JOHN P. COX, *Superintendent.*

CANTON.—*Editor Reporter:* I hav'nt been silent so long because of a dearth of news in Canton, but for various other reasons too weighty and numerous to recount. I will only observe that, the head of a family, a Councilman of Canton Borough, and a drum-major of a brass band, *may* have duties of such an onerous description as to effectually prevent correspondence.

The sash and blind factory of which I spoke in a previous communication, is up, and engine in its place. This has been effected during the late severe weather and proves that Messrs. Manley & Leavitt are what I have described them to be—energetic fellows.

The prospects of the new tannery are favorable. An entirely new enterprise is now projected, viz.: a chair factory. The gentlemen at the head of this are, I believe, from near Philadelphia. They will probably get their building and machinery ready by fall. We have about fifteen dwelling houses already in progress, and will have before the season closes, as many more completed.

The sidewalk war has caused extreme agitation on the part of some of our *venerable* citizens. This agitation has been suspended by a sort of sea-sickness of the pocket-book, and it is presumed that these symptoms will be followed by the usual result of such nausea; a heaving forth of some of the contents. Our city father's vow that sidewalks we must and will have, and three fourths of the people devoutly say amen! So we go! It is hard on those poor men who own much land.

I understand that I have been so unfortunate as to not fairly represent several important items, in some of my communications to your paper. I can only candidly state that until otherwise informed I had always believed that Gillett Lake was two miles in length, but now that I find that it is but a mile and five-eighths, I hasten to correct my former statement. This is my most important correction.

I mentioned in the communication spoken of, substantially, that the Hotels of this borough were not kept strictly on the European plan. That the ceilings were decidedly lacking in loftiness, that the floors were not of the finest marble, that the viands were not epicurean nor the wines ambrosial. Of course I made these statements in jest. The Hotels possess all these qualities and many that are not down in the bills. If I said that we ought to have a good hotel here, I take that back too.

The Good Templars lodge flourishes away as hard as ever, the members thereof have just taken possession of a new hall over the post-office. A Masonic Lodge has recently been organized. In short we begin to think that we live in Town.

Canton, April 24, 1868. I. N. O.

MR. GOODRICH—*Sir:* There is one subject which as it is connected with the future growth of our town, demands the earnest attention of our citizens, and to which I desire to call attention through your columns, and that is our Cemetery. Any person who will take the trouble to think for a few moments, must, I think, come to the conclusion that our present grounds are inadequate to our growth beyond a very few years. The old cemetery is now full, and the new extension, with, so far, few burials in it, is too limited for our purpose.

The rapid growth of our town in the past three years, and the promise it gives of a still larger growth, warns us that if we would select a suitable spot in which beauty of location and easy access can be combined, we must very soon attend to it.

Further extension of the present grounds is impossible, nor is it desirable. The location is too near the railroad, and with the increase of traffic, which may be expected upon the opening of all the mining connective roads, we may expect trains to be moving so frequently, that funerals will be often interrupted by the passing locomotive. To prevent this there is no remedy but a change of location in which this serious objection can be avoided.

I hope that some of my fellow citizens will give this subject their immediate attention and propose some plan by which we can be brought together for this purpose.

Towanda, April 27, 1868. LENOX.

☞ The residence of Mr. George Chapman, of Tioga Centre, was burned on Saturday night last. It was insured for $1,500. The fire must have taken from some defect in the chimney. He and the family were sitting comfortably below, while the fire was making good headway in the roof and upper story.

WYOMING CONFERENCE.—At the late meeting of the Wyoming Conference, the following appointments of preachers for the ensuing year were made, viz.:—

WYALUSING DISTRICT.—D. C. OLMSTEAD, Presiding Elder.

Wyalusing—A. J. ARNOLD.
Rome—S. ELWELL, P. R. TOWNER.
Orwell—A. C. SPERRY.
Windham—S. E. WALWORTH.
LeRaysville—A. BRIGHAM.
Montrose—J. D. LEGG.
Brooklyn—K. ELWELL.
Springville—J. S. LEWIS.
Nicholson—C. V. ARNOLD.
Factoryville—To be supplied by J. H. PADDOCK.
Tunkhannock—S. F. BROWN.
Sterlingville—LUTHER PECK.
Skinner's Eddy—E. M. HIGH.
Mehoopany—J. H. WESTON, E. F. ROBERTS.
Auburn—J. F. WILBUR.
Fairdale—ISAAC P. TOWNER.
Bush Mission—WILLIAM SHELP.

GEORGE P. POSTER, transferred to Genesee Conference.

