THE gentleman who has prepared our notes on the International Lessons for the past year, has kindly consented to continue them for another year. SAMUEL DEPEW, of Herrick, was tried before U. S. Commissioner MIX, on Thursday last, on a charge of forging the name of his brother, MOSES DE PEW, to a pension certificate. Accused was held in $1,000 for his appearance at the U. S. Court in June next. In default of bail he was conveyed to the jail of Lycoming county by U. S. Deputy Marshal E. R. DeLong, to await trial.

THE Muncy *Luminary* says: "A party consisting of eleven mill wrights, among whom are HENRY and JOHN GEORGE, of this place, had Geo. H. EMERALD, of Bradford county, inventor of the turbin wheel bearing, his name, will leave Williamsport to-day (Saturday) for Brunswick, Georgia, where they will erect a large and first class steam saw mill for DOBBS & CO., of that city. They expect to be absent until April, 1876.

REV. HENRY S. PARKHURST, a native of this county, and a most excellent christian gentleman, left Tioga county a few weeks since in charge of a colony of emigrants, who were to settle in the Hood River Country, Oregon. At Ogden City, Utah Territory, he sickened and died on the 12th ult. Mr. P. served as an officer in a cavalry regiment during the war and it was during his service in the army that he was converted and resolved to devote the remainder of his life to the christian ministry. He was forty years of age.

"GRIGGS SEEDLING."—For several years past we have frequently received from our esteemed friend and neighbor, J. V. GRIGGS, Esq., apples of immense size and superior flavor. Whenever we have asked what the variety was, we have been told that the fruit was a seedling and that no one has as yet been able to determine to what particular variety it belongs. We have therefore concluded to christen it the *Griggs Seedling*. Mr. GRIGGS very kindly offers to furnish cuttings for grafts to any one who may desire to propagate the fruit.

THE undersigned very gratefully acknowledges the receipt of about Twenty Dollars ($21), as proceeds of Exhibition given by the Hornbrook School District, 1875, under direction of W. P. HORTON, Teacher. The present was altogether unexpected. I trust that the scholars and teacher will accept my heartfelt thanks for this and the many tokens of love and good will that I have received since I came here. May the Giver of all good gifts bless them, is the prayer of their pastor and friend.

Hornbrook, Dec. 8, 1875. REV. J. B. DAVIS.

MR. EDITOR:—The select school at Rome is taught by Prof. WM. P. HORTON, closed Dec. 1st, with a grand exhibition in the evening which was a perfect success in every respect, the scholars acquitting themselves in a very creditable manner. Mr. HORTON has a way of conducting exhibitions that always proves satisfactory and as a teacher he has few equals. The exercises took place in the building of the church at Hornbrook, by the kindness of the trustees. 20 cents be ing charged at the door, the receipts, after all expenses were paid, being donated to Mr. J. B. DAVIS, which rounded the handsome sum of $20, which was thankfully received and duly acknowledged. The Sunday School concert at the Church Sunday evening, Nov. 21st, was in fact a very pleasant affair and one of the social feasts that any community may feel proud of. Br. DAVIS came near being badly injured the same evening so much so that he was compelled to leave home for some of his appointments when driving through the gate at his residence the gate blew against his horse frightening him, when he backed down a deep bank, overturning the sulky, but fortunately caused little damage.

Rome, Dec. 7, 1875. GAVEL.

THE M. E. Church presented an unusually bright and beautiful appearance on Wednesday evening. The occasion was the marriage of our enterprising and industrious young merchant, W. G. GORTNER, and Miss ELLA, the accomplished daughter of D. S. PRATT. A large number of invitations had been extended, and the Church was crowded with friends of the happy pair. Prof. SYKES, of Elmira, presided at the organ, and discoursed most elegant music. At precisely 5 o'clock the bridal party entered the church, the bride leaning on her father's arm, followed by the groom on the other side, while the organist impressively played Mrs. Parkes' grand march. On approaching the altar Rev. Mr. CHAMPION rose and proceeded with the ceremony according to the forms of the M. E. Church. After the twain had been declared man and wife the bridal party left the church, and were soon followed to the mansion of Dr. PRATT, by several hundred guests. An hour and a half was spent in offering congratulations to the newly wedded, and partaking of a most sumptuous repast, after which Mr. GORTNER and bride took the evening train on the Erie road, to return in a few days and assume their position in society as married people. We sincerely hope the unalloyed pleasure of the bridal festivities may be a precursor of the future life of the interested parties.

