IMPORTANT TO CONSUMPTIVES!

DR. CHURCHILL'S FERROCHEMICAL

THE HYPOPHOSPHITES of LIME, SODA and POTASH,

A SPECIFIC REMEDY FOR THE TREATMENT OF

CONSUMPTION.

THIS new and important Discovery in the treatment of TUBERCULOUS (Consumption) was made by the celebrated Dr. John Francis Churchill of Paris, and first communicated to the French Academy of Medicine in 1856. It has been adopted and is now used throughout the Continent of Europe with unprecedented success as a cure and preventative of this most formidable scourge of the Human Race. The Hypophosphites are recommended by the most eminent Physicians of New York, who prescribe it for their patients.

So long as 1856, Dr. Churchill, by a series of scientific deductions, came to the conclusion, that the *proximate causes*, or at all events, an essential condition of Tuberculosis (Consumption) was a *decrease* in the system of the phosphorus it contains in a oxygenizable state. Hence drew the obvious inference, that the means of curing the disease consisted in restoring the deficient elements.

For this purpose, it was necessary to select some compound of phosphorus which should be at the same time oxygenizable and assimilable—that is, capable of entering into and forming a part of the system. These conditions were found to exist in the *Hypophosphites of Lime, Soda and Potash*, which seemed best to fulfil the two requisites of *oxydation*, or combustion, and *assimilation*. The use of the Hypophosphites shows these preparations to have a two-fold specific action. On the one hand *they increase the principle*, whatever that may be, which *constitutes nervous force*; and on the other they seem to be the *most powerful blood generating agents* far superior to any Materia known.

The Physiological effects of their use are shown by an increase of *nervous power*, sometimes even from the first day of their administration, together with an *unusual feeling of comfort and strength*. The *appetite increases*, often in an excessive and disagreeable manner. The evacuations become *regular and healthy*; the perspirations, if any have existed, *cease*; the cough becomes *easy and profound*. All the general symptoms disappear with a rapidity that is truly marvellous.

☞ *The Hypophosphites*, as prescribed by Dr. Churchill, are now for the first time offered in a *chemically pure form* in the United States by the undersigned.

Price $1.00 per bottle, in a *concentrated form*, by mail—Three bottles will be sent for $5 when ordered by Express. It is also put up in large bottles, *ready for use*, when ordered by Express or private hand. Ample directions accompany each package. Circulars and all desired information may be obtained by addressing (with a stamp enclosed)

American and Foreign Agency Office,
49 John Street, New York.

PATENT MEDICINES

And everything appertaining to the Drug Business.

Those in want of Pure and Genuine Articles, will do well to give us a call. We guarantee to sell as low as can be bought in this or other markets, and warrant everything to give satisfaction.

We are the sole Proprietors and only Manufacturers of
B. L. FAHNESTOCK'S VERMIFUGE,
AND
DR. R. A. WILSON'S
Tonic, Cathartic and Anti-Dyspeptic
PILLS,

The best cure for worms, either in children or adults, ever offered to the public is undoubtedly the Vermifuge, prepared by B. L. Fahnestock. Thirty years experience in this line of medicine has given a sure guarantee that this remedy is a sure cure for all worms it claims to be *unequalled*, and as a merchantable article it is prepared and sold as B. L. Fahnestock's and no other, as the proprietors do not wish to have it confounded with any other article of Vermifuge now in the market.

WILSON'S PILLS have had a more local existence for over twenty years, unsupported by advertising of any kind, and held at double the price of what they are now sold at, yet with all these disadvantages wherever used they have in no instance failed to render the utmost satisfaction in performing all the requirements of a *valuable family medicine*, and as such are recommended by some of the most worthy and responsible citizens of the land. Hear for instance what Col. Wm. Hopkins, of Washington, Pa., says:

WASHINGTON, January 8, 1858.

Dr. R. A. Wilson, Pittsburgh, Pa.—I have been using your Anti Dyspeptic Pills, when occasion required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head; they have never failed to relieve me from headache, and have always left my system in better condition than they found it. I must confidently commend your pills as a safe and highly valuable medicine.

Yours, respectfully, WILLIAM HOPKINS
