YELLOW FEVER IN ATLANTIC CITIES IN FORMER YEARS.—The yellow fever visited the city of New York in the years 1741, 1742, 1791, 1795, 1798, 1799, 1800, 1803, 1805, 1819, and 1822. The deaths were as follows: 732 in 1795; 2,086 in 1798, (population 55,000;) 670 in 1803; 280 in 1805; 23 in 1819; 366 in 1822. In 1805, 37,000 of the inhabitants (out of 76,000, the whole population,) fled from the city. In 1804, 40 persons died with it in Brooklyn, but New York escaped. Philadelphia was nearly desolated by it in 1793 and again in 1798. 4,081 died in 1793, and 17,000 (population 50,000) fled from the city. In 1798, the mortality was great, and 50,000 out of 70,000 inhabitants fled. Several thousands died, and the greatest number of deaths in one day was 117. Baltimore suffered from this disease in 1798, 1819 and 1821.

THE Democrats of the Butler and Warren district have nominated Granville W. Stokes, of Lebanon, for Senator. This is a nomination not 'fit to be made,' and should be repudiated by the people of the District. We understand that the nominee boasts that he owes his nomination to whiskey; we suspect it has been his most efficient aid so far and will be his warmest supporter on election day. The people owe it to themselves to defeat him, and we hope they will put another Democrat in nomination, if it cannot otherwise be done. His election will be a disgrace to the district, as his nomination is a disgrace to his party. We trust free suffrage is not destined to lie under the odium of sending such a man to the Senate of Ohio.—*Cin. Gaz.*

It is said that Louis Napoleon has grown stout within a short time. Some say he is afflicted with dropsy. Others allege he has as a measure of safety, put on an extra coat of mail. Perhaps he aspires to the embonpoint of the great Emperor.

"Woman and her Wishes" is the title of a pamphlet recently published in New York. The wonder is how the subject can be properly treated in any work less than an encyclopedia.

MISCELLANEOUS.

Red River Iron Works and Estill Steam Furnace for Sale.

A PORTION of the proprietors of the above establishment having retired from active employment in its management and the remaining partners wishing to devote themselves to a more retired and quiet life, offer for sale the above property, consisting of ROLLING MILL capable of making all the sizes of Iron adapted to the demand of the market, with Furnaces, Fires, Blast, &c., sufficient to supply it with blooms—all driven by WATER POWER, with 21 feet head and fall.

With the Rolling Mill there will be included all the unsold lands in a circle of six miles diameter, making the Works the centre. At the Works is a Farm of about SIX HUNDRED ACRES, most of which is well set in grass and in a high state of cultivation. A large portion of the Farm is enclosed with cedar posts and white oak rail fence. The Farm is capable of being enlarged to any required size by clearing out and enclosing more Land. On this part of the property is a SAW MILL capable of supplying a large amount of Lumber, and a FLOURING and GRIST MILL sufficient to do all the custom work for twenty miles around, when other mills are stopped for want of water.

The FURNACE, including all the unsold Land in a circle of eight miles diameter, is situated on the dividing ridge between Kentucky and Red River. Is now in operation, driven by an efficient Steam Engine and making a fine yield of Pig Iron of such quality as is made only at that place.

For quality of Pig Iron refer to the Foundries in Louisville, Ky.; New Albany and New Madison, Ind.; to Mr. Thornton M. Cox, Cincinnati, Ohio; and to Hon. John C. Mason, Bath county, Kentucky.

The above property, with all the STOCK, TEAMS, TOOLS, &c., will be offered at private sale until the FIRST SEPTEMBER, and if not sold privately will be offered at public auction, without reserve, on some day thereafter, public notice of which will be given through this same channel of communication.

This property offers to men of enterprise and business qualifications a chance to realize a handsome fortune in a very short time, as the Ore and Timber are abundant, and the Pig made at this Furnace will always bring from five to six dollars per ton more than any other Iron in the same market. Bar Iron made from this Pig will bring from 1 to 1½ cent per pound more than any other brought within the range of our market.

TERMS will be liberal and made known on application to Samuel G. Jackson, Esq., near Lexington, Ky.; to Mr. Samuel Wheeler and Josiah A. Jackson, Winchester, Ky.; or to A. Lawell and William G. Jackson, on the premises. We also have one HUNDRED HEAD OF CATTLE of various ages for sale, some of which are thorough bred Durhams. LAWELL, JACKSON & CO. Red River Iron Works, Ky., July 30. au16d

THE BOOKS of the "Pittsburgh Building and Loan Association," which is now fully organized, are open for subscriptions at Benjamin McLain's office, 21 Fifth street. By order: jy28 GEO. E. McLAIN, Secretary.

