CHINESE SUGAR CANE.—The following letter just received in this city, contains the statement of an important fact to agriculturists:

Washington, Ills., June 17, 1857.—Mr. Isaac A. Hedges—Dear Sir:—I have just received your favor of the 10th inst., inquiring the result of my experiment in making sugar cane last fall; and in reply to your questions I will say, I planted early in May, and only about one square rod of ground. The cane grew about ten feet high. I cut it in October, before any frosts; about two-thirds of the seed was ripe when cut; I ground it immediately after cutting, in an old cylinder cider mill, and I ground only a part of the cane I had, in consequence of breaking the mill. I did not measure the juice I got. I boiled it in a common kettle. The syrup foamed in boiling like maple syrup. I clarified it with a little lime, knowing nothing about cane sugar. I managed it just as I would maple sugar, and tried to make it granulate by stirring it, as I used to do with maple, but I could not make it granulate by that process, and set it away. In about six or eight days I looked at it and found it a very handsome article of well granulated sugar. The syrup was pronounced by all who tasted it to be good, equal to any we get from the South. You will see that my experiment is not a test of the quantity or yield per acre; but I think it good proof that good sugar can be made from the Chinese cane. I have planted thirteen acres of cane this year, and it is now up and looks well. I shall want all the apparatus for manufacturing this fall. I shall be glad to hear from you, and any information you can give me will be appreciated.

Truly yours, JOHN L. MANSH.

A NEW GRASS IN IOWA.—An Iowa correspondent of the N. Y. *Tribune*, mentions the introduction of a new species of grass into that State, which he thinks is not grown in any other State in the Union. The seed originally came from Hungary, hence the product is called Hungarian Grass. Cattle are said to be more fond of it than of blue grass, while it will produce two crops per season, or four tons to the acre. The writer says he is satisfied that it will take a position in the agriculture of Iowa second only to the corn crop.

Rolling Mill for Sale.

BY AN ORDER OF THE COURT OF COMMON PLEAS of Scioto county, Ohio, to me directed and issued upon a petition for the dissolution of the Copartnership of the SCIOTO ROLLING MILL COMPANY, ON THE NINTH DAY OF JULY, 1857, offer for sale to the highest bidder THE SCIOTO ROLLING MILL, together with all the Real Estate, Machinery and Tools thereunto belonging. Sale to commence at 10 o'clock, A. M. and to be made at the office of the Scioto Rolling Mill in this city.

This Mill has been in operation about two years, and is in good repair and perfect running order. It has one Bar Mill with two Heating Furnaces; one small Mill with two Heating Furnaces; one Sheet and Roller Iron Mill with four Heating Furnaces. Together with a full assortment of machinery for all of the mills. It has one Forge all complete, with Blast Furnaces and one Scrap Furnace; one Wrought Iron Hammer and one Squeezer. It has a capacity to turn out twenty tons of manufactured iron per day, with power and tools enough to almost double its capacity. It has two large Engines, with cylinders twenty-six inches in diameter, and one small Engine or Doctor. The Building is 265 feet long by 150 wide. There is a Spike Mill attached, containing two Machines with a Double Heating Furnace, capable of turning out thirty keys of spikes per day.

This Mill is very advantageously located for the purchase of pig metal, inasmuch as eighteen Iron Furnaces make this city the depot for their iron, which is brought in on the Scioto & Hocking Valley Rail Road.

The terms of sale are—One fourth cash, one-fourth in six months, one-fourth in nine months and one-fourth in twelve months from the day of sale, with approved security and interest at the rate of six per cent. per annum on the deferred payments. Possession will be given immediately to the purchaser.

For further information apply to the undersigned at Portsmouth, Ohio, June 3, 1857. LEWIS C. DAMARIN, Jelsdtd Receiver for the Scioto Rolling Mill Co.

RESOLUTION

Proposing Amendments to the Constitution of the Commonwealth.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met— That the following amendments are proposed to the Constitution of the Commonwealth, in accordance with the provisions of the tenth article thereof.

FIRST AMENDMENT.

There shall be an additional article to said Constitution to be designated as article eleven, as follows:

ARTICLE XI.

OF PUBLIC DEBTS.

SECTION 1. The State may contract debts to supply casual deficits or failures in revenue, or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was declared, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2. In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 3. Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the State.

SECTION 4. To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the legislature shall, at its first session after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually reduce the principal thereof by not less than a sum of two hundred and fifty thousand dollars which sinking fund shall consist of the net annual income of the public works, from time to time owned by the State, of the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the State, irrespective of other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time by assigning to it any part of the tax, or other revenue of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is paid and shall below the sum of five millions of dollars.

SECTION 5. The credit of the commonwealth shall not in any manner, or event, be pledged, or loaned to any individual, company, corporation, or association; nor shall the commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

SECTION 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough or township, or of any corporation, or association, unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

SECTION 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens or otherwise, to become a stockholder in any company, association, or corporation, or to obtain money for, or loan its credit to, any corporation, association, institution or party.

SECOND AMENDMENT.

There shall be an additional article to said Constitution, to be designated as article XII, as follows.

ARTICLE XII.

OF NEW COUNTIES.

