TOWANDA, Friday evening, Oct. 2.

WEST BURLINGTON, Saturday afternoon, Oct. 3.

SOUTH CREEK, Monday afternoon, Oct. 5.

☞ The proceedings of the Bradford County Temperance Convention will appear in our next issue.

☞ New Goods! New Goods! For the fall trade, TAYLOR & Co. have the largest stock of Dry Goods ever brought to this market, go and look at them.

ALVORD & BARBER are just receiving a large stock of wrapping paper from one of the best manufactories in this country, which they offer at very low figures.

TO POST-MASTERS.—The Boxes recently used in the Post Office at Towanda, are offered for sale cheap. There are 350 in number. The front of the case is Black-walnut. The case is offered for sale because it is no longer large enough for this office. Apply at the Post Office. Sept. 30.

TEMPERANCE.—Lectures on Temperance were delivered last week, by Gen. PATTON and N. S. FRAZER, at Terrytown and Sugar Run, and Good Templar Lodges were organised at both places, which makes 2[illegible] Lodges in the County.

☞ We are requested to say that the compliment of the *Argus* to the Orwell Brass Band is duly appreciated—and to assure that paper that there is but one Democrat in the band, and on the day spoken of, he was a little too *devoted* to play well.

☞ A Sunday School Institute under the auspices of the B. C. S. S. A., will be held in Stevensville, Tuesday and Wednesday, Oct. 6th and 7th, commencing Tuesday evening. Speakers are engaged. Pastors, S. S. Superintendents and Teachers in particular are most cordially invited to be present at every session of the Institute.

RUMMERFIELD, Penn, Sept. 22.

ED. REPORTER—*Dear Sir:*—I wish to inform the readers of your widely spread paper of our old friend LEMUEL BREWSTER who cast his first vote for Thomas Jefferson and has voted for every President since that time, he was a Jackson Democrat, and remained one until the fall of Buchanan's election, when the old gentleman went with the opposite party, he says that he cannot support such men as Seymour and Blair, and will vote for Grant and Colfax. He is now ninety years of age, was a soldier of the war of 1812, is smart and active, and often walks five and six miles a day to see his neighbors.

Truly Yours,

T. F. E.

POLE RAISING AT GILLETTS.—The Republicans of South Creek are wide-awake this year, and if every vote is not polled there it will be wonderful. On Saturday afternoon last a meeting was held at Gillett's; and a beautiful pole 100 feet in length was raised, and next week will float a fine flag and a Grant and Colfax streamer. In the evening a meeting was organized with J. F. GILLETT, Esq. as chairman who introduced J. H. HARDY Esq., of Elmira, who delivered an able and telling speech with that forcible selection of words peculiar to him. JOHN LAIDLAW, of Elmira, also spoke briefly, but to the point. He was followed by Mr. LEONARD, of South Creek, and the meeting broke up.

MUD—Main Street of Towanda is becoming proverbially the muddiest piece of road in the County. The crossings, in particular, are *deeply* grievous. Why not follow the worthy example of our "sister cities," Williamsport and Elmira, and put down a Nicholson pavement? We shall be glad to see some of substantial citizens *moving in the matter*; we do not mean the matter of mud, for there enough already moving in that; but in the matter of a clean pavement and decent crossings where they are most needed. Something let us have in place of the muddy slush washing over the sidewalks against the very walls of "the more elegant blocks and finer stores are not to be seen in Northern Pennsylvania."

MADAME DEMOREST'S Agent, directly from the establishment in New York, will be at the Ward House next Monday, with a fine stock of Hair and Fancy Goods, to which the attention of the ladies is respectfully invited.

☞ A Grant and Colfax club was organized at Union Corners, Sheshequin, on Saturday evening last. J. B. Smith, President, Wm. Patterson, Secretary, L. L. Post, Tres.

After the transaction of business we listened to a very able speech by Gen. Madill. The Republicans of Union Corners are awake and will be favorably represented at the polls.

