HICKOK'S PATENT IMPROVED CIDER MILL.

In the present arrangement of this highly approved and valuable Mill, the labor is divided by arranging a cutting Cylinder to break the apples, and then deliver them to the lower Cylinders to be reduced to pomace. By this arrangement the work is performed faster and with much less labor.

The Press is arranged with a much larger screw than formerly, and by a very ingenious device the use of the bag is dispensed with and the Tub made to open at will to deliver the pomace, while at the same time the Cider is left clear and the work can be done with much less labor than by the old method. The Cylinders are covered with heavy sheet Zinc, both on their peripheries and ends; the wood in them is arranged so as not to swell; and the whole work on the Mill and Press made in the very best manner and arranged with especial view to their durability and service.

No Farmer who uses the Mill re-ceifully and according to directions **will be disappointed,** but on the other hand he will find this one of the most valuable and efficient machines on his farm.

The machine is made to run by horse, steam or hand power, and when the apples are ground, a small boy of 12 years of age can press the pomace with all ease.

In all former times it was supposed that a large quantity of Cider could only be made by using a ponderous machine, that slowly crushed the apples without grinding them fine. They were then made into a massive cheese in a raw, and a most severe and long pressure was required to extract a portion of the Cider, a considerable quantity being absorbed by the straw and the mass of pomace; and to obtain this unsatisfactory result the farmer had to take all his hands, and perhaps his six-horse team, and devote a whole day that could have been more profitably employed, to make from six to eight barrels of Cider. To obviate the difficulty the Farmers have heretofore labored under, this Machine has been invented, and the statement of a few facts will prove that it is not only the best Machine of the kind in existence, but it is the most profitable that a man can have on his farm. The apples are by this Machine grated up into a fine pulp, so that it requires but a comparatively light pressure, and that but a minute or two, to extract all the Cider, it being ascertained by practical experiment that One-Fourth more juice can be obtained than by the old process. Besides this, it only requires two hands to grind up and make into Cider a larger quantity of apples than can be possibly done on the old-fashioned machines. On this press, owing to the compactness of the pomace in the tub, and the complete manner in which it is ground, a pressure of from 3 to 5 tons—that can easily be obtained—will produce a more favorable result than fifty tons pressure on the ordinary Cider Press, even if the apples were ground as finely as on the improved Mill; and if the apples were merely crushed, as on the Nut Machine, it would require a pressure of one hundred tons to produce the result accomplished by this Patent Mill. The following may be adduced as the decided advantages of this Mill.

First—It will make more Cider than any other Press, with a given quantity of apples, in a given time, and with much less labor and expense.

Second—It will make cleaner and sweeter Cider than any other Mill.

Third—You can make the Cider as you want it, and when you want it—and in quantities from one gallon to 6 or 10 barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard, and Tallow.

Fifth—With it you can **save one-fourth of your time in making Apple-butter.**

Sixth—With its use you can at all times have **Fresh and Sweet Cider.**

With all the advantages resulting from the possession and use of such a machine—at a price so low that it is within the reach of all—can it be that any intelligent Farmer would do without it?

Do you wish to have in your house at all times Cider that is sweet and fresh, the only time it is really healthy and fit for use—and do you wish to save a great portion of the **hard labor attending the making of Apple-butter?** If so, buy this machine, and our word for it, you will not be disappointed.

This Mill is warranted superior to any other portable Mill in existence, and the Proprietor is ready at any time, (on fair notice being given,) to test it with any Portable Mill that is not an infringement on it.

Farmers, examine this newly IMPROVED MILL, before you buy any other.

One great advantage of this machine over all others, is, that **it will not choke up,** and hard or soft apples can be ground, and yet the Cylinders will always remain clear and in grinding order.

All orders will be filled in the order in which they are received, and all persons wanting them would do well to send their orders early, and state at what time they want the Mill sent.

This Mill, attended by 2 men, will, when properly worked according to directions, make 6 to 12 barrels of cider a day—and will grind alone by horse-power from 100 to 300 bushels of apples a day.

