Bradford Reporter.

Towanda, Pa., Thursday, April 27, 1876.

LOCAL AND GENERAL.

A BAND of Gipsies passed through this place on Sunday last.

THE ice wagons have again made their appearance on the streets.

MARY LADD, dressmaker, has removed to rooms over POWELL & CO.'s store.

THE farmers' of Canton and vicinity maintain a Farmers' Club. Why can't we have one?

WE regret to learn that Dr. JOHN E. ROCKWELL, of Troy, is suffering from a severe attack of rheumatism.

THE next Universalist Sociable will be held at the house of Mr. W. K. HILL, on Wednesday evening, May 3.

HON. GEORGE SCOTT was the seventh Associate Judge who has died in Judge ELWELL'S district, since the latter has presided.

SIXTEEN persons have recently united with the Episcopal Church at Troy. The other churches have also received large accessions.

GOOD IF TRUE.—There is a rumor that our borough authorities are to grade and thoroughly repair Main street during the present season.

CHAS. CARPENTER has retired from the local department of the Republican office. CHARLIE has done much as localizer to build up that journal.

WE keep constantly on hand a large assortment of jobbing material, and are always prepared to print cards, envelopes, letter heads, &c., on the shortest notice.

P. H. HARDING, one of the Hood River colonists who left Canton last October with the colony, has returned, feeling better satisfied with old Bradford than ever before.

JAMES SPAULDING of Canton township, met with a serious accident at his saw-mill last week. He fell against a saw and the result was a fearful laceration of the arm between the elbow and shoulder.

JOHN SULLIVAN, of the Elwell House, has a Siberian Blood Hound, only fifteen months old, weighing one hundred and fifty pounds. The canine monster was presented to Mr. SULLIVAN by Father KELLY.

REV. T. A. EDWARDS has accepted the call to the pastorate of the Baptist church in this place. He is a young man of fine abilities, excellent culture and earnest piety. We heartily welcome him to our midst.

THE United States Fanning mill Co. have received a flattering offer to introduce their mill in Ohio. A gentleman from the State, who is an extensive grain dealer, pronounces it the best invention of the kind extant.

OUR townsman, JAMES MACFARLANE, Esq., has charge of the bituminous coal exhibition at the Centennial. M'Intyre mine at Ralston contributes to the pyramid to be erected, a block weighing over a ton.

IT will be gratifying to the many friends of Mrs. Doctor D. LEONARD PRATT, to learn that she is much improved in health and that there is a fair prospect of her speedy restoration to wonted health and vigor.

JOHN ADAMY, who has been in charge of Hon. E. R. MYER's mill at Myersburg, has accepted a situation as head miller in a large flouring establishment in Arizona. Mr. A. enjoys the enviable reputation of being one of the best millers in the country.

MRS. CLARK WILSON will organize a class in the rudiments of vocal music, in Prof. RYAN'S room, Granel block, on Saturday afternoon next, at 2 o'clock. All who desire instruction in this important branch should attend.

THE County Commissioners have been making some much needed repairs in the Court Room, which not only add to the appearance of the place but will conduce to the convenience and health of those who are compelled to frequent the building.

MRS. ALONZO RUMSEY, of Sylvania, has been missing from her home for several weeks, and fears are entertained that she has been foully dealt with. Any information concerning the lady will be thankfully received by her afflicted mother, MRS. OLIVE JONES, Sylvania, Pa.

THE vestry of Christ Church organized on Monday last, by the election of H. T. CUNNINGHAM as warden, H. W. TAYLOR, and E. T. FOX Secretary. O. D. BARTLETT, E. T. FOX and S. W. ALVORD were elected delegates to the Diocesan Convention.

BISHOP HOWE made a visitation of this parish on Tuesday evening. The Bishop delivered a powerful discourse from the text "Thy brother shall rise again." After the sermon ten candidates for confirmation were presented by Rev. J. M. HARDING, and that beautifully impressive and solemn rite was administered.

PERSONAL.—Hon. JOS. POWELL paid a flying visit to his friends here last week. He appears to be in good health and excellent spirits, from which we infer he rather enjoys Washington life.

—Hon. P. D. MORROW, presided at the Susquehanna County Court last week.

SPRINGFIELD.—JAMES ELY, one of the oldest citizens of the township, died on Friday, March 31, at the advanced age of 92 years. An intense religious excitement has been awakened in the Methodist church at Pleasant Valley, during the past winter and spring, under the ministry of Rev. Mr. BURT, resulting in about eighty conversions. The church at Springfield Center has also received a large accession to its membership, thro' the efforts of Mr. Burt. Miss EMMA R. BEARDSLEE, a graduate of Mansfield, will form a class in music soon at Leona.

