## FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, May 16, 1868.

The acquittal of the President on the eleventh article of impeachment, and the impression that he will be acquitted altogether, is given as the cause of the decline of gold to-day to 139¼. The market opened at 138⅝, advanced to 139⅞, and closed at 139¼. Gold may be said to be now about equally distant from the extremist of a rise, 143 being admitted as the limit in the upward course, and 137½ as the lowest point to which it is likely to decline in case public opinion should judge favorably of the disposition the impeachment court will make of the President's case. The worst that might happen would be the acquittal of the President and a continues session of Congress until next March.

Government bonds are firm, and the disbursements for compound interest notes is likely to stimulate investments, and will ultimately advance prices of Governments. The great advantage our national securities offer in Europe are the convenient size of small bonds; a one hundred dollar bond represents 250 florins, or about 522 francs, which is a capital for those who seek small investments for their savings. If the Pacific Railroad bonds were of such a convenient size, no doubt Europeon bankers would take the whole issue of them at once for distribution, but they are going out fast enough to the disadvantage of our monied men.

The depression in the Express stocks seems to be at an end, and the discouraging articles in the New York *Herald* have served the bears very well. The *Herald* has worked wonders lately for the bears, but its predictions are not to be relied upon.

Money easy at 8 to 9 per cent.; some inquiry is made for local stocks at heavy discounts, but little is either offered nor really wanted; a few shares of either will stop the inquiry for them.

Closing quotations as received by Ph. R. Mertz, were as follows:

Gold, 139¼; 1881 bonds, 113; 1862 5-20s, 109; 1864 do, 107; 1865 do, 107¼; Consols, 109⅜; 10-40s, 103¼; 7-30s, 107¾.

Railroads—Cleveland & Pittsburgh, 84⅝; Fort Wayne, 107¼; North Western, common 67; North Western—preferred, 77½; New York Central, 128¾; Erie, 69¼; Old Southern, 86¼; Ohio & Mississippi, 29½; Merchants Union Express, 28¼; Western Union Telegraph, 38¼. Mining Shares—Corydon, 25; Quartz Hill, 95; Quicksilver, 31½.

—The Cincinnati *Commercial*, of Friday, says: It is about time for the New York money market to show signs of preparation for the Chicago convention, and exhibit how very necessary it is that party caucuses shall declare in favor of some clever device by which to get up a little financial exhilaration as a part of the programme for a political campaign. There have already been rumors that Congress is to do what it can in that way, but there is no evidence that such a measure has any living shape in that quarter yet, and it is certainly to be hoped that it will not. The story has doubtless been fabricated merely to have a temporary influence on the market, or was thrown out as a straw to catch the drift of the popular breeze.

### Movements of Grain at Tide Water.

The Albany *Argus*, of May 9th, says: The quantity of grain which has passed down the river this week is larger than that of the week previous. The aggregate of the two weeks, which embrace probably all that was detained on the canal, is of wheat, 1,960,000 bushels; corn, 539,400 bushels; rye, 378,600 bushels; oats, 889,300 bushels; barley, 378,600 bushels; malt, 50,- bushels. ## PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, SATURDAY, May 16, 1868.

The general markets have been rather quiet during the past week and devoid of excitement, and while the tendency generally has been toward lower prices, there have been no remarkable changes, one way or the other.

APPLES—Green apples are scarce and firm but unchanged; regular sales at $6 to $7 per barrel, as to quality.

APPLE BUTTER—May be quoted at 80c to $1 per gallon, according to quality—the great proportion of the sales being at 80 to 90c.

ASHES—Quiet and unchanged, though there is a steady demand.

BUTTER—Is steady, with a demand fully up to the supply; sales of prime to choice Roll at 35 to 37c, and print at 38c to 40c.

EGGS—Were in better demand to-day, and under the influence of diminished arrivals, prices were a shade higher; 19c was was regarded as the ruling price.

GRAIN—Winter Wheat is scarce and in good milling demand; sales of prime Red at $2,70. White may be quoted at 5 8c higher. Corn is very dull, with a supply largely in excess of the demand; we now quote at $1,00 to $1,05, on wharf and track. Oats steady and in light supply; sales on wharf and track 80c and 86 to 85c, in store. Rye is quiet and nominal at $1,95 to $2. Last sale of Barley reported was at $2,43.

POTATOES—Peach Blows are in limited supply, and may be quoted steady at $1,50 to $1,55 per bushel.

CHEESE—New Western Reserve is quoted at 15 to 16c.

DRIED FRUIT—There is an improved demand for Apples, but prices are unchanged at 7 to 7½c. Peaches scarce and steady at 13½ to 14c.

SALT—Sale of 100 bbls, to the trade, at $1,80. Small sales in store at $2.

SEEDS—Flaxseed is in demand at $2,55 and but little offering. No demand whatever for Timothy or Clover.

HAY—Baled Hay is very dull, and prices cannot fairly be quoted above $20 to $23 per ton. Wagon Hay is selling at $20 to $27 per ton.

MILL FEED—Last sales were at $1,65 to $1,70 for Bran, and $2,15 to $2,20 for Middlings.

PROVISIONS—Bacon is quiet and unchanged at 14½c for Shoulders; 16½ to 17c for Ribbed and 18½c to 19c for Clear Sides; 19½ to 20c for Plain, and 20½ to 21c for Canvassed Sugar Cured Hams. Lard, 19½c to 20c. Mess Pork, $29,50 to $30,00.

LARD OIL—Unchanged at $1,23 to $1,25 for No. 2, and $1,53 to $1,55 for No. 1.

FLOUR—Is quiet but steady with a fair local demand, and prices are maintained; we quote at $11,00 to $11,75 for Spring Wheat; $12,50 to $13,00 for Winter Wheat, and $14 to $16 for fancy brands. Rye Flour firm at $10 to $10,25.

## PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, May 16, 1868.

CRUDE—The Crude market was considerably excited during the early part of the week, but yesterday and to-day it has been quiet and a little weak, and, compared with Monday, Tuesday and Wednesday, prices are a shade lower. On these days spot oil sold readily at 12c, while yesterday, it was offered and sold at 11c; to-day, however, there was a stronger feeling in consequence of the fact that there was but very little spot oil in market, and we are cognizant of eleven cents having been offered and refused. The sales were as follows: 2,000 bbls for May, sellers's option, at 11c; 5,000—1,000 each from August to December, at 12c, and 3,000 to be delivered between now and October, buyer's option, at $4,50 per bbl at Oil City. The demand is mainly for spot oil, and it is somewhat scarce at present, this accounts for the firmness noticeable to-day.

REFINED—The market for bonded oil has also been very much excited and unsettled during the past week, and at one time May oil sold up to 33 and 34c, but since then, however, it has receded to 31½ and 32c, with little or nothing doing. June may be quoted at 29½ to 30c, and July at 30½c. All the year, buyer's option, is nominal at 32½c, the last sale reported having been made at that figure. There are no new developments in regard to the expected "corner;" the shipments were not as large as usual to-day, but this was owing doubtless to a want of cars; it is believed, however, that sufficient oil, with what has already gone, will be got forward within the next few days to prevent a "corner," and if so the movement, of course, will be a failure, and may be productive of unpleasant consequences to those concerned. There are those, however, who allege that a "corner" is inevitable; that there are some thirty-five thousand barrels of oil to be delivered in Philadelphia between this and the 22d and 23d, and that it is impossible to deliver that amount of oil there in the time above specified. The situation is very interesting to outsiders, and is being watched closely by many who are not engaged in the business.
