Bradford Reporter.

LOCAL AND GENERAL.

☞ Attention is called to C. S. LAFFERTY'S auction notice, in another column.

☞ Most of the clerks from this county, employed in the different departments at Washington, came home to vote on Tuesday.

☞ A large quantity of half-gallon Fruit Jars just received at CODDING, RUSSELL & Co.'s.

☞ Mrs. MOORE, widow of the late ROBT. MOORE, of Ulster, died on Tuesday morning last. She had reached quite an advanced age.

☞ Rev. E. A. WARBINER, of Montrose, preached two impressive and interesting discourses in the Episcopal church of this place on Sunday last. Our Episcopal friends are unanimous in their desires to have him accept the call extended to him some time since.

☞ MR. ALVORD: I send you an apple from my father's orchard, which beats Mr. OVERTON'S apple mentioned in the last REPORTER—weight 16½ ounces. Six apples from the same tree weighed 5½ lbs.

Rome, Sept. 27, 1869. L. A. RIDGWAY.

☞ Mrs. ALLOWAY, an old lady aged about seventy-five years, fell down stairs at the residence of her son, S. R. ALLOWAY, in North Towanda, a few nights since, causing her some painful injuries. She still remains in a very critical condition.

☞ MR. EDITOR: Had the pleasure of seeing a Tomato one day last week, raised by Mr. WM. BOSTWICK, in Litchfield, which weighed *two pounds and one ounce*—33 ounces!

Put this alongside of the tall brier, &c., if you please. Yours, M. K. T.

Rome, Oct. 11, 1869.

☞ A little daughter of S. VOSBURG, living just across the river from this place, accidentally fell into the river on Sunday last, and was carried over the dam. She had presence of mind enough to keep her hand over her mouth to prevent strangling, and when the waves carried her close enough to the shore, she caught hold of some branches and saved herself.

PERSONAL.—HON. I. T. MARTIN, of Kentucky, has been visiting in this place for some days past. He visits the North by appointment of the Governor of his State, to examine the various insane asylums in the Northern States. We believe Mr. M. is a member of the State Senate of Kentucky. He formerly lived in Wysox.

—Judge WILLISTON, of Wellsborough, was in town this week.

—Rev. F. W. BARTLETT, of Allentown Furnace, is in town.

SEVERE ACCIDENT.—While Mr. E. B. MOORE, of Ulster township, was assisting in pulling some stumps on his farm, on Friday last, he met with an accident which came near resulting in his death. It appears that a stump had been raised from its bed, and Mr. M. was removing the earth from the roots, when the chain slipped off, letting the stump fall upon him. He was taken out in a horribly mangled condition, nearly all his ribs and his breast bone being broken. It was thought for several days that he could not recover, but we are gratified to learn that he is now improving, with a fair prospect of getting well, although it will be a long time before he is able to be about.

LIGHTNING CALCULATOR.—Prof. R. A. MCMURRAY, the Washington accountant, who has attained considerable celebrity by his wonderful faculty of rapid computation of figures, will give one of his marvelous exhibitions at the Court House, in this place, on Tuesday evening next, Oct. 19. He will be accompanied by his little daughter, LIZZIE, aged nine years, whose powers are developing very rapidly, and who already exhibits an almost supernatural gift in the trait she inherits from her father. We refer our readers to the *Phrenological Journal* for June, 1869, a sketch of this distinguished personage, who will appear in Towanda as above stated. Give him a full house.

ACCIDENT.—On my return from the quarterly meeting of the Wyalusing Baptist church, October 9, when about six miles from home, at Mr. SHAW'S, a horse and wagon was hitched on each side of the road. It being dusk I only saw one of them, until my sulky struck the other. My horse being on a trot, I was thrown very suddenly to the ground, with my right foot caught fast in the sulky, bringing me under my horse. At the word "whoa," my horse stopped, and I gathered myself up not with a broken limb, but with my foot and ankle so badly hurt that I had to be brought home on a bed; and the prospects now are that I will have to keep my bed for some time to come.

Rev. E. BURROUGHS.

Rome, Oct. 11, 1869.

