PITTSBURGH GAZETTE.

MONDAY MORNING, JUNE 6, 1853.

AN ELECTION ANECDOTE.—One sees and hears strange things at the polls of a popular election. A friend of ours, on Monday last, at one of the precincts in the Fourth District, was asked by a son of the Emerald Isle, and of course of the Democratic stripe, how he "was going to vote;" the reply was, "I will vote straight." Taking him for one of the true grit, the interrogator, in that sonorous whisper so peculiar to politicians when in a crowd, observed, "don't vote for LABUE; he sends fifty Democrats every week to Baton Rouge, and in two years he will have the whole party there."—*N. O. Bulletin.*

PETRIFIED MAN.—The Morris (Ill.) Yeoman states, that not long since, while some men were digging in a coal bank, near the canal, they exhumed a body of a man in a perfect state of petrifaction. From the corduroy cloth in which the legs were encased, the cords and seams of which are perfectly defined, it is supposed to be the body of one of the Irish laborers engaged in the construction of the canal. The limbs are nearly perfect, and are completely transformed to stone.

An "important if true" statement is made in the Stamford (England) Mercury. The editor says that "a novel mode of hatching chickens has been put into operation in Lincoln, on the premises of a fellmonger. The eggs are placed in water, which is kept up to the requisite warmth by means of a solar lamp; and many fine chickens thus hatched are running about the premises."

AN INTERESTING FACT FOR SNUFF-TAKERS.—A late English paper states that a snuff and tobacco manufacturer has recently been fined by the Excise Commissioners in the mitigated penalty of £25 (his liability being £300) for mixing chromate of lead with snuff. His object, he said, was "to add brilliancy to the mixture."

A FRENCHMAN thinks the English language is very tough. "Dare is look out," he says, "which is to put out your head and see; and look-out, which is to haul in your head and not for to see—just contrarie."

FANNY FERN delicately styles a certain complaint from which children suffer in cherry time, "*a complaint under the apron.*"

MISCELLANEOUS.

IMPORTANT TO HOUSEKEEPERS.

SOMETHING better and more economical than Soda, Cream Tartar, or any other preparation in existence, for Baking—DURKEE'S CHEMICAL YEAST, or BAKING POWDER, for raising Bread, Biscuit, Fried, Griddle and Jonny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c. &c. This article is one that every Family, Hotel, Boarding House, Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the very thing needed every single day of their existence.

Its most important advantages over the old system, are:

1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast—water only being necessary.

2. No time is required for the dough to rise before baking; consequently bread may be made in a few minutes.

3. A cook can always depend upon having light, sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.

Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 139 Water street, New York. Sold by the best grocers and druggists generally.

Prescribed by Physicians.

PHYSICIANS everywhere prescribe B. A. FAHNESTOCK'S VERMIFUGE, for the reason that they can place implicit confidence in it. Read the following statement, from a gentleman whom we have known many years:

RUSHVILLE, Ind., Sept. 21, 1852.

Messrs. B. A. Fahnestock & Co.—Gentlemen: It gives me pleasure to state that I have been selling your Vermifuge for some ten or twelve years, and during that time I have also sold other Vermifuges and preparations, and I can conscientiously say that yours has universally given satisfaction to all who have used it, and was generally prescribed by practising physicians in the town of Washington, Ky., and its vicinity, where I did business up to May 1852. I have, during the same time, used it in my own family with entire satisfaction, when other preparations have failed of their desired effect.

Yours, truly, THOMAS FOX, JR.

Beware of counterfeits and imitations.

Sold wholesale and retail by all the principal druggists and country merchants throughout the U. States. [my9

PROFESSOR ALEX. C. BARRY'S TRICOPHEROUS, or Medicated Compound, for beautifying, improving and preserving the hair, curing cuts, bruises, burns, stings, rheumatism, and all irritations of the skin. A preparation, the sale of which amounts to one million of bottles annually, would seem to need no advertisement; but as the thousands who purchase, use and approve of it having probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of the facts derived from his books, and with them tenders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 940,000 bottles of his Tricopherous were disposed of, and that the cash product of the immense sale was nearly $100,000.

This plain, unvarnished tale is a better commentary on the value of the article than anything its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy for cuts, bruises, burns, skin diseases, &c.—it would not, of course, be so universally in demand. The wealthy purchase of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents), at wholesale and retail, at the Manufactory and Depot, No. 137 Broadway, New York, and by the principal Merchants and Druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c., and by R. E. SELLERS, Pittsburgh.

