Exciting Foot Race vs. Time.

On saturday last our borough was thrown into a state of excitement, says the Armstrong *Republican*, by the announcement that a race of five miles against time, for a purse of two hundred dollars, was to take place in the afternoon. The streets were lined with people, and considerable interest was manifested. The origin of the race was as follows: A bet was offered that no man could leave Kittanning on foot over the proposed ground, from Kittanning to Watterson's, five miles and return, in *one hour*, and its long steep hills, as well as the fact that a drizzling rain was falling, the odds were in the bet, and many others, were confident of their winning. The proposition was accepted, the stakes put up, and a young man—Henry Hiltebrandle, *who made the distance, and a half only wanted, in forty-nine minutes*. His return from the task apparently as little fatigued as before he started, and we are satisfied he could, even under all the objective circumstances, have won in half an hour. An immense concourse witnessed the start, and quite a number of our citizens accompanied the young Athlete throughout the race. Considerable funds of our sporting friends changed ownership, and foot racing "on the brain" is prevalent.

Railroad Accidents.

The Blairsville *Press* says: Mr. John Ashbaugh, late of this place, was badly injured by the cars on Wednesday last, under the following circumstances: Mr. Ashbaugh left his house with the intention of handling the engine for the engineer of one of the freight trains going east. He attempted to cross the track, which was between his house and barn, to facilitate giving the letter to the engineer, and while crossing he was struck by the cow-catcher, to which he clung with the help of the engineer, who had hurried forward to his assistance, until the train was stopped. It being down grade and a large train, he was carried about three quarters of a mile from the place where he was struck. Mr. Ashbaugh was injured about the thigh and body, and had his head and face badly cut. He is doing as well as could be expected under the circumstances.

Mr. Joseph Martin, late of this place, was killed at Millwood on Wednesday last. He was a brakeman on a freight train, and was knocked off the train by the bridge across Wood, the entire train passing over his body, tearing it to pieces, killing him instantly. He was about seventeen years of age, and the only support of his widowed mother.

Internal Revenue Decisions.

Blacksmiths and stencil cutters are required to pay special taxes as manufacturers, if the articles manufactured by them exceed one thousand dollars per annum in value.

Horse-nets, when manufactured from untaxed material, are subject to a tax of five per cent. *upon their entire value*; when made from thread yarn, or warp upon which a tax of duty has been paid, the tax is on the *increased value*.

When the members of a business firm obtain an act of incorporation, and the partnership realty is conveyed to the corporation, each partner receiving stock therein in the amount of his partnership interest, the deed from the firm to the corporation should be stamped like ordinary deeds, at the rate of fifty cents for each five hundred dollars or fractional part of five hundred dollars of the consideration or value.

Another Case Settled.

Another false pretense case of the peculiar kind was entertained by Justice Smith, of Shaler township, day before yesterday. John B. Gangster was the prosecutor, and Thos. Montgomery defendant. Prosecutor is a "boiler" in Reese, Graff & Co's. rolling mill, in the Ninth ward, and the defendant was his "helper" some time since. Mr. Gangster employed another person to work with him, and gave Mr. Montgomery money to pay this third party, but instead of so doing, Mr. Montgomery converted the money to his own use. This state of facts was presented as a case of "false pretence," which the magistrate allowed to be "settled" by the defendant refunding the money and paying the costs. This is about as clear a case of false pretence as that before Alderman Mullin, concerning stove skins, of which we made note some days since.

Payment of Postal Employees.

Postmaster General Randall has issued the following to route agents, railway postal clerks, and baggage masters in charge of mails:

Ordered, That from and after July 1, 1867, the present mode of paying route agents, railway postal clerks, and baggage masters in charge of mails, be discontinued; and that they be paid from the said date monthly by the postmasters at such terminal offices on their routes as may be designated by the Auditor of the Treasury for the Post Office Department."

This order is very important to the parties concerned, because it insures prompt payment at the end of each month, instead of the delay consequent upon the transmission of certificates of service and action of several clerks in the department.

Stamp Duties in Bounty Cases.

Postage only is required on powers of attorney or any other paper relating to applications for bounties, arrearages of pay, pensions, or to the receipt thereof from time to time." This provision applies to those papers only which relate to United States bounties, pensions, &c., and does not extend to those relating to state county and town bounties, &c. A power of attorney to endorse the official check of the United States disbursing officer, issued for money to be applied in payment of a United States bounty or pension in discharge of a claim against the United States for which is technically known as a arrearage of pay, is a paper relating to the receipt of such pension, bounty, &c., and is therefore exempt from stamp tax.

Attempted Suicide.

A woman named Neill, residing at No. 31 Tunnel street, Third ward, laboring under mental aberration, attempted suicide Tuesday evening, by precipitating herself into the Monongahela river from a barge moored near the gas works. After being rescued, she made a second attempt, again leaping into the water. She was rescued a second time, and was yesterday conveyed to the Insane Asylum. It is represented that she has nine children, and that her demented state of mind is owing to menstrual obstruction.

Those wanting anything in the above line will save money by calling at Wm. Fleming's, first door above Fifth street, No. 120 Wood street, Sign of the large Gilt Hat.

To be Prosecuted.—Prosecution we understand is about being entered against Benjamin Trimble and also the present managers of "Trimbles Varieties," on Penn street, for non-compliance with the law in respect to State license. It is alleged that the establishment has been operated for a number of years without the proprietors taking out the required State license, the penalty for which is a fine of not more than one thousand nor less than two hundred dollars, payable into the treasury of the county in which the conviction takes place.

The undersigned, Wholesale Dry Goods merchants, have agreed to close their respective places of business, from June 1st until September 1st, at 5 o'clock P. M., and on Saturdays at 9 o'clock P. M.
