ALL WARSHIP RIGHTS SHOULD BE DENIED TO U-BOATS, ALLIES HOLD

Recent Memorandum of Allies and Other Neutrals Urged Closing of All Ports to Submarines

NAVAL BASES PROVIDED

Contention Made That Nation Receiving Submersible Would Be Aiding Germans

LONDON, Oct. 9.—The text of the memorandum recently sent by the Entente Allies to neutral governments respecting the admission of belligerent submarines into neutral waters or ports, assent to which was withheld by the United States, follows:

"In view of the development of submarine navigation and by reason of acts which in the present circumstances may be unfortunately expected from enemy submarines, the Allied Governments consider it necessary, in order not only to safeguard the belligerent rights and liberty of commercial navigation, but to avoid risks of dispute, to urge neutral governments to take effective measures, if they have not already done so, with a view of preventing belligerent submarine vessels, whatever the purpose to which they are put, from making use of neutral waters, roadsteads and ports.

NOVEL CONDITIONS

"In the case of submarine vessels, the application of the principles of the laws of nations is affected by special and novel conditions: First, by the fact that these vessels can navigate and remain at sea submerged and can thus escape all control and observation; second, by the fact that it is impossible to identify them and establish their national character, whether neutral or belligerent, combatant or noncombatant, and to remove the capacity for harm inherent in the nature of such vessels.

"It may further be said that any place which provides a submarine warship far from its base with an opportunity for rest and replenishment of its supplies thereby furnishes such addition to the powers that the place becomes in fact, through the advantages which it gives, a base of naval operations.

WANT BENEFITS DENIED.

"In view of the state of affairs thus existing, the allied Governments are of the opinion that submarine vessels should be excluded from the benefit of the rules hitherto recognized by the laws of nations regarding the admission of vessels of war or merchant vessels into neutral waters, roadsteads or ports and their sojourn in them. Any belligerent submarine entering a neutral port should be detained there.

"The allied Governments take this opportunity to point out to the neutral Powers the grave danger incurred by neutral submarines in the navigation of regions frequented by belligerent submarines."

Joseph Straubmuller

Grief over the death of his wife, Mary Straubmuller, who died two weeks ago, is believed to have hastened the death of Joseph Straubmuller, head of the Joseph Straubmuller & Son Brewing Company, who died after a short illness at his home, 2168 East York street, early yesterday morning. Funeral services will be held at 2 o'clock Thursday afternoon, the Rev. John Schugard, pastor of the St. Michael's Evangelical Lutheran Church, officiating. Interment will be made in Northwood Cemetery.

Mr. Straubmuller, who started the first brewery in Kensington in 1881, was born in Germany sixty-seven years ago and came to this country when a boy. A saloon that he conducted at York street and Trenton avenue was so successful that it led to his embarking in the manufacture of beer.

He was a member of Humboldt Lodge, F. and A. M., and Kensington Commandery, Knights Templar. He is survived by his son, George Straubmuller.

Mrs. Mary A. Coxey

Mrs. Mary A. Coxey, widow of William J. Coxey, died Sunday at her home, 508 Linden street, Camden, after a long illness. She was eighty-one years old and lived in Camden for more than forty-three years. She is survived by a son.

THE WEATHER

Official Forecast

WASHINGTON, Oct. 10.

For Eastern Pennsylvania: Fair and continued cool tonight and Wednesday; heavy frost tonight; gentle to moderate north winds.

A large area of high barometric pressure is central over Iowa this morning and overspreads the whole country except Florida and the Far Southwest. Under its influence the temperatures have fallen throughout the eastern half of the country, the change being greatest in the Ohio Valley and the Middle and North Atlantic States. Rains accompanied the cooling over irregular areas, covering about two-thirds of its territory. There was only a sprinkle in Philadelphia yesterday afternoon, although rains covered nearly the whole State of Pennsylvania.