THE barn of Mr. S. S. WALKER, in Athens township, was burned to the ground on Monday of last week. The building was built in the usual style, 30x40 feet square and 16 feet high. It contained quite a quantity of hay, 400 bushels of oats, between 30 and 40 bushels of buckwheat, some seed wheat and grass seed, a new mowing machine and a horse fork and rope. A pair of bobsleds and a hay-rigging that stood near, were also destroyed. Mr. WALKER was away from home on business. Mrs. WALKER with two or three little children were all that were near to do anything toward saving the property. It is said that the loss is to some extent covered by insurance.—*Athens Gazette.*

THIS being the time of year for planting flower seeds, some instruction that will lead to success may be seasonable also. Many people are fond of flowers and would willingly cultivate them if they knew how. This is not designed to be a treatise on the subject, but merely to point out a few leading principles to start with. After that a little common sense, coupled with practical experience, will lead to good results.

Three leading elements in the growth of vegetation are light, heat and moisture; but in the vegetation of seeds the light should be excluded; seeds vegetate better in the dark. Prepare the soil very fine, sow the seeds on the top, pat with the back of the spade, cover with boards when the sun shines, and remove the covering at night until the seeds germinate, then remove the covering altogether. Water, when necessary, should be applied through the nose of a small watering-pot. Read this over until you rightly comprehend these principles.

OLD DAN.—Many of our horsemen will remember the quite celebrated animal referred to in the following item which we clip from the Mansfield *Advertiser* of last week:

"There is a horse on the stage line between this place and Troy who has quite an eventful history. He is generally known by the name of "Old Dan," and is now some twenty-four years of age. For a long time he was owned by Mr. S. E. WILCOX, of this village, and was employed as a stage-horse between Troy and Towanda. Fourteen or fifteen years since Mr. W. sold "Old Dan" to the Barclay railroad company, and for a lengthy period he was used at the coal chutes in Towanda, drawing coal cars over the trestle work to the canal basin. He possessed at that time a remarkable degree of intelligence, and knew and did his duty without ever being told. He was retained by the company until the road was extended and his services no longer needed, and now he has again by hook or crook got back to the unappreciated and ungrateful lot of a stage-horse, still doing his duty willingly and well. Blessings on thee, noble "Old Dan!" May thy reward in "horse heaven" be commensurate with thy deserts!

ON Wednesday afternoon of last week, OLIVER S. WILCOX, the mail carrier between Honesdale and Hamilton, met an adventure which recalls in some measure the days when DICK TURPIN, CLAUDE DUVAL and other solicitors on the highway plied their vocation. While driving through the woods near Middle Valley, he saw by the roadside, not far from the iron bridge, a figure in female attire, closely veiled, which signalled him to stop. As he checked his horses, the stranger asked for a passage to Middle Valley. Mr. W. thereupon descended from his seat to assist his new passenger into the vehicle, while the latter, apparently inclined to save the driver unnecessary trouble, opened the coach door and placed one foot on the step. The mail carrier's glance fell on the foot, and then, under the impetus of a sudden suspicion, swiftly drawing a well loaded pistol on the stranger. The foot was uncommonly large, and enclosed in a stout boot, the hands were of corresponding dimensions, the frame was of a decidedly robust description, and though the folds of her veil an unmistakable beard could be detected. The new passenger was evidently a contraband of war, such as a neutral could not safely carry. "Wait a moment," said Mr. WILCOX, in the usual manner of a model stage driver, s'dicious only for the comfort of his passengers, "until I arrange the lady's robes." The suspicious frame stepped back to allow the driver place, Mr. WILCOX gave his well trained horses the signal to start, and plunged forward upon the coach hoor. The horses dashed away, but as they went, two pistol shots were fired in quick succession, passing through the coach body, and unpleasantly near the driver's person. Mr. WILCOX, regaining his seat, drove at full speed until he reached Middle Valley. No clue to the identity of the stranger has yet been discovered; and unless he designed a robbery of the mail the object of his disguise remains a mystery.—*Hones-dale Citizen.*

WE inadvertently omitted last week to make mention of the death of Hon. GEO. SCOTT, which occurred on the 19th inst. The deceased was a son of Judge SCOTT, one of the earliest and most prominent citizens of this place. Although the deceased had not resided in this county for many years, he had many friends and relatives here who were deeply pained at his sudden death. The following notice from the *Danville Intelligencer* will illustrate the high esteem in which he was held in the community where his business life had been spent:

"We regret to announce the death of Hon. GEO. SCOTT, of Cattawissa, Columbia Co., which occurred on Monday night, after a sudden illness. Mr. SCOTT was temporarily sojourning at Hazleton where he was interested in a contract for work. While riding in a wagon with his son, in the neighborhood of the town, he complained of a severe pain in his head, which he was occasionally subject to. His son took the reins to drive, and his father soortly fell over speechless and insensible. He was taken to Hazleton, medical aid summoned, and every effort made to resuscitate him, but in vains he died the same night. The physicians pronounced the disease apoplexy.

Judge SCOTT was an intelligent gentleman, a man of excellent judgment and governed by a fine sense of honor, social, genial and warm-hearted. At one time he held the position of Canal Commissioner of the State, subsequently served in the Legislature, and at the date of his death held the honorable positions of President of the State Agricultural Society and Associate Judge of Columbia county. He was widely known throughout the Commonwealth and wherever known was highly respected. In him Columbia county loses one of her most enterprising and influential citizens.