☞ Judging from the way our friends are supplying us with the luxuries and comforts of life, there must be an abundance of everything this season. During the past week we have been the recipient of a basket of most delicious peaches from our old friend and subscriber, STEPHEN SHIKER, of Towanda township, some of which were fully equal in size and flavor to the Delaware peaches.

Mr. D. H. DOBOS, of Monroe township, also has our thanks for a beautiful supply of the same fruit.

JEREMIAH KILMER, of Sheshequin, has again placed us under obligations by presenting us with a head of cabbage which weighs eighteen and a-half pounds, and a beet which weighs seven and a-half pounds. Mr. K. says if anybody can beat them, he'll try again.

J. S. PATTERSON has laid upon our table an apple grown on a tree in his garden, weighing 19 ounces.

SUSQUEHANNA COUNTY.—Prof. TOWNSEND, of Rome, is holding a Musical Convention at Fandale.

A new post-office has been established in Harmony township, called Harmony Centre, and H. W. BRANDT appointed postmaster.

—W. B. SHOEMAKER, formerly of Susquehanna county, has been elected to the Assembly of California.

A meeting of soldiers from Luzerne and Susquehanna counties, was held in Harford on the 1st instant. A permanent organization was effected. The next meeting is to be held in Scranton.

The Harford Fair was well attended, and was a perfect success.

A blacksnake was killed by A. J. HAWLEY, in Bridgewater recently, which measured five feet two inches in length and four inches round the body.

Great Bend contributed $137 to the Avondale relief fund.

WOMAN.—From Mr. L. STEBBINS, of Hartford, the publisher, we have received a book with the following title page: "WOMAN: her rights, wrongs, privileges and responsibilities; containing a sketch of her condition in all ages and countries, from her creation, and fall in Eden to the present time; her present legal status in England, France, and the United States; her relations to man, physiological, social, moral, and intellectual; her ability to fill the charged sphere of duties and privileges claimed for her; her true position in education, professional life, employments, and wages considered; woman suffrage, its folly and incompetency, and the injury and deterioration which it would cause in her character, shown, and the best means for her real advancement and elevation demonstrated—by L. P. BROCKETT, M.D." The book is profusely illustrated, and is sold by agents only. For young unmarried men, we know of no cheaper or readier means of obtaining information on the subject of woman, than by purchasing and perusing this book. For ourself we obtained some information on the subject some twelve years ago by marrying, and our knowledge has been increasing from year to year. We expect our education on the subject will be completed by reading the book of Dr. BROCKETT. Persons who wish to engage agents for the sale of the book should address L. STEBBINS, Hartford, Conn.

ATHENS.—The Episcopal fair was a perfect success in every particular. We never saw a more tempting variety of delicacies, wonderful paintings, statuary, &c., and our people spent their money with reckless rapidity. The receipts were $302, which is enough to pay off the debt against the parsonage (for which it was intended), and a small surplus beside. Now "let us have peace."

Some unhung villians attempted to throw the Philadelphia express from the track on its way up, about a mile north of this station, Saturday evening, 2d instant. A pile of ties were placed on the track, but the engine struck them with such force as to splinter and send them flying in the air, and no damage was done except breaking the engine's pilot.

Mr. ISAAC NORTHRUP gave a free exhibition of runaway horsemanship a week ago last Friday. Old "Creamy" got fractious—run into a buggy and sulky—and mixed things up pretty generally, but no damage was done except a broken thill and axle.

A mysterious visitor entered the house of Mr. J. S. ANTHONY, of Milan, week before last in the night, and without disturbing his "snooze," went through his pockets and relieved them of money and a jack-knife. The money is a trifling loss, but *that jack-knife* is an old valued friend, and will be missed.

We notice by the *Scientific American* of Oct. 2, that GEORGE HERRICK, of Waverly, has secured a patent for a new musical instrument. A common piano key-board is connected with a series of steel tongues like those used in music boxes, thus bringing them under control of the performer and producing the beautiful clear tones of the music box. This invention is receiving the favorable notice of leading scientific journals, and bids fair to supersede the piano and organ; for in addition to its pure tones, it has the valuable advantage of never getting out of tune. MR. HERRICK is now having one of the instruments manufactured in Switzerland, and we hope in a short time to chronicle its perfect success.

