JOHN P. COX, *Superintendent.*

☞ REV. PHINEAS STOWE, of Boston, extensively known as the "Friend of the Seamen," is insane, and has been placed in the McLean Insane Asylum, at Somerville, Mass. We are not at all astonished at this announcement. Rev. Mr. Stowe visited this place a few weeks since, and during his stay, preached in the Presbyterian church, a sermon on Mariners, *one hour and forty minutes* in length. His manner in the pulpit gave evidence that something was wrong mentally with the preacher, though few expected to hear so soon of his confinement in an insane asylum. Mr. Stowe has been an earnest and faithful laborer for the welfare of the sailor.

☞ B. RUSH JACKSON, of Dushore, met with a painful accident on Saturday last, by the pole-strap breaking, while in front of the Ward House, frightening his horses, which became unmanageable, and threw him violently from the wagon, breaking the bone of one arm, and spraining his wrist. The wagon was pretty well demolished. The horses finally brought up in front of the Post Office, mixing up with a half-dozen teams hitched in front of Mercur's block, and for a few minutes giving every appearance of having created a general stampede. Fortunately, however, no other damage was done.

SOUTHERN CENTRAL RAILROAD.—A meeting of the directors of this road was held in Auburn last week, when the Chief Engineer presented to the Board a statement showing the progress of the work between Auburn and Owego, on which the sum of $408,542 had been expended and paid thereon up to September last; and that a further expenditure of $274,930 will complete the road bed, including bridging, fencing and ties, ready for the track. It is estimated that two thirds of all the grading is now complete, and nearly all the bridging is done. Work will be begun in Auburn at an early day, and the whole enterprise seems to be in a sound healthy state.

☞ The bridge across the Susquehanna at Owego, has been so nearly completed, that it is now used for crossing.

☞ Main Street, from WICKHAM & BLACK's to Bridge Street is being paved with cobble-stones. The horrible slough in front of PATTON's block, will soon cease to frighten the adventurous traveller.

TELEGRAPH COMMUNICATION.—HOMER CLUTE, Esq., has completed his contract for the erection of a telegraph line on the Lehigh Valley Railroad, from Pittston to Tunkhannock, and communication is now open. The completion of the line was a great event there. Tunkhannockians thus receiving their first telegraphic communication with the rest of the world.

We trust that the "connecting link" between this place and Tunkhannock will be speedily completed. That we may have telegraphic communication with Wyoming Valley, and the rest of the world.

☞ WM. P. DECKER, of Waverly, one of the sufferers by the Carr's rock disaster, has been paid $3,000 by the Erie Railway, for damages sustained on that melancholy occasion.

☞ The *Advocate* says that 760 car loads of coal were shipped from Waverly, last month. The bituminous coal traffic has added greatly to the business of Waverly.

☞ We learn that Messrs. W. H. FULLER and L. SAFFORD, two enterprising gentlemen from New York City, have purchased Messrs GRIFFITH & WELLES' interest in the Towanda Steam Flouring Mill.—We trust that they meet with a full patronage. They intend to give particular attention to *custom work*, and are ready to run the mill day and night for the accommodation of the public.

☞ The undersigned would respectfully inform their friends and the public, that they have opened a Jewelry Store on the first floor of BENDER's Photograph Gallery, where they are prepared to sell Jewelry and Watches of every description. They warrant all their goods to give perfect satisfaction, and will deal true and honestly. Watch, Jewelry and Clock repairing done and warranted. All work executed at the shortest notice and most scientific principle. JELES & HOGENEMM,
Towanda, Pa.

TEMPERANCE.—The proceedings of the adjourned meeting of the County Convention of Good Templars will appear next week.

MAYNE REID'S MAGAZINE.—Carleton, of New York, will commence, in time for the Christmas Holidays the publication of "Onward," a new magazine for the Youth of America, to be edited by Capt. Mayne Reid, well known as one of the most successful and popular writers for the young in the world. Besides a variety of articles suited to the season, the first number will contain the opening chapters of a story of South America entitled "The Lost Sister," a Tale of the Pampas; and also the commencement of the "Yellow Chief," a Tale of the Prairies. This magazine will be illustrated by the best artists.

☞ Prof. S. M. HEWLETT, of New Jersey, will deliver his Temperance Lecture, "Muzzle that Dog," in this place on Friday evening, Nov. 27.

ACCIDENT.—DANIEL HANKINSON, accompanied by a lady, while driving along the narrows above MCKUSE's, was met by the up freight train, when his horses, being unused to such a sight, took fright and backed into the canal. By timely assistance of persons on the train—which was stopped—the horses and carriage were rescued without serious injury. Mr. H. and his companion fortunately escaped injury. *Tunkhannock Dem.*

FATAL CASUALTY.—A painful occurrence, resulting in the death of Mr. ISAAC SEARLE, took place at Daggett's Mills, last week. Mr. SEARLE had hitched his mare to a rail fence, and was trying to take the colt away, when the mare jerked the rail from the fence and swinging it around with great force, struck Mr. S. in the forehead and inflicting a mortal hurt. He survived the blow but a few hours. The funeral was attended by a large concourse of people.—*Wellsboro' Agitator.*

☞ Coal has steadily advanced in price, during the fall, until it is now nearly as high as during the war.

