PITTSBURGH GAZETTE.

FRIDAY MORNING, MAY 20, 1853.

SCOTTISH JUSTICE.—A poor man, half a century ago or more, was tempted to violate the game laws, by shooting a deer, the penalty for the offence being a fine of five pounds, or in default of funds, thirty lashes. He gave half the deer to a neighbor, who had the meanness afterwards to complain of him in order that he might get half the fine; the law being that half must go to the informer and half to the king.—The offender was convicted and fined accordingly; but plead that he had no money. "Well, mon," said the magistrate, "we mun ha' the lashes, then." The poor man was submissive. The magistrate then said to the sheriff, "Take that man, the informer, tie him till yon tree, and gie him fifteen lashes, which will be his half; and when King George comes over, we will gie him his half. Half till the informer and half till the King."

PUNCH gives the following oracle for May—"A merry month. Gather May-dew (Query): What are you going to do with it when you get it? You may dance around the May-pole—but on no account dance around the North-pole or the South. Get your friends to do bills—it promotes generosity and liberality, which are virtues. Your hat will be blown off—if it be windy enough, and you don't hold it on. Be obliging; give any body who asks, free permission to run pins into any body else. Innocent amusements ought to be encouraged."

IMPORTANT TO THE AFFLICTED.
DR. ROSE'S CELEBRATED REMEDIES.—Dr. JACOB ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies: Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, in which human life is heir—not by the use of one compound only; for that is incompatible with Physiological laws; but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; so also his Golden Pills are admitted, by the faculty, to possess peculiar properties, adapted to female diseases; but being satisfied that a mere line is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

Prescribed by Physicians.
PHYSICIANS everywhere prescribe B. A. FAHNESTOCK'S VERMIFUGE, for the reason that they can place implicit confidence in it. Read the following statement, from a gentleman whom we have known many years:

SCOTTVILLE, Ind., Sept. 21, 1852.
Messrs. B. A. Fahnestock & Co.—Gentlemen: It gives me pleasure to state, that I have been selling your Vermifuge for some ten or twelve years, and during that time I have also sold other Vermifuges and preparations, and I can conscientiously say that yours has universally given satisfaction to all who have used it, and was generally used and prescribed by practising physicians in the town of Washington, Ky., and its vicinity, where I did business up to May 1852. I have, during the same time, used it in my own family with entire satisfaction, when other preparations have failed of their desired effect.
Yours, truly, THOMAS POE, Jr.
Beware of counterfeits and imitations.
Sold wholesale and retail by all the principal druggists and country merchants throughout the U. States. [my9

PROFESSOR ALEX. C. BARRY'S TRICOPHEROUS, or Medicated Compound, for beautifying, improving and preserving the hair, curing cuts, bruises, burns, stings, rheumatism, and all irritations of the skin. A preparation, the sale of which amounts to one million of bottles annually, would seem to need no advertisement; but as the thousands who purchase, use and approve of it having probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of the facts derived from his books, and with them tenders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 940,000 bottles of his Tricopherous were disposed of, and that the cash product of this immense sale was nearly $190,000.

This plain, unvarnished tale is a better commentary on the value of the article than anything its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy for cuts, bruises, burns, skin disease, &c.—it would not, of course, be so universally in demand. The wealthy portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents,) at wholesale and retail, at the Manufactory and Depot, No. 137 Broadway, New York, and by the principal Merchants and Druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c. and by

TESTIMONY FROM TENNESSEE IN favor of B. A. FAHNESTOCK'S VERMIFUGE.—The Nashville Union says: "We call the attention of our readers to the certificate of Mr. John Herrford, in favor of B. A. Fahnestock's Vermifuge. The gentleman is well known in this community, and anything he says can be relied on."

Messrs. B. A. FAHNESTOCK & Co.—Gentlemen: For the benefit of others, I take pleasure in testifying to the valuable qualities of your Vermifuge. About ten years ago my attention was first called to it by a friend, an officer in one of the Banks in Nashville, in whose estimation it was then a standard article, having used it in his family with very satisfactory results. By his advice I took a vial home for one of my children, who had until then been very feeble and subject to frequent sickness. The Vermifuge expelled a great number of Worms, and the child afterwards gradually recovered good health. I have since used it regularly in my family for most of the ailments of children, and generally with good effect.