PROFESSOR ALEX. C. BARRY'S TRICOPHEROUS, or Medicated Compound, for beautifying, improving and preserving the hair, curing cuts, bruises, burns, stings, rheumatism, and all irritations of the skin. A preparation, the sale of which amounts to one million of bottles annually, would seem to need no advertisement but as the thousands who purchase, use and approve of it having probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of the facts derived from his books, and with them tenders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 940,000 bottles of his Tricopherous were disposed of, and that the cash product of this immense sale was nearly $190,000.

This plain, unvarnished tale is a better commentary on the value of the article than anything its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy for cuts, bruises, burns, skin diseases, &c.—it would not, of course, be so universally in demand. The wealthy portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents,) at wholesale and retail, at the Manufactory and Depot, No. 137 Broadway, New York, and by the principal Merchants and Druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c., and by R. To the Readers of the Pittsburgh Gazette:

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times!

PETROLEUM OR ROCK OIL, it is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great power to heal, have, since then, become fully appreciated, by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money but, one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write the truth—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of gulling or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any single article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens, who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the case of a gentleman in Beaver county. There are others; but these are cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure when used according to directions—Diarrhea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions, in fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the above diseases within the past year with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to the afflicted or their friends.

Whatever others may say about their medicines, the Petroleum is the greatest Remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the greatest medicine ever discovered. For sale, wholesale and retail, by KEYSER & McDOWELL, 140 Wood st.

Also—R. E. Sellers, 57 Wood street; D. M. Curry, D. A. Elliott, Joseph Douglas, Allegheny City. Also, by the proprietor, S. M. KIER, Canal Basin, Seventh street, Pittsburgh, and R. A. Fahnestock & Co., Wood and Front sts.

Fifteen Dollars Only

FOR A BEAUTIFUL HOMESTEAD, AT the village of ROSEVALE, a delightful and healthy location—EIGHTY FARMS, worth over $10,000. 7,000 BUILDING LOTS to be distributed among six thousand subscribers, on the FIRST DAY OF SEPTEMBER, 1853. A large number of these are already engaged. Many of the lots have been sold for from 200 to 500 per cent. advance over the price for which these Lots are now sold, showing that this purchase will be a good investment independent of the certainty of a steady advance in the real estate on which it is based. Rosevale, too, is advancing in price, and is constantly being purchased for farming and gardening purposes, and for country residences. Within a few days past, Mr. Kent Wyckoff sold 44 acres of land at East New York, L. I., for $40,000, and $50,000 has been offered for seventy-two acres, and refused by the owner, in the town of Newton, L. I. Farms have recently been sold for from $600 to $1,500 per acre, according to location and capability of producing all kinds of grain, fruit and garden vegetables for the New York market, increase from five to ten times its present cost.

Each subscriber is entitled for Building Lots 25 by 100 feet, lying together, or a Farm of from 5 to 20 acres. The shares are $15, payable in monthly instalments of $3 each. If desired a warrantee deed will be made out immediately after the distribution, and delivered directly after paying the balance.

The village of Rosevale, where these Lots are located, is only a short distance south of the celebrated Lake Ronkonkoma, the beauty and romantic appearance of which are praised by all who visit it. Here may already be seen the handsome country residences of the wealthy of Lakeland, and Hermanville, will quickly become choice places in America. From the published statistical accounts of the late census taken by the United States, it is shown that Long Island is the most healthy location within its borders, in proportion to its population than in any other place.

The Farms from which I am now selling at from $23 to $30 per acre, are of the same quality of those which now sell with those now under cultivation, which cannot be purchased for $100 per acre, and lying on the north and south of the two villages, with no better soil naturally, sells for from $2 0 to $500 per acre.

TESTIMONY FROM TENNESSEE IN favor of B. A. FAHNESTOCK'S VERMIFUGE.—The Nashville Union says: "We call the attention of our readers to the certificate of Mr. John Herriford, in favor of B. A. Fahnestock's Vermifuge. The gentleman is well known in this community, and anything he says can be relied on."

Messrs. B. A. FAHNESTOCK & Co.—Gentlemen: For the benefit of others, I take pleasure in testifying to the valuable qualities of your Vermifuge. About ten years ago my attention was first called to it by a friend, an officer in one of the Banks in Nashville, in whose estimation it was then a standard article, having used it in his family with very satisfactory results. By his advice I took a vial home for one of my children, who had until then been very feeble and subject to frequent sickness. The Vermifuge expelled a great number of Worms, and the child afterwards gradually recovered good health. I have since used it regularly in my family for most of the ailments of children, and generally with good effect.

