FAIRBANK'S PLATFORM SCALES.

THE undersigned having been appointed exclusive Agents for the sale of these celebrated SCALES, manufactured by the original inventors, E. & T. FAIRBANKS & CO., respectfully invite the attention of the business community to the superiority of these Scales over all others.
These Scales have been subjected to the SEVEREST TESTS on all the principal Railroads in the United States and England, and for every branch of business throughout the world, and their uniform accuracy and great durability have gained for them the reputation of being THE STANDARD AND FROM WHICH THERE CAN BE NO APPEAL.
We are prepared to fill orders for Cotton, Portable, Dormant, Rolling Mill, Hay, Coal, Railroad and Canal Scales, or MANUFACTURERS' STOCK.
HUSKEY & WELLS,

REASONS for buying at home in place of from Tree Peddlers:
1st. We sold Cherry Trees last fall at from 31 to 40 cents that they charged 50 to 75 cents for. Apple (2d class) 12½ that they charged 17 for. Peach at 12½ that they charged 25 for, and other things in proportion.
2d. You can have them planted a few hours after they are taken up. Peddlers' trees have weary hours to pass on canals and at railroad depots before they reach the planter.
3d. If mistakes occur a proprietor is still about to correct them, but a peddlar, where is he?

With the Screw Steamers MINERAL ROCK and GEN. TAYLOR, making THREE BOATS leaving Cleveland every week through the season.

The "CITY OF CLEVELAND" and "ILLINOIS" have been fitted up expressly for the traveling public; being acknowledged in point of speed, accommodations, and appointments, unsurpassed. The "IRON CITY" comes out complete for her first class Passenger accommodations; while her freighting facilities—with the "MINERAL ROCK" and "GEN. TAYLOR"—are admirable.

For a Pleasure Trip, the Upper Lakes are becoming each succeeding season more popular; none affording the touring tourist more charms, health or pleasure, so many attractions. Leaving Cleveland, the traveller passes over Lake Erie, through the beautiful rivers Detroit, St. Clair and St. Mary's, and over Lakes St. Clair, Huron and Superior; passing the Island of Mackinac, and the Pictured Rocks; visiting Ontonagon, La Point, Bayfield, and Superior City, with many other localities of interest; giving the scientific and enterprising tourist opportunities for visiting the Copper and Iron Mines; the seeker of health the cool and bracing air, and attractive scenery; and the sportsman and lover of the romantic, the most inviting facilities for fishing and exploring.

The Freighters make the round trip in eight days. Rooms for any of the trips can be secured by addressing

GAS FROM ROSIN OIL OR OTHER FATTY FLUID MATERIAL.

THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and cheapness of substances have always made them a favorite material for the manufacture of Illuminating Gas. Many Gas Companies use Rosin with coal, in order to supply their customers with a superior quality of Gas.
ROSIN OIL is entirely free from all dross and refuse substances, and yields at once, its Brilliant Illuminating Gas. The greater part of original cost of the apparatus for the manufacture of coal gas together with the attention and expense of constantly required, and the difficulty, if not impossibility, of entirely separating the unwholesome, deleterious and odoriferous gases, generated in coal, render the ROSIN OIL APPARATUS more and more desirable in every way.
S. COATES, of 576 Broadway, New York, has devoted his entire attention to the manufacture and sale of Portable and Stationary Gas Works, and he respectfully calls the attention of the public to his present complete and efficient machine.
Perfect satisfaction to the purchaser guaranteed in every case. For further information address

Medical.

THE FOLLOWING REMEDIES are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of late years possess, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, safe prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor, health comes anew through the body, and the sick man is well again. They are adapted to disease, and disease is effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them. If they are well they will do them no harm.
Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores, who stands, or sits, or lies in anguish. Behold his blood cleansed inside and out with every poison which ingenuity could suggest. Give him these Pills, and mark the effect; see the scabs fall from his body, see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones, whose limbs are his screechers with pain; he too has been soaked through every muscle of his body with fiendishness; and mark, give him these Pills to purify his blood; they may not cure him, for, alas! there are cases which no human power can reach; but mark, he walks with crutches no more and now he walks alone; they have cured him. Give them to the lean, sour, hagcard dyspeptic, whose gnawing stomach has long sap some every smile from his face and every muscle from his body. See his appetite return, and with it health and loveliness blushed and too early withering away; give to the pallid, nervous, broken-down victim of secretion, or secretion, till they do their office till. Her blood is vitiated, her health is gone. Give her these Pills to stimulate the vital principal into renewed vigor, to cast out the obstructions, and infuse new vitality into the blood. Now look again—the rose blossom on her cheek, and sitting down in sorrow no joy bursts from every treasure. See the sweet infant, wasted with worms. Its was, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the Pills in large doses and swept these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do those things? Nay, are they not the marvel of this age? And yet they are done around you every day.
Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Sickness, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, Kings Evil, Nettle rash, Gout and kindred complaints all arise from the derangements which these Pills rapidly cure. Take them perseveringly, and under the council of a good Physician if you cannot do not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure will affect so many millions of the human race, are cast into the dustbin of old—they must be buried in the brutes and in the sea. Price 25 cents per box—5 boxes for $1.
Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford
