges say that instead of being old at 8 years these Pianos will last a life-time, and trial proves that they can be kept in tune at less than one half the expense of any other Piano now in use. DeWitt & Dittrich, General Agents.

CHAMBERLIN is now keeping the GROVER & BAKER'S

Family Sewing Machines.

These Machines are superior to all others for family use, for the following reasons:

They sew with two threads (lect from the spools, and require no rewinding.

They are more easily understood and used, and less liable to derangement, than other machines.

They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

This stitch, owing to the manner in which the under thread is unwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho' it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work.

You can get Sewing Machine Needles, and all articles pertaining to the machine business.

All goods or packages weighing 40 lbs and upwards, are shipped by actual weight. The way to keep low rates, is to patronize the Company that brought them down. Particular care and attention given to money and valuable Packages, Collections, &c. Collections made and returns forwarded by quickest dispatch.