DEATH OF A FORMER CITIZEN OF THIS COUNTY.—From the San Jose Daily *Mercury* of March 22d, we clip the following account of the accidental death of THOMAS M. LILLY, formerly of this county. The deceased was a brother of DUMMER LILLY, of Columbia, and Mrs. S. S. PIERCE, of this place:

"A dispatch received by D. C. BAILEY, Secretary of the San Lorenzo Flume and Transportation Company, at 3:30 P. M., yesterday, brought the sorrowful intelligence of the death of THOMAS M. LILLY, at some point on the line of the flume. He was found dead yesterday morning, and the supposition is, that while walking along the flume he fell and was fatally injured. The accident must have taken place the night before. Mr. LILLY was well and favorably known in this city, having been a resident since 1852. He was County Assessor for four years and made an honest and capable officer. Pennsylvania was his native State and his age was forty-seven years. He was a large stockholder in the Flume Company. The body will arrive in San Jose this morning.

"Further particulars of Mr. LILLY'S death were obtained late last evening, after the above item was written. He left Felton at half-past six o'clock on Monday morning and walked on the top of the frame work of the flume in the direction of Lorenzo. Near French John's he was found yesterday forenoon in a sitting posture, on the ground, dead. The flume at that point is ninety feet in hight. Mr. LILLY leaves a wife and one child. The funeral will take place at 2 P. M. to-day from the family residence, on Bush St."

LIN-TA CONCERT.—It is hardly necessary to call attention of Towanda people to the Concert of the Lin-Ta Band, which is to come off at Mercur Hall on Monday evening next; but we know that many of our readers living out of town will be glad to learn the date. We bespeak for the band a large turn-out of our citizens, and have no doubt that many from other places will avail themselves of the opportunity of enjoying a rich musical treat. In addition to securing our favorite home vocalists, Miss NAGLE, who won golden opinions for herself in Michigan during the past winter, has consented to sing on the occasion. The following is the programme:

☞ From W. R. CRISHOLM, M. D., of New Bedford.
"I have employed the PERUVIAN SYRUP successfully in cases of dyspepsia, chronic diarrhœa, nervous debility, neuralgia, erysipelas, boils and diseases of the skin; also chlorosis, leucorrhœa, prolapsus uteri, and female complaints generally. As an alterative tonic, the syrup ought to be used by clergymen, editors, cashiers, clerks, lawyers, and others who use their brains more than their muscles; as well as operatives, printers, tailors, shoemakers, seamstresses, and all those whose occupation confines them in ill-ventilated and overheated rooms, who are liable to suffer more or less from nervous debility." (apr27wl.

☞ To CONSUMPTIVES.—The advertiser, a retired physician, having providentially discovered while a Medical Missionary in Southern Asia, a very simple vegetable remedy for the speedy and permanent cure of *Consumption*, Asthma, Bronchitis, Catarrh, and all throat and lung affections—also a positive and radical specific for Nervous Debility, Premature decay and all Nervous Complaints, feels it his duty to make known to his suffering fellows. Actuated by this motive he will cheerfully send (free of charge) to all who desire it, the recipe for preparing and full directions for successfully using this providentially discovered remedy. Those who wish to avail themselves of the benefits of this discovery without cost can do so by return mail, by addressing with stamp, naming this paper, &c.

SPECIAL NOTICES.

(*From the Rochester Times, Oct. 21, 1875.*)

☞ Briggs & Brothers, who can boast of conducting the largest seed business in the known world, are arranging to compile a work in which they will give to the floricultural and horticultural public the benefit of their thirty years of experience in the culture of vegetable and flower seeds. The work will be substantially bound, and its several hundred pages will be illustrated with numerous cuts, chromatic plates and succinct directions with regard to the care and culture of everything known in floral and vegetable kingdom. We know of no one better qualified to treat on the above subject than Briggs & Brother, whose seeds are sold in almost every city, town, village or hamlet in the United States. They are prepared growers of seeds, and the forthcoming work will emanate from eminently practical sources. What Seed Green is to fish, Barry or Purdy to fruits, Briggs & Brother are to seeds. A very large edition will be published shortly, and it is well worth your while to secure the price per volume. Purchasers of the work outright will only be charged cost, while the customers of Briggs & Bro., will receive it as a premium on the purchase of seeds. The intended work will go to press about May next, and the artists are now engaged upon the engravings. It will be separate and apart from the January Catalogue, which will be issued in December, or from any other of the publications of this well known house. Every lover of horticulture or horticulture should put himself, or herself in the way of obtaining it.

Briggs & Bro.'s seeds are for sale by Geo. H. Wells, Alba, Pa. (jan20-6m.

NEW YORK PRICES Current for Country Produce, for the week ending April 26, 1876, Reported expressly for the BRADFORD REPORTER, by H. K. & F. B. THURBER & Co., Wholesale Grocers, Produce and Commission Merchants, No. 52 Broadway, Reade and Hudson Streets, New York.

BUTTER.—Receipts for the week 22,811 packages.

Continued liberal receipts have a tendency to further depress the market and to cause an accumulation of stock, for which receivers have no immediate outlet. Retailers are beginning to experience a better trade, and must soon be induced to purchase more freely.
