PRESERVATION OF MANURE.—A great deal has been said and written of late about the construction of barns, so as to save all the manure. It is now admitted that more than half the virtues of manure are washed away and evaporated when exposed in the open air. The desideratum is, how to save the gases and keep them concentrated in the pile. One method is to throw plaster, lime and other substances on the heap, for which the escaping gredients have affinity. The minds of the farming population are at work on the construction of barns. Indeed, thousands of barns have been so constructed as to save a large amount of manure in the vault. While the main object is thus effected, of protection to the manure, the saving is partly neutralized and lost, by the damage to the health and vigor of animals, caused by the deleterious gasses and effluvia which escape through the floor. Men must arrive at the truth by experiment, and sometimes by loss. A friend of ours turned his pigs into his barn cellar in the Fall, where they were fed entirely in the dark. The want of air prevented them from increasing a pound in weight, while the chemical action of the fermenting mass took the hair off their legs and lower part of their bodies. The best way to economize in all respects, is to give the hogs or sheep the dry basement to sleep in, allowing them also a range in the open air, and then in order to secure and protect the manure, erect a well protected shed or wing conveniently adjacent.—*Toledo Blade.*

MEDICAL.

TO THE PUBLIC.
MOST IMPORTANT ANNOUNCEMENT.
RETIREMENT OF PROF. JAMES McCLINTOCK, M. D.

From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE!
Popular Medicine for the first time sanctioned by the
HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK, M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a cheap and popular form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the wid est research, and the almost unequaled experience of one of the first physicians of the age. Each remedy is especially adapted to some *particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of James A. Lashmans & Co., New York, the recipes of my "Family Medicine," with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years, and their composition is well known to hundreds of regular physicians, who have been my students, and who are many of them now practising with distinguished success in all parts of the country. My inducements for this step are numerous: one of the most urgent is, that the demand for my remedies has become so large, through private report of their success, as to make their preparation too great a draft upon my time, another is the repeated solicitations of my friends and patients, in the belief that the general introduction of my remedies would be in many respects a public benefit; and finally, in securing the co-operation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience, whereby I am enabled to assure the public that they will be prepared in the BEST, PUREST AND most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Midwifery, one of the Consulting Physicians of the Philadelphia Hospital, Member late member of the National Medical Association, member of the Philadelphia Medical Society, member of the Medico-Chirurgical College of Philadelphia, late Surgeon, President and Professor of Anatomy and Surgery in Castleton Medical College, Vermont, and also late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass., &c. &c., &c.

We need scarcely remind the intelligent public of the *great necessity* which exists for the introduction of a class of *good and reliable popular medicines* which may be confidently adopted into family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of *Science, Study and Experience*. Nothing more is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily propelled into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We trust confidently in the good sense of the community to support us in this effort to extirpate the great public evil of *Quackery* and humbly hope that the following list of our remedies may embrace the first twelve remedies of the series, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. If you or any of your friends are suffering, lose no time by procuring the aid of the *first medical authority of the day*, by obtaining and giving a trial to such of these medicines as are adapted to the case. We call especial attention to the first of the list as being most generally demanded, at this season namely, the

I.....PECTORAL SYRUP.

This invaluable Syrup, which is entirely Vegetable in its composition, has been employed with wonderful success for many years in the cure of diseases of the AIR PASSAGES AND LUNGS. The most common diseases of these organs are, *Irritation and Inflammation of the Mucous Membrane* which lines the air tubes of the throat, windpipe and lungs. For any of these forms of disease, whether showing themselves as *Cough, Tickling of the Throat, Sense of Fullness in the Throat, Spitting of Blood, Difficulty of Breathing, Hoarseness or Loss of Voice, and Hectic Fever*, its use will be attended with the happiest results. It is recommended as one of the best and safest medicines for all forms of the *incipient or chronic form of Consumption.*

No Laudanum or preparation of Opium, in any shape, is in this Syrup. PRICE, per Bottle, 25 cents.

II.....ASTHMA AND, WHOOPING COUGH REMEDY.

These terribly distressing diseases are relieved to an unparalleled degree by this purely vegetable medicine, which has been brought to perfection slowly in the course of twenty years' observation. Trial is all that is needed to prove its efficacy to those who have never employed it. PRICE, per Bottle, 50 cents.

III.....DIARRHŒA CORDIAL AND CHOLERA PREVENTIVE.

A CERTAIN CURE for Diarrhœa and, of *and is now*, for Dysentery, Cholera Morbus and Asiatic Cholera. This medicine HAS NEVER FAILED to cure Diarrhœa; and in Dysentery it is equally successful. In Cholera and Cholera Morbus it will be found invaluable. For Colic of Infants and Cholera Infantum it is a precious remedy. Full directions for use accompany each bottle. PRICE, per Bottle, 25 and 50 cents.

V.....TONIC ALTERATIVE SYRUP.

For the cure, 1. Of *Cutaneous or Skin Disease*, viz: Tetter, Ringworm, Erysipelas, Eruptions, Blotches, Blains, Ringworm, &c. 2. Of *Scrofulous Diseases*, Scrofula or King's Evil, White Swelling, Tumors or Swelled Neck, Tumors, Sore Ulcers, &c. 3. *Rheumatic Diseases*, Chronic Rheumatism, Gout, &c. 4. *Mercurial and Syphilitic Diseases* of all classes, Primary, Secondary or Tertiary. These diseases all arise from a *taint* in the system requiring an alteration of the Secretions and a general purification of the blood. For this purpose the TONIC ALTERATIVE SYRUP, which combines the virtues of certain vegetable remedies united to the disease seat of the system, will be found wonderfully effective. PRICE, [Pint Bottles] $1.

