MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;

RETIREMENT OF PROF. JAMES McCLINTOCK, M. D.

From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE! Popular Medicine for the first time sanctioned by the

HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap and popular form*, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations *ever known* for the cure of disease. They are the fruits of the most profound investigation, the ripest research, and the almost unequaled experience of one of the first physicians of the age. Each remedy is especially adapted to some *particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castle Hill, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicines," with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years, and their composition is well known to hundreds of regular physicians, who have been my students, and who as many of them now practising with distinguished success in all parts of the country. My inducements for this step are numerous; one of the most urgent is, that the demand for my remedies has become so large, through private report of their success, as to make their preparation too great a draft upon my time; another is, the repeated solicitations of my friends and patients, in the belief that the general introduction of my remedies would be in many respects a public benefit; and finally, in securing the co-operation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience, whereby I am enabled to assure the public that they will be prepared in the best, purest and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Midwifery, one of the Consulting Physicians of the Philadelphia Hospital, Member of the National Medical Association, member of the Philadelphia Medical Society, member of the Medico-Chirurgical College of Philadelphia, formerly President and Professor of Anatomy and Surgery in Castle Hill Medical College, Vermont, and also, late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass., &c., &c.

We need scarcely remind the intelligent public of the *great necessity* which exists for the introduction of a class of good and *reliable popular medicines* which may be confidently adopted into family use and *depended on in all times in the absence of a physician*, as being the legitimate productions of *Science, Study and Experience*. No argument is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless empirics, for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We trust confidently in the good *sense* of the community to support us in this effort to extirpate the great public evil of Quackery, by giving a careful perusal to the following list, which embraces the first twelve remedies of the series, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. If you or some of your friends are sufferers, one no time in preparing the aid of the *first medical authority of the day*, by obtaining and giving a trial to such of these medicines as are adapted to the case. We call especial attention to the first of the list as being most generally demanded, at this season namely, the

I.....PECTORAL SYRUP.

This invaluable Syrup, which is entirely Vegetable in its composition, has been employed with wonderful success for many years in the cure of diseases of the AIR PASSAGES AND LUNGS. The most common diseases of those organs are, *Irritation and Inflammation* of the Mucous Membrane which lines the air tubes of the throat, whooping cough and tickling in the throat, whistling and hoarse breathing, for any of these forms of disease, whether showing themselves as *Cough, Tickling of the Throat, Sense of Tightness in the Throat, Raising of Blood, Difficulty of Breathing, Hoarseness or Loss of Voice, and Hectic Fever*, its use will be attended with the highest results. It is recommended as one of the best and safest medicines for all forms of *Bronchitis and Consumption*.

No Laudanum or preparation of Opium, in any shape, is the Syrup. PRICE (in Pint Bottles) $1.

II.....COLD AND COUGH MIXTURE.

III.....ASTHMA AND WHOOPING COUGH REMEDY.

These terribly distressing diseases are relieved to an unparalleled degree by this purely vegetable medicine, which has been brought to perfection slowly in the course of many years' observation. Trial is all that is needed to prove its efficacy to those who have never employed it. PRICE, per Bottle, 50 cents.

IV.....DIARRHŒA CORDIAL AND CHOLERA PREVENTIVE.

A CERTAIN cure for Diarrhœa and, *if used in time*, for Dysentery, Cholera Morbus and Asiatic Cholera. For Colic of Infants and Children, this preparation is a most valuable remedy. Full directions for use accompany each bottle. PRICE, per Bottle, 25 and 50 cents.

For this purpose the TONIC ALTERATIVE SYRUP, which combines the virtues of certain vegetable remedies suited to the disease and nature of the system, will be found wonderfully effective. PRICE, [Pint Bottles] $1

VI.....DYSPEPTIC ELIXIR.