MR. CONSTANT MATHEWSON, of this township, was drowned at Susquehanna, Monday, Sept. 27. He was on a stone-boat, which capsized in a swift current, and drowned before he could reach shore. His body was found near Binghamton on Monday, 4th instant, about twenty miles below where he went down, and his funeral was attended at the house of his father Tuesday following, at 2 o'clock p.m.

The "Geneva Classis" (Reformed) held a two days' session at the Reformed church, in this place, commencing Tuesday, Oct. 5, in the evening. NIP.

I write this on the morning of the election day which is to decide the issues of the present canvass in Pennsylvania. It is hard to tell the result even in our own borough, but one thing is certain—if our noble GRANT is not elected by a *large* majority, it is the fault of the Republican party who have fallen asleep at their post. There is a feeling of such perfect confidence, that we have not thought necessary to even hold a meeting this whole canvass; and were it not for ambitious *local* office-seekers, should hardly know an election was at hand.

There is trouble in the Democratic camp. They held a caucus at PIKE'S hotel Saturday eve, for the purpose of nominating a local ticket;—had a squabble, and broke up without making the nominations. Grumblers are plenty, but the old war horses are flying around, trying to bring them into the ranks again.

If the Waverly *Advocate* man will adjust his spectacles to a little truer focus, he will observe that NIP is *not* a friend of BRICK POMEROY. It was the fling at our town, and not the allusion to "BRICK," that "exercised" us. If he will be a little more truthful, we shall not complain of his notices, nor of the "*rats*" that may be scared by his blunderbuss.

Mr. GUY TOZER, of this township, has a monster *sweet* potato, raised on his land this season, measuring 23½ inches around and weighing 2¾ lbs. We call that *some!*

Mr. A. H. SEWARD felt the edge of a circular saw in BLOOD'S machine shop Monday, and shortened the thumb on his right hand about a quarter of an inch. Operation performed in about one second.

Some petty thieves entered a store in town between Saturday and Monday morning, searched out the secret hiding-place of the money, pocketed the shinplasters and departed, locking the door and leaving everything *taut* as before. That is a pretty clean job.

The indications are that we shall report some weddings soon. There are alarming symptoms among our young folks. NIP.

Republicans in SMALL CAPS.
Democrats in Roman.

The split in Democratic ranks gave us six or seven votes, and we lost about the same number of Republicans through business interests, giving about our party majority.

Athens township gives PACKER a majority of 76. Whole Democratic ticket about the same. NIP.

☞ A Vocal and Instrumental Concert will be held at the Baptist Church in Rome Borough, on Saturday evening Oct. 16th, 1869. The services of some of the most prominent musicians of Eastern Bradford, have been secured for the evening's entertainment. Sacred, Secular and Humorous Songs, from the best composers, interspersed with soul-stirring Instrumental selections. Admittance 25 cents.

☞ KELLUM & MULLOCK, and SHAW, BRAUND & Co., have already commenced supplying the market with nice fresh oysters, received daily from Baltimore. Persons in want of oysters for family use, or to sell, will find it to their advantage to buy them at home.

CAMPTOWN.—*Mr. Editor:* Your "local" column seems to be lengthening—all right. If your correspondents will be brief and newsy, they will add much to the interest of the paper; and if they have different opinions about matters and things, it will not be strange. Your readers are not all of a mind.

We attended a few sessions of the Institute at Springhill. Enjoyed the "drills" by the County Superintendent, and the lecture by W. H. THOMPSON, but we failed to see anything to *admire* in the "recitations" by Miss STETSON. Her style is very masculine—not unlike that displayed in a *third*-rate theater; her "selections" were *old*—nothing refined about them—not such as one would expect from a lady of culture, reading before an audience like Bradford county teachers. Say what you will, white gloves, red ribbons, and a senatorial voice, do not become a *woman* with half so good grace as *modesty* does.

Martha Washington Lodge, No. 471, I.O. of G.T., dedicated a *new* hall in this place last Monday evening.

