JOHN P. COX, *Superintendent.*

☞ **Elmira** city claims a population of 18,000, based upon a vote of 2,970, cast at the late election.

Unfortunate Editors.—The editors of the *Lycoming Standard* have been convicted of libel, upon the complaint of M. L. Dunning, of Williamsport. Sentence has not been pronounced.

☞ We understand that H. A. Burbank has associated himself with C. S. Russell, in the Insurance business. These gentlemen represent the very best Life and Fire Insurance Companies in the country. All those having business to transact in that line, will find them at Codding & Russell's Hardware Store.

☞ **Thanksgiving** was observed with a decent respect in this place. Places of business were generally closed. A Union meeting was held in the M. E. Church, where a very appropriate sermon was preached by Rev. C. S. Fox, pastor of that Church, from the text: "He hath not dealt so with any nation."

☞ The "*Wayne Citizen*" is a paper we always open with pleasure, and we have no doubt it would read with profit, but unfortunately, it's only about once a month that the copy we receive is printed legibly. This sending a defaced paper to an exchange is a custom more "honored in the breach than the observance."

Mrs. Eliza Overton, wife of Edward Overton Esq., died at this place on Saturday evening last. Mrs. O. has been a resident of this borough for nearly half a century, and enjoyed in an eminent degree the regard and respect of the entire community. The funeral ceremonies are awaiting the arrival of Mr. & Mrs. Hammond, who were expected home from Europe, on Wednesday evening.

Death Caused by a Felon.—Ebenezer Hunt, a young man of 19 years of age, son of Amos T. Hunt, of Nichols, died on Sunday, the 22d inst., of blood-poisoning caused by the absorption of matter from a felon on one of the fingers, which had been suffered to run too long without opening.—His decease was sudden and unexpected, and is a sad affliction to the bereaved family.

New York.—The official canvass of the electoral ticket in the State of New York, has been completed. The majority for Gen. Slocum, the first elector at large on the Democratic ticket is just ten thousand over Marshall O. Roberts, the first elector at large on the Republican ticket. The average Democratic majority on the whole electoral ticket is 9,963. The total Democratic vote was 429,857, and the total Republican vote was 419,894. The total vote of the State was 849,751.

Counterfeit.—A most dangerous counterfeit $5 Treasury note is in circulation. The easiest mode of detection is by the green ornamental engraving lengthwise which in the counterfeit is of a paler color and consequently has a brighter look than the dark green of the original. Seen under the microscope, the engraving of the counterfeit is coarser than the original, and there are some misplacements or omissions, but to the naked eye it presents a genuine appearance.

A Challenge.—We have received the December number of "Merry's Museum," for young people, and old people, too, who have not forgotten that they were once young.

The Publisher, Horace B. Fuller, Boston, claims that Merry *is the best magazine of its kind issued in this country, and challenges comparison.* Our readers can decide this point for themselves by sending to him two three-cent stamps for a specimen.

The January number begins a New Volume, which will be further enlarged and improved. Terms, $1,50 a year in advance.

☞ A shocking suicide occurred at the American Hotel, Williamsport, Wednesday morning. The circumstances as detailed before the Coroner's Jury, are briefly as follows: Mr. A. W. Norton, who has boarded at the American Hotel for a year or more, arose at about half past 6 o'clock, and without dressing himself, took his revolver and shot himself through the head, and died instantly. Mr. W. A. Young, who roomed with him, was in bed, and was awakened by the discharge of the pistol. He sprang out of bed and found Mr. Norton on the floor entirely dead.

The Insane Asylum.—The Commissioners appointed to locate and superintend the building of this institution, Messrs. Doctors Reed, Green, and Curwen met at Danville on Tuesday last and proceeded to open the "Proposals,' for building the Asylum. The magnitude of the structure and the heavy security required precluded many from bidding. Three bids in all were offered, but the commissioners did not accept of either. They resolved to postpone the further consideration of the matter until December 9th next, when they will meet in Harrisburg.

