FINANCE AND TRADE.

THURSDAY, June 21, 1866.

Gold opened this morning at 151¼, and gradually declined to 148¾. It is getting more plentiful, and besides there is little or no export demand. Government bonds are also a shade lower. There is still considerable inquiry for Five Twenties at former rates. Ten Forties, although relatively above their intrinsic value, in comparison with other securities, are attracting some attention from eastern capitalists. Seven Thirties are somewhat neglected, with more sellers than buyers. Compound Interest Notes are also offering pretty freely, principally by banks and bankers, who are anxious to realize; the high interest offered for loans, is an inducement to part with these notes, as they only command simple interest.

The following are the New York stock quotations to-day as received by Mr. P. R. Mertz: 1881's, 110½; Five Twenties, (old) 103; (new) 102¾; Ten Forties, 96⅞; Seven Thirties, 102¼@102¾. Cleveland & Pittsburgh R. R., 85¼; Pittsburgh, Fort Wayne & Chicago R. R., 97¾; Erie, 58¾.

The bull combination has evidently been broken, and the gold speculation for the time being is at an end. The foreign news will, it is true, be hereafter scanned with an anxious interest by the same parties that so heavily lost and won during the past few days, but it may be doubted whether, whatever be its character, gold will again witness such violent fluctuations. We understand that the importers will not pay the current advance on gold, preferring to leave their goods in bond until the gold speculation subsides, as they have a right to believe it soon must, in the absence of both export and customs demand, and in the presence of increasing receipts of gold for sale from all parts of the country, and double the customary shipments to New York from San Francisco.

—The Cincinnati *Gazette* anticipates more ease in western money markets, when the wool crop comes forward:

The wool crop is now moving, and this will draw into the channels of trade a large amount of currency. Aside from wool, however, this section of the country has very little produce to ship to the seaboard. Ohio has been for some time importing wheat, and hog products are, on an average, as high here as at New York. Our dealers are finding a southern market for their stock, and while prices at New Orleans are maintained, but little attention will be paid to New York prices. But shipments south, so far as regards money, will have the same effect ultimately, as shipments to New York, and we shall undoubtedly have an easier money market as we progress through the summer months.

—The Philadelphia *Ledger* says:

Among the effects of the wild fluctuations in gold within the last two days, showing a rise and fall of 20 per cent, were two heavy failures yesterday of large Front street houses, engaged in groceries. They were kiting in gold, and are reported short in their contracts some $300,000 each. This should be a warning, and induce men in business to stick to their legitimate pursuits, but it will not.

New York Iron Market.

NEW YORK, June 20.—The large advance in gold has tended to considerably enhance the views of holders of Scotch pig, but buyers have responded cautiously, and though the market is firm, the business is light, especially as the high points made for gold Saturday and Monday were not sustained yesterday. American is scarce and very firm, being sold ahead, and now offered very sparingly; we notice 200 tons No. 1, for forward delivery, at $45; 100 do Gartsherrie and 100 do Glengarnock Scotch, $48; 50 do Eglinton, $46,50 currency; and 100 do same brand, $31 gold. We heard of no sales of bar. From store, dealers have again advanced their rates $5 per ton on all descriptions. The sale of street rails noticed in our last, was 60 tons, not 690, as printed.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, June 21, 1866.

With the decline in gold, the little excitement that characterized the produce markets some days since, is gradually subsiding, and while there is nevertheless a fair volume of business in the aggregate, it is almost entirely of a local and unimportant character.

GROCERIES—The market is less excited, but prices are pretty well maintained. Brown sugars are firm with regular sales at 13 to 15 for fair Cuba to choice Porto Rico. Refined sugars may be quoted at 18 to 18¾ for hard, and 16¼ to 17 for soft. Coffee is quoted firm at 28 to 32 for fair to strictly choice Rio. Porto Rico Molasses is selling at from 75 to 87½, and Rangoon Rice at 10½@11.