☞ JUDGE BENTLEY's charge to the Grand Jury upon assuming his duties as Judge of the Lycoming Judicial District, is published in the Williamsport papers, and is creditable to his ability and fairness as a Presiding Judge. The Williamsport journals speak in enthusiastic terms of his administration of the duties of his office.

☞ GEN. PATTON will lecture on temperance at Franklindale on Saturday evening next.

DEMOREST'S YOUNG AMERICA.—This publication improves with every number.—It contains double the amount of reading matter which it did at first, and has a succession of the brilliant colored pictures and toy novelties which have done so much to establish its reputation. It is a bright, clear, and instructive little Monthly. We recommend it to all who wish to supply their families with a good juvenile periodical. Subscription price, $1.50, with a premium knife or microscope, etc. Publication office, 473 Broadway, N. Y.

☞ During a late visit to Waverly, we paid a call at the Carriage Manufactory of N. KINNEY & Co., and examined specimens of their work. Amongst other finished vehicles was a very neat and and stylish carriage made for E. H. SMITH, Esq., of this place. The wagons turned out by this firm, are not excelled at any shop in the country, for stylish appearance, beauty of finish, and workmanship generally.—Their manufactory is one of the institutions of Waverly, and they have an excellent reputation all over the country, for promptness and fair dealing.

☞ Bridge street is now more emphatically Bridge street, as the Railroad excavation has cut through the street, and a bridge has been built over the cut.

☞ The iron is being laid to the Barclay basin, and a few days will see the road in running order as far as Elizabeth street. Some weeks will be necessary to make the connection with the Barclay road, so that coal trains can pass from the mines direct to Waverly.

☞ At Waverly arrangements are being made for the reception of a large amount of coal, and shutes are being built, by which engines on the Erie Railway can be coaled direct from the cars of the Towanda Company. Waverly, we suppose, will be the great coal depot of the Susquehanna Division of the Erie Road.

A DUCKING.—On Thursday last while two men, BISHOP and HEVALAND, were engaged in clearing the ferry cable of the stuff that had gathered upon it while it lay across the river, the boat drifted over the cable which was near the surface of the water, capsizing the boat and throwing both the men into the deep, rapid stream. They succeeded in holding on to the cable and also to the boat. The boat was after a short time righted, and they succeeded in reaching the shore, wetter, if not wiser men. —*Owego Times.*

CHENANGO EXTENSION.—We are pleased to learn that the Chenango Canal Extension Bill now before the Senate, having already passed the House, has been reported unanimously by the Canal Committee to the Senate of the 17th inst. This bill contains an appropriation of $300,000. It also contains a section by which the Comptroller is empowered to borrow money in advance of the taxes, or to appropriate any State money not immediately required by the State, for this purpose. It is more than probable that the bill will pass, if it is not already passed, and if so, business on the Canal will set once resumed.—*Owego Times.*

☞ DAN. ELWELL, (father of Judge ELWELL) died at Ettenville, N. Y., on the 19th inst., at the advanced age of 94 year and 2 days, and was buried with Masonic ceremonies. He was made a mason in Lafayette Lodge, West Chester county, N. Y., nearly 72 years ago, and was probably the oldest mason in the United States at the time of his death.

HIGH WINDS—NARROW ESCAPE.—Last Friday, there did blow a violent gale nearly all day. We learn that a man driving team for Mr. BENJAMIN MERRITT, of Farmington, had a narrow escape from death. A tree fell across the track, killing one of the horses and breaking the drivers arm.

We learn that the destruction of fences in Farmington, Chatham and Middlebury was very great.—*Wellsboro' Agitator.*

A NEW DAILY.—We have received the first numbers of the Williamsport *Morning Standard*, by TATE and CHARLES D. EMERY, editors. It is a neatly printed journal, and displays grit in its management.

GONE HOME.—The lady, Mrs. RUFUS FLOWERS, of Wiles, N. Y., upon whom Dr. DE LA DE GRAY performed an operation for the removal of a large ovarian tumor, has fully recovered, and left this city for her home yesterday. Three operations of the kind, within two months, have proved successful in the hands of the Doctor.—*Elmira Gazette.*

☞ EVERY SUNDAY for April contains, besides "Play," which continues as absorbing as ever, "Technical Education a National Want," "Lady Denzil," "Cats," Foreign Notes," "Easter Week" by Rev. Charles Kingsley. Published by Ticknor & Fields, Boston.