ACKNOWLEDGMENT.—The Bradford Coounty S. S. Association has received from the Presbyterian Church and Sunday School of Orwell a contribution of twenty-five dollars, which was accompanied with at least forty names of the "cheerful givers."

Let every other church and school in the county "go and do likewise." From a circular in our hands we gather the following summary of work done by the Association, through its Missionary, Rev. R. CRITTENDEN, since May 1st, 1864:

1. It has made a thorough canvass of the County, and gathered complete Sunday-school statistics for 1864 and 1867.
2. It has planted 55 new schools.
3. It has gathered into these 3050 persons.
4. It has visited and otherwise aided 380 other schools.
5. It has duplicated its annual schools.
6. It has given away in books and tracts, &c., $571 38.
7. It has distributed, by sale and donation, 651 copies of the Scriptures.
8. It has a roll of 52 schools that have committed to memory the Ten Commandments.
9. In accomplishing this work, over 2361 families have been visited, and 9800 miles travelled.

Dont forget the Society that takes care of the children. Contributors will be faithfully credited by Tres. C. D. HUMPHREY, Towanda. The names of all contributing schools, for the year, will be published, November next.

NEW BOOKS.—WHAT ANSWER? *A Story of To-Day,*—By ANNA E. DICKINSON.—Miss Dickinson's reputation as one of the most popular lecturers in the country will draw public attention to her novel which Ticknor and Fields have just published.—Those who have listened to her eloquent lectures will turn to her book with eager interest.

"What Answer" has a skillfully-constructed plot, and deals with some of the most important events of the late war. The story is one that will deeply interest those who read simply for entertainment; the characters, incidents, and situations will attract and charm novel-readers; and no thoughtful person can be uninterested in the bold and earnest treatment which some important political and social questions receive in this volume. Price $1 50. Ticknor & Fields, Boston.

THE HALF-DOLLAR TENNYSON.—The nine different editions of the Laureate's poetry which Ticknor and Fields have hitherto published seem insufficient to meet all the requirements of the reading public. Their *Diamond Edition,* published two years ago, was a miracle of cheap, elegant, and compact book-making. It is quite outdone, however, in cheapness and compactness, by the *Half-Dollar Edition* of Tennyson's Complete Poems, just published by Ticknor and Fields. This edition is from new types, set in double columns, is remarkable for beauty, and no danger to the eyes need be feared from reading it. It is neatly and durably bound in a handsome green paper cover, with an excellent vignette head of Tennyson. No one can now complain that Tennyson is beyond his reach, when his entire poems can be had in handsome form for fifty cents.

These books can be procured of any bookseller, or directly from Ticknor & Fields, Boston.

LERAYSVILLE, Sept. 25, 1868.

MR. GOODRICH:—Last evening we had lectures here, on Temperance, from Gen. PATTON and N. S. FRAZER. The lectures were of no ordinary ability, young FRAZER spoke eloquently and with great fluency. Gen. PATTON'S lecture was deeply impressive and affecting; and his personification of a case of delirium tremens caused a thrilling excitement. Owing to the bad state of the weather and roads, the audience was not so large as it otherwise would have been; Mr. KEENEY and most of the pupils of his select school attended and were deeply interested. Gen. P. deferred the organization of a Lodge of Good Templars until a larger attendance of citizens could be had.

Your Friend, ——

HON. SIMON CAMERON, Hon BENJ. H. BREWSTER, Attorney General of the State, and Col. SHERIDAN, correspondent of the *Tribune,* visited this place last Saturday, spending the Sabbath here, and departing Monday. They are on a tour of observation through the State, and give the most encouraging accounts of the certainty of success at the October election.

GRAND DEMONSTRATION AT WAVERLY.—Saturday evening last, a special train was run from this place to Waverly to attend the Republican meeting. After receiving accessions at the several stations on the road the number in the train when it reached Waverly was not less than six hundred.

The demonstration at Waverly was the best that has been held in the Southern Tier during the present canvass. Large delegations were present from Elmira and Owego, with transpariencies and torches.—The torch-light procession was really a mile in length, and numbering 1900 torches.

