READ the interesting article on "Ancient Money," on the first page of this paper. It was prepared by a young gentleman who has given the subject a good deal of attention.

THE musical entertainment at Mercur's Hall, this Wednesday evening, will be a rich treat for lovers of fine music. The performers are the best amateurs in this community.

THE County Commissioners have exchanged their safe for one of MARVIN's largest. We are pleased to note that they intend to display a little taste and enterprise in fitting up their office with suitable furniture.

JUDGE MERCUR announced eighteen decisions at a session of the Supreme Court on Monday last. The "opinions" in these cases were written by the Judge during his recent sojourn at his home in this place.

AS AN evidence of the honesty of postmasters, we are informed that an unsealed letter, containing quite an amount of money in bank bills, was received by HUMPHREY BROS. & TRACY, last week, from a correspondent in Sullivan county.

THE dwelling house of D. D. MAYNARD, near Maj. HALE's, in Towanda township, was burned early Sunday morning last. Most of the furniture was lost. Insured for $1,000 in NOBLE & VINCENT's agency. Mr. M. believes the fire the work of an incendiary.

TO BUSINESS MEN.—The REPORTER is a traveling agent, making its weekly rounds to the houses of your customers. No matter whether trade is brisk or not, no man can take down his sign, much less withdraw the pleasing influence of a weekly chat with his customers through his local paper.

A FISHING party, consisting of Dr. [illegible], Esq. and Messrs. CHAMBERLIN, MORROW, DAVIES and MONTANYE, subjects, left this place last week for a two weeks' sojourn in the wilds of Potter county. They are all practiced anglers, and the stock of "speckled beauties" will undoubtedly be diminished before their return.

SARAH AND ABRAHAM.—There is a couple in this city, the husband nearly seventy years of age, and his wife in her sixty-third year. One day last week a little daughter was born to them. It is a little singular that the mother's name is SARAH and the father's ABRAHAM. Pity the child was not a boy, so that it might be called ISAAC.—*Elmira Advertiser.*

SEVERAL important suits certified from this county, are to be tried in Sullivan county this week, and a number of our business men are at LaPorte attending Court. In addition to the attorneys who have gone, we noticed Sup't. [illegible], Col. PIOLLET, N. N. BETTS, jr., C. F. FOX and J. A. CODDING, taking the train on Tuesday morning.

MESSRS BARTLETT & TRACY have added a coat of paint to the front of their new office on Main street. The changes inside make it not only attractive, but very convenient. Mr. TRACY superintends the business of the firm, and during business hours may always be found at his post. We heartily commend the new house to the patronage and confidence of the public.

IN A recent trip over the railroad between this place and Meshoppen, Engineer [illegible], pointed out several important improvements contemplated by the company, which will greatly add to the safety of the road. In a number of places the track is to be changed in order to avoid curves. The abandonment of the canal renders these improvements possible.

COL. PIOLLET met with an accident a few days since, which might have proven very serious. In company with his brother and another gentleman, he was proceeding in a spring wagon to his mill at Carbon Creek, when the axletree broke, precipitating the whole party to the ground, and throwing the Colonel down an embankment about twenty-five feet. Fortunately, however, he escaped without much harm, but it is a wonder that he was not badly injured.

POSTAL CARDS.—The following in regard to postal cards, has been issued for the instruction of postmasters and the public:

"Postal cards having written or printed thereon matter of vulgar or indecent character, scurrilous epithets or disloyal devices, will not be forwarded in the mail. Any person depositing postal cards, having written or printed thereon, as above forbidden, or causing to be deposited in the post office for mailing or delivery, is subject to a fine of not more than five hundred dollars, or imprisonment of not more than one year, or both, according to the aggravation of the offence.

"Postmasters are not, under any circumstances, permitted to redeem or exchange postal cards that may be misdirected, spoiled in printing or otherwise unfit for use.

"In their treatment as mail matter, they are to be regarded by postmasters the same as sealed letters, and not as printed matter, except that they are not to be returned to the writers or sent to the dead letter office. If not delivered within sixty days from the time of receipt, they will be burned by postmasters."

THE anniversary exercises of the Presbyterian Sunday-school, came off on Sunday evening last. The design was an arch representing the graces of Christian character. The contributions of the school for the year, amounted to $286. The whole number of names of teachers, officers and scholars on the roll during the year, was 240. Average attendance 130. The whole of the performance was highly creditable to the school, and especially to Mr. OVERTON, the Superintendent.