☞ THE JOURNAL OF HORTICULTURE for April is just out. Besides the usual variety of articles, it has this month an interesting letter from Mr. Joseph S. Cabot, in which he describes several Flower Shows in England last year. This will be read with interest by floriculturists. The "Notes and Gleanings" and "Editor's Letter Box" are full of practical information, worth more, many times, than a year's subscription.—Terms $3.00 a year. Ticknor & Co., Boston, Publishers.

☞ GEO. M'CANE, son of GEO. M'CANE, of this place, met with a severe accident, on Tuesday last while driving a team near the Cemetery. The lines being fastened to the wagon pole, he got out of the wagon to release them, when the horses became frightened, and ran away, throwing him to the ground. Both bones of the leg were broken and protruded through the flesh.—An operation was performed by Drs. MASON and ELY, and though the wound is very painful, the sufferer will not experience any serious consequence.

FIRE AT OWEGO.—A destructive fire occurred at Owego on Friday morning last. Two brick buildings on Lake street, and two frame buildings adjoining on the north, were destroyed. They were occupied by King & Chitrey, hardware; Young Men's Christian Association; A. N. Spencer, boots and shoes; Stone & Spencer & Co., boots and shoes; E. Harris, boots and shoes; A. L. Smith, hats; Hodges; Ogden & Barton, tobacconists; Ireland, boots and shoes; G. W. Pike, dwelling; L. M. Wicks, dwelling; Vogel, clothing. Total loss, $60,000; insured for $40,000.

CATHOLIC FAIR IN TOWANDA.—Next Tuesday, May 5th, will be opened in the building temporarily occupied by CONDRO & RUSSELL, on Main street, and will continue during the week. This is an object highly deserving the generous patronage of the public, and the proceeds are to be devoted to aid the completion of the new Catholic Church, now being built on the corner of Third and Pine streets. The dimensions of this building are 100 by 50 feet, will be of stone, and is gothic style of architecture. When completed it will not only be an ornament to our town, but will also be what is of infinitely greater worth, an efficacious remedy against vice, and means of sanctifying immortal souls.

Among the articles to be drawn at the Fair, we may mention a splendid photographic engraving of the Sovereign Pontiff Pope Pius IX, a gold watch, silver tea set, and various other useful and fancy articles.

Meals will be provided during the continuance of the Fair.

TRACY & MOORE are just receiving a large stock of Spring and Summer Goods, to which they invite the attention of the public.

Special Notices.

Miscellaneous.

HARRY MIX'S HOT HOUSES,

FOR THE SEASON OF 1868.

Sincerely thanking my customers for their liberal patronage the past year, I have the satisfaction of informing them I have visited several cities and selected the most of attractive new plants. The HOT HOUSE could not be in a more flourishing condition. I extend a cordial invitation to the ladies and gentlemen of Bradford and adjoining counties to call and see, should they visit Towanda, something new and choice; it might be rather inspiriting to those having but little floral taste.

Salvias, scarlet, blue, pink; Fuchsias, new, and all the better varieties; Verbenas, the best variety cultivated; Begonias of sorts beautiful; Geraniums, fine collection including the new double scarlet; Pelargoniums, (some call them Lady Washington), fine variety very attractive; New Petunias, double variegated and purple; Heliotropes; Coleus, four varieties, ornamental; Lantanas, white, pink, orange; Cupheas; Strawberry Geraniums, variegated; Centradenia; Roses; Lobelias; Pansies, from the finest named English and French sorts, splendid plants; Hyacinths, in pots, all varieties ready 1st of April, Kennelworth Variegated Parlor Ivy, and Ivy Geranium; Honey Suckles, fine variety; Hedrodendum; Carnations; assortment Lycopodium; Ferns; Roses; Alba; Wedgelias; Dutzias; Hydrangas, variegated; Epo Ispela; Fuchsias; Centradenia; Gazania Splendens; Tropæolum; Calceolarias; Eupatorium; Passion Plant; Pouvardias; Tuberous Begonias; Scarlet Sage, Tricolor; Double Siloes; Crape; large and small test; Flowering Myrtle; Primroses; Wall Flower; Callas; Justicias; Centurea, and a variety too numerous to mention. Hanging Baskets.

CHAMBERLIN is now keeping the

GROVER & BAKER'S

Family Sewing Machines.

These Machines are superior to all others for family use, for the following reasons:

They sew with two threads direct from the spools, and require no rewinding.

They are more easily understood and used, and less liable to derangement, than other machines.

They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, this is any other stitch.

This stitch, owing to the manner in which the under thread is unwrought, is much the most pliant and beautiful in use, and retains this pliimpness and beauty, even upon articles frequently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho' it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work.

You can get Sewing Machine Needles, and all articles pertaining to the machine business.
