FRIDAY MORNING, APRIL 26.

POWDER MILLS.—Great fears are expressed for the safety of Dupont's powder mills, in Delaware. We learn from a well informed source that they have not yet been in danger, but it is quite evident that nothing ought now to be trusted to chance. It is therefore worthy of consideration whether a military guard should not be promptly placed about them. There is but one powder mill in Virginia and eight in Maryland, and none in the rest of the south, while Delaware has nine and Pennsylvania sixty-seven. From these figures it will be seen that if we could keep possession of Maryland and Delaware with their powder mills, the solitary powder mill in Virginia would be the only one to supply the south. In Pennsylvania the vast extent of the mining interests necessitates the large number of powder mills, and those in Maryland are doubtless owing to the same sort of interest in the Cumberland coal region, which is still true to the Union. Such things are of high importance now, when we must contemplate the necessities of war in every point of view. The war will give an immense impetus to the manufacture of powder, and indeed of all the munitions of war. But the powder mills should be especially looked to, as in time of a great war the cost of powder rises rapidly in consequence of its scarcity. Applications by the conspirators, have been made to Dupont's powder mills for a large quantity of powder, and when it was refused, a threat was made to take it by force. But the place was well guarded.—[Phila. American.

THE FOREIGNERS.—We have mixed considerably among the soldiers who have marched in defence of the Union, and we find that the foreigners, in proportion to the population, make quite a formidable show in numbers. There are some five or six companies composed entirely of Irishmen, besides those enlisted in the ranks of other companies. There are also several German companies, and scarcely a company has arrived here that has not more or less Germans in its ranks. In addition to this we may also mention that we have noticed Englishmen and Frenchmen in some of the companies.

This fact should in itself be sufficient to put to blush the narrow-minded bigots who a few years ago tried to ride into power on the petty plea that "America was for the Americans." These demagogues, many of whom are now in comfortable positions, enjoying the sweets of office, kindly condescend to let the foreigners and do their fighting. Never let us hear anything more about the want of patriotism by our adopted citizens. The lie has been given to the assertion the first opportunity that offered.—[Har. Pat. & Union.

Privateering.

In the Crimean war all the nations of Europe prohibited their subjects from excepting privateers' commissions from Russia—the other parties to that war, determining to authorise no privateers. In our war with Mexico the Mexican government did precisely what Jeff Davis has done now; but all the leading powers forbade their subjects accepting Mexican commissions, and no privateers were fitted out in its service. We may safely conclude, therefore, that there will be no privateers offered in response to Davis's proclamation, except such as sail from the southern ports. Against these we have an adequate remedy in a blockade of the southern ports, except against such as may get to sea before our navy is put in requisition for the blockade.

If the President's proclamation of blockade amounts to anything, it should be enforced at once. There are in Southern ports at this time about two hundred heavy cotton ships and a number of steamers, all of which could easily and quickly be transformed into formidable men-of-war. Unless the blockade is instantly and thoroughly enforced, we may hear, some fine morning, that a lot of Jeff Davis's new-made men-of-war have broken the blockade, captured our armed ships, and are scouring the seas in search of prey. In striking our blows, let us strike quickly and effectively.

THE entire enrolled militia of the States and Territories amounts to about three and a half millions of men. According to the latest returns, the Army Register for 1861 makes an abstract of the militia force of the country. The militia of the Free States, Iowa and Kansas not included, foots up: 2,325,816. The militia of the Southern Confederate States is 378,682—of the Border slave States, 604,724. Of the three millions and a half of able bodied white men of the country, the Free States have nearly two millions and a half.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my children had the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a deep cough, and was greatly troubled. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I was so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Coshocton county, Unity township, Ohio, where I am well known. You may publish this if you wish.
MARTIN KOONS.
Pittsburgh, August 27, 1860.
N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "Pulmonic Syrup," but knowing no one personally that it had cured, I had no confidence in it. In April, 1859, I was in a very low state, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.
Persons of my acquaintance called to see me, spoke in very high praise, as they knew what it had done. My prostrated condition encouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. I am in good health, by using four bottles of Dr. Schenck's medicines in the fall, and I felt induced to give Dr. Schenck's medicines to my friends, now nearly two years afterwards. I am in good health, by taking less than six dollars' worth of Dr. Schenck's medicine. I unhesitatingly state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to-day, Feb. 4th, 1861, than I have had for twenty years past. If persons know the value of Dr. Schenck's inestimable remedies, they would not hesitate to call on him in his visits to this place. I feel like a living every person to call on him, as I have the utmost confidence in his medicines. Any person wishing to call on me for more as here stated can call on me at my place of business, at Wm. M. Faber's Machinist, in this city, or at my residence, Ann street, Allegheny city.

Miscellaneous.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had, for disease of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been fairly used, have TRIUMPHED OVER DISEASE, in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the best easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES
Have now been before the public for a period of 30 YEARS and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS
of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN EARLY GRAVE, after all the deceptive nostrums of the day have invariably failed. Progress, indeed, has their efficacy towards and faithfully proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest sensible action in purifying the springs and channels of life, and endowing them with renewed tone and vigor, that they were indebted for their fame.

MOFFAT'S LIFE PILLS!!!
Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle aperitive, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cordial, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most delicious feelings of our nature.

THE PHŒNIX BITTERS!!!
So unprincipled from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strength tonic and more immediately invigorating than the Pills: considering the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the Life Pills, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!
In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most sanatory efficacy.

MOFFAT'S PHŒNIX BITTERS!!!
Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!
—A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of appetite—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.
Dr. Moffat's Life Medicines!!!
Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!
As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and especial recommendation. It is well-known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of thirty-five years; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced to only improbable, but absolutely impossible, by any human means.

MOFFAT'S
Life Pills and Phœnix Bitters!!!
Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of healthy bile, instead of the acrid and sour kind; FLATULENCY, LOSS OF APPETITE, HEADACHE, HEARTBURN, RESTLESSNESS, ILL TEMPER, ANXIETY, LASSITUDE, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE
LIFE MEDICINES!
For BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite, Jaundice*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.
Persons whose constitutions have become impaired, by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury; thereby restoring the most powerful preparations of Sarsaparilla.

SCROFULA!
The most horrible cases of *Scrofula*, in which the Face, Limbs and Limbs of the victim had been preyed upon by the insatiable disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!
ARTHRITIS CHRONICA, OR CHRONIC RHEUMATISM!!
These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which unfortunate humanity is liable, are CURED, *speedily and permanently* cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!
But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful, but let us inquire, Why are they so universally in their happy effects?
Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.
Because they act powerfully upon the secretions of the body, and remove all impurities at once.
Because they do not weaken the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.
TRY MY MEDICINES!!!
Try but a Single Dose of the
LIFE PILLS!!
TRY THEM! BE SATISFIED!! BE CURED!!!
