Pittsburgh Gazette.

ONE of the most sensible ideas ever suggested for preventing stock gambling, or indeed gambling of any sort, is set forth by a recent act of the British Parliament, providing that the loss of £50 in one day by gaming, or of more than £200 in the year preceding insolvency, shall bar a bankrupt's title to his certificate. By the offence the culprit becomes a *criminal*, and is punished, at the discretion of the Commissioners, as though he had been guilty of fraud or mercantile misdemeanor. One of the Commissioners of Bankruptcy has extended the rule to time bargains in stock.

THE quantity of flax seed sown in Ohio this season will exceed that of any previous year.—Large quantities were sent out last winter from the East to agents in this State, to be donated to farmers, the agents reserving the right to buy all the seed produced at the current market price—producers to retain the fibre for whatever uses they may see fit to apply it. The flax statistics in Ohio for the current year will be apt to surprise statisticians.—*Cin. Com.*

SLIGHTLY CELTIC.—An Englishman lately purchased a small John of whisky. Being a member of the "fourteen years' standing" society, he undertook to disguise the displicant in a bag. But the bag not being long enough to cover the neck of the bottle, an Irishman, who happened to be present, suggested as a means of reducing the size of the package, to "take a few drinks out of it."

THAT was a very pretty conceit of a romantic husband and father whose name was Rose, who named his daughter "Wild," so that she grew up under the appellation of "Wild Rose." But the romance of the name was sadly spoiled in a few years, for she married a man by the name of "Bull."

EXCELLENT.—A man named Andrew Tillner was on Friday last, in St. Louis, fined $60 for using obscene language on the street while ladies were passing. The magistrate who administered that sentence should have a monument.—*Balt. Amer.*

HON. GALUSHA A. GROW, member of Congress from Pennsylvania, returned to this city on Saturday from the Big Sioux, where he has been indulging in the pleasure of a buffalo hunt. We do not learn his success.—*St. Paul Times.*

DESPERATE ATTEMPT.—A dandy, or swell, inquired of his audience, which was the most dangerous part of the Danube, and they not being able to inform him, replied, the mouth they call Kilis.

RESOLUTION

Proposing Amendments to the Constitution of the Commonwealth.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met—That the following amendments are proposed to the Constitution of the Commonwealth, in accordance with the provisions of the tenth article thereof.

FIRST AMENDMENT.

There shall be an additional article to said Constitution to be designated as article eleven, as follows:—

ARTICLE XI.

OF PUBLIC DEBTS.

SECTION 1. The State may contract debts, to supply casual deficits or failures in revenue, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2. In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 3. Except the debts above specified in sections one and two of this article, no debt whatever shall be created, by, or on behalf of the State.

SECTION 4. To provide for the payment of the present debt, there shall, at the first session after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars, which sinking fund shall consist of the net annual income of the public works, from time to time owned by the State, of the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the State, together with other funds, or revenues, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

SECTION 5. The credit of the commonwealth shall not be pledged or loaned to any individual, company, corporation, or association, nor shall the commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

SECTION 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough or township, or shall any debt be contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

SECTION 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation, or to obtain money for, or loan its credit to, any corporation, association, institution or party.

SECOND AMENDMENT.

There shall be an additional article to said constitution, to be designated as article twelve, as follows:

ARTICLE XII.

OF NEW COUNTIES

No county shall be created by a line cutting off over one-tenth of its population, either to form a new county or otherwise, without the express assent of such county, by a vote of the electors thereof; nor shall any new county be established, containing less than four hundred square miles.

THIRD AMENDMENT.

From section two of the first article of the Constitution, strike out the words, *"of the city of Philadelphia,"* and *each county representing*; from section five, same article, strike out the words, *"of Philadelphia and of the several counties,"* from section seven, same article, strike out the words, *"neither the city of Philadelphia nor any,"* and insert, *from*; and in lieu thereof insert, *"and no"*; and insert, *from*, after the word *"Senator,"* in section ten, same article.

SECTION 4. In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, there shall be elected, in the city of Philadelphia, two Senators and twenty-six Representatives; and in each of the counties forming a Senatorial district, one Senator and one Representative; and in the year one thousand eight hundred and sixty-five, and in every seventh year thereafter, there shall be elected in each county, not forming a district, one Senator and one Representative, in the manner prescribed by the existing apportionment law, until the next apportionment in the year one thousand eight hundred and sixty-five.

FOURTH AMENDMENT.

