ALSO IT LITERALLY.—A lawyer's clerk in Lancaster, being requested by his employer to "kick a gentleman the 'lions of the town,' took to all the public houses in the town designated by the titles of the Red Lion, the Black Bear, the White Lion, &c., and the gentleman, spying the joke, "stood Sam" at each place, the result being that the clerk returned to the office in a state of inebriation.—*Punch.*

The Belleville *Advocate*, a leading democratic paper in southern Illinois, speaks as follows of the attempt of Douglass to introduce Slavery into Nebraska:

"On this question of Slavery in Nebraska, we are is to be no trifling. The North is fixed literably, and will tolerate no playing of fast and loose with interests of such magnitude. The Northern man who will play this game will sink deeper than plummet ever sounded."

The Picayune has a capital hit at John Mitchell in its last issue. It represents him kneeling in the puddle of slavery, looking dreadfully woe-begone, and decidedly "sucked in." Horace Greeley and James Gordon Bennett are enjoying the spectacle, while Uncle Sam proceeds to inquire what he is doing there:

Citizen John Mitchel—"Sure, I'm thinking to put my little cock-boat in it! An' as for the puddles, they don'd me yis' wor proud in it, and ye delight in embellishin it, an' that it I owed yself over an' over in it, ye'd like me all the better for it!"

Uncle Sam—"Guess not! The puddle's there, I was that fore I owned the farm, an' I have let it be, seein' that it smells all the worse when stirred. But I don't like a fellow to go dabblin' in it of his own choice, an' you must be a nasty boy or you wouldn't be thar."

Land Warrants, Real Estate Agency for the State of Illinois.

THE undersigned, late of Pittsburgh, has opened an office in the city of Springfield, Illinois, for the purpose of Buying, Selling and Locating Land Warrants, Land Scrip and Warrants located on application, and Taxes paid on Lands of non-residents.

The undersigned is accepting the proprietorship of Dr. James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Dispensing Chemist, for nearly fifteen years past, and during the time he has been intimately connected with the best pharmaceutical establishments in this country, he has had constant occasion to see and prepare the prescriptions of the most eminent physicians, among whom Dr. James McClintock, Drs. Parker, Shurtz, Parker, Dr. Cheeseman, Dr. Rowe, Dr. Whittaker, Dr. Schmidt, Dr. Hosack, Dr. Kissam, Drs. Pitt and Young, Dr. Beck, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to discriminate with confidence between *legitimate medicines, combined scientifically*, so as to secure a harmonious chemical action in union with their highest therapeutic effects, and the insecure mixtures of quackery and pretension therein, for want of proper knowledge in combining them, the best ingredients may neutralize and destroy each other, or result in a substance highly injurious, and contrary to the intended design. It is with pleasure, therefore, that he testifies that the prescriptions of Dr. James McClintock are not only composed of the most valuable medical agents known to, and habitually employed by, our best practitioners in the profession, but are combined in such a way that they are intended, but they are combined in such accurate proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficacy.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that those *great remedies* in his hands will be *faithfully prepared* in strict accordance with the prescriptions of their distinguished originator.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;

RETIREMENT OF PROF. JAMES McCLINTOCK, M. D

From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE!

Popular Medicine for the first time sanctioned by the

HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap* and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations *ever known* for the cure of disease. They are the fruits of the most profound investigation, the ripest research, and the almost unexampled experience of one of the first physicians of the age. Each remedy is especially adapted to *some particular form of disease*, in accordance with the *highest principles of modern medical science.* Each of these remedies have been tried, improved, and finally perfected, in the course of a long, arduous and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

WE ARE THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicines," with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years, and their composition is well known to hundreds of regular physicians, who have been my students, and who are many of them now practising with distinguished success in all parts of the country. My instruments for this step are numerous one of the most urgent is, that the demand for my remedies has become so large, through private report of their efficacy, as to make their preparation necessary, and a draft upon my time; another is, the repeated solicitations of my friends and patients, in the hope of that the general introduction of my remedies would be in many respects a public benefit; and finally, in securing the co-operation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience. Having my entire confidence in his ability, I have the fullest confidence that the virtues of my remedies will be fully preserved in the hands of Mr. Cushman, and that they will be prepared in the best, purest and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Lecturer on Anatomy, Surgery, Midwifery and Medical Physiology of the Philadelphia Hospital, Blockley; late member of the National Medical Society; late member of the Philadelphia Medical Society; member of the Medico-Chirurgical College of Philadelphia; Corresponding and Honorary Member of the Medical Society in Castleton Medical College, Vermont; and also, late Professor of Anatomy and Physiology in Berkshire Medical College, Pittsfield, Mass., &c., &c., &c.

We need scarcely remind the intelligent public of the great necessity which exists for the introduction of a class of cost and reliable popular medicines which may be confidently adopted into family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of *Science, Study and Experience*, and which is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of life and health of their fellow beings. We trust confidently to the good sense of the community to support us in this effort to extirpate the great public evil of Quackery, by giving a careful perusal to the following list, which embraces the entire remedies of the series, and which comprehends some of the most valuable specifics ever discovered for the several complaints enumerated. If you or any of your friends are sufferers, one no time to procrastinate the aid of the *first medical authority in the city*, by obtaining and giving a trial to such of these medicines as are adapted to the case. We call especial attention to the first on the list as being most generally demanded, at this season namely, the

PRICE, per Box, 25 Cents.

The undersigned in accepting the proprietorship of Dr. James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Dispensing Chemist, for nearly fifteen years past, and during the time he has been intimately connected with the best pharmaceutical establishments in this country, he has had constant occasion to see and prepare the prescriptions of the most eminent physicians, among whom Dr. James McClintock, Drs. Parker, Shurtz, Parker, Dr. Cheeseman, Dr. Rowe, Dr. Whittaker, Dr. Schmidt, Dr. Hosack, Dr. Kissam, Drs. Pitt and Young, Dr. Beck, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to discriminate with confidence between *legitimate medicines, combined scientifically*, so as to secure a harmonious chemical action in union with their highest therapeutic effects, and the insecure mixtures of quackery and pretension therein, for want of proper knowledge in combining them, the best ingredients may neutralize and destroy each other, or result in a substance highly injurious, and contrary to the intended design. It is with pleasure, therefore, that he testifies that the prescriptions of Dr. James McClintock are not only composed of the most valuable medical agents known to, and habitually employed by, our best practitioners in the profession, but are combined in such a way that they are intended, but they are combined in such accurate proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficacy.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that those *great remedies* in his hands will be *faithfully prepared* in strict accordance with the prescriptions of their distinguished originator.