TESTIMONY FROM TENNESSEE IN favor of B. A. FAHNESTOCK'S VERMIFUGE.—The Nashville Union says: "We call the attention of our readers to the certificate of Mr. John Herriford, in favor of B. A. Fahnestock's Vermifuge. The gentleman is well known in this community, and anything he says can be relied on."

Messrs. B. A. Fahnestock & Co.—Gentlemen: For the benefit of others, I take pleasure in testifying to the valuable qualities of your Vermifuge. About ten years ago my attention was first called to it by a friend, an officer in one of the Banks in Nashville, in his recommendation it was then a standard article, having used it in his family with very satisfactory results. By his advice I took a vial home for one of my children, who had until then been very feeble and subject to frequent sickness. The Vermifuge expelled a great number of Worms, and the child afterwards gradually recovered good health. I have since used it regularly in my family for most of the ailments of children, and generally with good effect.

One remarkable case, in the family of a near relation, I will mention in particular. The child was about four years of age, had always been puny; often attacked with severe pains; and, at the age mentioned, nearly lost the use of the lower extremities. I recommended the use of your Vermifuge in the case, and let the half of a vial which I was taking home, with directions for its use. I learned afterwards that the child passed an enormous bunk of large Worms—the number not remembered—and, in a short time, by the use of the Vermifuge, the diseased, and rapidly began to improve. When I next saw the child, she was walking and enjoying perfect health! This recovery, from the very jaws of death, the friends attribute to the use of your Vermifuge. JOHN HERRIFORD.

A Tract of Valuable Iron, Coal, and Timber Land for Sale.

THE subscriber, as attorney for the owners, offers for sale A TRACT OF LAND, of fertile soil, containing 1,400 acres, lying on a spur of the Allegheny, six miles south east from Morgantown, in Monongalia county, Virginia, about five or six miles south east from Morgantown. The Land is thickly grown with the largest of the most valuable species of Timber, such as white, red, and black Oak, Poplar, Chestnut, Cherry, &c. and is believed to be very rich in Iron and Coal. It is sufficiently watered by Coburn's Creek, (both forks of which it crosses, and which empties into Decker's Creek, leading to the Monongahela river,) for the purposes of Saw-mills and Furnaces, and from its proximity to the Fairmont Depot of the Baltimore and Ohio Railroad and the contemplated railroad from Fairmont to Brownsville, Pa., as well as navigation by the Monongahela river to Pittsburgh and thence down the Ohio, it is thought to be most advantageously adapted to the manufacture of Lumber and Iron, in great quantities at the lowest cost. On the Tract is a Medicinal Spring, finely located, of chalybeate and sulphur ingredients of vast volume of water and never failing supply, which it is believed can be most profitably improved into a Watering Place of great attraction, both to Eastern and Western patronage. Its locality and remoteness from all other watering places would free it from competition. The attention of capitalists is invited to the varied resources of the Land, which is known as the "Robert Miller Tract." Apply to

Trust Sale

OF A LARGE AND VALUABLE PORK PACKING ESTABLISHMENT, fixtures, and grounds thereto attached, situated in the city of Wheeling.

By virtue of a deed of trust executed to me on the 19th day of March, 1853, by James M. Dunlap, Mathew Warren, Archibald Warren, and Isaiah Warren, and now on record in the Clerk's Office of the County Court of Ohio county, I will sell at public auction to the highest bidder, at the front door of the Court House, on MONDAY, the 6th day of June next, the following property, to wit: Lot numbered 242 in East Wheeling, and a certain piece or parcel of ground adjoining thereto, containing (2) two acres, two rods, and thirty-six poles, situated on the bank of Wheeling creek, in the city of Wheeling; on the above premises is erected a new and extensive PORK PACKING and SLAUGHTERING BUILDING, built and constructed on the most approved model for the business; connected with said building, and to be sold with it, are, one steam Engine, two Boilers, two Iron steaming Tanks, Pans, Screw Press, Kettles, Knives, Steels, three sets of Platform Scales, one pair of Stock Scales, Lard Receivers, and all other Tools, Furniture and Appurtenances thereof. There are also attached to said establishment four immense Smoke-houses, capable of containing one million pounds of meat. The above building, and all said fixtures, are new, and in complete order. There will also be sold, either separately or jointly, as may be hereafter determined, about four acres of ground adjacent to the above premises, and originally bought and designed to be used in connection therewith—said four acres lying between Fulton road and Wheeling creek. Also—twenty-two feet of ground off the North side of Lot numbered fifteen (15) in square 2 on Main street.

