Bradford Reporter.

LOCAL AND GENERAL.

☞ Rev. F. D. Hoskins completed his first year as Rector of Christ Church, this place on Sunday last. The Reverend gentleman made it the occasion of some very excellent and appropriate remarks.

☞ The School Directors of Troy Borough have advertised for professors to erect a Brick School House in that village to be occupied for a graded School. Our School Board should take steps in the same direction.

Towanda Bakery.—This establishment has passed into the hands of Messrs. Wood & Allyn, who are paying particular attention to the Restaurant. Persons desiring a good meal can procure it at the Bakery on short notice.

☞ Read the advertisement of Wm. B. Kelly, Dentist, in another column. Dr. Kelly comes reccommended to us by one of the best Dentists in eastern New York as a man of integrity, and a first class operator. He has now been here six months and has proven himself worthy of the respect and patronage of the public.

The Canal.—All efforts to fill the canal, below this place, have so far proved unsuccessful. The dam here, has been tightened, and a full head of water is turned into the Canal, but it is absorbed by the banks and wasted before the lower levels are filled. It will not be possible to pass boats until heavy rains have lent their aid.

☞ The drought from which the crops in this County are suffering, does not prevail throughout the country. Our exchanges bring us accounts of copious rains in other sections. Here the crops are suffering terribly. Buckwheat, corn and potatoes, will be a total failure, unless we have rain soon, while the oats are already materially damaged.

☞ The Troy *Gazette* says Western Bradford has sent no less than fifty-two scholars to the Normal School at Mansfield the past year. The Catalogue shows that fifty-two from Bradford attended that school, fifteen of whom were from that part of the county east of the river.

The *Gazette* should be careful to state facts.

The Eye and Ear Institute.—Mrs. Peck, of Bradford, and Mrs. Williams, of Luzerne Counties, Pa., together with two gentlemen from Allegany Co., N. Y., were all successfully operated upon for cataract yesterday by Dr. Up De Graff.

All four of these persons came to Dr. Up De Graff entirely blind, and in less than five minutes were restored to the invaluable blessing of sight.—*Elmira Gazette*

☞ Maj. G. B. Overton, formerly of this place, and for some years connected with the Bingham land office, has established a Real Estate office, at Easton, Maryland. This is on what is known as the "Eastern Shore," celebrated for the fertility of its soil, the variety of its productions, and the delightfulness of its climate. Those of our people who are desirous of securing a favorable location, and a good bargain, will do well to consult him.

☞ The first case under the late Liquor Law came up before Justice Bogart, last week. The unfortunate victim was locked up under the Boro laws, for being intoxicated in the street. After he became sober enough to make himself understood, he was brought before the Magistrate, and examined as to where he procured his liquor. We understand it is the intention of the temperance men to enforce the Liquor Laws against all offenders, and able counsel has been retained.

☞ Wm. R. Barr, general passenger agent of the Erie Railway, gives the following notice to agents along the line;—"When forty or more persons desire to make an excursion on regular trains to any station on this railway and return, you are authorized to issue excursion tickets at the rate of two cents per mile for the total distance both ways, adding the government tax, 2½ per cent." The object of this reduction is to encourage excursion parties, and all who desire to take advantage of this liberal offer, by leaving word with the agent at Waverly, or notifying him through the post office, will be promptly furnished with tickets.

The morning stage from this place connects with the trains East and West on the Erie Railway, and arrangements can be made with the proprietor for excursion parties.

Ministerial Association.—The ministers, belonging to each presiding elder's district in the Methodist Episcopal conferences, constitute severally a District Ministerial Association, which holds a sort of preachers' institute, at some place, each quarter of the year. The Association for the Troy District (East Genessee Conference,) convened at the M. E. Church in Towanda, on Tuesday last, at 2 o'clock, P. M. Rev. T. B. Hudson, presiding elder, being in the Chair. Rev. J. D. Bell, of Ulster, was unanimously chosen to give the opening address, in the absence of one who had been appointed to perform that part.—His subject was "The Law of Final Retribution." On motion, it was voted to omit the exercise of criticism on this address, so that its impression on the audience might not be impaired. The Association then proceeded to action under the regular order, which was the reading of sermons, or sketches of sermons, by members, and the passing of criticisms upon them. Revds. J. T. Brownell, R. L. Stilwell, G. S. Frapser, J. D. Bell, R. Videan, N. Fellows, V. Brownell, Wm. M. Hascall, M. S. Kymer, and C. L. F. Howe, each in turn presented a written discourse or sketch, which, (except in the case of Rev. J. T. Brownell, who was exempted from criticism out of politeness in view of his being before his own charge,) underwent the trying ordeal of stern though well meant probing and inspection. Many of the strictures on rhetoric and mannerism, were acute and telling, and there were occasional sallies in the way of keen dissection, by which faults of statement or logic were laid bare. A sermon was preached on Tuesday evening, to a large congregation, by Rev. Wm. M. Hascall, of Forksville.—This was followed by an interesting half-hour devoted to the relation of personal christian experience. On Wednesday, the more elaborate and critical proceedings were relieved by a love-feast, which occupied the hour from ten to eleven o'clock, A. M. This was a most happy and refreshing season of general commingling in warm religious testimony, and in fervent songs of hope and of praise. On Wednesday afternoon, the Sabbath School cause received the attention of the Association, from 2 to 4 o'clock, P. M., the speakers on this fruitful subject being Revds. V. Brownell, R. L. Stilwell, R. Videan, C. L. F. Howe, and T. B. Hudson. A goodly number of Sabbath School children were in attendance. In the evening the following resolution was offered by Rev. J. D. Bell, and was unanimously passed by a rising vote.

Resolved, That the Ministerial Association affectionately appreciate the cordial manner in which the people of Towanda have entertained us during our proceedings, and that we hereby tender to them our heartfelt thanks for their christian attention and kindness.

Resolutions were also passed, in reference to the presiding elder (Rev. T. B. Hudson) whose term of office is about to expire, expressing the high regard, and the tender affection of the ministry and the laity on the District, toward him. Rev. Mr. Hudson then gave his farewell address to the District, on which he has presided for the past four years. His discourse was replete with chaste thought and earnest suggestion and counsel, relative to the highest and broadest fitness for the work of the christian minister. The Association adjourned to meet at Mainsburg, Pa., next quarter. Com.

CHAMBERLIN is now keeping the
GROVER & BAKER'S
Family Sewing Machines.

These Machines are superior to all others for family use, for the following reasons:

They sew with two threads direct from the spools, and require no rewinding.

They are more easily understood and used, and less liable to derangement, than other machines.

They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

This stitch, owing to the manner in which the under thread is unwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho' it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work.

You can get Sewing Machine Needles, and all articles pertaining to the machine business.
