PITTSBURGH GAZETTE.

TUESDAY MORNING, APRIL 19, 1853.

WASHINGTON RABIES.—Some Democrat, with a jovial spirit and sharp sense of the ridiculous, writes from Washington to the Newburyport Union. He laughs at the endless crowd of office hunters, gives a graphic description of the army of hungry customers who haunt the Attorney General's office, and narrates the following incidents:

The other day a short fat gentleman, from Essex, South, attempted to stop General Cushing as he was starting for another part of the city on special business. This is the story, all told:

Applicant. "General Cushing!"

Gen. C. "Ah! glad to see you—understand the whole matter—have the greatest respect for you—can't stop now. Good morning."

Applicant. "Just one minute—I want to see you very much."

Gen. C. "Shall be back in half an hour; or you must go with me," running.

The applicant, an old stager, declares he will go with him, and out they shoot from the back door, over the gardens, the fat man panting and trying to talk, and the attorney General striking a bee line for his destination. At last the asthmatic catches a breath and cries out "Can't stand this any longer! must give up!" "Sorry to lose your company," replies the General, "but business is pressing." The fat man holds a post, gasps two or three times, a terrible night succeeds, and he declares that he will not be found on the turf again pitted against such metals.

LARGE SALE OF LEATHER.—A great sale of sole leather, the first in New York for several years, was made on Thursday by Gerard & Betts, auctioneers. It was very numerously attended by out of town buyers, as well as the city trade, and went off with a remarkable degree of spirit. 10,000 sides were offered, embracing 223 lots, and 25,066 were sold, in less than two hours, at prices fully sustaining the market prices, and in many instances showing an advance.

THE NEW YORK HORSE MARKET.—The editor of the Agriculturist having taken some pains to collect information in relation to the horse trade in New York city, says that horses are generally ten per cent. dearer than they were last Spring, and thirty per cent. dearer than they were three years ago. The average sales are about 800 per week, and the average price of late has been $200. The average price of all the horses sold this season is said to be $175.

The Stowell Ever Green Sweet Corn.

FROM Seed raised by Prof. J. J. Mapes. This is beyond all doubt the best and most prolific kind of Sweet Corn ever grown. No farmer should be without it. One of the advantages claimed for this Corn by Prof. Mapes is that it may be kept green and fresh all the year round. Prof. Mapes, in the Working Farmer, Dec. 1851, gives the following directions for preserving the Stowell Evergreen Sweet Corn:

"The ears should be gathered when fully ripe and the husk should be tied at the nose, at the silk end, to prevent drying, when the Corn will keep soft, white and plump for more than a year, if in a dry and cool place. At the dinner of the Managers, after the Fair of the American Institute, last year, we presented them with this Corn of two successive years' growth boiled, and there was no perceptible difference between the two. This year we sent to the Fair one stalk containing eight full and fair ears, and could have sent many hundred stalks of six ears each."

A limited supply of this celebrated Corn just received and for sale by R. E. SELLERS, 57 Wood street.

Price $1 per quart; $2 half peck.

MEDICAL.

DR. MARCHISI'S UTERINE CATHOLICON

IS RESPECTFULLY offered to the citizens of Pittsburgh and vicinity as a preparation of earnest importance to families, and destined to become identified with the health and happiness of

FEMALES.

This Catholicon will cure 85 per cent. of all chronic diseases incidental to the respectable female, married or unmarried, and usually known under the name of

FEMALE COMPLAINTS.

Of these are Prolapsus Uteri, or falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or of how long standing.

Many eminent Physicians in the city of New York and other places, finding themselves without a remedy in investigating the cause of the above complaints, and having due regard for the welfare of their patients, have recommended the use of this medicine; and, with witnesses to its salutary effects are now manifesting their approbation, not only by resorting to it in their treatment of all the diseases for which it is intended, but in some instances accepting the agency of it to facilitate its introduction into more general use by the Faculty.

The influence of this composition upon the female constitution is of the most friendly kind; the most delicate and feeble female need have no fears in its use for any length of time, for it contains no mercury, nor any article which can prove in any way injurious, being made entirely of vegetable extracts, and prepared so as to taste like a pleasant cordial.