GRAIN—Wheat is very firm, with but little offering; good Springs are selling at $2,33@2,35—two car loads of prime Club sold on Tuesday at $2,40, which is considered about five cents above the market. Oats quiet but firm with sales of Chicago at 54@55, and prime Ohio and Penna. at 56@57—in elevator. Sale of 1 car prime shelled Corn at 81¼; and 1 do do at 82. Buckwheat is selling in small lots at $2,25. Nothing doing in Rye or Barley.

PROVISIONS—Bacon Shoulders are quoted firm at 15½@16; and Canvassed Sugar Cured Hams at 25. Not much inquiry for sides as yet. Lard is firm but unchanged at 22½@23 for steamed and kettle rendered. Sale of 40 pkgs country Lard, to go to Philadelphia, at 21. Mess Pork is still quoted at $33.

FLOUR—Is firm with a continued fair city and country demand, but prices remain unchanged. Sale of 100 bbls low grade Spring at $10; 100 bbls good Spring at $11; 100 bbls Winter Wheat $13, and 175 do do $12,75@13. Rye Flour is selling from store at $6,75.

POTATOES—Strictly prime Peach Blows in good condition, are selling from store at $1,25 to $1,30 per bush. New Potatoes are selling at from $8,50 to $8,75 per bbl.

EGGS—Firm, with an improved demand, and fresh packed sell readily at 25.

CHEESE—Is a little dull but unchanged; sales of Western Reserve at 15@16, and Hamburg at 17@18.

BUTTER—Packed Butter, in good condition, is in demand at 20@21.

SEEDS—There is no demand of any consequence for either Clover or Timothy Seeds. Flaxseed is in good request, and sells readily at $2,70@2,75.

SORGHUM—Is quiet and unchanged; we hear of occasional small sales of prime at 55@60.

HAY—Is steady and unchanged.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, June 21, 1866.

CRUDE—There was next to nothing done in crude to-day, and the market was exceedingly dull and depressed, with a drooping tendency. Yesterday the sales were unusually large, reaching several thousand barrels, while to-day the transactions all told did not reach that many hundreds. The demand seems to have subsided very suddenly, owing to the continued unfavorable reports from the east, as well as from Europe, and besides, our refiners, generally, are pretty well supplied, and shippers are not crowded very much with orders. We continue to quote at 13 to 13½, bbls returned, and in bulk, and 18 to 18½ bbls included—sale of 225 bbls at 13¼.

REFINED—There was considerable inquiry for bonded oil to-day both for present and future delivery, and while the market may be termed pretty active, there is no disguising the fact that prices are gradually declining. Sales of 500, 250, 500 and 500 bbls, for October delivery in Philadelphia, all at 45; 1000 for August, at 42; 500 for August, at 42½; 1000 for September, at 43¼; 200 for September, at 43½; 200 for September, at 44, and 500 for November, at 45—last evening there was a sale of 2000 bbls for immediate delivery in Philadelphia, at 38. The news by the steamer which arrived from Europe to-day is reported as being unfavorable, and until the market takes a turn for the better there, no improvement in prices need be expected here. Free Oil is dull and entirely nominal.

NAPTHA AND RESIDUUM—There has not been a single transaction in Residuum this week that we are aware of, and the market may be termed very dull, and prices nominal at $3,25@3,50 per bbl. No demand whatever for Naptha.

ARRIVALS—The arrivals of oil by the Allegheny River since our last report, were as follow:

Nat. Ref. Co.	410	Jas. Wilkins	447
Jas. Mawhinney	310	J. E. Strickler	227
W. Mackeown	40		
Total			1434

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, June 21, 1866.