☞ The Price of the Mill is $40, free of freight.

HARRISBURG, Pa., May, 1853. W. O. HICKOK.

☞ Persons need not hesitate to order, because they live some distance away—as I will allow the freight to be taken off the price of the machine; and when they get it they can pay the freight and send the balance by mail to me.
W. O. HICKOK.

NEW STORE AND NEW GOODS,

OPPOSITE THE COURT HOUSE.

BAILEY & NEVINS,

HAVE just completed a large and finely finished Store on the site of the two they had burned, and filled it with the largest and most comprehensive stock of

Groceries, Provisions, Yankee Notions, Fruit, Confectionery, Toys, &c., &c.

ever exhibited this side of the city.

We have bought for cash, articles of the best quality; consequently are prepared to sell at as low prices as the same quality can be bought at any other place. And we flatter ourselves that if fortune has been against us, (fire having consumed two stores and one stock of goods) our old customers will not follow the precedent, if they call and see our stock and hear the excedingly *low prices.* Among the many articles we have are

GROCERIES,

Tea, sugar, coffee, chocolate, cocoa, molasses, Stewart's syrup, ginger pepper, spice, cloves, nutmegs, cinnamon, saleratus, soda, cream tartar, ground mustard, pepper sauce, catsup, candles, bar soap, vinegar, starch &c., &c.

PROVISIONS,

Mess pork and beef, hams and shoulders, wheat flour, buckwheat flower, corn meal, soda and butter crackers, mackerel, codfish, shad, herring, potatoes, beans onion &c., &c.

FRUIT AND NUTS,

Preserved prunes, citrons, English currants, raisins, green and dried apples. Almonds, filberts, genoble and maderia walnuts, brazil nuts, peanuts, chestnuts, hickory nuts, &c.

YANKEE NOTIONS,

Ivory, horn and wood pocket combs, toilet, combs, fine combs, hair, cloth, teeth, infants, and blacking brushes, wallets, porte monies, and purses of many styles, pocket ink stands, pocket and small fancy mirrors, tobacco, boxes, snuff boxes, and almost every article in this line. Work boxes, toilet cases, secretaries, plain and embroidered, work baskets of many styles.

TOYS,

German, French and American TOYS of every description and *price.* A few earthen and pewter tea setts, for little girls, and a few boys' sleighs.

BROWN'S WASH BOARDS, SUGAR BOXES, WILLOW AND SPLINT MARKET BASKETS.

SALT,

Ashton dairy salt, ground rock salt, Salina salt both coarse and fine. Also, a quantity of White Stone Lime.

CANDY wholesale or retail, of all kinds and innumerable other articles, for sale at the new store opposite the Court House.
Towanda, Dec. 1, 1852 BAILEY & NEVINS.

FARM FOR SALE.

THE subscriber offers a valuable FARM for sale, containing 65 acres, 10 acres of good timber, about 55 under a good state of cultivation, well watered, and a water privilege thereon, capable of running machinery. Situated one mile from the Susquehanna river, and half mile from the road running from Towanda to Rome.

Any person or persons wishing to buy, cannot do better than to call and give this Farm an examination. A part of the purchase money will be required down, and the balance can be made easy.
GEO. L. STROPE.
Wysox, July 4, 1853.

PRINTS and GINGHAMS.—A new assortment of Prints and Ginghams just received at
May 20, 1853. MERCUR'S.

Boots and Shoes.

OF every description, for ladies and misses, mens, boys' and childrens' wear, just rec'd by
Sept 10. J. POWELL.

Franklin & Towanda R. R. Company.

THE undersigned, acting Commissioners, included in the Act of Assembly incorporating the above named Company, hereby give notice that they have appointed Tuesday the 8th day of November next, for the subscribers to the Capital Stock of said Company, to meet and organize the said Company at the house of Richard Brewer, in the boro' of Towanda, between the hours of 10 o'clock, A. M., and 3 o'clock, P. M., and for the election of a President and twelve Directors of said Company.
