# THE PEOPLE'S FORUM

## Letters to the Editor

Letters to the Editor should be as brief and to the point as possible, avoiding anything that would open a denominational or sectarian discussion.

No attention will be paid to anonymous letters. Names and addresses must be signed as an evidence of good faith, although names will not be printed if request is made that they be omitted.

The publication of a letter is not to be taken as an indorsement of its views by this paper.

Communications will not be returned unless accompanied by postage, nor will manuscript be saved.

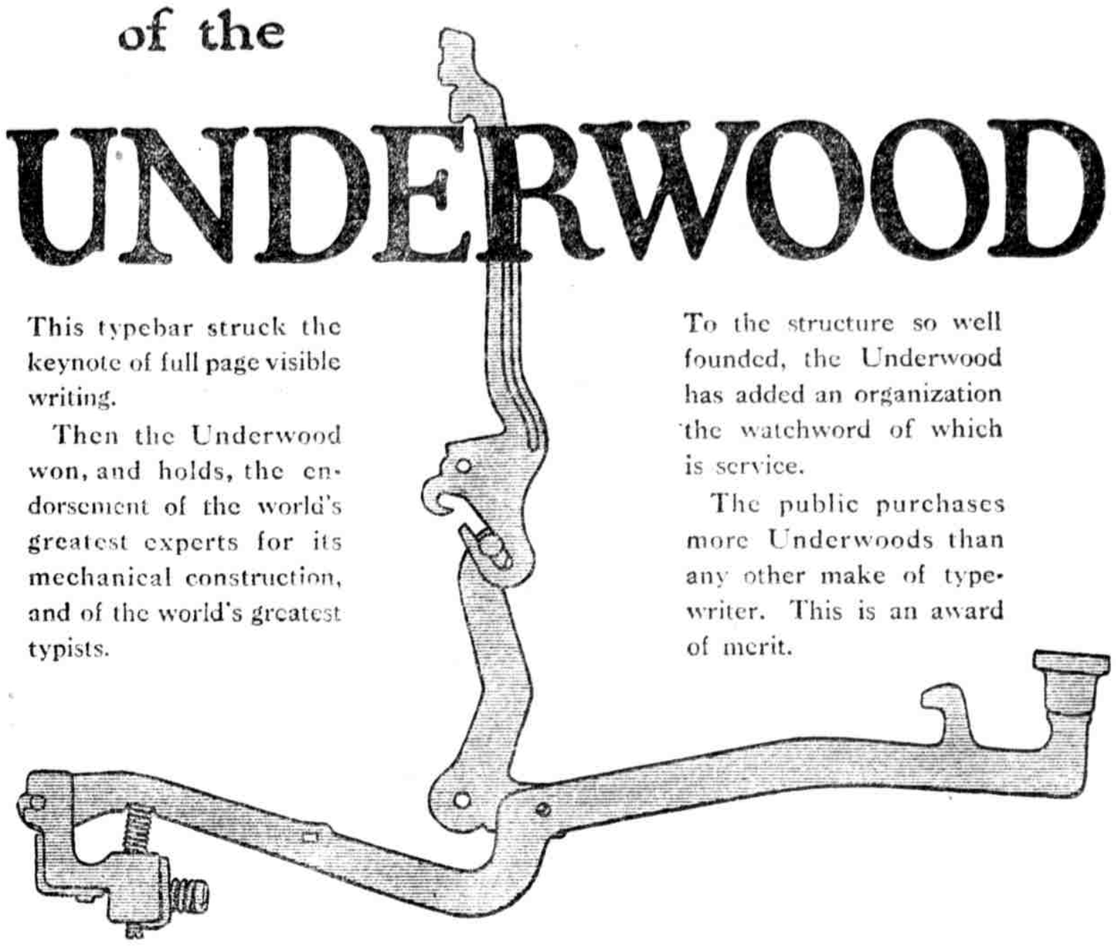
MASTER STROKE of the UNDERWOOD

This typebar struck the keynote of full page visible writing.

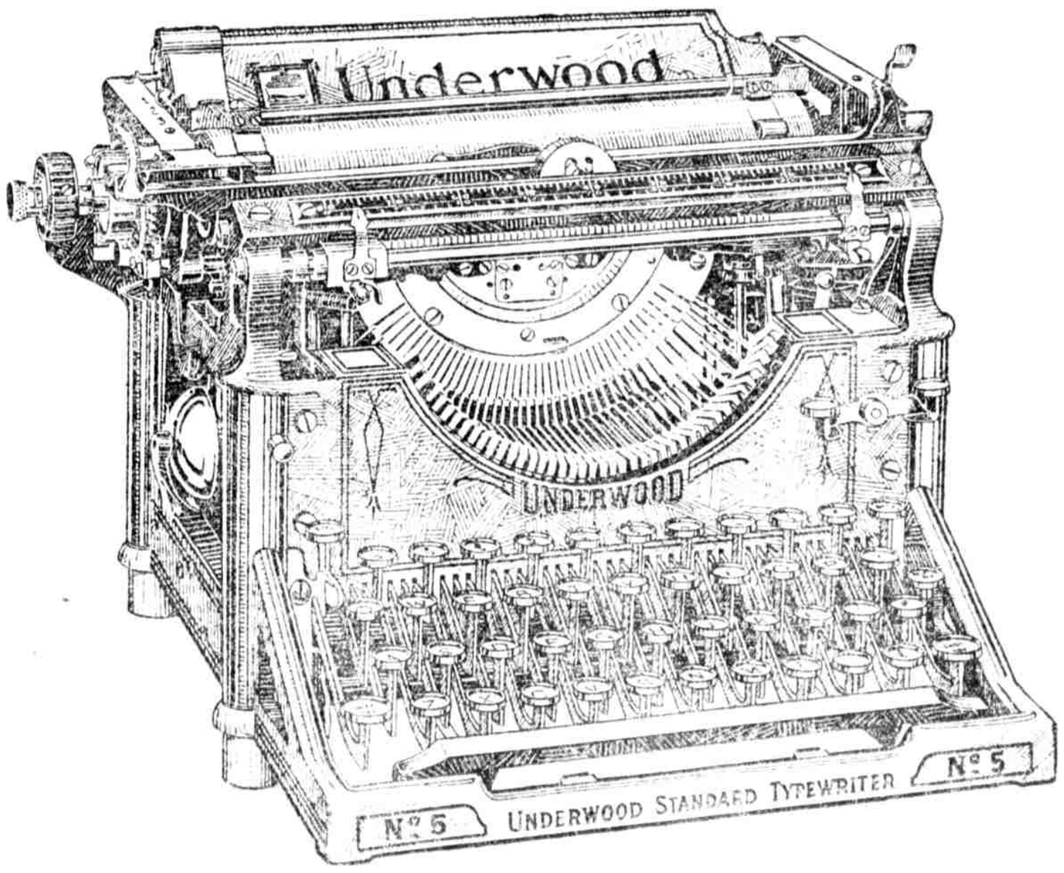
Then the Underwood won, and holds, the endorsement of the world's greatest experts for its mechanical construction, and of the world's greatest typists.

To the structure so well founded, the Underwood has added an organization the watchword of which is service.

The public purchases more Underwoods than any other make of typewriter. This is an award of merit.



*Right* at first, the Underwood, equipped with the same typebar, is *right* now.



Speed-Accuracy-Durability-Service

The Underwood originates and leads. In the purchase of a writing machine buy the *original*.