One remarkable case, in the family of a near relation, I will mention in particular. The child was about four years of age, had always been puny; often attacked with severe pains; and, at the age mentioned, nearly lost the use of its lower extremities. I recommended the use of your Vermifuge in the case, and left the half of a vial which I was taking home, with directions for its use. I learned afterwards that the child passed an enormous bulk of large Worms—the number not remembered—and, in a short time, by the use of the Vermifuge, the disease, and health began to improve. When I next saw the child, it was doing well and enjoying perfect health! This recovery, from the very jaws of death, the friends attribute to the use of your Vermifuge. JOHN HERRFORD.

SELLERS' FAMILY MEDICINES.—GRAHAM'S STATION, Ohio, May 25, 1849.—Mr. R. E. Sellers—I think it right, for the benefit of others, to state some facts in relation to your excellent Family Medicines. I have used your Vermifuge largely in my own family, one vial frequently sufficing, for expelling large quantities (say 100 to 200) of Worms from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have, in every instance, produced the effect desired. As I am engaged in merchandizing, I am able to state that I have yet to hear of the first failure, where your Medicines have been used, in my section of the country. In conclusion, I may add, they are the Medicines of the day, and are destined to have a very extensive popularity.
Yours, respectfully, C. H. PERRIN.

HOUSES, FARMS, &c.

For Sale.
HOPE COTTON FACTORY, PITTSBURGH, PA.—The subscriber being desirous of giving his whole attention to his Iron Works at New Castle, Pa., wishes to dispose of the HOPE COTTON FACTORY.

This establishment enjoys an unrivalled reputation, and the Hope Yarns always find a market in preference to any others not manufactured at Pittsburgh. The Mill contains a little over 6,000 Spindles. The Machinery is all in perfect order and now in active operation, having all the latest improvements for making Yarns of the best quality at the smallest expense.

The Property is bounded by the Allegheny river and Pennsylvania Canal, and consists of about five acres of ground, with the Cotton Factory Buildings, Machinery, and twenty-five Dwelling Houses. I will dispose of it entire, or I will sell the Machinery, and the Ground and Buildings separately.

I am prepared to sell on the most favorable terms, requiring but little cash, and giving very long time and easy payments on the balance.

To persons who contemplate engaging in the Cotton business in the West or South this offers an opportunity seldom to be met with. The same amount of machinery could not now be supplied by manufacturers in less than twelve months, whilst this could be removed and put in operation at once, with a reputation and line of custom already established worth thousands to a Cotton Mill, and which it takes years to acquire.

I would subscribe a large amount of the purchase money as stock, in a Company that would conduct the business here without requiring my personal attention.

The Property, from its convenience for procuring materials, is admirably situated for the manufacture of Machinery, Locomotive Engines, &c. To a Company formed for this purpose, I would give the most liberal terms, and if desired, would also subscribe a large amount as stock. For further particulars, inquire of myself, or Mr. Morrison Foster, at my office in Pittsburgh.

MEDICAL.

A PHENOMENON IN MEDICINE.
PROFESSOR MORSE'S
INVIGORATING ELIXIR, OR CORDIAL,
THE EIGHTH
WONDER OF THE BOTANIC WORLD!

The Invigorating Elixir and Cordial, introduced into the medical practice by the great chemist, physician and traveller, Dr. M. Morse, has for its basis an Oriental Herb, first brought from the stony deserts of Arabia Petrea, by the eminent philosopher. The natives of that region are remarkable for their longevity, exemption from sickness and power of sustaining fatigue, all of which they attribute in a great degree to the use of the herb or plant referred to, which they universally chew, and sometimes smoke. On his return to Europe, after a long residence in the East, Professor Morse commenced experimenting with this wonderful natural production, and the result of his labors is the Invigorating Elixir, which has been endorsed by the medical colleges of all the great cities of Europe, as the best preparation extant for the

CURE OF NERVOUS DISEASES.

No language can convey an idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system. Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. The stooping, trembling victim of depression, debility becomes a new man. He stands erect, he moves with a firm step, his mind, which was previously sunk in gloom, or an almost idiotic apathy, becomes bright, buoyant, active, and goes forth refreshed, regenerated, and conscious of new vigor, to his accustomed occupation. Nor is the effect temporary. On the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

MEDICINAL WONDER
of the Nineteenth Century. It is, as the first scientific men in the old world have admitted, that miracle of medicine heretofore supposed to have no existence.