There shall be an addition to the 2d sec. the first article of said Constitution, which shall be numbered and read as follows:

SECTION 20. The legislature shall have the power to alter, revoke or amend, any charter of incorporation hereofore conferred by, or under any special or general law, when any of their grantees it may be injurious to the citizens of the commonwealth, in such manner, however that no injustice shall be done to the corporators.

Health and Strength Must Inevitably Follow its Use.

Boerhaave's Holland Bitters.

THE CELEBRATED HOLLAND REMedy for Dyspepsia, Disease of the Kidneys, Liver Complaint, Weakness of any kind, Fever and Ague, and the various affections consequent upon a disordered Stomach or Liver, such as Indigestion, Acidity of the Stomach, Giddiness, Blind and Bleeding Piles, Dyspepsia, Costiveness, Jaundice, Dropsy, Nervous Affections, it has in numerous instances proved highly beneficial, and in others affected a decided cure.

Nature finds no more enemy to combat, with this delightful tonic on the human system. Its effects are almost magical, yet it is perfectly safe. It contains no spirits, no violent shock to the system, but by arousing its vital energy to an healthy action, it throws off the cause, and thus thoroughly eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular as a family medicine, that it is sold by many of the grocers, it is not by all the druggists, it would seem unkind to offer further testimony in its behalf. Yet it has been asserted by some that they have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we sublime further evidence, yet as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certification, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. S. Buchman, Esq., the well known Lithographer, says, "I have frequently used Boerhaave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from the use for a severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Boerhaave's Holland Bitters, and can recommend it to others, knowing it to be just what it is represented."

Ad. Jonathan Neely, of Lower St. Clair, says: "I have derived much benefit from its use for weakness of the stomach and indigestion."

Jas. M. Murphy, says: "After several physicians had failed I used Boerhaave's Holland Bitters, and received the pain from my heart and side, arising from indigestion."

The editor of the Kittanning Free Press, says: "After one of the best physicians in this place had failed, Boerhaave's Holland Bitters cured me of the worst form of Dyspepsia."

Francis Felix, cotton manufacturer of the original "Extract of Buchu," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the Packet, Baltimore, pronounced it "a medicine worthy the confidence of the public."

Dr. Ridenhour, the leading German physician of Penna. has marked success in treating during the past three years with our of the system generally.

The manager of Bullin's Vinegar Factory, says: "I used it myself, and was therefore induced to try its effect upon my wife, troubled with the great debility common to all of us, and finding she had actually gained in strength, I do not hesitate to say that it is doing her more good than anything she has ever taken."

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular medicinal properties.

CAUTION!—The great popularity of this delightful Aperient has induced many imitations, which the public should guard against purchasing. Its not presumed to buy anything else until you have given Boerhaave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

☞ Sold at $1.00 per bottle, or six bottles for $5.00 by the sole Proprietors.

DR. LIBBY'S PILE OINTMENT.

From J. D. Westcott, Governor of and United States Senator from Florida:

For upwards of twenty-five years I have been afflicted with the Piles, have submitted to several surgical operations for their removal, and have tried more than fifty remedies. Dr. Libby's Pile Ointment is the first that has given me relief. From the effects already exhibited, the cure must be rapid and complete.

JAMES D. WESTCOTT.

From George W. Matsell, Chief of Police, New York City:

I have long been troubled with the Piles, and the use of Dr. Libby's Pile Ointment gave me immediate relief. It is a valuable remedy.

GEORGE W. MATSELL, Chief of Police.

From the late Adjutant General of Connecticut:

I have been afflicted with Piles in their most distressing and discouraging form for a period of twenty out twenty. I supposed the case incurable, and thought that it would destroy my life. Under the circumstances I commenced the use of Dr. Libby's Pile Ointment; and the result is a perfect cure. I have no language adequate to express my gratitude.

THREE GREAT LIGHTS:

R. R. R.

MANKIND HAVE LONG BEEN ENgaged in a great warfare against disease, as regards the true means of preserving life. The sick, under the fallacious treatment of the regular faculty, are subject to a continued practice of fixed in the treatment of the sick either in the old or new school of medicine.

Dr. Radway has succeeded in producing three remedies—known to the world as Radway's Ready Relief, Invigorating Resolvent and Regulators. These Remedies are not only established facts inasmuch as they have never yet failed in their special or combined efficacy in producing fruitful and beneficial results—but, they are facts establishing a science—as they have in all cases, "when tried" succeeded in restoring to health—and ridding the body from diseases after all physicians had given up the sick as beyond the power of human means to cure—and pronounced the dreadful mandate, incurable.

Radway's Remedies are therefore fixed facts in the archives of medical science—they have been "often tried"—"never denied"—and are ready to be tried again.