TERMS—The Lot on Main street will be sold for one-third in cash, and the balance in six and twelve months. The remaining property will be sold for one-fourth cash, and the balance in six, twelve, and eighteen months, the purchaser giving negotiable paper, with good security for the deferred instalments, and the title retained until the purchase money is paid.

Selling as Trustee, I will convey such title as is vested in me by said deed of trust.

SELLERS' FAMILY MEDICINES—

GRAHAM'S STATION, Ohio, May 25, 1849.

Mr. R. E. Sellers—I think it right, for the benefit of others, to state some facts in relation to your excellent Family Medicines. I have used your Vermifuge largely in my own family, one vial frequently answering, for two children. I have also used your Liver Pills and Cough Syrup in my family, and they, in every instance, produced the effect desired. As I am engaged in merchandising, I am able to state that I have yet to hear of the first failure, where your Medicines have been used, in my section of the country. In conclusion, I may state that they are the Medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully, W. M. FIRRELL.

MISCELLANEOUS.

SAVE YOUR ICE. Burnet's Patent Water Cooler.

WE are now prepared to offer our friends and customers a superior article of WATER COOLERS, of entire new styles and at greatly reduced prices. This article is the result of the application of scientific principles to the purpose intended, viz: to keep water as cool as possible, as long as possible, and with the least possible quantity of ice. The proprietor has long devoted his attention to this particular branch of domestic economy, and passing from one improvement to another, has, at length, arrived so near perfection, as it is possible to reach. A proof of this is found in the very general use of these Coolers in all parts of the country. A simple statement of facts in regard to these Coolers, will satisfy every one of their superiority. First, they are the only article of the kind ever patented. They are furnished with distinct non-conducting chambers, by means of which, with two pounds of ice to the gallon, water is kept at a temperature of 40° above zero, or 8° from freezing (all day). Thus, at a cost of some three cents per day, a family of ordinary size can be constantly supplied with water as cold as ice itself; larger numbers in the same proportion. This has been found by actual experiment to be a saving of at least seventy-five per cent. over the earthen jars formerly used for this purpose.

Again, these Coolers NEVER SWEAT, in this way saving much unnecessary waste and trouble.

Being manufactured in the most workmanlike style, and handsomely finished in every respect, they make a beautiful ornament for dining room, hotel, or steamboat.

An important improvement has lately been added to the Cooler, viz: a small pan (capable of holding from two to eight pounds of butter) inserted directly under the cover. This quantity of butter can be kept perfectly hard all day, without additional ice; a very important addition to the economy and comfort of a family.

If desired, the Cooler can also be furnished at a small expense with a FILTERING APPARATUS, which serves the additional purpose of removing all impurities from the water, rendering it perfectly clear and wholesome.

The Cooler and Filter may be seen in operation at any time at BURNET'S HOUSE FURNISHING ESTABLISHMENT, No. 14 East Fourth street, CINCINNATI.

To the Readers of the Pittsburgh Gazette

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times—PETROLEUM OR ROCK OIL. It is not more than a year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great power to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will the great cures it performs be. It is not the only or even the best, yet it is sold at a much cheaper rate—not one, which we conceive, will continue to be used with all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write the truth—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at anything that promises relief from disease. A story hardly to be credited may be brought to answer the object of making or humbugging some of our fellow-citizens. Now, we do not do this: we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any simple article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens, who were totally blind, have been restored to sight and cured. And also, the case of a gentleman in Beaver county—these are not isolated cases, there are others, but these are cases near home, and may be referred to by any persons who have doubts on the subject. There have been many other cases that had been abandoned by physicians as hopeless. The Petroleum will cure, when used according to directions—Diarrhea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Weak Asthma, Cough, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions, in fact, it is a most universal remedy, and has been tried in most of the above diseases with the most happy and almost perfect success. Certificates of cures by the thousands of the proprietor, show that we take pleasure in showing them to the afflicted or their friends.

