R. R. R.

A FALSE THEORY EXPOSED.—THE TRUE SCIENCE REVEALED.

Mankind have long been engulphed in darkness as regards the mysteries of medicine, and of deriving a truthful solution of its power over disease, and its proper use in the treatment of the sick.

Medicine, as practised by the regular faculty, is a delusion—a bundle of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as are doubtful, and in most cases unsatisfactory.

It is a solemn and startling fact, that three-fourths of those "who have departed this life" died victims, *not to disease*, but to the injudicious application of this subtle and uncertain theory, as practised by the regular faculty.

We have proved the utter fallacy of the regular practice of medicine, and the great undeniable truthfulness of the Reformed Remedies. The Doctress, Bowel Complaint, Fever and Ague, Scrofula, Rheumatism, Coughs, Colds, Consumption, Liver Complaint, Dropsy, Dyspepsia, Nervous Debility, Kidney Complaints, and all diseases of a constitutional nature, Rheumatism