MUNCY CREEK RAILROAD.—The Williamsport *Register* understands that Mr. J. E. WOTTEN, General Superintendent of the Reading Railroad, and MICHAEL MEYLERT, Esq., of Laporte, are now at Hughesville, conferring with parties there concerning the continuation of the Muncy Creek Railroad to Sullivan. This signifies that the Reading company is in earnest about the completion of the road, and all that is necessary is the reasonable co-operation of the leading citizens along the route to secure the desired end.

THE *Tioga Express* comes to us with the names of A. C. LUMBARD & SON. We would speak kindly of both these gentlemen. The first named is a veteran at the business of newspaper printing, not only as regards the mechanical execution in the trade, but as well as regards the editorial part thereof. We cannot help but wish good luck to "ZACK" and his son, feeling assured that the *Express* in their hands will maintain the position it has assumed from the start, and continue to merit the confidence and support of its subscribers and the people of Tioga.

EXCURSIONS TO THE SEA.—The Lehigh Valley and the North Pennsylvania Railroads have made arrangements to issue round-trip excursion tickets at greatly reduced rates from points on their lines to Atlantic City. The tickets will be good from June 1 to October 1, and baggage will be checked through. Tickets will be for sale at all the principal offices, Easton, Bethlehem, Allentown, Mauch Chunk and Wilkes-Barre. Atlantic City is one of the most attractive seaside resorts, and the number of persons who visit it is increasing yearly. Under the new and convenient arrangements we have no doubt but there will be a large delegation from this section this summer.

WE ARE gratified to announce that Decoration Day is to be observed here this year. The LeRaysville Band has been engaged. It is requested that business places be closed from 11 o'clock A. M., to 1 P. M., and that all who desire to participate in the ceremonies meet in the public square, promptly at 11 o'clock, where a procession will be formed, and proceed to the cemetery. The order of exercises will be announced at that time. Those who can furnish flowers are requested to send them to Grand Jury room any time Friday morning.

The Fire Department has been invited to join in the procession.

WE HAVE received from A. HEVERLY, Esq., a letter complaining of the REPORTER for mentioning the result of his suit with M. C. MERCUR. We submit the question to any fair, unprejudiced man, to decide whether the items Mr. H. complains of could reasonably be construed as prejudicial to his interests. In the first one, we merely said the case had been decided by arbitrators against the plaintiff, a fact which was part of the record in the case, and stated by counsel to the jury. In the second notice, we stated that the jury failed to agree, thus leaving the case just where the arbitrators did, in Mr. MERCUR's favor. If these are not the facts, Mr. HEVERLY is welcome to the use of our columns to show wherein they are not. We have never expressed any opinion as to the merits of the case, but merely given the facts as they occurred.

PERSONAL.—C. W. TIDD, Esq., has resigned his position in the N. Y. & Erie office in New York, and returned to his old post at Barclay.

—Collector MONTANYE has made hosts of friends all through the district. The Bloomsburg *Republican* refers to his recent visit to that county as follows:

"Geo. D. Montanye, Collector of Internal Revenue for the 13th District, spent several days in town during the past week. Mr. Montanye is a courteous gentleman and an efficient officer, and deserves well the popularity he enjoys."

—Rev. WM. MCGLATHERY is back again, and occupied the pulpit of Christ Church on Sunday last.

—Capt. MANVILLE recently paid a visit to his native town, in West Virginia, after an absence of nearly 40 years.

—Capt. BROCKWAY, of Columbia county, was in town this week, on his way to Sullivan county to attend court, and paid us a friendly call.

—E. J. CLAUSON, of the *Item*, represented Bradford Lodge No. 167, I. O. O. F., of this place, at the recent meeting of the Grand Lodge at Wilkes-Barre.

—Rev. E. P. HAMMOND and wife have returned from California, and are now in Philadelphia.

STATE SUNDAY-SCHOOL ASSOCIATION.—The Pennsylvania State Sunday-School Association will hold its ninth annual convention in Titusville, June 3, 4 and 5 next. The sessions will begin on Tuesday evening, June 3, at eight o'clock. Each Sabbath-school in the State is requested to send at least two delegates. Entertainment will be provided for all delegates who will notify L. B. SILLIMAN, Esq., of Titusville, secretary of local committee, on or before May 31. The Philadelphia & Reading Railroad will pass delegates to Harrisburg or Williamsport from all principal points on its road, on application at ticket offices fare two-thirds the usual rates. The Pennsylvania Central Railroad will pass delegates for two-thirds fare, on presentation at ticket offices of an order which must be applied for with name and address at the following points: Philadelphia, JOSHUA L. BAILEY, 311 Chestnut street; Harrisburg, JAS. W. WIER; Pottsville, C. W. WELLS, Esq., Pittsburg, T. J. GILLESPIE. It is expected that Prof. WM. JOHNSON, of Philadelphia, will conduct the singing. The international lesson for the succeeding Sunday, will be taught and practically illustrated, and live Sunday-school questions will be presented by the business committee, for consideration.