A STIMULANT THAT ENTAILS NO RE-ACTION. Its force is never expended, as is the case with opium, alcohol preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them, "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization. In cases of neuralgia, headache, loss of memory, by hypochondriasis, dyspepsia, general prostration, irritability, nervousness, inability to sleep, liver complaint, fluor albus, and all the diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, barrenness, constipation, &c. As from whatever cause arising it is, if there is any reliance to be placed on human testimony, absolutely infallible.

It is the only infallible remedy yet discovered for nervous head and mind complaints. It is the mental physic, long sought for, and never before found, the natural agent that can "administer to a mind diseased." It raises the sinking spirits, re-strings the nerves of the face, and the various trains of nervous affections, it will produce a cure in an astonishing short period of time, and it will also remove depression, excitement, a tendency to blush, restlessness, sleeplessness, dislike of society, incapacity for study or business, loss of memory, confusion, giddiness, blood to the head, melancholy, mental debility, hysteria, indecision, wretchedness, thoughts of self-destruction, fear of insanity, &c. It will increase and restore the appetite, strengthen the emaciated, renew the health of those who have destroyed it, induce continual cheerfulness and equanimity of spirits, and prolong life.

Persons of pale complexion, or consumptive habits are restored by the use of a bottle or two, to bloom and vigor, changing the skin from a pale, yellow, sickly color to a beautiful florid complexion.

Mark the misery that never fails to punish the violation of nature's laws, whether after function gives way under this delusion. Palpitation of the heart, periodical headaches, cold and shivering state of the frame, frequent fits of abstraction, dislike to society, melancholy, trifling, dimness of vision, trembling, a train of symptoms and feelings, one leading into another, often with the slightest exercise, a desire that existence should terminate, the stomach is put out of order, the appetite becomes capricious, a dread of poverty, irritability, and such as flatulency, constipation, &c., producing night sweats, heaviness, and torpor after eating, fetid breath, furred tongue, &c.

THE COMMON EXPRESSION
of those who have used this Extract is: "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits—having tried various medicines sold for the same purpose, (different extracts, &c.) without deriving any benefit. I had almost given up all hopes of deriving any relief, and when I purchased some of your Cordial, I had no faith whatever of its benefiting me; but it has—I feel stronger, although the same in all these weeks. I am satisfied the half dozen bottles I took will cure me."

Another says: "I had consulted several distinguished physicians. Some said I could not be cured—others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says: "I was surprised at the effect your Cordial had. Why did I not hear of it before? It would have saved me much expence, besides years of mental and bodily suffering."

MARRIED PERSONS,
or others, conscious of inability from whatever cause, will find this Cordial, after they use a bottle or two, a thorough regenerator of the system. Where want of offspring is a cause of regret, it is of inestimable value.

The nature of the maladies relieved by the Cordial are usually such as to leave the publication of certificates of cures out of the question, or the proprietor could produce a host of the most conclusive testimony, to show that the great vegetable it employs was not accidentally discovered, but is firmly based upon the positive and approved principles of medicine. In all directions are to be found the happy parents of healthy offspring, who would not have been so, but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Thousands of young men have been restored by using it, and not in a single instance has it failed to benefit them.

OPINIONS OF THE PRESS.
Boston Journal.
A Valuable Remedy.—Dr. Morse's Invigorating Cordial. We have invite public attention to this medicine. We have repeatedly heard it warmly recommended by many distinguished physicians as the best remedy ever discovered for the speedy cure of diseases of the genital organs, and those arising from a secret habit of youth. These diseases are often rapid in their progress, undermining the constitution, soon sinking the sufferer into a fatal premature grave. The disorders are more numerous than the community have any idea of, and productive of the most fearful mortality. Dr. Morse's Invigorating Cordial will at once arrest these complaints, and save the patient from the danger that threatens him.