Visiting members were present from Rome, Terrytown, Laceyville, East Springhill, Mehoopany, and Wyalusing Lodges. The dedicatory services, a dozen short, spicy speeches, and a number of songs, were listened to with profit and delight.

Martha Washington is a live lodge—meets Monday evenings—seldom sends a list of her officers to the paper for publication, but the "latch-string" is *always* out to members of the order, and *to all who would become members.*

MRS. BEAUMONT has a running roso-bush, from which a sprout has sprung, this year, 16½ feet long.

We saw a bird fly from her nest, take a crumb from the hand of MRS. LIZZIE BLACK, and give it to her young birds which had followed her to within a few feet of MRS. B. This is the second year these birds have been so friendly. Kindness will win for us friends even from the fowls of the air. P. B. T.

Oct. 1, 1869.

WYALUSING.—*Mr. Editor:* I have concluded to send you a few items from this place. Wyalusing is an Indian name, signifying, I am told, "*beautiful valley,*" or "*pleasant hunting ground.*" Wyalusing township is of medium size, generally sustains good schools, and always rolls up a large vote for *the Right.*

Wyalusing village, situate at the mouth of Wyalusing Creek, is an active little place, containing about 300 inhabitants, and boasting two churches, an academy, six stores, grist-mill, steam planing mill, photograph gallery, hotel, jeweler's shop, and various other shops, such as wagon, harness, blacksmith, tin, shoemaker, and barber shops. The L.V.R.R. is building a good depot here to accommodate passengers and freighters. This is necessary, as more business is done here than at any other station between Towanda and Pittston.

"*The Devil's Flying Artillery*" made us a visit last Saturday, in the shape of the "*Hippocomique Circus;*" but most of our people were sensible enough to stay at home and save their money. Of all the humbuggery in this humbugged world, the *Circus* humbug is the greatest. Young men and maidens, take warning.

Yesterday about 1 p.m., the mill-dam of Messrs. WELLES, of this place, was seriously injured. About one-third of the dam, and nearly half the embankment between the creek and mill-pond, was torn out and washed away by the freshet in the Wyalusing creek. The damage done to Messrs. WELLES will probably reach $4,000 or $5,000.

Judge MERCUR and HON. E. OVERTON, jr., were with us last evening. On account of the storm the audience was not large, but the facts, figures and arguments presented, were most powerfully convincing of the vast superiority of *Republican* over *Democratic* rule. Such speeches will do good. JAY BEE.

Oct. 5, 1869.

DENTAL SOCIETY MEETING.—The Susquehanna and Bradford Dental Society held its third semi-annual session at the office of W. W. SMITH, in Montrose, Sept. 14.

Dr. C. S. DUSENBURY, of LeRaysville, was chosen President for the ensuing year.

A committee was appointed, consisting of Drs. W. W. SMITH and J. K. NEWELL, to prepare a list of prices for dental work, subject to action of the meeting, with instructions to report at the evening session, after which several essays were read. One by the President, on the relations which the dental profession do and should sustain towards the public, giving many hints and suggestions valuable to the public and dentists. By a subsequent resolution it was requested for publication. Another by Dr. KELLY, on "Mechanical Dentistry," was replete with valuable information.

The first subject discussed, was the "treatment of exposed nerves." This was ably discussed by Drs. H. WESTON and KELLY, of Towanda, J. K. NEWELL, of Wyalusing, and several others.

By request, Dr. SMITH gave in detail his mode of devitalizing pulps, subsequent treatment, and final filling of the teeth.

Dr. KELLY stated that instead of destroying the pulps, he now invariably saved them alive, by treatment, then capping with os-artificial, and then filling in a permanent and durable manner. Drs. SMITH and NEWELL also stated that they had pursued the same course for several years with the same satisfactory results.

Finishing gold fillings received a share of attention, and was ably discussed.

A discussion on "Mechanical Dentistry" followed, participated in by all the members.

