Pittsburgh and the Portland Sufferers —Citizens' Meeting—Further Material Aid to be Extended.

Pursuant to call a second meeting of citizens was held at the Mayor's office, yesterday, to perfect arrangements for affording relief to the sufferers by the disastrous conflagration at Portland, Maine, recently. On motion of Thomas Steel, Esq., the Mayor, Hon. W. C. McCarthy, was called to the chair, and reporters of the press, present, requested to act as secretaries. Col. James Patchell, John H. Hare, Esq., Chief Engineer of the Fire Department, and R. E. McGowin, were chosen Vice Presidents.

The particular business before the meeting was the appointment of persons to collect money for the object proposed. Mr. Steel stated there were three propositions for the consideration of the meeting. First, to raise collections in the various churches of the city, the surrounding corporations, and the country generally. Second, the appointment of a Committee of three or five to canvass the business portion of the city. Third, the appointment of two collectors for each ward of the city.

After some discussion, Mr. Steel moved for the adoption of the third proposition, which motion prevailed, and the following collectors were appointed:

First Ward—George Albree, C. H. Love.
Second Ward—Hon. H. A. Weaver, W. N. Ogden.
Third Ward—E. Rafferty, James Herdman.
Fourth Ward—Thos. A. Cain, Henry Hass.
Fifth Ward—J. H. Ralston, Thos. Dickson.
Sixth Ward—William Culp, James Blackburn.
Seventh Ward—Col. James Patchell, James Robb.
Eighth Ward—John M. Kullen, Sam. Morrow.
Ninth Ward—W. R. Ford, Joseph H. Noble.
Tenth Ward—John A. Strain, James Monteith.

The collectors above appointed, on motion, were requested to call at the Mayor's office this Friday evening, to receive their collection books, after which the meeting adjourned.

A Noble Charity.

We wish to mention the Pittsburgh Homeopathic Dispensary, located at No. 62 Fourth street, where the poor can always find and receive medical and surgical treatment gratuitously. We have been invited to witness several surgical operations at the Dispensary, but have not been able to be in attendance but once, in the case of Margaret Thomas, residing on the corner of Smithfield and Strawberry Alley. The child was operated on for spurious anchylosis of the knee joint, by Drs. Herron and Childs, surgeons in charge.

Yesterday we learn that another case was brought to the notice of the Surgeons, John Boyles, aged sixty one, fell from the third story of his residence, No. 1 Prospect street, early yesterday morning, receiving a severe contusion on the back of his head, and was badly bruised about the limbs and body. Although apparently internally, strange to say had no bones broken. Dr. Childs, one of the surgeons of the Dispensary, was called in, but saw little hopes of his recovery.

We are glad to see that the humane and philanthropic gentlemen having this institution in charge have not only engaged competent and well skilled physicians and surgeons to be in attendance each day, Sundays excepted, from 11 a. m. till 1 p. m. but also when the case requires it, they visit the abode of the poor afflicted. We say, God speed them in this good work.

We will from time to time notice the progress of the Fourth Street Dispensary.

Alderman Johns' Cases.

Rachel Kenney charged Annie Talbot with unlawfully detaining a rug belonging to another. Arrest was suspended, pending an inquiry, and that she never saw the rug. Rachel believed and consented that the accused should depart, on paying the cost, which was promptly done.

Andrew Stiles was charged with maintaining a nuisance. Nicholas was discharged on payment of costs, a nolle prosequi being entered in Stiles's case in twenty-four hours.

John Jones, Evans, hailing from the Twenty-sixth, was recharged by a venerable old lady, with a nuisance in the shape of a dozen tubs in the yard, contiguous to the attendant's residence, hence the suit. The defendant consented to remove, consequently the prosecutrix withdrew the prosecution on condition that Jones would pay the costs.

Elizabeth Clarke complained that William Kennedy and James Rourke had acted in a rude and threatening manner towards her, on Sunday, and prayed for the interposition of the Court. A warrant was issued and the parties brought up. A number of witnesses were examined and finally the defendants were allowed to depart, after a solemn promise not to disturb their neighbors nor the dignity of the Commonwealth in the future.

Has to Come Down.

