NATIONAL UNION NOMINATIONS

FOR PRESIDENT:
ABRAHAM LINCOLN, of Illinois.

FOR VICE PRESIDENT:
ANDREW JOHNSON, of Tennessee.

AMENDMENT OF THE CONSTITUTION, Granting the Soldiers Right to Vote.
ELECTION ON TUESDAY, AUG. 2, 1864.

The Price of Gold

Everybody was non plussed, on Wednesday, to account for the sudden advance in gold; but the dispatches published yesterday morning serve to clear up the mystery. It was the result of the joint action of speculators taking advantage of the opportunity offered them by the passage of the Gold bill.

The Gold bill, it must be remembered, forbids all time sales of Gold, and all sales not actually made in good faith, or sales in which the coin sold does not actually pass between buyer and seller. The Board of Brokers of New York, being opposed to legislation so restrictive upon their favorite occupation of selling what they have not got, struck Gold out of the list of articles trafficked in, there, and as an unavoidable result those who had really need to buy Gold were compelled to purchase of the few dealers who held it, who, by concerted action, soon ran the price up to 230.

This, however, lasted but a little while. The gold dealers found themselves unable to control the market at their own rates, and towards the close of the day (Wednesday) the price had worked down to the point from which it started.

We do not see any special cause for alarm in the matter. It is as impossible for speculators to keep up the price of gold to a factitious point as it is for speculators in any other article. They may succeed for a little while, but these things soon regulate themselves, the laws of trade being as unyielding and regular in their action as the laws of nature. Particular causes may interfere for a moment with their operation, but in a short time they assert and maintain their supremacy.

The price of gold will come down permanently, not when GRANT takes Richmond, but when the volume of paper currency contracts. The government has issued $400,000,000 of notes; the National Banks are authorized to issue $300,000,000 more; and the government notes being a legal tender, are used by the State banks as the basis of increased issues; so that we have at this time, or will soon have, at a very low calculation, $800,000,000 more paper money in circulation than we had at the beginning of the war. Gold, representing absolute value, has of course gone up in price as paper money has increased; and the doubling of the amount of paper money issues has simply made one dollar in gold worth two in paper. When the proper legislation has reduced the volume of paper currency, the price of gold will come down; and just as certainly will gold go up if the amount of paper money afloat increases.

The Copperheads Postpone.

We were a little, just a little, surprised to see that the Copperhead National Committee, taking counsel from fear, had postponed the Copperhead National Convention until August. We gave them credit for more shrewdness than this. It is an acknowledgment of fear and weakness tantamount to giving up the campaign. They are afraid to go before the country upon present issues, and put off their Convention in the hope that supported Mr. Micawber so long, that "something will turn up."

The return of VALLANDIGHAM and the attitude of FERNANDO WOOD with his "Peace State Central Committee," have doubtless brought about this result. The Copperhead managers do not want to let VALLANDIGHAM have the lead, and they fear that he would inevitably jump into it if the Convention were to be held on the 4th of July. They are distracted, too, by the emphatic talk of Wood, that the Peace men will not feel bound by the action of the Chicago Convention unless it shall put forward peace candidates upon a peace platform. The managers want to *seem* loyal—to put forward a *nominal* War Democrat who is really in the peace interest, and to say nothing in their platform but what may be safely construed both ways; but the Peace men insist upon a square Peace issue, and hence the Convention has been postponed in order to give time to tone down these fanatics.

Well, it is none of our business. There is not much left of Democracy, any how, and it matters nothing to us whether we have to whip what is left in a mass or in fragments. The best thing they can do for themselves and the country is to postpone their Convention altogether; the next best thing they can do for us is to postpone it as long as possible.

Bogus Reports.

The story set afloat by the Philadelphia *Inquirer* that the rebels had made a raid into the Cumberland Valley from Virginia, turns out to be a wholesale fabrication. It was confined, originally, to the *Inquirer*, but was soon telegraphed all over the land upon its authority. Those who know how to estimate the value of reports originating in that paper, would attach but little weight to its authority; but, unfortunately, the mass of newspaper readers are not posted up in such matters (in the nature of things they cannot be,) and they very naturally attach as much importance to a report from one paper as another.

It is to be regretted that some steps cannot be taken to check this circulation of Mug news. It degrades the character of the press and lessens the confidence of the public in what is true.

There is one tolerably safe rule for readers, however, in deciding upon the reliability of startling news, viz: that a sensation report appearing exclusively in one paper and circulated solely upon its authority is *prima facie* false; and for the reason that, if the report were true, its circulation would soon be too general to be confined to one sheet. In a long editorial experience we have found this rule almost uniformly good, and always safe to follow.