CATTLE—The market for cattle was again remarkable active this week, the transactions being unusually large, in the aggregate, and with a full attendance of buyers, and favorable advices both from New York and Philadelphia, a very firm feeling was apparent on the part of holders, and for prime to extra cattle, no difficulty was experienced in realizing extreme prices. As will be seen by reference to the report of sales annexed, quite a number of droves changed hands at figures ranging from 8 to 8¾ for good to prime fat steers, and one drove of extra cattle brought 9,15, which is the highest figure obtained for some time, for a drove of that size, 51 head. Common to medium cattle sold at from 6¼ to 7¼, and inferior at 5¼ to 6.

SHEEP—The demand for sheep has been rather more active than last week, and especially has this been the case during yesterday and to-day, and the competition among buyers has put prices up from ¼ to ½ cent per pound. Quotations may be fairly given at 4½ to 5¾, gross, although two bunches of extra are reported as having brought 6 cents. The shipping margin between here and the eastern markets is very slight, and shippers, in order to save themselves, have to operate with great caution.

HOGS—There has been a steady demand for hogs throughout the past week, and the market has ruled firm and prices were well sustained, ranging from 9¼ to 10¼, for fair to good averages—some few extra bringing 10¾. The arrivals have been about equal to the demand, and there has been a very good attendance of buyers.

RIVER NEWS.

The river rose steadily during Wednesday night and yesterday, but last evening it was apparently at a stand, with five feet ten inches in the channel by the marks. A telegram from Oil City during yesterday forenoon reported the Allegheny falling slowly, with thirty inches in the channel. The weather continues clear and warm.

There has not been a single transient arrival or departure since our last report. The Leni Leoti, from Parkersburg and the Julia, from Zanesville, are due here this morning, as are also the Elector and Gallatin, from Geneva and Brownsville.

Business, we regret to state, continues very dull at the landing. A few days since steamboating were waiting very patiently for water, and now they have a good stage of water for the season, and but very little freight.

The Bayard arrived and cleared for Parkersburg, as did also the Chieftain and Fayette for Brownsville. The Elector, Capt. Phillips, and the Gallatin, Capt. Carlisle, are the regular packets for Brownsville this evening, leaving promptly at five o'clock.

The Waunita, Capt. Thomas Shuman, is filling up steadily for St. Louis, and will be ready to take her departure this evening or tomorrow, and passengers and shippers should bear this in mind. The R. C. Gray, Capt. Anderson's new steamer, is loading for the Upper Mississippi, and will soon be ready to leave.

The Lotus No. 2 Capt. Shedden's new boat is about finished, and is now at the main landing ready to receive freight for New Orleans and intermediate points. She will soon be ready to take her departure.

The Revenue arrived from Portsmouth last evening, with a very fair trip, including a considerable amount of flour. She returns again to-day, and will probably get off about noon.

The Urilda and Ida Rees No. 2 may be expected in from Oil City to-day or to-night. There were no departures for that point last evening, and navigation, so far as steamers is concerned, may virtually be considered suspended.

We clip the following river items from the Cincinnati *Commercial*, of Wednesday:

Yesterday morning a gang of some fifteen or twenty colored firemen and deck hands, headed by a couple of their number with a drum and fife, paraded along the wharf from the upper landing to the foot of Vine street. They were followed at a distance, and apparently "backed" by white laborers and deck hands. They halted at the Louisville packets informing their colored brethern they were not paid enough wages, and must strike for $45 per month. The price now paid is from $30 to $35 per month. They prevented the colored laborers from working on the St. Charles United States, and General Buell, until the arrival of several policemen, when they soon dispersed. At present trade is very dull along the levee, with very little demand for labor of any kind, and a poor time to strike. We observed one fact, which is, there are sufficient men in search of labor to prevent any serious strike at present. Several threats were made, but no violence executed. The Lady Franklin yesterday reshipped 20 tons for Pittsburgh on the Camelia. One item of the Sherman's cargo last night, for Wheeling, was 400 sacks of wheat. Mr. Harry Rose requests us to announce that if the person who took his watch on 'Change last Monday, will call at his office, on the Public Landing, he will give him the key to wind it up with, and "ask no questions."

