BRADFORD COUNTY PRINT.

THE Subscribers have recently opened upon their lands in Tuscarora Township, Bradford Co., Pa., a bed of Mineral and Fire Proof Paint, which they offer to the attention of the public. This article which is now extensively used throughout the country recommends itself to general favor by its cheapness and by its peculiar properties of becoming after a short exposure, as hard as slate, rendering buildings both fire and waterproof.

We ask of the public to give our paint a trial, being willing that it shall stand upon its own merits, in full confidence that no article in market surpasses it in value. We have had it tested by practical men, who declare it superior to any kind of Mineral Paint, now offered to the public.

We have made preparations for supplying any quantity that may be needed, and shall have a supply at nearly every store in the County, to give the public an opportunity of testing it.

Those who may wish to communicate with us upon the subject, will address us at Laceyville, Wyoming Co. Pa.

Certificate.

This is to certify, that I have thoroughly tested the paint recently discovered by Shumway and Montgomery, and in my opinion it is as good as, if not better, than Blake's, or any other I have ever used. I recommend it to the public.