REV. J. J. KEYES, who has just taken his leave of the First Baptist Church, Elmira, after a pastorate of eight years, gave the congregation this sound and sensible advice in closing his farewell sermon. It is applicable to all churches, and worthy of consideration:

"Remember that you are not going to admire *everything* about *any* man. You may think so at first, until you come to know him—just as you have thought many times before; just as new acquaintances often think about each other; just as newly married husbands and wives often think about each other. But it is all a mistake. Imperfections belong to all men—ministers with the rest. And, sooner or later, they will make their appearance. But as you have to bear with each other's imperfections, and as your pastor has to bear with yours, so you should bear with his, not magnifying them nor talking of them with each other, and with the people outside. Without charity the church relation is impossible with any degree of pleasure or profit. Without charity the pastoral relation is, also, impossible. So, then, it is better not to go too much into ecstacies over a pastor at first. Begin as you think he will *bear*, and as you think *you* can *hold out*. You will be glad of it in the end. And so will he. Save a little of your admiration for him till he shall have been with you a term of years. Do not gush and overflow so freely in the beginning, that you will run dry the first six months.

"But, pleasantry aside, remember that ministers are human and fallible; and do not cease to love them because they cease to be at length your beau ideal.

"Finally, when you get a pastor, as I hope you soon may, give him a united, hearty support. Nothing will cheer his heart, or encourage him in his work, like that. Try to illustrate more fully than ever your idea of what a church ought to be and become in connection with its pastor. And may he stay with you not eight years alone, but forty-eight, if it please God; a blessing to *you* and *you* to *him*, and both together a rich blessing to this community."

Distressing Accident.—A startling rumor was current on the street in this place on Monday morning last, that Mr. Hiram Myer, of Binghamton, and son of the late Isaac Myer, had shot and fatally injured himself, on Saturday evening. Later information reported the shooting accidental, with a fair prospect of recovery. The *Daily Times* of Monday morning, gives the following particulars of the sad affair:

"About six o'clock, Saturday afternoon, Mr. Myer, a well-known merchant of this city, late of the firm of Horton Brothers & Myer, accidentally shot himself while handling a pistol.

"It appears that Mr. Myer and a young man named Nickel went down on the bank of the Susquehanna, near the covered bridge to shoot at a target with a pistol, borrowed by Mr. Myer for the purpose of testing before purchasing. He was expecting to travel as a commercial agent, and had therefore thought it best to provide himself with a pistol. After firing several shots, young Nickel, who fired first, handed the pistol to Mr. Myer, who attempted to place it in his pantaloons pocket; but in doing so the hammer caught in the lining and the pistol was discharged, the ball taking effect in his abdomen. Notwithstanding the dangerous nature of the wound, Mr. Myer was able to walk home without assistance.

Dr. George Burr was immediately called. He found him wounded as above mentioned, but discovered no trace of the ball. At eight o'clock his pulse was only 72, but at ten it had raised to 84. This showed that he was rallying from the shock of the injury. At his first visit, which was only an hour after the accident, his feet and hands were cold and there was no sign of pulse, which was regarded as a very unfavorable symptom. Under the influence of stimulants his pulse became firmer, and yesterday morning, at five o'clock, his pulse was 100. At nine it was the same; at twelve he was attended by Dr. D. S. Burr, who found his pulse to be only 84. This showed that he was improving, and Dr. Burr thinks he will recover.

"The wound is similar to that which proved fatal in the case of the late Mr. Vallandigdam, who it will be remembered accidentally shot himself while showing how a certain man might have been shot. Fisk was also wounded near the same place, the ball taking about the same direction. Probing, of course, will not answer, although that was done in Fisk's case, and was used as one of the main arguments in defense of Stokes.

"At last accounts, received during last night, Mr. Myer was doing well, and as he is under treatment of one of the most skillful of our surgeons, the chances are in his favor. Mr. Myer has many friends in this city, who will be pained to learn of his misfortune."

Mr. Myer died on Tuesday morning. His sudden and lamentable end falls with peculiar weight on his aged and infirm mother, who has just buried her husband.