Union County Convention.

We learn that the Executive Committee of the Union party of Allegheny county met in this city yesterday and decided to issue a call for a County Convention to meet at the Court House on Wednesday, the 3d day of August, the primary election to be held on Saturday, July 30th. The call will appear in a day or two.

THE Lawrence *Journal*, a well known Democratic paper, published at New Castle, Lawrence county, has abandoned the Democratic party, and hoisted to the mast head the names of LINCOLN and JOHNSON, the Union candidates for President and Vice

Retaliation.

Secretary STANTON has very properly handed over to Gen. FOSTER, of the Department of the South, five Rebel officers (prisoners) to be placed continuously under the fire of Rebel guns, in retaliation for placing five Union officers, held by the Rebels as prisoners, under the range of our guns now bombarding Charleston. This is right and commendably prompt.

But what has become of the retaliation that was to follow the massacre at Fort Pillow? We were promised it as soon as the facts were fully known; and now that the Committee on the Conduct of the War has made an official report of the facts, and left no chance for doubting the truth of the reports first circulated, we naturally enough look for the redemption of the promises, and the more especially that the Government seems so prompt in this Charleston case.

The colored troops at Petersburg, in the absence of any established policy in the case, seem to have taken retaliation into their own hands. And rightly. But what we want is, not only that they should be allowed to do so, but that the Government should openly avow that as its policy. The Rebels say they will show no quarter to colored troops, and it is little enough that our Government should say to the colored troops: "You hear what the Rebels say? Very well. Show no quarter to *them*."

The Vote on Commutation.

The vote in the House on the proposition to repeal the commutation clause of the enrollment law was one hundred against to fifty in favor. The proposition had previously been defeated in the Senate by three majority. Below we give the vote of the Pennsylvania delegation in the House on the motion to *strike out* the first section of Gen. SCHENCK's bill repealing the commutation clause:

Yeas—Ancona, Bailey, Broomall, Coffroth, Dawson, Dennison, Hale, Johnson, Lazear, Miller, Amos Myers, Leonard Myers, Randall, Schofield, Stevens, Stiles, Strouse, Williams.

Nays—Kelley, Moorhead, O'Neill, Thayer, Tracy.

Absent or not Voting—McAllister.

Correspondence Between Gen. Foster and Gen. Sam Jones.

The following is the correspondence between Generals Jones and Foster:

HEADQUARTERS DEPARTMENT OF SOUTH CAROLINA, GEORGIA AND FLORIDA, Charleston, June 13, 1864.

General: Five Generals and forty-five field officers of the United States Army, all of them prisoners of war, have been sent to this city for safe keeping. They have been turned over to Brigadier General Ripley, commanding the first military district of this department, who will see that they are provided with commodious quarters in that part of the city occupied by non-combatants, the majority of whom are women and children. It is proper, however, that I should inform you that it is a part of the city which has for many months been exposed, day and night, to the fire of your guns. Very respectfully, Your obedient servant,

SAM JONES, Major General Commanding.

To Major General J. G. Foster, commanding United States forces on the coast of South Carolina, C. S.

HEADQUARTERS DEPARTMENT OF THE SOUTH, HILTON HEAD, S C June 16, 1864.

Maj. General Sam Jones, Commanding the Confederate forces Department of South Carolina, Georgia and Florida:

GENERAL: I have to acknowledge the receipt this day of your communication of the 13th instant, informing me that five general and forty-five field officers of the U. S. Army, prisoners of war, have been turned over by you to Brig. Gen. Ripley, with instructions to see that they are provided with quarters in the part of the city occupied by non-combatants, the majority of which latter you state are women and children. You add that it is the part of the city which has been for many months exposed to the fire of our guns. Many months since Major General Gilmore, U. S. army, notified Gen. Beauregard, commanding at Charleston, that the city would be bombarded. This notice was given that non-combatants might be removed, and thus women and children be spared from harm. Gen. Beauregard, in a communication to General Gilmore, dated August 22d, 1863, informed him that the non-combatant population of Charleston would be removed with all possible celerity. That the women and children have since been retained by you in the part of the city which has been for many months exposed to fire is a matter decided by your own sense of humanity. I must, however, protest against your action in thus placing defenceless prisoners of war in a position exposed to constant bombardment. It is an indefensible act of cruelty, and can be designed only to prevent the continuance of our fire upon Charleston. This city is a depot for military supplies, and contains not merely arsenals, but also foundries and factories for the manufacture of munitions of war. In its shipyard several armed iron-clads have been already completed, while others are still upon the stocks in course of construction. Its wharves and the banks of the rivers on both sides of the city are lined with batteries. To destroy these means of continuing the war is therefore our object and duty.