When the lofty tower of St. Paul's Cathedral was erected, several scientific architects expressed the belief that the erection was a useless expenditure of money, and that it would eventually either fall down upon its own ground, or be removed as a matter of prudence. The tower stood. The lofty tower must come down immediately, and the work of demolition should commence forthwith. The congregation of St. Paul's must take the matter good naturedly, and strive to very lovingly but earnestly to make to be attached. The attitude of everything forbids judgment and prudence. The needless expenditure of thousands of dollars in its construction, and its resting entirely with the church folks, in erecting a tower that perhaps, and the idiots the people should entirely be attached to, and sure from the community. We believe that it would probably have to come in the place, and to finish the Law tower in front of the church. Right Rev. Bishop Domenec should see to it that the new towers be erected in such a manner as not to require being taxed to the ground within a few years.

The Passenger Railway Case—The Judgment of the Alderman Reversed.

It will be remembered that some time since, John Orr, a teamster, was fined five dollars the penalty prescribed by Act of Assembly, for wilfully and maliciously obstructing, with his coal wagon, the track of the Passenger Railway on Federal street, Allegheny. The case came upon the Common Pleas, on Wednesday, in the shape of a *certiorari*, some dozen or more exceptions having been taken to the proceedings before Alderman Donaldson. The main exception were as to the form of proceeding. The case was entertained by the Alderman as an action of debt, or civil process, and counsel, R. S. Morrison, Esq., contended that no information should have been made and warrant issued, as in any criminal proceeding. The Court sustained this exception, and reversed the judgment of the Alderman. Judge Stowe will write an opinion in the case.

Row Boat Race on the Monongahela —A match has been arranged to take place over the Monongahela course, on Saturday, the 28th inst., between the "Friendship" of Pittsburgh, and the "New York," of Manchester, four-oared boats, for a price of one hundred dollars, the race to be rowed from the Monongahela bridge to Cork's Run and return. The "Friendship" crew will consist of William Jackson, Fred. Dierl, Fred Wolf and Dan Wolf, that of the "New York," Henry Collatt, David Lightbull, Charles Dooney and George Spear. The final stakeholder is Alexander Murray.

Held to Bail.—William Wallace—not Lawrence of Scotia, but said to be an humble descendant of the illustrious warrior—was before Alderman Johns, yesterday, charged with assault and battery, on oath of Jeremiah Donlon. William admitted having made an assault on Donlon, but alleged in palliation for his offence that the latter had used such language to him as no high-minded gentleman could answer save by blows. The magistrate decided the defense impotent, and made William give bail for his appearance at Court.

General Jail Delivery.—On Monday night last, Pat Manly, D. Klingensmith, Albert Christy, Pat McChall, John Hagerty, George Haines and Hamilton Reed, all confined in the jail of Armstrong county, for various crimes, became satisfied with their quarters, and concluded to take French leave. They made their escape by prying apart the bars fastened in the large window in the hall, in the second story, and let themselves down into the yard.

Wampum Furnace for Sale.—As will be seen by the advertisement of S. M. Kier, Esq., receiver for the owners of the "Wampum Furnace," a positive sale of the entire premises will be made on Wednesday, the First day of August. This sale embraces one of the best and most conveniently arranged furnaces in the country, and besides a large quantity of valuable mineral lands. Capitalists will do well to go and see it, or call on Mr. Kier.

The County Agricultural Society held a special meeting on Wednesday, Moses Chess in the chair. Fair committees, on building and printing, reported progress, and the latter were empowered to correct and finally decide on the premium list. It was resolved to invite Col. Barnes, editor of the *Ohio Farmer*, to deliver a lecture at the time of holding the next county fair.

A Warning.—A little son of Mr. David Sample, who resides near West Middlesex, Mercer county, was stung by a locust on the wrist, last week, and died from the effects. The little sufferer lived only two days after he was stung. At the time he was stung he was playing in the yard, and had taken up the locust in his hand. If they are thus poisonous, people should be careful how they handle them.

Good News.—The wheat market in Chicago was panic stricken yesterday, owing to the the breaking of the "corner" on regular No. 2 Spring, which rapidly declined twenty-seven and twenty-eight cents per bushel on yesterday's closing figures. Other grades declined twelve and fifteen cents. The prospect of large arrivals of the new crop in a few days has had a tendency to cause the decline.