Whatever others may say about their medicines, the Petroleum is the greatest remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the greatest of medicines ever discovered! For sale, wholesale and retail, by KEYSER & McDOWELL, 140 Wood st., also—R. E. Sellers, 57 Wood street; D. M. Curry, D. A. Elliott, Joseph Douglas, Allegheny City. Also, by the proprietor, S. M. All the above articles are manufactured in separate places, and with great care. JOS. F. D. KEATING. [ap23

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—Dr. Jacob Rose, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled celebrity in curing those dreadful and fatal maladies: Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is subject—not by the use of one compound only, for that is incompatible with Physiological law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; so also his Golden Pills are unrivalled for diseases peculiar to females. Indeed, we are not bound to say that we believe that a bare trial is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy and its application.

SEASON ARRANGEMENT.

Michigan Central Railroad Line. CLEVELAND AND DETROIT

In connection with the Cleveland and Cincinnati R.R., Cleveland and Erie R.R., Cleveland and Pittsburgh R.R., and Michigan Central R.R.

PASSENGERS will be ticketed through from any point on Lake Michigan to Cleveland, Cincinnati, Pittsburgh, Philadelphia, and Baltimore, and from either of those places to any point on Lake Michigan.

MAY QUEEN,——Capt. R. F. EVANS.
CLEVELAND,——Capt. J. R. HOWE.

A Boat will leave Cleveland for Detroit, and Detroit for Cleveland, every evening at 6½ o'clock, arriving in each city in time to connect with all the morning Trains East, West, or South, and with the Lake Superior and Saginaw Boats. The Line Boats will leave Cleveland in the following order:

MONDAY	MAY QUEEN,	WEDNESDAY	FRIDAY
	CLEVELAND,		
TUESDAY		THURSDAY	SATURDAY
	MAY QUEEN,		
	CLEVELAND,		
MONDAY		WEDNESDAY	FRIDAY

This route, from Cleveland to Chicago, is much the preferable one. The passenger enjoys a good night's rest in a first-class steamboat, and, taking the cars at Detroit in the morning, finds himself in Chicago after a nine hours ride through a pleasant country, and arriving in time for the evening boats and trains West, or South. By any other route he must endure the fatigue of night riding upon the Cars, or the storms of the Upper Lakes.

Persons wishing to secure passage, or make contracts for freight, will apply to L. A. PIERCE, Agent, Cleveland, (Office corner of River and Vine streets, Central Exchange,) or to JOHN A. CAUGHEY, Agent C. & P. RR Co., Monongahela House, Pittsburgh. ap5

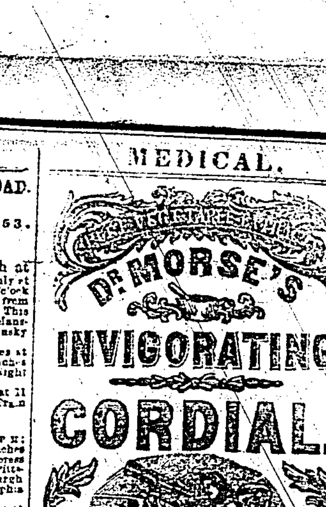
MEDICAL.



A PHENOMENON IN MEDICINE. PROFESSOR MORSE'S INVIGORATING ELIXIR, OR CORDIAL. THE EIGHTH WONDER OF THE BOTANIC WORLD!

The Invigorating Elixir and Cordial, introduced into the medical practice by the great chemist, physician and traveller, Dr. M. MORSE, has for its basis an Oriental Herb, first brought from the stony deserts of Arabia Petrea, by the eminent philosopher. The natives of that region are remarkable for their longevity, exemption from sickness and power of sustaining fatigue, all of which they attribute in a great degree to the use of the herb or plant referred to, which they universally chew, and sometimes smoke. On his return to Europe, after a long residence in the East, Professor Morse commenced experimenting with this wonderful natural production, and has been endorsed by the medical colleges of all the great cities of Europe, as the best preparation extant for the

CURE OF NERVOUS DISEASES.

No language can convey an idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system. Whether broken down by sickness, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once re-braced, re-vivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. The stooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with a firm step; his mind, which was previously sunk in gloom, or an almost idiotic apathy, becomes bright, buoyant, active, and goes forth refreshed, regenerated, and conscious of new vigor, to his accustomed occupations. Nor is the effect temporary. On the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

MEDICINAL WONDER

of the Nineteenth Century. It is, as the first scientific men in the old world have admitted, that miracle of medicine heretofore supposed to have no existence.