No county shall be divided by a line cutting off over one-tenth of its population, nor to form a new county or other county without the express assent of such county, when it takes one-tenth of the territory thereof; nor shall any new county be established, containing less than four hundred square miles.

THIRD AMENDMENT.

From section two of the first article of the Constitution, striking out the words, *"of the city of Philadelphia, and of each county, respectively,"* from section five, and striking out the words, *"and Philadelphia and of the several counties,"* from section six, and striking out the words, *"or city of Philadelphia or any county,"* and insert in lieu thereof the words, *"and shall be apportioned among four, nine or more districts,"* and in lieu of the following

SECTION 2. In the 27 one thousand eight hundred and twenty-four, and in every tenth year thereafter, representatives to the number of one hundred shall be apportioned and distributed equally throughout the state by districts, in proportion to the number of taxable inhabitants in the several parts thereof, (except that any county containing at least three thousand taxables shall be entitled to form a separate representation, but no more than three counties shall be joined, and no county shall be divided in the formation of a district). Any city containing a sufficient number of taxables to entitle it to at least two representatives, shall form a separate representation designated, and shall be divided into such number of districts, equal to its ratio of equal taxable population as may be, by each of which districts shall elect a representative.

At the end of section seven, same article, insert these words, *"the city of Philadelphia shall be divided into single districts of contiguous territory as nearly equal in taxable population as possible; but no ward shall be divided in the formation of a district."*

The legislature, at its first session after the adoption of this amendment, shall divide the city of Philadelphia into senatorial and representative districts, in the manner above provided, such districts to remain unchanged until the apportionment in the year one thousand eight hundred and sixty-five.

FOURTH AMENDMENT.

These shall be an additional section to the first article of said Constitution, which shall be numbered and read as follows:

SECTION 25. The legislature shall have the power to alter, revoke or annul, any charter of corporation hereofore or hereafter granted, or amended, by special or general law, whenever in their opinion it may be injurious to the rights of the Commonwealth; in such manner, however, that no injustice shall be done to the corporators.

IN SENATE, March 4, 1857.

Resolved, That the resolution pass on the first amendment, yeas 24, nays 7; on the second amendment, yeas 23, nays 8; on the third amendment, yeas 21, nays 4; in the fourth amendment, yeas 23, nays 4.

Medical.

Health and Strength Must Inevitably Follow its Use.

Boerhaave's Holland Bitters.

THE CELEBRATED HOLLAND REMedy is Dyspepsia, Disease of the Kidneys, Liver Complaint, Weakness of any kind, Fever and Ague, and the various diseases consequent upon a disordered Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Dampness, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Nature built no more enemy to combat, with this delightful agent in the system. Its effects are almost magical, yet they are permanent. It communicates no violent shock to the system, but by arousing its vital energy to normal action, enables it to throw off the cause, and thus thoroughly eradicate the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular as a family medicine, that it needs but many of the greatest, as well as by all the druggists, it would seem needless to adduce further evidence, yet as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. S. Buchman, Esq. the well known lithographer, says, "I was dreadfully weak from Dyspepsia I tried Boerhaave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use in severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Boerhaave's Holland Bitters myself, and have recommended it to others, knowing it to be just what it is represented."

Adam Gerhart, City of Lewis St. Chair, says, "I have derived great benefit from its use for weakness of the stomach and indigestion."

Jas. M. Murphy, says: "After several physicians had failed Boerhaave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Hollidaysburg Free Press, says: "After one of the best physicians in this place had failed, Boerhaave's Holland Bitters cured me of the worst form of Dyspepsia."

Francis Felix, only manufacturer of the original "Extract of Coffee," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the Packet, Baltimore, pronounces it "a medicine deserving the blessings of the public."

Dr. Ellerhart, the leading German physician of Penna. has prescribed it frequently during the past three years with marked success in debilitated states of the digestive organs, or of the system generally.

The manager of Dr. Brown's Vinegar Factory, says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and I found it to be doing her more good than anything she has ever taken."

Worth fifty times the cost to any sick man, find in this a beverage will be disappointed, but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular invigorating powers.

CAUTION!—The great popularity of this delightful Aromatic has induced many imitations, which the public should guard against purchasing. Be sure and ask for Dr. Hay and thing else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

☞Sold at $1.00 per bottle, or six bottles for $5.00 by the sole Proprietor, BENJAMIN PAGE, Jr., & CO.

Dr. Libby's Pile Ointment.

DR. LIBBY'S PILE OINTMENT.—From J. D. Westcott, Governor of and United States Senator from Florida.

For upwards of twenty-five years I have been afflicted with the Piles, have submitted to several surgical operations for their removal, and have tried more than fifty remedies; Dr. Libby's Pile Ointment is the first that has given me relief. From the effects already exhibited, the cure must be rapid and complete.

JAMES D. WESTCOTT.

From George W. Matsell, Chief of Police, New York City:

I have long been troubled with the Piles, and the use of Dr. Libby's Pile Ointment gave me immediate relief. It gives me further pleasure to add that in many instances among my acquaintances it has been used with like results.

GEORGE W. MATSELL, Chief of Police.

From the late Adjutant General of Connecticut:

I have been afflicted for the past fifteen years with the most distressing and discouraging form for a period of twenty years, and had recourse to the best medical skill without benefit. I supposed the case inc