You seek to defeat this effort, and, by means not known to honorable warfare, but by placing unarmed and helpless prisoners under fire. I have forwarded your communication to the President with the request that he will place in my custody an equal number of prisoners of like grades, to be kept by me in positions exposed to the fire of your guns as long as you continue the course stated in your communication.

I have the honor to be, very respectfully, your obedient servant, J. G. FOSTER, Major General Commanding.

D. C. WAGNER, A. A. G.

A CORRESPONDENT of the New York *Times* writes: Gen. Hancock is fast improving in his physical condition since the extraction of a fragment of bone from his thigh, which he thinks became detached by constant riding, thus opening afresh his old wound. He still keeps his tent, but expects to be in the saddle within a few days.

The Increased Rates of Soldiers' Pay.

The President has signed and approved the act to increase the pay of soldiers in the United States army. It provides that on and after the first of May, and during the continuance of the present rebellion, the pay per month of non-commissioned officers and privates in the military service shall be as follows:

Sergeant-majors, $26; quartermaster and commissary sergeants of cavalry, artillery and infantry, $20; sergeants of ordnance, sappers and miners and pontoniers, $34; corporals of ordnance, sappers and miners and pontoniers, $20; privates and engineers and ordnance of the first class, $18, and of the second class, $16; corporals of cavalry, artillery and infantry, $18; chief buglers of cavalry, $23; buglers, $16; farriers and blacksmiths of cavalry and artillery, $18; privates of cavalry, artillery and infantry, $16; principal musicians of artillery and infantry, $22; leaders of brigade and regimental bands, $75; musicians, $16; hospital stewards of the first class, $33; hospital stewards of the second class, $25; hospital stewards of the third class, $23.

All non-commissioned officers and privates in the regular army, serving under enlistments made prior to July 22, 1861, shall have the privilege of re-enlisting for a term of three years, in their respective organizations, until the 1st of August next, and all such non-commissioned officers and privates so re-enlisting, shall be entitled to the bounties mentioned in the joint resolution of Congress, approved January 13, 1864.

In cases where the Government shall furnish transportation and subsistence to discharged officers and soldiers from the place of their discharge to the place of their enrollment or original muster into the service, they shall not be entitled to travel, pay, or commutation of subsistence.

Personal.

ISABEL CUBAS, the popular danseuse, died in Newark on Monday evening, after a long and painful illness. Her disease was consumption. Cubas was born at Valencia del Cid, in Spain, in the year 1837. At an early age She displayed extraordinary skill as a dancer, and soon appeared before the public, traveling through Russia, Turkey, Austria and France. In 1860, Nixon, the manager, brought Cubas to this country. She leaves a daughter aged about six years.

BRIG. GEN. DEVENS still suffers so severely from inflammatory rheumatism that it is feared he will be unable to resume his command during the present campaign.

GENERAL ANDREW JACKSON SMITH, who has been selected to succeed General Sturgis, is a native of Buckingham township, Bucks county.

SPECIAL NOTICES.

We have learned not to be astonished at anything. Years of experience and a correspondence extending throughout all nationalities of the habitable globe, have turned theories into facts and establish a basis from which we need not err. We are not surprised at such facts as the following—although the persons who write them are. We know the persons and circumstances, hence feel "liberty to indorse their statements:

"NEW-BEDFORD, Mass., Nov. 24, 1863.
"*Dear Sir:* I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicines failed to relieve me. While visiting some friends in New York who were using Plantation Bitters they prevailed upon me to try them. I commenced with a small wine-glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I have not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. Respectfully, JUDITH RUSSEL."

"REEDSBURY, Wis., Sept. 15, 1863. * * * I have been in the army hospital for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * * C. A. FLAUTS."

The following is from the Manager of the Union Home School for the Children of Volunteers:
"HAVEMEYER MANSION, 57th Street, New York, August 2, 1863.
Dr. Drake: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully, Mrs. O. M. DEVOE."

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life. Rev. W. H. WAGGONER, Madrid, N. Y."

"* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend, ASA CURRIN, Philadelphia, Pa."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me. Rev. J. S. CATHORN, Rochester, N. Y."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. D. ANDREWS, Superintendent Soldiers' Home, Cincinnati, O."

"* * * The Plantation Bitters have cured me of Liver Complaint, of which I was laid up prostrate, and had to abandon my business. H. B. KINGSLEY, Cleveland, Ohio."

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs that has distressed me for years. It acts like a charm. C. C. MOORE, No. 254 Broadway." &c. &c. &c.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860—X.

Persons of sedentary habits, troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure, and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and imposter. It is put up only in our log cabin bottles.