Salem Register.
We advise the young and inconsiderate, who are troubled with these complaints, as detrimental to the mind as well as body, destroying all prospects of future happiness in life, to try Dr. Morse's Invigorating Cordial. We have been witness to many of its benefits in the persons of several of our acquaintances, who, in consequence of the violations of those laws that govern man's animal and physical being, were trembling on the verge of a hopeless eternity, and who were only rescued by a timely use of Dr. Morse's Cordial. (See advertisement.)

THE MEDICAL JOURNALS.
have not in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints. It has, in many instances and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high professional character.

My office is visited in a store where this Cordial was kept for sale for over three years, and my opportunities of judging of its effects were accordingly great. The rapidly increasing demand, and that without a single advertisement, told for itself. I have seen a case of weakness, which had resisted all treatment for over five years, fully cured in this place and in Philadelphia, and the person's face, which was clouded, radically cured with one dozen bottles. He had spent hundreds without relief, and was cured with twenty-four dollars' worth of Dr. Morse's Cordial. A. M. KENDALL, M. D.

DR. MORSE—Sir: Some time since you requested my opinion of the virtues of your Invigorating cordial—I am now prepared to give it. I have had it in my practice and prescribed it for the last four months, and must give it a decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues and reasonable price as well as in its action. In cases of nervous debility from the effect of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, producing general physical prostration, lassitude, want of ambition, valetudinarianism, incapacity for business, dislike of society, &c., I am much pleased with its effects, and can with confidence recommend it to the patronage of the profession as a valuable auxiliary for removing disease in some of the most troublesome forms, and to all, as a safe and valuable medicine.

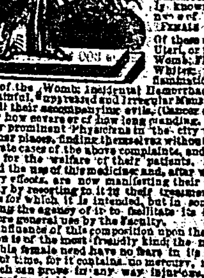
DR. MARCHISI'S
UTERINE CATHOLICON.



IS RESPECTfully offered to the citizens of Pittsburgh and vicinity as a preparation of earnest importance to families, and designed to become identified with the health and happiness of FEMALES.

This Catholicon will cure 93 per cent. of all chronic diseases incident to the respectable female, married or unmarried, and usually known under the name of FEMALE COMPLAINTS.

Of these are Prolapsus Uteri, or falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or of how long standing.

Many prominent Physicians in the city of New York and other places, finding themselves without a remedy in inveterate cases of the above complaints, and having due regard for the welfare of their patients, have recommended the use of this medicine, and, after witnessing its salutary effects, are now manifesting their approbation, most only by prescribing it in their treatment of all the diseases for which it is intended, but in some instances accepting the agency of it to facilitate its introduction into more general use by the Faculty.

The influence of this composition upon the female constitution is of the most friendly kind; the most delicate and feeble female need have no fear in its use for any length of time, for it contains no mercury, nor any article which can prove in any way injurious, being made entirely of vegetable extracts, and prepared so as to taste like a pleasant cordial.

The *modus Operandi* of the remedy is the cure of this class of diseases is through the general economy of the system, with a peculiar determination to the female organs.

Additional proofs of this Catholicon being worthy of the confidence of the afflicted, as a successful, safe, and cheap remedy, will be found in the pamphlet, together with important observations touching the nature and symptoms of the diseases, and the attention of ladies and practitioners is respectfully invited.

The ingredients, as certified by high medical authority, (see pamphlet) are all vegetable, and are not associated with any articles injurious to the animal economy.

The Stowell Ever Green Sweet Corn,
FROM Seed raised by Prof. J. J. Mapes.
This is beyond all doubt the best and most prolific kind of sweet Corn ever grown. No farmer should be without it. One of the advantages claimed for this Corn by Prof. Mapes is, that it may be kept green and fresh all the year round. Prof. Mapes, in the Working Farmer, Dec. 1851, gives the following directions for preserving the Stowell Evergreen Sweet Corn.

"The ears should be gathered when fully ripe, and the husk should be tied at the nose, at the silk end, to prevent drying; when the Corn will keep soft, white and plump for more than a year, if in a dry and cool place. At the dinner of the Managers, after the Fair of the American Institute last year, we presented them with this Corn of two successive years' growth boiled, and there was no perceptible difference between the two. This year we sent to the Fair one stalk, containing eight full and fair ears, and could have sent many hundred stalks of six ears each."

A limited supply of this celebrated Corn just received and for sale by R. E. SELLERS, 57 Wood street.
Price $1 per quart; 50 half peck.