THE Waverly *Advocate* has this to say about the new hotel at Sayre:

"We said last week, that the opening of the Sayre House on the 25th ult., was a success. We now emphasize that word "success." The party was all that Mr. ARNOLD could have desired, and the accommodations on his part were all any one could wish. Everything was conducted in as good style as could be expected from an old established house. The hotel is very large and roomy—sufficient for Sayre ten years hence, unless the "city of the Plains" shall grow beyond the most sanguine expectations. It is well furnished in all departments—some of the rooms "done off" in vari-colored hard-wood, equal to some of the finest parlors. Some of the rooms seemed small for that occasion, (but that was an unusual occasion), but for ordinary purposes they will prove sufficiently capacious. The dining room is commodious and convenient, which is an important consideration, as the eating department will be more patronised than any other for some time to come. There are fine kitchen accommodations, abundance of sleeping rooms and a very well arranged office. The House is very conveniently located with reference to railroad accommodations, and we doubt not, under Mr. ALVORD's judicious and liberal management, it will prove a great public convenience, and profitable to the proprietor. In your travels don't forget that Sayer has a first-class hotel."

SHESHEQUIN.—Of course it is lawful to talk of the weather, which has been very snappish. The epizootic must have subsided, for every old "plug of a hoss" has been doing his level best to run away. A few succeeded, but did no serious damage.

The STORRS Brigade was routed in the last bloody campaign. I am afraid you did not notice it sufficiently. We all did it, and expect to be remembered. We were shown STORRS's majority confidentially day before election.—109 to 125, sure! All done by the Big Chicken, who will doubtless be remembered also.

A very creditable improvement is noticeable in our highways. Our Road Commissioners—of whom FRANK AYER is one—are doing the very sensible thing of making very solid bridges whenever one needs repairing. They make substantial stone abutments in place of the rotten logs; their method being to hew the sleepers of sound oak, and then bolt stringers, made of white oak, to sleepers, through the oak plank. Being "all oak," it ought not to rip. The time has arrived in the road matters of the town which justifies that kind of economy. Having a new school house now in each district, the next step seems to be to enlighten the people on bridges and highways, which is certainly desirable.

The Odd Fellows, is is rumored, are about building a new hall of their own; or, are casting about to learn the prices of real estate. The liberality of Esquire S——— gives the locality quite an up-street look. When they decide to build, they will at the same time decide to construct a respectable office, which will be an ornament to the neighborhood, wherever that may be. If up street, it will form a nucleus around which an effort will be made to revive the old-time village. *Nous verrons.* PICA.

HERRICKVILLE.—*Mr. Editor:* After enjoying a musical feast of a week's duration, our little town has resumed its usual quiet. The occasion was a musical convention for the benefit of the Herrickville Cornet Band, conducted by Prof. G. F. WARNER, with Mrs. WILSON as assistant. It was very fine. We recommend the Professor to all as a competent music teacher, and well worthy of patronage. His pleasant and gentlemanly ways secure favor and pave the way to success. None can help but profit by his instruction. We feel incapable of doing justice to Mrs. WILSON. As a singer and organist she far surpasses any that were ever here, while her genial manner and cheerful, kindly words, endear her to all. Her services are sought among as will ever be remembered as one of the most pleasant of our lives. The Band as a really will ever feel indebted for her assistance. The superior bass voice of Capt. KILMER, of Asylum, added much to the singing, while his dignified humor kept things lively. The Band boys do not regret voting for him for county commissioner. In this place we take occasion to acknowledge the assistance rendered us by these attending from Springhill, Asylum, Stevensville, Rome, Pike, South Hill and Herrick.

Mr. and Mrs. G. H. FULLER have returned from Wisconsin, after an absence of nearly two years. Mrs. F. returns very much out of health, but all hope for a speedy recovery.

Mrs. CHAMPION is improving as fast as possible.

Mrs. J. N. BARNES, of Herrickville, accompanied by Mrs. JOSEPH HAIGH and son, of Pike, have just returned from visiting friends in Massachusetts.

Mr. and Mrs. STROUPLER have returned from visiting friends in Elmira. Mr. L. H. BARNES and Mrs. GAYLORD CORNISH, of Canisteo, N. Y., are visiting friends in this place. T. A. STUART intends moving to Pittson. We congratulate the people of that place, for CHARLIE means business. We regret, however, to lose him from our society.

Mr. WM. MCPHERSON had the misfortune to lose his thumb a few days since, while working with a threshing machine.

People are generally well, and enjoying the fruits of their summer's labor. ZIMRI.

DIED.

ROCKWELL.—In Monroeton, Nov. 21st, of pulmonary consumption, J. L. Rockwell, aged sixty-one years.

Throughout his useful life the deceased has been a resident of our valley, and he will be missed by many besides those composing his own family and relatives. He was a great sufferer for years, and the last decisive struggle, though short, was severe. His life was one of untiring activity and industry, and by economy and diligence in business he acquired a competency of this world's goods. He was kind to the poor, and honest and upright in his dealings with his fellow-men. He was one of the most liberal contributors to the support of the Gospel, and he will be greatly missed by the Presbyterian Church in Monroeton. His end was Peace. Though he never saw his way clear to unite with the church on earth, he professed to the last to be a believer in the great truths of the Christian religion, and died in the hope and faith of the Christian. H. A.