At the auction sale of Scranton coal in New York, there was a sharp advance in price. Grate brought $6,47 for long ton, Egg, $7,62; Stove, $9,00 to $9,20; Chestnut $6,10 to $6,40. It is difficult to determine what it is that has sent the price of coal up, as the amount mined is largely in excess of last year. The New York *Evening Post* thinks the price cannot be maintained at these excessive figures.

We notice by the Ithaca papers, that stove coal is selling at $10 per ton, at that place. The price here, has advanced, somewhat, but not in proportion to the advance in the wholesale price.

FIRES AT ELMIRA.—Monday evening, Nov. 2, between eight and nine o'clock, a fire was discovered in the upper room of store No. 119 Water Street, Elmira, occupied by J. Anhalt & Co., as an auction store, and before the firemen could get a stream of water upon it, the upper stories of the two adjoining buildings on the west also caught. No. 121 was occupied by Mrs. G. Haas, toys and fancy goods; No. 123 by S. C. Brownell & Co., dealers in ladies furnishing goods.

Each of the stores were three stories high. The second floor over Brownell & Co., was occupied by Mrs. Putnam as a dress making establishment, where she also had living rooms. The third floor was occupied by Mr. Samuel Milburn and family, who had a very narrow escape, the children being taken out of the windows by the firemen, the youngest child being only two weeks old, and the mother being in a very feeble condition.

The building of N. W. Gardiner, situated next east of those destroyed, and occupied by himself as a hat and fur store, was very much endangered, and at one time on fire. His damage however was greater by water than by fire.

About nine o'clock Friday morning the barn and outbuildings of Mr. Albert Armstrong, living in the town of Elmira, a mile or two north-west of the city limits, were destroyed by fire.

The barn was filled with hay and grain, the products of his farm, and the loss to Mr. Armstrong is very heavy. His loss must reach some four or five thousand dollars, and his insurance is only fourteen hundred dollars upon the barn and shed.

Early on Saturday morning the dwelling house of Mr. John G. Burritt, situated on the back road leading from Elmira to Horseheads, and about half way between the two places, was discovered to be on fire. The wind was blowing very hard at the time, and the flames were well under way when first discovered, the fire taking in the top part of the house, and burning with great rapidity. But little of the furniture in the dwelling house was saved, and the building and its contents were entirely consumed.

The fire also communicated to a tenant house situated a short distance from Mr. Burritt's residence, which was also destroyed, with a considerable portion of its contents.

Next in order came Mr. Burritt's barns, which were well filled with the products of his farm and which were also destroyed with contents.

☞ The Commissioners of the Hospital for the Insane for the Northern District of Pennsylvania, located at Danville, advertise for proposals for the erection of the building. Bids close on the 24th inst.

☞ Trains are now running over the extension of the Lehigh Valley Road to Tunkhannock. Considerable progress has been made in the work between this place and Tunkhannock, by grading and stone work for bridges. The road can be completed during the coming year, and we have no doubt that by Jan. 1, 1870, trains will be running from the State line to Wilkes-Barre.

The following is the time table at Tunkhannock:

Arrive at Tunkhannock, Express freight, 10:50 A. M.; Passenger, 4:30 and 10:15 P. M.

Leave Tunkhannock, Passenger, 6:20 A. M., 12,05 P. M.; Express freight, 2:15 P. M.

SUDDEN DEATH.—"KITTY GROVER," as she was familiarly called, was found dead at her residence in Montrose one morning last week. She lived alone, and was found upon the floor where she evidently fell and expired. The doors not being found locked, it is presumed her death took place during the evening.—*Montrose Dem.*

A MAN DISAPPEARED.—A man named WILLIAM SHELDON, disappeared from Geneva, N. Y., two or three days since, in a very unexpected and unaccountable way, and his wife has fears that he has met with foul play. He is a man of middle age—a Spaniard by birth—dark complexion, black curly hair, and is *minus* all the fingers of his left hand, which he lost by accident while working at a buzz saw.

☞ A topographical survey of the battle-field of Gettysburg is now being made by Lieut. W. S. CHASE, of the Engineer Corps, under orders from the War Department.

Gen. H. A. FRINK, of this place, left last week, for the purpose of assisting in the Survey.

BIG BEAR SHOT.—A black bear, weighing 400 pounds, was killed one day last week, back of Pittston. Another, (a cub, weighing 150 pounds,) was shot a few days previous near Lackawanna. This makes three bears which have been killed in our valley within twenty days; and according to the old settlers' rule, we may prepare for another severe winter, such as last. —*Scranton Register.*

CANTON.—Last Friday the staging fell from Mr. E. Case's new house in Canton, on which Mr. Case and two carpenters was at work, injuring Mr. Harvey Whitman about the head and breaking his arm. The other workmen caught and held by their hands until helped down. Mr. Whitman will be confined to his room for three months.