One remarkable case, in the family of a near relation, I will mention in particular. The child was about four years of age, had always been puny, often attacked with fever and ague, and at the age mentioned, nearly lost the use of the lower extremities. I recommended the use of your Vermifuge in the case, and left the half of a vial which I was taking home, with directions for its use. I learned afterwards that the child passed an enormous bulk of large Worms—the number not remembered—and, in a short time, by the use of the Vermifuge, the fits ceased, and health began to improve. When I next saw the child, she was walking and enjoying perfect health! This recovery, from the very jaws of death, the friends attribute to the use of your Vermifuge. JOHN HERRIFORD. Murfreesboro', Tenn., June 23, 1852.

THIRTY FEET OF TAPE WORM EXpelled by using B. A. FAHNESTOCK'S VERMIFUGE. Mr. Booth is a gentleman well and favorably known in his place of business.

[From Mr. Wm. W. Booth, Druggist.]

FENTONVILLE, Mich., Feb. 8, 1853.

Messrs. B. A. Fahnestock—Gentlemen: I have had a great sale for your Vermifuge. Besides what you sent me, I bought, with Birdsall & Irwin's stock of drugs, over five dozen, nearly the whole of which is sold. It does great execution amongst the worms. A Mr. Jos. Parker gave his son (nine years old) three bottles of your Vermifuge, and it brought away nearly thirty feet of Tape Worm! Daniel Odell gave two bottles to a child four years old, and it passed about one hundred worms, nearly a foot long, and many smaller ones came away, and the child is well. As soon as navigation opens I shall order an additional supply. Respectfully, yours, &c., WM. W. BOOTH.

Portraits and Memoirs of

EMINENT AMERICANS NOW LIVING with Biographical and Historical Memoirs of their Lives and Actions. By John Livingston, of the N. York Bar, in 2 vols., 1853.

The portraits are all engraved from daguerreotypes, in the finest style of the art, and are undoubtedly correct. We can vouch for the remarkable fidelity of the likenesses of those persons with whose faces we are familiar. This truly national work is creditable to the ability and enterprise of Mr. Livingston, and should adorn every public and private library in the country. His plan is to 'no creed or class confined,' but embraces clergymen, lawyers, doctors, statesmen, financiers, merchants, manufacturers, and farmers—in short, distinguished living representatives of every department of American society. To expatiate on the value of such a work would be superfluous, as it must commend itself to universal favor.—*Com. Adv.* For sale by DAVISON & AGNEW, au10 No. 65 Market street, near fourth.

STEAM BOILERS, FOR ENGINES, MADE TO ORDER ON SHORT NOTICE.—ALSO WALLACE'S NEW VERTICAL STEAM BOILER—for securing which application has been made for letters patent. These are superior Boilers and used at an early day to be extensively used. They are but one-tenth of the ground space required for a horizontal boiler and consume 33 or more per cent less fuel; they require no fire front, no boiler stand no furnace of brick or mason work, and not over one-third the usual amount of grate bars. They are cylindrical, compact, easily transported, and not half so liable to explode as the common boilers; there is much less danger from fire with these Boilers than with the horizontal boiler, and insurance agents take risks where these Boilers are used at a much less premium than where the common boilers are used. We refer to the following persons, who are using these Boilers, viz: Kennedy & Brother, Third street, Pittsburgh; George D. Davis, Chartiers Creek; Huey & Caldwell, Sharpsburg, Allegheny county; Wheelock, Church & Co., New Bedford, near Cleveland, Ohio. We annex a certificate from the last firm, viz—

NEW BEDFORD, O., June 28, 1853.

W. W. Wallace—Dear Sir: We have used the Vertical Boiler you made for us and find that it works extremely well. We use shavings, sawdust, and in fact anything at all for fuel, and find no difficulty in raising steam with any kind of fuel. In short the more we use it we feel better satisfied that it is superior to the old horizontal boiler, and feel satisfied in recommending it to any who want a Boiler that requires little fuel and less attention. We have tried it with cord-wood and find that it requires half a cord of wood to keep up a hot fire for one day.

Respectfully, your friends, WHEELOCK, CHURCH & Co.

B. A. FAHNESTOCK'S VERMIFUGE—Used at the last moment with success!

WASHINGTON COUNTY, Pa., Nov. 1852.