Speeches were made by Major James Haggerty and Hon. Geo. Landon.

A Democratic meeting was held at the same time, and a few doleful looking Cops paraded the streets, and afterwards were treated to a speech by Brick Pomeroy.

☞ A new and powerful engine has been placed upon the Railroad, for the purpose of hauling passenger trains. It is a great improvement upon the locomotives now in use.

MCPHERSON'S POLITICAL HAND-BOOK.—This convenient *compendium of political events,* neatly bound in cloth, and containing nearly 400 pages, is now ready for sale. It is almost an indispensable requisite of every student of political history, and especially of public speakers, as a book of reference. It is unbiassed, and is used by all parties. Copies will be furnished on application to J. Holcomb of this place.—Price $2 50. Aug. 18.

CASCADE MILLS FLOUR—Made from prime old Winter Wheat, is worth 15 per cent. more than the same amount, and quality, made from new wheat. A sack or barrel will make 15 per cent., or one pound in seven, more bread than from the new crop. Making a difference in value in favor of the old of two dollars per barrel or fifty cents per sack, owing to the new containing that proportion of water more than the old. This fact is well known to Bakers and every one should understand it. We have bought, and still continue to buy, all the Old Wheat to be had, and will have a supply until the new crop is fit to use to advantage.

No decline in quality. We propose to make it better and better all the time.

THE AMERICAN COOKING STOVE.—*Another Patent Suit.*—We understand Messrs. Shear, Packard and & Co. have been compelled to commence a suit against Hunt & Miller, of Hudson, for infringing the patent on the Ash Sifter in the American Cooking Stove. This is the fifth suit they have been compelled to bring against different parties for infringing the different patents on this Stove. The four previous suits have resulted favorably for S., P. & Co., and they are determined to follow up all cases of infringement until others cease from appropriating their improvements.—*Albany Evening Journal, July 29th,* 1868.

All persons are cautioned against selling or using Stoves with a Shaking Ash Sifter in the hearth, or under the grate, as this improvement is fully secured to us by five different patents, and all persons selling or using Stoves with this improvement, will be liable to prosecution for infringement, as we have granted no licenses to other parties to make or sell this improvement, and all infringements will be promptly prosecuted.

CAUTION.—*Cascade Mills.*—Parties dealing in flour are cautioned against putting inferior flour in Sacks or Barrels bearing our Trade Mark, as we shall certainly protect ourselves against such imposition when detected.

We will suggest a rule however, by which the consumer may discover such fraud at first appeance. Genuine Cascade Flour can be identified from its effects—extraordinary amiability of wives and mothers—children rosy cheeked and happy, and from good digestion the general affairs of the household, bright as sunlight.

GROVER & BAKER'S

Family Sewing Machines.

These Machines are superior to all others for family use, for the following reasons:

They sew with two threads direct from the spools, and require no rewinding.

They are more easily understood and used, and less liable to derangement, than other machines.

They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

This stitch, owing to the manner in which the under thread is unwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho' it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work.

You can get Sewing Machine Needles, and all articles pertaining to the machine business.

SINGER SEWING MACHINE!

The superior merits of the "SINGER" machines over all others, for either Family use, or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

THE LETTER "A," FAMILY MACHINE,

hitherto manufactured by this Company, has gained and maintained, the world over, and for years past, an unparalleled reputation and sale. But notwithstanding the excellence of this Machine, we have now to announce that it has been superseded by our

NEW FAMILY MACHINE,

which has been over two years in preparation, and which has been brought to perfection regardless of TIME, LABOR OF EXPENSE, and which is now confidently presented to the public as incomparably the best Sewing Machine in Existence.

The Machine in question, is Simple, Compact, Durable and Beautiful. It is quiet, light-running, and capable of performing a range and variety of work never before attempted upon a single Machine, using either Silk, Twist, Linen or Cotton Threads, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Heming, Braiding, etc., are novel and practical, and have been invented and adjusted especially for this Machine.

☞ The above Machine can be had of