Difficult cases in this branch of dentistry were presented by Drs. KELLY and NEWELL, in order to get the opinions of others in regard to them, which were freely given, and much information elicited, valuable to all. During the discussion rubber was severely condemned, and the resolution adopted at a former meeting, of discarding its use altogether, was re-affirmed. Inasmuch as nearly all present had substituted Aluminum and "Weston's Metal" for rubber, and in consideration of their evident superiority over it, Dr. DUSENBURY offered the following as the sense of the meeting, which was unanimously adopted:

"That the members of this Society express themselves as more than pleased with the use of "Weston's Metal" in place of rubber, and feel themselves under lasting obligations to Dr. WESTON for enabling them to throw off the oppressive yoke of the Rubber Company."

Care and treatment of the temporary teeth then engaged the attention of the meeting for a short time. It was conceded by all who took part in the discussion, that they should be retained as long as possible, almost invariably, in order that the jaw might expand to its proper proportions, thereby giving room for the eruption of the permanent teeth in regular shape. The indiscriminate extraction of temporary teeth by physicians, and also by some dentists, was severely condemned.

That very annoying and sometimes almost insurmountable obstacle to good operations, often met with by the dentist, "Sensitive Dentine," was next brought up. Each gave his mode and manner of overcoming the difficulty, some of which were new to most of the members, and all were edified and instructed by the discussion.

At the evening session, after discussing and finally adopting the report of the committee on prices, the time and place of holding the next meeting came up for decision. Wyalusing was the place, and the first Tuesday in June was the time agreed upon.

Afterward, various matters interesting to the members were talked over, and at a seasonable hour the members separated, all expressing themselves highly pleased and instructed, hoping that we may have many similar meetings.

N. B. SMITH, Sec'y.

☞ All persons interested in Bee raising, or in the manufacture and use of Bee Hives, are requested to meet at the Ward House in Towanda, on Wednesday, Oct. 27, at 2 o'clock p.m., for the purpose of consulting in reference to matters of interest to all parties concerned.

R. W. CHENEY,
V. LEONARD,
C. WESTBROOK.

☞ BRAMHALL & RIDGEWAY, at the "Red, White and Blue" Tea Store, are demonstrating to their numerous customers that they have the "inside track" in the tea and coffee trade. If you don't believe it, go there and price their goods. MR. RIDGWAY'S father is a wholesale tea merchant in New York, and gives this firm the advantage of his facilities for purchasing.

☞ It will be seen that CODDING, RUSSELL & Co. appear with a new advertisement this week. Their stock comprises everything in the Hardware line, and as they purchase their goods from first hand, they are able to make it an object for customers to deal with them.

☞ FRIEND ALVORD: Please give notice through the REPORTER that the soldiers of Tuscarora have resolved to erect a marble monument in the new Free Will Baptist cemetery for themselves and their comrades in arms, and that information is wanted of names, dates, company, regiment, &c., of all the dead soldiers from our township and surroundings, and that all living soldiers within reasonable distance are invited to come forward and aid this enterprise and have their record in marble. A mass meeting of soldiers and citizens is hereby called, to meet at said church on Tuesday, Oct. 19, 1869, at 10 o'clock a.m., to see the soldiers' drill and hear the music and the speeches. REV. R. F. ROBERTS will give an address on the blood, thunder and terrors of war, as he saw it as chaplain. Rev. O. C. OLMSTEAD will address the soldiers, Rev. J. W. HILL the citizens, and Rev. J. TILLINGHAST the widows and orphans. A part of the above ministers are pledged, and the others are hereby publicly invited, to be present and take their part, and if any fail others will take their place.

The monument is to be a marble cannon on a brown base, and elevated forty-five degrees.

J. H. ATKINS,
J. H. SAYLOR,
A. J. SAYLOR,
W. H. HOLDEN,
C. O. HOADLEY,
G. WILCOX,
Executive Committee.

By order of said Committee:

BELA COGSWELL,
East Springhill, Oct. 4, 1869. Cor. Sec'y.

☞ The first quarterly meeting of the Bridgewater Baptist Association will be held at the Herrickville Baptist Church, Oct. 30 and 31. Preaching at 10½ a.m., on Saturday, by Rev. Mr. TILDEN, County Superintendent of Common Schools of Susquehanna county.

E. BURROUGHS,
Supply Pastor of the Herrickville Baptist Church.

DIED.