—On Thursday night of last week, some poor wretches visited Canton, stripping clothes lines of wearing apparel in different parts of the town, and wound up by breaking into Hazleton Brothers Woolen factory, taking two rolls of cloth valued at about $80.—*Troy Gazette.*

—A barn belonging to M. F. Black was burned, with its contents, on Thursday of last week. The fire caught from a heated bearing of a threshing machine, and spread in the straw with such rapidity that the workmen had only time to get the horses off the machine in time to save them.

☞ The Bradford County Sunday School Convention and Institute will be held at Sylvania, Nov. 17 and 18. The Opening Address will be delivered by Rev. JAMES PARKER.

THE MANHATTAN CO OPERATIVE RELIEF ASSOCIATION, is chartered by the State of New York, and is organized upon the novel plan of securing a cash payment within forty days after the death of a member, of as many dollars as there are members in the class to which he or she belongs, to his or her heirs. Membership fees $6, and $1 10 on the death of each member.

Mrs. E. DEMOREST is the agent for Bradford county, and may be consulted at the Means House.

WHEREAS, It has pleased God, in His providence, to take from our midst, our brother, Williston Camp, by the hand of death. Therefore be it

Resolved: That we deeply lament his untimely departure; and feel that in his death, we have sustained the loss, of a Christian brother, an earnest and obliging classmate, and a true friend.

Resolved, That we humbly submit to the allwise decrees of an over-ruling, and merciful God; and recognize, in this affliction, the hand of Him who doeth all things well.

Resolved, That we deeply sympathize with the afflicted family, in their sad bereavement.

Resolved, That a copy of these resolutions be inserted in the *Easton Daily Express*, *Easton Daily Free Press*, and BRADFORD REPORTER.

Adjoining Patton's Block.

ROSENBERG & WOLFF,

Would respectfully announce to the citizens of Towanda and vicinity, that they have opened the above store, under the name of "The Towanda Regulator," with a splendid assortment

OF READY MADE CLOTHING!

Gents Furnishing Goods, Hats, Caps, &c., &c., which they assure the said citizens cannot be excelled in style or elegance, and that the prices are so low as to astonish everybody. Rosenberg & Wolff hope that by strict attention, and fair dealing with the people of Towanda, they will obtain their patronage and support. They also beg to subjoin the following Commandments for their guidance.

COME ONE! COME ALL!

At Rosenberg & Wolff's One Price Regulator, Main Street, Towanda, Pa.

THE TEN COMMANDMENTS,

Keep them, and Happy will be Thy Days.

1. Thou shalt have no other place to buy clothing except Rosenberg & Wolff's One Price Regulator, Main Street.
2. Thou shalt not choose by other merchant; though shall not listen to their speeches for Rosenberg & Wolff are no Chatham-st. dealers but sell at one price, and reliable, and will serve you unto the third and fourth generation.
3. Thou shalt not seek in vain any more for cheap raiment, for thou shalt find it at Rosenberg & Wolff's One Price Store.
4. Thou shalt bear in mind that we sell only on six days of the week, and don't desecrate the Sabbath by keeping our doors open and hangin out a show, for on the seventh day, Rosenberg & Wolff and their clerks, desire to rest from their labours.
5. Thou shalt honor the way Rosenberg & Wolff deal, and long may be thy days to enjoy its benefits.
6. Thou shalt not commit an impropriety—of buying of Chatham st. Dealers, but come direct to Rosenberg & Wolff's One Price Regulator, Main street.
7. Thou shalt not seek in vain for goods of Foreign make, for Rosenberg & Wolff keep a large variety.
8. Thou shalt not purloin from the Regulator, for Rosenberg & Wolff sell so cheap it would be a sin.
9. Thou shalt not bear false witness, but honestly acknowledge that you can get better suited and for less money, at Rosenberg & Wolff's than any other store.
10. Thou shalt not covet thy neighbors goods or his bargains, for Rosenberg & Wolff can give them to you likewise; therefore, take counsel, and buy only of Rosenberg & Wolff the One Price Men.

☞ SINGER SEWING MACHINE!

The superior merits of the "SINGER" machines over all others, for either Family use, or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

THE LETTER "A," FAMILY MACHINE,

hitherto manufactured by this Company, has gained and maintained, the world over, and for years past, an unparalleled reputation and sale. But notwithstanding the excellence of this Machine, we have now no assurance that it has been superseded by our

NEW FAMILY MACHINE,

which has been over two years in preparation, and which has been brought to perfection regardless of TIME, LABOR or EXPENSE, and which is now confidently presented to the public as incomparably the best Sewing Machine in Existence.

The Machine in question, is Simple, Compact, Durable and Beautiful. It is quiet, light-running, and capable of performing a range and variety of work never before attempted upon a single Machine, using either Silk, Twist, Linen or Cotton Threads, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, etc., are novel and practical, and have been invented and adjusted especially for the Machine.

☞ The above Machine can be had of
WICKHAM & BLACK, Agents.

Full instructions given at our Sewing Machine Depot. An examination is respectfully invited.