Miles Carter has now ready for the holidays a large variety of Fancy Goods, Dolls, &c., which have been selected with great care, or manufactured and adorned in the neat and attractive manner which characterizes everything in this establishment. In the window appears Dolls almost as large as the children that gaze delighted at them, any one of which would ensure the happiness of some young miss throughout the coming year. Within the store is crammed full of all kinds of fancy goods, toys and knick-nacks. Call and see, and you will be sure to take home something to make some member of the family happy.

☞ **Hart** is a public benefactor. His articles go into a family, and lo! all contention ceases. The waves of discord are stilled; peace spreads her wings, and concord and affection predominate. "Children cry" for the tempting and tooth-some productions of his manufactory or the selections of his taste. They are put upon their best behavior for weeks by a promise to be filled at Hart's—or punished by a threat of being deprived of Hart's offerings. Now is the time to provide for the Holidays, as the stock though large is going off with alarming rapidity. Dealers will find a large assortment of Confectionery and Toys.

☞ The best investment you can possibly make, one that will give you the most enjoyment and be the means of continued pleasure and profit, is a *Singer Improved.* Go to Wickham & Black's and see its good points.

☞ A newspaper says "that Pittsburg juveniles are taking to stilts." We have noticed a decided inclination (or elevation) that way hereabouts. It has always seemed to us wonderful the manner in which juvenile amusements seem to become epidemic. If the boys here are stalking about on stilts, you may be sure that every other boy in the country is elevated a foot or two in the air, learning to walk with two poles; or if kites are flying here in the air, then there is a moral certainty that the air all through the country is vexed with these paper nuisances, invented to frighten horses. And so thorugh the whole round of boyish sports.

Temperance.—Hon. S. B. Chase, the G. W. C. T. of the I. O. of Good Templars of Pennsylvania, will be present at the meeting of the Bradford County Convention Lodge of Good Templars, in Towanda, on Wednesday, Dec. 16th inst., at 10 o'clock A. M., to give instructions in the unwritten work of the order; and, in the evening of that day, will deliver a public lecture on Temperance. He will also visit Burlington Centre Lodge, and lecture at Burlington Corners, on Thursday evening, the 17th, and will visit Canton Lodge, and lecture at Canton Corners on Friday evening the 14th instant. Mr. Chase's known ability as a lecture always insuring a crowded House.

New York Observer.—This excellent paper is unsurpassed by none of the religious Weeklies in the ability and variety of its contents. It is publishing a serial story, entitled "Mr. Browning's Parish," to run through a large part of the next volume. It is written by the author of the Prize tale, "The Puritan of 1863," "Win and Wear," "Girding on the Armor," &c. The story will commend itself to Ministers and all religious readers, by its high literary character, its decidedly evangelical tone and spirit, and its grand object to illustrate the wonderful workings of Divine Providence in defence of the right and bringing to naught the counsels of the wrong. *All new subscribers get the story.*

Sad Accident.—Clarence Pierce, a young man about 20—and son of the late Stephen Pierce, Esq., was badly injured by the cars of the local freight train, at Ralston, on Tuesday of this week. It was at first feared that both feet had been crushed, but upon examination made by Dr. Rockwell it was found that an iron had passed through one leg above the ankle, but without breaking any bones. Both feet were badly bruised, but is thought no bones were broken, and that he is in a fair way to recover from an injury that it was supposed would render amputation of both feet necessary. We have no particulars of how the accident happened, but understand it occurred while changing a switch.—*Northern Tier Gazette.*

Fires in Tioga County.—The shoe store of Wm. R. Seeley, on Troup's Creek, Brookfield twp., took fire and was consumed, with its contents on the night of the 11th inst. Insured for $1,400.

—The barn and stables attached to the old Shaffer Tavern Stand Block House, now kept by Gurdon Felter, was destroyed by fire, with hay and grain, on the 29th ult., evening. Insured $300. Loss $600.

—Mr. Frank Cure gives the following particulars of the loss of his house by fire, in Union, on the 28th ult.:

The family had been absent all day, and on returning, about 11 p. m., discovered the house to be in flames. Nothing was saved except a trunk and one bed. Loss $900. Insured for $750.