HEWETT.—At his residence in Carroll Co., Mo., Oct. 1, 1869, of old age and general debility, Richard Hewett, aged 69 years and 3 months.

The deceased was for many years a lumber pilot on the Susquehanna River, and will be remembered by nearly all the old raftmen on the river. He formerly resided at Owego, but came to Missouri in 1853. But just as he had got prepared to enjoy life, death came and called him to a better land.

STORRS.—In Granville, Oct. 5, 1869, Eleanor J., wife of Jonas F. Storrs, and daughter of John and Sally Coon, aged 25 years.

The deceased bore her sickness—which was long and severe—with more than ordinary christian fortitude; and when she found that her Master was really calling her to exchange this for another—and as we all trust a better—world, she became perfectly resigned, and sang and prayed for the hour to come when she might be free from her sufferings here, and enter upon that life where "sickness and sorrow, pain and death, are felt and feared no more."

WYOMING COMMERCIAL COLLEGE—"A Business Education will be of advantage to every man, whatever his future occupation may be."—*Franklin.*

The Wyoming Commercial College, established in 1853, and connected with Wyoming Seminary, offers a thorough and complete course of instruction for those desiring a commercial education.

Its location in the beautiful and historic Valley of Wyoming, with its canal, three lines of railroads, and immense coal and other business operations, afford rare opportunities for young men desiring situations.

Our graduates are filling positions of trust all over the country. Young men have attended this Institution from Mississippi, Kansas, Minnesota, and nearly every State in the Union.

Our tuition for the regular Business Course is from fifteen to twenty dollars less than at other Commercial Colleges, and *yet advantages here are in every respect unsurpassed.*

We offer all the aid extended by any Commercial College in the country to graduates in obtaining situations.

Students of the College have all the advantages of the Seminary in regard to library, literary society, &c.

Tuition for the regular Business Course, $25. Telegraphing in connection therewith, $10,00. Telegraphing alone, $25,00. Stationery for full Business Course, $15,00. Board per week, $4.

Send for Catalogue and specimens of Penmanship. Address S. S. SPRAGUE,

Prin. Wyoming Commercial College,
Sept. 23, 1869. Kingston, Pa.

PIANOS, ORGANS AND MELODEONS.—It always gives us pleasure to call the attention of our readers to articles of real merit. In this connection, we advise our patrons who are about to purchase a Piano, Organ or Melodeon, to call at W. DITTRICK & Co.'s Music Store, at Towanda, before buying elsewhere, as the instruments sold by W. D. & Co. are really the only first-class in every respect. The Decker Brothers, Hallet & Cumston, and Conrad Myers' Pianos have now been before the public for twenty years and more. The Pelaubet & Co. and Shaninger Organs and Melodeons for sixteen years. All of them are known to be as near perfection as it is possible to make them, and are giving the most entire satisfaction to all who have used them. Our prices are low, and will sell Pianos from $200 to $1,500; Organs from $80 to $1,000; Melodeons from $75 to $300. Sheet Music, and Instruction Books for Pianos, Organs, Melodeons, and Violins, always on hand. To those who would like instruments from other makers not mentioned above, we say, give us your orders and you shall have them on short notice. Recollect, ladies and gentlemen, that Professor W. DITTRICK has had experience for over twenty years in the above business. Tuning and repairing done, if wanted.

Those who have waited so long for the celebrated "Briefmarken Polka," may have it now at our Store for 62 cents per copy. It is a good piece of music, besides having a collection of 42 foreign postage stamps printed on the outside. W. DITTRICK & Co.

☞ We the undersigned wish to invite the attention of a musical and intelligent public to these instruments we sell, and which are the only Pianos in this country and Europe, with full Iron Frame, in which all the strings rest upon wooden bearings, and in which none of the turning pins go through the iron plate. The great advantages gained by this arrangement are many; a more refined quality of tone, sweetness, great power, equality of tone, and of standing in tune better than any other instrument now in use. Also are the thoughtful and economical buyers of Organs and Melodeons for home use, as well for Church and Sabbath School respectfully invited to examine our instruments which for quality and quantity of tone are unsurpassed.
