PITTSBURGH CHEMICAL AND VARNISH WORKS
FINCH & CO.,

RESPECTFULLY inform Druggists and Dealers in Varnishes generally that they have for some time been engaged in the preparation of all descriptions of Copal and other VARNISHES, and are now prepared to supply their friends and the public generally with articles of the very best manufacture, made of the best material, and selected with the greatest care and on the most favorable terms.

FINCH & CO. intend to devote themselves to cultivating a first class trade, and have no doubt that their efforts in this trial, will prove satisfactory. Their tariff of prices will be found equally low with any of the eastern manufacturers, and they intend to render their works the resort of approved and tested quality, they only ask for a trial and a share of public patronage.

To our new Body COACH VARNISH we would call particular attention. This article is equal to any English or other Coach Varnish of the very best brands, being made exactly after the process of the first class English houses, by Mr. Thomas Douglass, who for many years was engaged in some of the most extensive establishments in England and Scotland.

Our Anti-Corrosive BLACK VARNISH we would particularly recommend to Founders, Boatbuilders, and Manufacturers of iron generally, as it possesses peculiar qualities to prevent oxydation effectually, which is a great desideratum to those using varnish for iron, and preferable to asphaltum and other compounds.

All orders left at Messrs. JOHN IRWIN & SONS' Front street, will be punctually attended to, or with J. FINCH, 147 third st. [illegible]

Hough's Improved Fire and Water Proof Composition Roofing.

HAVING been for the last eleven years extensively engaged in the manufacture of the above Roofing, and having in all the principal cities of the Union, during that time, laid down many thousands of square feet, I have improved and perfected it wherever experience proved that it would be found defective. I have been called upon by the *Pennsylvania Railroad Company* to do a job in this city in 1854, and again to cover the *Susquehanna Depot* in 1855, (for both of which jobs they transported our men and materials from Philadelphia free of charge,) we have been indeed so—as a branch of our business is thus kept up and being prepared to fill orders to any extent, we confidently offer our roofing to the patronage of the citizens of Pittsburgh and vicinity, as a cheap, durable, and perfect *protection against both fire and water* resisting it is not perishable roofing in use.

The best pitch for this roofing is from one-half to one inch to the foot, but we can under favorable circumstances apply it to a much greater pitch, even five or six inches to the foot. Those having *leaky roofs* of any kind can have them recovered by this method with the positive certainty of having good tight roofs. We append the location of some of our roofs, which may be examined. For further information and references, please call at our office. All work warranted. H. H. WARNER & CO.,