A STIMULANT THAT ENTAILS NO RE-ACTION.

Its force is never expended, as is the case with opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them, "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization. In cases of neuralgia, headache, loss of memory, hypochondriasis, dyspepsia, general prostration, irritability, nervousness, inability to sleep, liver complaint, floor albus, and all the diseases incident to females decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, barrenness, constipation, &c., &c., from whatever cause arising, it is, if there is any reliance to be placed on human testimony, absolutely infallible.

It is the only infallible remedy yet discovered for nervous head and mind complaints; it is the mental physic long sought for, and never before found, for the natural agent that can "administer to a mind diseased." In cases of neuralgia, headache, vertigo, pain in the nerves of the face, and the various train of nervous affections, it will produce a cure in an astonishing short period of time; and it will also remove depression, excitement, a tendency to blush, sleeplessness, dislike of society, incapacity for study or business, loss of memory, confusion, giddiness, blood to the head, melancholy, mental debility, hysteria, wretchedness, thoughts of self-destruction, fear of insanity, &c. It will increase and restore the appetite, strengthen the emaciated, renew the health of those who have destroyed it by sensual excesses or evil practices, and will bring back cheerfulness and equanimity of spirits and prolong life.

Persons of pale complexion, or consumptive habits are restored by the use of a bottle or two, to bloom and vigor, changing the skin from a pale, yellow, sickly color to a beautiful florid complexion.

Mark the misery that never fails to punish the violation of nature's laws—function after function gives way under the disease. Palpitation of the heart, periodical headaches, cold and shivered state of the frame, frequent fits of abstraction, dislike to society, melancholy, sinking pains, sparks, heats and flashes of the face on the slightest occasion, a desire that existence should terminate, the stomach is put out of order, the appetite becomes capricious, a train of youthful dyspeptics set in, such as flatulency, constipation, &c., producing night sweats, heaviness, and torpor after eating, fetid breath, furred tongue, &c.

THE COMMON EXPRESSION

Of those who have used this Extract is: "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits—having tried various medicines sold as the same purpose (different Sarsaparillas,) with no satisfactory benefit. I had almost given up all hopes of deriving any relief, and when I purchased one of your Cordial I had no faith whatever of its receiving any benefit; but the first bottle, although it was three weeks I am satisfied the half dozen bottles I took will cure me."

Another says: "I had consulted several distinguished physicians. Some said I could not be cured—others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I can say it completely cured me."

Another says: "I was surprised at the effect your Cordial had. Why did I not hear of it before? It would have saved me much expense, besides years of mental and bodily suffering."

MARRIED PERSONS,

or others, conscious of inability from whatever cause, will find this Cordial, after they use a bottle or two a thorough regenerator of the system. When used to cure impotency, it is a cause of regret, if it be inestimable value. The nature of the maladies relieved by the Cordial are usually such as to leave the publication of certificates of cures out of the question, or the proprietor could produce a host of the most convincing testimony, to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring, who would not have been so, but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Thousands of young men have been restored by using it, and not in a single instance has it failed to benefit them.

OPINIONS OF THE PRESS.

Boston Journal.

A Valuable Remedy.—Dr. Morse's Invigorating Cordial. We invite public attention to this medicine. We have repeatedly heard it warmly recommended by many distinguished physicians as the best for every sort of disease for the speedy cure of diseases of the genital organs, and those arising from a secret habit of youth. These disorders, almost universally prevalent, undermining the constitution, soon sinking the sufferer into a fatal prostration or consumption, unless speedily arrested. The Cordial is a most thorough and positive corrective, that any one can use in the privacy of home. The lamentable misery of the community have any idea of, and productive of the most fearful consequences. Dr. Morse's Invigorating Cordial will at once arrest these complaints, and save the patient from the dangers that threaten him.

Salem Register.

We advise the young, and inconsiderate, who are troubled with these complaints, so destructive to the mind and body, destroying all prospects of future happiness, to try Dr. Morse's Invigorating Cordial. We have been witness of many of its beneficial results in the persons of several of our acquaintances, who, in consequence of the violation of those laws that govern man's social and physical being, were trembling on the verge of a hopeless eternity, and who were only rescued by a timely use of Dr. Morse's Cordial. (See advertisement.)