DYSPEPSIA, or disordered digestion, may be called the National Disease of America. Its symptoms are headache, giddiness, nervousness, low spirits, dimness of vision, with motes or specks before the eyes, tickling in the throat, dullness of hearing and ringing in the ears, disagreeable taste in the mouth, after eating, pain in the stomach, palpitation of the heart, irregular or deficient appetite, sense of sinking at the stomach, acidity, heartburn, pain or fulness of the stomach, and costiveness. Some of these symptoms always appear in Dyspepsia, and sometimes the same patient has many of them at the same time, or at different times. We need scarcely remind the intelligent public of the *great necessity* which exists for the introduction of a class of good and *reliable popular medicines* which may be confidently adopted into family use and *depended on in all times in the absence of a physician*, as being the legitimate productions of *Science, Study and Experience*. SANDS' SARSAPARILLA
IN QUART BOTTLES.
For Purifying the Blood, and for the Cure
Of Scrofula, Rheumatism, Inborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Blotches, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Quinsy, Consumption, Female Complaints, Loss of Appetite, General Debility, &c. &c.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is at the same time compounded with other vegetable remedies of great power in the cure of the various complaints and scrofulous maladies of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation of the bowels, and thus three paths are opened, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which stimulates while it disinducts and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in that their resemblance ends, being often prepared from worthless and inert materials, and, of course, possessing no healing or curative properties, and patients in making choice of which they will use should take no other but that unequalled to their confidence, from the long list of cures it has effected on living witnesses, whose testimonials and residence have been published, and who are still bearing daily testimony to its worth.

ASTONISHING CURE.

PATTERSON, N. Y., Sept. 20th, 1851.

MESSRS. A. B. & D. SANDS: Gentlemen—Having witnessed the most benefitial effects from your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son.

He was seized in the Spring of 1848, by a disease which first showed itself in a small ulcerous spot on the ankle joint, which in the course of a few days became very painful, and was treated by a physician for a sprain. This continued for a long time, when it began to spread and discharged most profusely; after that no less than eleven ulcerous formed on the leg and foot, which at times had five to seven discharging at once. He suffered much; and the last was so painful that he was confined to his room for nearly a year, when he was advised to try your celebrated Sarsaparilla. During this time one had healed so much as to permit his walking, but after some days it broke out again, more than twenty-five preserved in a bottle, varying from one-half to one and a half inches in length. He had taken only all of your Sarsaparilla, but at the time we were in doubt as to its efficacy, and with its use his health and spirits began immediately to improve, and in two months was the change that less than a dozen bottles effected a perfect cure. With gratitude, I remain, Yours, &c.

DARIUS BALLARD.

We, the undersigned, neighbors of Mr. Ballard, cheerfully testify to the truth of the above statement.

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS.
PREPARED BY

DR. C. M. JACKSON,

No. 120 ARCH STREET, PHILADELPHIA.

Their power over the above diseases is not equalled, if equalled, by any other preparation in the United States, and the more severe, in many cases after all other means have failed.

These bitters are worth the attention of invalids. Persons suffering from the effects of indisposition of disease of the Liver and lesser glands, exercising the most searching powers over the digestive and assimilative organs, they are, without, safe certain and pleasant.

DRIVEN TO THE WALL AND CONVINCED.

The following account of the cure of the Rev. J. W. Parkes is extracted from the Christian Chronicle:

PHILADELPHIA, Dec. 7th, 1852.

DR. C. M. JACKSON, Dear Sir—I believe your German Bitters are what they are represented to be. I suffered more than one year I have been troubled with Chronic Inflammation of the stomach, which at the time, until about the middle of last June, I had suffered the most excruciating pain, and finally prostrated by it. My stomach and the mucous membrane in it became so exceedingly tender, and so sensitive, that in that condition, I called upon a physician who understood my complaint, and who prescribed for me, and I underwent a course of medicine to my bowels. But still my stomach and bowels were not right, my tongue continued to be much coated and I felt very unwell. I then checked my appetite, and began but partially performing their regular functions, accompanied with extreme nervous debility. I then tried one of the Christian Chronicles I noticed Dr. Hoofland's German Bitters advertised, and after using one bottle, I found a decided improvement, and in several weeks I felt myself recommending your bitters to some similar to mine. I sent to your agent, Mr. A. Turrel, at Montrose, and procured a bottle. I then commenced using them, and in a few weeks, I felt myself entirely restored, and I am at this time enjoying my health, and I have reason to believe that I owe my life to your invaluable medicine. I feel it my duty to make this public, and I have reason to believe that I am being partially restored; whereas the disease has been pronounced to be incurable, at the age of 70 years. I am a number last my restoration was despaired of, as was stated in a letter of Elder D. M. Spratt, and published in the Christian Chronicle of Dec. 3d.

Now, sir, I am aware that but few, at least in case so desperate as mine, would believe that any thing could do for I believe there are hundreds in this region who shall be convinced by the Bitters.

Yours Respectfully, J. W. PARKER.