A neighbor of mine had a child that was very sick, and the physician attending it exerted all his skill for its relief, but without avail. The girl was given up, and Dr. L., who came over to our place, and upon an examination of the case approved of all that the attending physician had done, but could do nothing more for it. The child was given up. Dr. L. then said that there could be no risk in trying *Fahnestock's Vermifuge*, and thought they had better get some. They sent to my store and procured some. After administering the first bottle, according to the printed directions, the child passed a few worms. They then gave it about half of another bottle, when it passed in the neighborhood of *three hundred* worms, and immediately after commenced improving, and was completely restored to health. BOSTON, February 15, 1847.

Mr. William Bogle—Sir: The preparation invented by you for the HAIR, has been extensively used in my family for some time, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, which are so frequently the result of many well known patented compounds. Having been thoroughly tested, and its reputation fairly established as the best article known for the human hair, it may be superfluous, still I cannot resist the opportunity to add to others the name of your obedient servant. MEDICAL.

A PHENOMENON IN MEDICINE.

PROFESSOR MORSE'S

INVIGORATING ELIXIR, OR CORDIAL.

THE EIGHTH

WONDER OF THE BOTANIC WORLD!

The Invigorating Elixir and Cordial, introduced into the medical practice by the great chemist, physician and traveller, Dr. M. Morse, has for its basis an Oriental Herb, first brought from the stony deserts of Arabia Petrea, by the eminent philosopher. The natives of that region are remarkable for their longevity, exemption from sickness and power of sustaining fatigue, all of which they attribute in a great degree to the use of the herb or plant referred to, which they universally chew, and sometimes smoke. On his return to Europe, after a long residence in the East, Professor Morse commenced experimenting with this wonderful natural production, and the result of his labors is the Invigorating Elixir, which has been endorsed by the medical colleges of all the great cities of Europe, as the best preparation extant for the

CURE OF NERVOUS DISEASES.

No language can convey an idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system. Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once re-braced, re-vivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. The stooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with a firm step; his mind, which was previously sunk in gloom, or an almost idiotic apathy, becomes bright, buoyant, active, and goes forth refreshed, regenerated, and conscious of new vigor, to his accustomed occupations. Nor is the effect temporary. On the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

MEDICINAL WONDER

of the Nineteenth Century. It is, as the first scientific men in the old world have admitted, that miracle of medicine heretofore supposed to have no existence.

A STIMULANT THAT ENTAILS NO RE-ACTION.

Its force is never expended, as is the case with opium, alcohol preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them, "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization. In cases of neuralgia, headache, loss of memory, hypochondria, dyspepsia, general prostration, irritability, nervousness, inability to sleep, liver complaint, fluor albus, and all the diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, barrenness, constipation, &c., &c., from whatever cause arising, it is, if there is any reliance to be placed on human testimony, absolutely infallible.

It is the only infallible remedy yet discovered for nervous head and mind complaints; it is the mental physician long sought for, and never before found, the natural agent that can "administer to a mind diseased." In cases of neuralgia, headache, the various trains of nervous affections, it will produce a cure in an astonishing short period of time; and it will also remove depression, excitement, a tendency to blush, restlessness, dyspepsia, dislike to society, incapacity for study or business, loss of memory, confusion, giddiness, blood to the head, melancholy, mental debility, hysteria, indecision, wretchedness, thoughts of self-destruction, fear of insanity, &c. It will increase and restore the appetite, strengthen the emaciated; renew the health of those who have destroyed it, induce continual cheerfulness and serenity of mind.

Persons of pale complexion, or consumptive habits are restored by the use of a bottle or two, to bloom and vigor, changing the skin from a pale, yellow, sickly color to a beautiful florid complexion.

Mark the misery that never fails to punish the violation of nature's laws—function after function given way under this delusion. Palpitation of the frame, pervading headaches, cold and shivered state of the frame, frequent fits of partial insanity, or distraction, heats and flushes of the skin, religious monomania, heats and flushes of the face on the slightest occasion, a desire that existence should terminate, but, to the intense and incessant longing to be put out of order, the system at length becomes capricious, a train of youthful dyspeptics set in, such as flatulency, constipation, &c., producing night sweats, weakness, and torpor after eating, fetid breath, furred tongue, &c.

THE COMMON EXPRESSION

Of those who have used this Extract is; "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits—having tried various medicines sold for the same purpose, (different Sarsaparillas,) without deriving any benefit. I had almost given up all hopes of deriving any relief, and when I purchased some of your Cordial, I had no faith whatever of its benefiting me; but it has—I feel stronger, although 'tis not three weeks I am satisfied the half dozen bottles I took will cure me."

Another says: "I had consulted several distinguished physicians. Some said I could not be cured—others prescribed this thing and that, but I found no relief until I procured some of your cordial. I must say it completely cured me."