Death of a Printer.—R. H. Woodward, a printer, and a native of Pennsylvania, died in Sacramento, California, on the 2d of May last. Mr. Woodward was a son of the late Hon. Robert Woodward, of Armstrong county. The deceased went to California from Blairsville, Indiana county, where his wife and daughter now reside. He was for some three years connected with the Blairsville *Record*.

EARLY TELEGRAMS.

FROM WASHINGTON.

Resignation of Postmaster General Denison—Secretary Harlan Soon to Resign—Attorney General Speed also to Resign—Alexandria and Fredericksburg Railroad—The Equalization of Bounties—Important Order from Gen. Grant.

NEW YORK, July 12.—The *Tribune's* Washington special says: Positively Postmaster General Denison resigned the place he holds in the Cabinet. His successor is not named.

There are reasons for supposing that Secretary Harlan will soon follow his example.

The *Herald's* special says Attorney General Speed will also resign.

The Alexandria and Fredericksburg Railroad is to be commenced at once, and be completed in twelve month. The officers are General Mcallum, President; R. A. Lafferty, Vice President; E. Turner, Treasurer, Reuben Johnson, Secretary.

At the caucus of the Union members, tonight, Mr. Garfield announced that three other members of the cabinet would follow Mr. Denison in resigning their places.

The bill for the equalization of bounties will probably be called up in the Senate. The outside pressure is heavy and in its favor.

Mr. Bontwell is busily engaged writing the report of the Judiciary Committee on the Jeff Davis conspiracy implication, and will report in a few days.

The veto of the Freedmen's Bureau bill is admirably prepared, and the bill will be returned to the House, whence it originated, with objections, before the expiration of the ten days allowed the President.

General Grant has issued the following important order: *Headquarters, Washington, July 11, 1866.—General Order No. 41.—The Department, First and Fifth Military Districts, and States lately in rebellion are hereby ordered and directed to arrest all persons who have been or may hereafter be charged with the commission of crimes and offenses against officers, agents, citizens and inhabitants of the United States, irrespective of color, in cases where the civil authorities have failed, neglected, or are unable to arrest and bring such parties to trial, and to detain them in military confinement until such time as a proper judicial tribunal may be found ready and willing to try them. A strict and prompt enforcement of this order is intended.*

By command of LIEUTENANT GENERAL U. S. GRANT.
E. D. TOWNSEND, Asst. Adjt. General.

FROM EUROPE.

Arrival of the Steamer Persia—Contradictory War News—Defeat of the Austrian Troops—Great Rejoicing at Berlin—Surrender of the Hanoverian Army—Whole Federal Army on the Move—Sailing of the Great Eastern.

NEW YORK, July 12. The steamer Persia, from Liverpool on the 28th, via Queenstown July 1st, arrived this morning. The war news is very contradictory, both the Austrians and Prussians claiming a victory on the same battlefield.

Berlin dispatches of the 27th say the Austrians were defeated on the 23rd and 24th, near Gitschin, by the first army corps, and on the 26th at Trautinau, by the corps of Life Guards, and at Muchingrants, by Prince Frederick Charles.

At Trautinau the Austrians are said to have lost from 4,000 to 6,000 killed and wounded, and the Prussians about 2,000. At Muchingrants the Austrian losses are stated at 2,000, and the Prussians are said to have captured about 3,000 prisoners, numerous trophies, guns, &c.

There was great rejoicing at Berlin. The inhabitants presented an address to and serenaded the King. The crown Prince of Prussia reports that his engagement he had 80 battalions opposed to 28 battalions of Austrians. The Hanoverian army on the 29th surrendered at discretion to the Prussians. The officers retained their sword and arms. The men were dismounted and disarmed.

The whole federal army at and near Frankfort was on the march and a battle anticipated.

The Italians have changed their plan of operations. There have been no further engagements in Italy. Garibaldi was at Lake Idro.

The English Parliament had adjourned till July 30th, at the request of Earl Derby, who is forming a cabinet. He sought to obtain the support of the leading Whigs and Peelites, who had not decided whether Gladstone's power should fall, and a conservative ministry expected.

Threatening demonstrations had taken place in London among the lower orders, on a reform question.

The great Eastern would sail from Queenstown on the 20th.

It is said that France was not long in making peace. An active intervention is reported as already agreed upon.