The Temperance Meeting.—A meeting of the citizens of the borough of Towanda, was held at the Court House, on Wednesday evening, May 21. The meeting was called to order by electing J. A. Codding President, and S. W. Alvord and B. A. Pettes, Secretaries.

The object of the meeting was stated by the President, viz: To see that the law prohibiting the sale by license of intoxicating liquors, be carried into effect, as passed by the Legislature of Pennsylvania, and voted upon and carried by some 1800 majority in this county of Bradford against license.

A committee was appointed to draft resolutions setting forth the sense of the meeting, and said committee beg leave to report the following:

Whereas: The sale of liquor in this village, as in every other place, has always been attended with consequences highly detrimental to the health, morals, peace and security of the inhabitants; bringing no valuable result to the community whatever, but entailing upon it drunkenness, disorder, poverty, and crime; and whereas, the law known as the Local Option Law, prohibiting the granting of licenses to sell intoxicating beverages, has been adopted in this county by a very large majority, and has now gone into full effect, therefore,

Resolved, By the citizens of Towanda, in mass meeting assembled:

1st. That we propose to cause the laws of this Commonwealth which forbid the sale of intoxicating drinks without license, to be stringently enforced.

2d. That we hereby give public notice, that every violation of this law that comes to our knowledge, or with sufficient authentication, will be followed by immediate prosecution.

3d. That the disgraceful spectacle of drunken men in the streets, together with the inconvenience and danger arising to the public from persons in such condition being at large, demands that the laws against drunkenness be fully enforced, and that such persons be invariably arrested and punished, and we hereby call upon the village authorities to execute the borough ordinances in all such cases.

4th. That the following named persons, together with such others as they may select to the number of seventy, to constitute a committee, of whom twenty shall be a quorum for business at any regularly called meeting, whose duty it shall be to carry out these resolutions.

5th. That we now proceed to raise a fund by subscription to defray any expenses which may arise from such legal and other proceedings as may be undertaken for the suppression of the liquor traffic.

Welles, concurring heartily in the sentiment of the resolutions, and urging some practical way of raising the necessary funds to carry out the object of this meeting. The following resolution was offered, and by vote adopted:

Resolved, That the committee for the enforcement of the laws against the sale of intoxicating drinks, be empowered and instructed to offer a reward not exceeding One Hundred Dollars, for information that will lead to the conviction of any person violating said laws.

On motion the committee be empowered to increase their number to seventy.

On motion of R. M. Welles, the plan for raising funds be by raising notes for certain amounts that any may see fit to give, subject to assessment as may be needed. Five per cent. of said notes to be paid down.

Rome.—Ed. Reporter: Not a gray eagle, but a fish hawk, measuring 5 feet 8 inches from tip to tip, was shot last week by Esquire Woodburn, of this place.

While LeRoy was visited by the Keystone Circus and a band "heartless gamblers," we were visted by three agents representing Tammany Ring, of New York, in the interest of stolen or smuggled goods. Failing to accomplish their object, and believing that Officer Boardman, of this place, was after them, they absconded.

A. A. Taylor and wife, of the Union Hotel, start for Philadelphia and New York, Wednesday, May 28, on a pleasure trip, and are to be absent two weeks. As landlord and landlady, and as citizens, they are highly esteemed by all, and we wish them a pleasant journey and a safe return.

Officer Boardman to-day safely lodged in Towanda jail one Leonard Whitney, for stealing a cow of Martin Towner, of Rome township.

W. H. Shaw's chicken yard contains 350 old fowls, with a fair prospect of a thousand chicks. About 130 eggs per day, is the average. In connection with this business, our chicken farmer has concluded to cultivate a small patch of onions. This small patch contains only six acres. He has on hand 150 bushels of lime, 125 bushels of ashes and about the same quantity of home-made guano, which he considers indispensable in connection with this business.

Judge Passmore and Dr. Hiram Rice are improving the appearance of their buildings by giving them a fresh coat of paint.

If some of our good citizens would not allow their shrubbery to intrude upon the rights of those passing along on the sidewalk, there would be less scowling. I go in for improvement.

We sometimes meet subscribers who complain about the amount of advertising in our paper. We came in contact with one the other day that specially commended us for the advertisements. He said the advertisements saved him many times the price of the paper in the course of a year, remarking that a live merchant that had a good thing, generally allowed it to be known, and one of the first things he and his wife looked for was the advertisements. It is well understood that this class of men (and they are numerous, and increasing every day) know nothing of merchants who never advertise.