Another says: "I was surprised at the effect your Cordial had. Why did I not hear of it before? It would have saved me much expense, besides years of mental and bodily suffering."

MARRIED PERSONS,

or others, conscious of inability from whatever cause will find this Cordial, after they use a bottle or two, a thorough regenerator of the system. Where want of offspring is a cause of regret, it is of inestimable value.

The nature of the maladies relieved by the Cordial are usually such as to leave the publication of certificates or cures out of the question, or the proprietor could produce a host of the most conclusive testimony, to show that the disposition of the disease which have never been obtained, but it has been kept that the sufferers' names have never been so, but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Thousands of young men have been restored by using it, and not in a single instance has it failed to benefit them.

OPINIONS OF THE PRESS.

Boston Journal.

A Valuable Remedy.—Dr. Morse's Invigorating Cordial. We invite public attention to this medicine. We have repeatedly heard it warmly recommended by many distinguished physicians as the very best ever discovered for the speedy cure of diseases of the genital organs, and those arising from a secret habit of youth. These disorders are more numerous than the community has any idea of, and productive of the most fearful mortality. Dr. Morse's Invigorating Cordial will at once arrest these complaints, and save the patient from the dangers that threaten him.

Salem Register.

We advise the young and inconsiderate, who are troubled with these complaints, so destructive to the mind as well as body, destroying all prospects of future happiness, to try Dr. Morse's Invigorating Cordial. We have been witness to many of its beneficial results in the persons of several of our acquaintances, who, in consequence of the violation of those laws that govern man's social and physical being, were trembling on the verge of a hopeless sterility, and who have been only rescued by a timely use of Dr. Morse's Cordial. (See advertisement.)

THE MEDICAL JOURNALS,

have not in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high professional character.

My office having been in a store where this Cordial was kept for sale for over three years, and my opportunities of judging of its effects somewhat numerous, the vastly increasing demand, and that without a single advertisement, which had resisted all treatment for over five years, both in this place and in Philadelphia, and the person a fair candidate for suicide, radically cured with one dozen bottles. He had spent hundreds of dollars and was cured with twenty-four dollars' worth of Dr. Morse's Cordial. A. M. KENDALL, M. D.

DR. MORSE—*Sir:* Some time since you requested my opinion of the virtues of your Invigorating cordial—I am now prepared to give it. I have had it in my practice and prescribed it for the last few months, and must give it my decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues and reasonable price at which you sell it. In cases of nervous debility from the effect of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, producing general physical prostration, lassitude, want of ambition, relaxing sensations, incapacity for business, dislike of society, &c., I am much pleased with its effects, and can with confidence recommend it to the patronage of the profession as a valuable auxiliary for removing disease in some of the most troublesome forms, and to all, as a safe and valuable medicine.

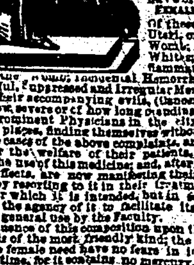
DR. MARCHISI'S

UTERINE CATHOLICON



IS RESPECTfully offered to the citizens of Pittsburgh and vicinity as a preparation of earnest importance to families, and destined to become identified with the health and happiness of

FEMALES.

This Catholicon will cure 95 per cent. of all chronic diseases incidental to the respectable female, married or unmarried, and usually known under the name of

FEMALE COMPLAINTS.

Of these are Prolapsus Uteri, or falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or of how long standing.

Many prominent Physicians in the city of New York and other places, finding themselves without a remedy in inveterate cases of the above complaints, and having due regard for the welfare of their patients, have recommended the use of this medicine; and, after witnessing its salutary effects, are now manifesting their approbation, not only by resorting to it in their treatment of all the diseases for which it is intended, but in some instances accepting the agency of it to facilitate its introduction into more general use by the Faculty.

The influence of this composition upon the female constitution is of the most friendly kind; the most delicate and feeble female need have no fears in its use for any length of time, for it contains no mercury, nor any article which can prove in any way injurious, being made entirely of vegetable extracts, and prepared so as to taste like a pleasant cordial.

The modus Operandi of this remedy, in the cure of this class of diseases, is through the general economy of the system, with a peculiar determination to the female organs.

Additional proofs of this Catholicon being worthy of the confidence of the afflicted, as a successful, safe, and cheap remedy, will be found in the pamphlet, together with important observations touching the nature and symptoms of the diseases, to which the attention of ladies and practitioners is respectfully invited.

The ingredients, as certified by high medical authority, (see pamphlet,) are all vegetable, and are not associated with any article unfriendly to the animal economy.