Seal Oleum.—The appearance of a Live Seal, in our streets, one day this week, taking "an airing," in Solomon's best turnout, attracted considerable attention, and excited great curiosity, which was soon gratified by the attendant of the seal who announced himself as the proprietor and vender of the celebrated Seal Oleum, which it is claimed is a positive remedy for Rheumatism, Neuralgia, Headache, Catarrh, and all diseases of the skin, and who proceeded to deliver a lecture upon diseases and Seal Oleum as a remedy. His lecture seemed to be convincing as he did quite a business in disposing of his remedy. The Seal and the proprietor will stay through the week, at the Ward House.

Porter & Kirby have supplied themselves with the Seal Oleum.

Chenango Canal Extension.—Last July, by order of the Canal Board, and in pursuance of law, work was again resumed on the Chenango Canal Extension, by letting all of the remaining sections, waste weirs and culverts, between the present terminus of the Chenango Canal at Binghamton, and a point opposite the village of Owego. Of the work still remaining to be put under contract between the points named, are the dam and guard-lock at Binghamton, three aqueducts over Choconut, Tracy, and Apalachin creeks, of 132 feet water space each (except Tracy, which is eighty-eight feet); three lift-locks of respectively nine, seven, and six feet, and the bridges for farm and road crossings. The work already let is about covered by the amount of the present appropriation of $600,000.

Personal.—Hon. U. Mercur, M. C, will leave for Washington, on Friday next. He will be home to spend the holidays.

—John F. Chamberlain, Esq., member of Assembly, was in town on Tuesday. He leaves about New Year, to enter upon his second Legislative year. The experience of last winter will enable Mr. C. to be of great service to his constituents, as many of the old members are returned this winter, by whom he is deservedly esteemed for his integrity and affability.

—Mr. Webb, who goes back for his third year, (an unusual occurrence in this County,) will occupy a very prominent and influential position, having become thoroughly conversant with the routine of legislation—and possessing there, as at home, the unbounded confidence and respect of all who know him.

AYER'S HAIR VIGOR, *For restoring Gray Hair to its natural Vitality and Color.*—A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benifit but not harm it. If wanted merely for a hair dressing, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass. Price $1,00.

Sold by Dr. H. C, Porter Towanda, & all Druggits & Dealers in medicines every where. Nov. 26, 1868.y

STOVE IMITATIONS AND PLAGIARISMS.—All articles of value and established reputation have their imitations. Manufacturers who have not the brains to invent or the enterprise to establish a reputation for themselves, seek to appropriate the inventions and reputation of those who have.—The *American Cooking Stove*, for instance, has obtained a world-wide reputation.—Messrs. Shear, Packard & Co. have spent seven years in improving and perfecting this stove, till it is almost perfect as a stove, and they have spent large amounts in advertising and bringing its merits before the people. There have been numerous imitations of it, and they have been compelled to bring five suits against different parties for appropiating their *patented improvements*, all of which have resulted in their favor. The last phase of these imitations is one similar in design and almost an exact imitation of the name, *only one letter left out.* These imitations are sought to be palmed off upon the public as the genuine article. This is in violation of their rights ; and they have commenced a suit to restrain the sale of these fraudulent articles ; and they propose to prosecute all infringements and imitations till others cease from appropriating and imitating their improvements.—*Albany Argus.*

IMPORTANT TO YOUNG MEN.—The Elmira Business College is enjoying a high tide of prosperity, and holding day and evening sessions. It is highly gratifying as well as pride to our citizens to have so excellent and prosperous an institution in our midst. Students are daily arriving from all parts of the country, which clearly demonstrates that its reputation is being felt and appreciated abroad.

The graduates of this school are filling the very first positions. The College has furnished banks and other mercantile houses with their best clerks and accountants. Graduates but fresh from the College are giving perfect satisfaction and command good salaries. Warner's Commercial Arithmetic is adopted as a text book, and is amply accomplishing the work for which it was intended. The Lecture Course promises to be one of more than ordinary interests, embracing ten lectures from the first orators and writers of the country, and *free to students*. Unsurpassed facilities are here offered for acquiring practical and profitable knowledge that will pay a thousand per cent. on the investment. Send for a College Journal.—*Emira Advertiser.*