The modus Operandi of this remedy, in the cure of this class of diseases, is through the general economy of the system, with a peculiar determination to the female organs.

Additional proofs of this Catholicon being worthy of the confidence of the afflicted, as a successful, safe, and cheap remedy, will be found in the pamphlet, together with important observations touching the nature and symptoms of the diseases, to which the attention of ladies and practitioners is respectfully invited.

The ingredients, as certified by high medical authority, (see pamphlet,) are all vegetable, and are not associated with any article unfriendly to the animal economy.

To the Readers of the Pittsburgh Gazette

PUBLIC ATTENTION is respectfully invited to the following truth, set forth in relation to one of the most important remedies of modern times,

PETROLEUM OR ROCK OIL. It is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. It has great powers to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money, but one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write the truth—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of gulling or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any single article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the case of a gentleman in Beaver county. There are others, but there are cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure when used according to directions—Diarrhoea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the diseases to which the flesh is heir with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to the afflicted or their friends.

Whatever others may say about their medicines, the Petroleum is the greatest Remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the great medicine ever discovered. For sale, wholesale and retail, by KEYSER & McDOWELL, 140 Wood st.

Also—R. E. Sellers, 57 Wood street; D. M. Curry, D. A. Elliott, Joseph Douglas, Allegheny City; also, by the proprietor, S. M. KIER, Canal Basin, Seventh street, Pittsburgh, and B. A. Fahnestock & Co. Wood and Front sts. ja10

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—Dr. Jacob Rose, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of diseases, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled success in curing those dreadful and fatal maladies: Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fever of all kinds, Chronic Erysipelas, and all those chronic diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is heir; not by the use of one compound only, for that is incompatible with Physiological law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills are unrivalled for the facility, to possess properties exclusively adapted to female diseases; but being satisfied that a bare trial is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

TESTIMONY FROM TENNESSEE IN favor of B. A. FAHNESTOCK'S VERMIFUGE—The Nashville Union says: "We call the attention of our readers to the certificate of Mr. John Harrison, in favor of B. A. Fahnestock's Vermifuge. The gentleman is well known in this community, and anything he says can be relied on."

MESSRS. B. A. FAHNESTOCK & Co—Gentlemen: For the benefit of others, I take pleasure in testifying to the valuable qualities of your Vermifuge. About ten years ago my attention was first called to it by a friend, an officer in one of the Banks in Nashville, in whose estimation it was then a standard article, having used it in his own family with very satisfactory results. By his advice I took a vial home for one of my children, who had until then been very feeble and subject to frequent sickness. The Vermifuge expelled a great number of worms, and the child afterwards gradually recovered good health. I have since used it regularly in my family for most of the ailments of children, and should be sorry to be without it.

One remarkable case, in the family of a near relation, I will mention in particular. The child was about four years of age, and was the subject of spasms of the most severe nature, and, at the age mentioned, nearly lost the use of the lower extremities. I recommended the use of your Vermifuge in the case, and left the half of a vial which I was taking home, the directions for its use. I learned afterwards that the child passed an enormous mass of large Worms—the number not remembered—and, in a short time, by the use of the Vermifuge, the disease, and health began to improve. From that time the child was walking and enjoying perfect health. The recovery, from the very jaws of death, the friends attribute to the use of your Vermifuge. JOHN HARRISON.

READ THIS—From the Boston Post—BOGLE'S HYPERION FLUID.—We have repeatedly spoken in favor of this celebrated article for the hair, and from the praise of those who have used it, we believe were fully justified in doing so; we therefore cheerfully give place to the following from the agent in Worcester:

"The sale of the Hyperion increases, and we are confident, will supersede all the other preparations in use. We herewith enclose you a certificate, as one of the many proofs of its entire success:

"This may certify, that nearly eight months since I lost all my hair, and for six months my head was entirely bald; at the end of that time, I purchased a bottle of Bogle's Hyperion Fluid of D. Scott, Jr., & Co., the agents in Worcester. Since then, I have used it regularly, and strictly according to directions, in consequence of which the hair has started all over my head. It is now about an inch long, and growing rapidly. THADDEUS HOBB.