The St. Louis *Democrat*, of Tuesday, says:

Capt. C. H. Israel, whose death in Pennsylvania we noticed yesterday, was a brother-in-law of Capt Ben. F. Hutchinson, and Jos. Lloyd of this city. He was a native of Pittsburgh, and many years since was employed as clerk, we believe, on the Persia and Susquehanna.

The W. J. Lewis, which arrived on Sunday evening from Fort Benton, brought about $250,000 in gold dust.

THE NEW Spring and Summer Medicine.

FLUID EXTRACT SARSAPARILLA, COMBINED WITH **Iodide of Lime,** PREPARED FOR **G. W. PETTES, BOSTON,** BY **James R. Nichols & Co.,** MANUFACTURING CHEMISTS, MANUFACTURERS OF THE **ELIXIR PERUVIAN BARK** WITH **Protoxide of Iron,** Which has become so favorably known as a *Tonic and Restorative,* *By Physicians and Invalids in all parts of the country.*

The new preparation, "SARSAPARILLA IN COMBINATION WITH IODIDE OF LIME," presents one of the most prompt alterative agents in a form capable of exerting full action upon the system, and this in minute and pleasant doses. It is conceded that the alterative, resolvent, or tonic effects of Iodine, are exerted most decidedly when associated with other alteratives, in combination; and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.

The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME" is taken, is an increase of appetite, showing that it has tonic properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Hale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.

It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficiency of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, encountered. In White-Swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.

In the Spring of the Year, and during the Warm Weather,

The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is better adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME.

No preparation like it, or which approximates to it, as an **Alterative, or Blood Purifier,** *has ever before been placed within the reach of invalids.* Indeed, it is an entirely NEW and SCIENTIFIC combination, in no respect resembling anything hitherto employed.

The opinion of medical men concerning it, the description of its chemical character, therapeutic value, manner of use, etc., are given in a circular, which can be had at the store of any and all first-class Druggists.

CHOLERA DISARMED!!! The Chief Cause of Pestilence Destroyed!

DR. E. COURTARET'S DISINFECTING FLUIDS, secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 268, 300 and 302 Henry Street, N. Y. Office, 32 Cedar Street.

This Company organized on a permanent basis, with Dr. Courtaret, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its DISINFECTING FLUIDS for sick rooms, nurseries, urinals, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, offal and fat-boiling establishments; all kinds of manures (*immensely* increasing the value of the latter to every farmer), and wherever poisonous and offensive gases exist. These agents are deodorizers, antiseptics, antiputrescents, and disinfectants in the scientific meaning of the words. They remove noxious gasses and odors by chemical principles—leaving in their places *healthful air;* they are DESTROYERS, and *not merely absorbents* of poisonous gases—not injurious to utensils in which they are used. The attention of medical and scientific men is directed to these disinfectants. Attached are testimonials in favor of this great discovery, which, with hundreds of others can be seen at the Company's office.

DELAVAN HOUSE, ALBANY, March 30, 1866. *To the President of the New York Disinfecting Co.:* Dear Sir: It is all it is represented to be. We have made many trials of disinfectants, but now consider that we have found an article which surpasses all others as a remedy against all bad odors. T. ROESSLE & CO.

NEW YORK, April 9, 1866. *To the President of the New York Disinfecting Co.:* Dear Sir: We pronounce it, without exception, to be the best we have ever known. Its effect upon every matter is complete and instantaneous. C. A. STETSON, Astor House.

N. B.—These Disinfectants are used by the scavengers, under the direction of the Sanitary Police of the Metropolitan Health Department, N. Y. POWELL & THOMPSON, 42 CEDAR ST., N. Y., General and Sole Agents for the United States and the Canadas, to whom all orders should be addressed. For sale by McCLARAN & McKENNAN, Druggists, Pittsburgh, Pa. my19:a64
