HARMONIUMS AND MELODEONS.

H. KLEBER & BRO., have received and for sales lot of the above instruments which they warrant equal if not superior to any others made.

HARMONIUMS with 8 stops made by SCHIEDMEYER, Stuttgard, Germany.

HARMONIUMS with 3 stops by Trayser & Co., Stuttgard.

These instruments have been examined by the Professors and amateurs of the two cities, who pronounce them in point of volume and sweetness of tone, fully equal to any small Church or parlor organ. The treadles are so arranged that a child of eight years can work them with ease. MELODEONS MADE BY GARRATT & NEEDHAM N. Y.

It is almost superfluous to say anything in their favor. The senior partner, Mr Garratt is the original inventor of the Melodeon and the superiority of his instruments has never been questioned. They receive orders for them from all parts of the world. One of their last and most important improvements is the DOUBLE SWELL, which while it enriches the tone affords the player greater variety of effects. Purchasers are requested to examine and convince themselves of the superiority of the above, which will be sold on the most reasonable terms by H. Kleber & Bro., No. 58, Fifth street.

N. B. Fresh stock of NUNNS & CLARK'S and other Pianos on the way. ja21