VI.....DYSPEPTIC ELIXIR.

DYSPEPSIA, or disordered digestion, may be called the National Disease of America. Its symptoms are headache; giddiness; nervousness; low spirits; dimness of vision; costiveness; coldness of the extremities; sense of fullness or dullness of hearing and ringing in the ears; disagreeable taste in the mouth; constriction or weight about the chest; difficulty of breathing; sense of suffocation in lying down; palpitation or uneasy feeling about the heart; irregular or deficient appetites; sense of sinking at the stomach; acidity; heartburn; pain or fullness in the abdomen, and costiveness. Some of these symptoms attways appear in Dyspepsia, and sometimes the same patient has many of them at the same time, or at different times. For attacking these Protean symptoms in their source, of course, the deranged condition of the digestive functions, the DYSPEPTIC ELIXIR combines all the valuable ingredients which the Vegetable Kingdom afford. Taken in connection with the Vegetable Purgative Pills in cases where there is much costiveness, or with the Anti-Bilious Pills, where the functions of the liver are irregularly discharged, it will be found a most effectual remedy. PRICE, [in Pint bottles] $1.

VII.....RHEUMATIC MIXTURE.

A purely vegetable combination for the cure of Rheumatism, Gout, and all Neuralgic and Rheumatic Diseases.—This remedy is offered with the usual *confidence*. It has been used most extensively and is as near a SPECIFIC for Rheumatic Diseases as the world has ever seen. PRICE, per bottle, 50 cents.

VIII.....RHEUMATIC LINIMENT.

An infallible outward application for the relief of all rheumatic or neuralgic pains, sprains, swellings, stiffness of the joints, pain in the shoulders, lack or loins, affords immediate relief from colic, and pains in the stomach and abdomen. As a counter irritant, it is invaluable in all cases where an external stimulant is needed.—PRICE, per Bottle, 50 cents.

IX.....ANODYNE MIXTURE.

A most convenient and valuable remedy, to be used both internally and externally, for the relief of Pains, wherever acute or cancous, as in Pleurisy, Pains in the Chest, Stitches in the Side, Pains in the Face, Neuralgic Pains wherever found, Pains in the Stomach, Bowels, Liver or kidneys, in sudden attacks of Colic, Bilious Colic, and Fits of Stone or Gravel, it will give immediate relief. PRICE, per Bottle, Fifty Cents.

X.....TONIC MIXTURE, OR FEVER AND AGUE SPECIFIC.

A sure and safe vegetable remedy for Fever and Ague, or intermittent Fever in any of its forms, and for all diseases recurring periodically. This remedy has been tried to a limited extent, and has been found a specific so far as any medicine can be entitled to that name. In convalescence from acute diseases, where tonics are required, and in all cases of prostration of strength and want of nervous power, it will be found singularly efficacious. PRICE, per Bottle, $1.

XI.....VEGETABLE PURGATIVE PILLS.

For the relief of Constipation, and all its painful results, such as Headache, Dizziness, Sick or Nervous Pains and the symptoms enumerated under the "Dyspeptic Elixir," in all cases where purgation is needed, these Pills are offered as a *safe and mild, but efficient cathartic*. No family or invalid should be without them. PRICE, per Box, 25 Cents.

XII.....ANTI-BILIOUS PILLS.

For Liver Complaints, and all forms of disease arising from derangement of the liver, with symptoms such as yellow ness of the Eyes and Skin, Dizziness, Headache, with tongue coated yellow, furred tongue, pain in the right shoulder, sense of fullness or pain in the right side, disordered stomach or bowels, deficient action of the liver, clay-colored stools, etc. These Pills, if taken in the incipient stages of Bilious and Yellow Fever, or other Fevers, will generally ward off the attack. PRICE, per Box, 25 Cents.

The undersigned, in accepting the proprietorship of Dr. James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Dispensing Chemist, for nearly fifteen years past, during which time he has been actively connected with the best pharmaceutical establishments in this country, he has had constant occasion to see and prepare the prescriptions of the most eminent physicians, among whom he would name Dr. Dunglison, Dr. Parker, Dr. Francis, Dr. Cheesman, Dr. Reese, Dr. Whitlaker, Dr. Schmidt, Dr. Hosack, Dr. Hosack, Drs. Pratt and Young, Dr. Beale, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to discriminate with confidence between *legitimate medicines, traduction of scientific study*, so as to secure a harmonious chemical union in union with their highest therapeutical effects, and the inaccurate mixtures of quackery and ignorance, wherein, for want of proper knowledge in combining them, the best ingredients may neutralize and destroy each other, or result in a substance highly injurious, and contrary to the intended design. It is with pleasure, therefore, that he testifies that the prescriptions of Dr. James McClintock are now composed of the most valuable medical agents known to, and habitually employed by, our best practitioners in the treatment of the several diseases for which they are intended, but they are combined in such accurate proportions, in relation to their chemical and medicinal