THE MEDICAL JOURNALS,

have not in a single instance the past been authenticated, given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after every other remedy had failed of success. We have no hesitation, therefore, in pronouncing it worthy of the highest professional character.

My office having been in attendance at the office this Cordial was kept for sale for over three years, and any opportunities of judging of its effects somewhat numerous, the testify increasing demand, and that without a single advertisement, tells for itself. I have seen a case of weakness, which had resisted all treatment for over five years, both candidate for suicide, radically cured with one dozen bottles. He had spent hundreds without relief, and was cured with twenty-four dollars' worth of Dr. Morse's Cordial. A. M. KENDALL, M. D.

Dr. MORSE—Sir: Some time since you requested my opinion of the virtues of your invigorating cordial. I am acquainted, both as to its medicinal virtues and practical effects, in about a year from the time. I have had it in my practice and decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues and value as a stimulant. It can never be a source of preventible deterioration to the constitution, nor has it been found injurious in youth, or the excessive indulgence of the passions, producing general physical prostration, lassitude, want of ambition, shrinking sensations, incapacity for business, dislike of society, &c., I am much pleased with its effects, and can with confidence recommend it to the patronage of the profession as a valuable auxiliary for removing diseases in some of the most troublesome forms, and to all, as a safe and valuable medicine.

BENJAMIN WEEKS, M. D. Brooklyn, N. Y., Nov. 21, 1849.

Prepared by M. MORSE, M. D., and for sale by CHAS. H. RING, General Agent, No. 192 Broadway, New York, to whom all orders must be addressed.

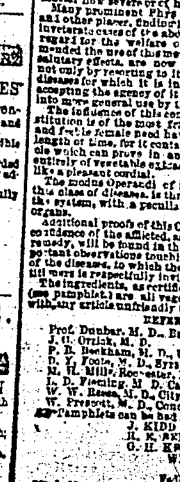
DR. MARCHISI'S UTERINE CATHOLICON



IS RESPECTFULLY offered to the citizens of Pittsburgh and vicinity as a composition of earnest importance to families, designed to be identified with the health and happiness of

FEMALES.

This Catholicon will cure 90 per cent. of all chronic diseases incidental to the female, married or unmarried, and usually known under the name of

FEMALE COMPLAINTS.

Of these are Prolapsus Uteri, or falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb, Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted) no matter how severe or of how long standing.

Many prominent Physicians in the city of New York and other places, finding themselves without a remedy in regard for the welfare of their patients, have recommended the use of this medicine; and, after witnessing its salutary effects, are now manifesting it as a remedy, not only by testimony to its high treatment of all the diseases for which it is intended, but in accepting the agency of it to facilitate its introduction into more general use by the Faculty.

The influence of this composition upon the female constitution is of the most friendly kind; the most delicate and feeble female need have no fear in its use for any length of time, for it contains no mercury, nor any article which can injure the patient in any way. Its properties are entirely of vegetable extracts, and prepared so as to taste like a pleasant cordial.

The modus operandi of this remedy in the cure of this class of diseases, is thoroughly consistent with the system, with a peculiar determination to the female organs.

Additional proofs of this Catholicon being worthy of the confidence of the afflicted, as a successful, safe and cheap remedy, will be found in the pamphlet, together with important observations touching the nature and symptoms of the disease, to which the attention of ladies and practitioners is respectfully invited.

The ingredients, as certified by high medical authority, (see pamphlet,) are all vegetable, and are not associated with any articles unfriendly to the animal economy.

The Stowell Ever Green Sweet Corn.

FROM Seed raised by Prof. J. J. Mapes. This is beyond all doubt the best and most prolific kind of Sweet Corn ever grown. No farmer should be without it. One by the advantages claimed for this Corn by Prof. Mapes is, that it may be kept green and fresh all the year round. Prof. Mapes, in the Working Farmer, Dec. 1851, gives the following directions for preserving the Stowell Evergreen Sweet Corn.

"The ears should be gathered when fully ripe and the husk should be tied at the ends, or the silk end, to prevent drying, when the Corn will keep soft, white and plump for more than a year. It is in a dry and cool place. At the dinner of the Managers, after the Fair of the American Institute, last year, we presented them with Corn of two successive years' growth boiled, and there was no perceptible difference between the two."

This year we sent to the Fair one stalk containing eight stalks of six ears each."

A limited supply of this celebrated Corn just received and for sale by R. E. SELLERS, 57 Wood street.
