PORTABLE THRASHING MACHINES AND SEPARATORS.

WARRANTED to be thoroughly built, and to work well: made and sold by C. W. CARROL, opposite Shoenberger's Rolling Mill, 566 Penn street, Pittsburgh. The Thrashing Machines are beautiful, simple and compact; are easily removed from place to place, and may be used with equal convenience in barn or field. No machine runs lighter, thrashes faster, or makes better work. More than 2,000 of them are now in use in the Western States, and as many in the East of the Mountains. Many of them have thrashed from 80 to 100,000 bushels each; and, on thorough trial, they have been recommended by those who use them, to be as complete, and to work as well as any in the world.

The Separator is Root's Patent, and is attached to the Thrasher, and completely separates the straw and chaff from the grain, and has given entire satisfaction wherever tried. my22lyd
